

## Council and Committee Meetings

The Council uses a Committee structure as its decision-making process, where various Committees have responsibility for considering different areas of work and particular issues.

Committees themselves do not make decisions. They recommend a course of action to full meetings of the Council which generally take place once a month. The Council can then decide to adopt the recommendations from Committee or change them.

The Council has four Committees of this type and they usually meet every month. These four Committees are:-

Enterprise, Regeneration and Tourism	(15 Councillors)
Active and Healthy Communities	(15 Councillors)
Regulatory and Technical Services	(15 Councillors)
Strategy, Policy and Resources	(15 Councillors)

The Council also has a Planning Committee. The Planning Committee Meeting is held every 4 weeks and it has full decision making powers. There are (12 Councillors) on the Planning Committee.

The Council's Audit Committee consists of (10 Councillors) and is Chaired by an independent person (not a Councillor). It meets at least three times each year.

All meetings of the Council and its Committees are open to the public, except when confidential or exempt information is being discussed.
