

Outcome: All People in Newry, Mourne and Down benefit from prosperous communities

Indicator: Level of Economic Investment

Investment in key infrastructure projects around networks, skills, health, culture, social needs, and business development is required to underpin continued, improved wellbeing where primary economic impact.

Measures: Level of Economic Investment

Size and Quality of Business Base

Level of Economic Investment

There is very limited availability of data for economic investment at district level and this has been noted as a significant gap in our data development agenda.

Size and Quality of Business Base

Invest NI carried out a Profile on the Newry Mourne and Down District Council area in January 16 with data based on 2014 figures.

Business Base (2014)
