Please note:

The green/blue bin is for mixed dry recyclable waste. The brown bin is for food and garden waste and the black bin is for non-recyclable waste.

Bins should be presented ready for collection by 7.30am, with handles facing the road and lids closed. Bins should only contain the correct materials; bins containing the wrong material may not be collected.

Fortnightly brown bin collections will continue all year round.

If we do not collect your bin on the allocated day, this will likely mean that an operational issue has arisen and your bin will normally be collected the next day. Please check local press for alternative collections relating to public holidays.
