# Newry, Mourne and Down District Council Audit Committee Annual Report for 2024/2025

#### 1. Overview

- 1.1 This Annual Report provides an overview of the Audit Committee activities for the Financial Year 2024/25 and demonstrates how the Committee has met its key responsibilities.
- 1.2 The Audit Committee met on 5 occasions during the year; on 31 July 2024, 19 September 2024, 20 February 2025, 08 May 2025 and a Special Audit Committee on the 23 May 2025. A programme of work had been agreed by the Audit Committee and was allocated over the schedule of meetings during the year.
- 1.3 The role of the Audit Committee is to support the Chief Executive (Accounting Officer) and Council by reviewing the comprehensiveness and reliability of assurances on governance, risk management, the control environment and the integrity of the financial statements.

#### 2. Attendance

2.1 Members' attendance at committee meetings were as follows:

<sup>2.2</sup> Ms Brona Slevin was appointed as an Independent Member of the Audit Committee in March 2019 and in accordance with the Committee's terms of reference took up the role of Chairperson in July 2019. The appointment was extended to July 2024. Ms Brona Slevin was reappointed to the position of Chair of the Audit Committee after a recruitment process, in July 2024.

2.3 The Audit Committee meetings requires the attendance of the Chief Executive, the Director of Corporate Services and the Internal Auditors. The Assistant Director of Finance and Performance and NIAO representatives also usually attend and the Senior Management Team and other Senior Officers attend by invitation.

#### 3. Performance Evaluation

3.1 In accordance with best practice, the Audit Committee self-assessed its performance. This year the NIAO Good Practice Guide 'Effective Audit and Risk Assurance Committee' was used after being published in March 2025. This is a very comprehensive checklist which was issued to Members for comments. Based on this document the Audit Committee has been found to be operating effectively for 2024/25.

The results were presented to the meeting on 23 May 2025. The Committee agreed the following actions/recommendations to build further effectiveness:

- (a) As in prior years political parties to be asked to give consideration to appointing Elected Members for a term greater than one year where possible which will enable knowledge and skills to be built up in this area. Generally, there is little change in the Audit Committee make up which shows the Council is committed to keeping the experience and knowledge of Members on the Audit Committee.
- (b) training for all Members on the Audit Committee to be progressed.
- (c) Officers continue to strive to ensure Internal Audit reports are completed and reported on a timely basis to the Audit Committee.
- (d) Officers continue to strive to ensure that all papers are provided on a timely basis to Democratic Services so that papers are issued in compliance with standing orders so that Members have sufficient time to review them

Members will see from consideration of the NIAO checklist that the following requires further work which would add to the effectiveness of the Committee:

- (e) The Audit Committee to understand how cyber and digital risks impact on the Council
- (f) An assessment of Climate Change/Net Zero to be presented to the Audit Committee

- (g) The Audit Committee should have oversight of how controls are evaluated so it can understand how effectively fraud and error risks are being addressed
- (h) The Audit Committee should consider ways in which to obtain feedback from the executive and other key stakeholders eg Internal and External Audit in order to strengthen the effectiveness of the Audit Committee
- For Audit Committee members unfamiliar with the operations of the public sector, special focus should be given to this as part of their induction, focusing in particular on regularity (using of funds in the way intended)
- 3.2 An appraisal of the Chairperson's performance was also completed on 24 July 2025 by the Chief Executive and the Director of Corporate Services with Councillor Sharvin and Councillor Hanlon, it was agreed that the Chairperson carried out their role effectively, encouraging full and open discussion at all Audit Committee meetings.

#### 4. Terms of Reference

4.1 A review of the Audit Committee's Terms of Reference was undertaken and approved by Council on 5 March 2019 as part of the review of the terms of references of all Committees of Council. The Audit Committee noted the approved Terms of Reference at its meeting on 15 April 2019. The Audit Committee's Terms of Reference was again approved at the Audit Committee Meeting in July 2020, in April 2021, April 2022, April 2023 and May 2024 and 8 May 2025.

#### 5. 2023/24 Financial Statements and External Audit

- 5.1 The Council's Audited Financial Statements for 2023/24 including the Annual Governance Statement were reviewed by the Audit Committee on 19 September 2024. The Committee also reviewed the draft Report to Those Charged With Governance.
- 5.2 The Audit Committee was pleased to note that the Northern Ireland Audit Office (NIAO) had certified the financial Statements with an unqualified audit Opinion and the Audit Committee approved the Accounts for signing.
- 5.3 The Audit Committee noted the contents of the final Report To Those Charged With Governance with management responses and the Annual Audit Letter at its meeting on 20 February 2025.

#### 6. Risk Management

- 6.1 The Committee welcomed the continued good progress made by Officers on Risk Management and the structure put in place to ensure ownership and management of risk at all levels of the organisation.
- 6.2 The Council has a Corporate Risk Register which identifies the key corporate level risks faced, and to be managed. Each corporate risk is linked to specific priorities set out by the Council in its Corporate Plan. The Corporate Risk Register and mitigating actions are scrutinised at each Audit Committee meeting. Risk management is also a standing agenda item at monthly meetings of the SMT.
- 6.3 There were 12 corporate risks on the Corporate Risk Register at 23 May 2025 and the corporate risks with the highest residual scores (shown in brackets) were as follows:
- CR. 01 Failure to deliver the capital investment programme for the District (20)
- CR.02 Non-compliance with legislative requirements, including Procurement Act 2023 (20)
- CR. 03 Failure to effectively manage waste (20)
- CR. 04 Failure to provide robust and timely planning decisions (20)
- CR.05 Failure to adequately deliver future efficiencies and improvements (16)
- CR. 07 Failure to implement an economic development programme to regenerate the District (16)
- CR. 08 Failure to manage sickness absence resulting in delays and an inability to deliver Council services (20)
- CR. 09 Risk to the long term financial stability of Council in relation to the delivery of Council Services (20)
- CR. 10 Failure to effectively plan for and manage a cyber security attack (20)
- CR. 11 Risk of Industrial Action impacting on Service Delivery (15)
- CR. 12 Insufficient staff resources to deliver Council services in an effective and efficient manner (16)

#### 7. Internal Audit

- 7.1 Sumer NI (previously ASM Limited ) were reappointed.
- 7.2 From the Internal Audit Plan 2024/25, 9 Internal Audit Reports were reported to the Audit Committee during the year, 5 of which received a satisfactory assurance rating. Four service areas, received a limited assurance rating. These included the following:
  - a) Off street car parking
  - b) User access management
  - c) Fuel management
  - d) Newry BID
- 7.3 All of the Internal Audit assurance work as detailed in the final Internal Audit Plan 2024/25, as approved by the Audit Committee, was completed. This included 2 Advisory Reports as follows:

- a) Flood grant verification review
- b) Review of Refuse Collection Services overtime

7.4 Sumer NI, the Council's Internal Auditors, raised significant control issues in their Annual Report dated 19 May 2025. Sumer NI stated that the Public Sector Internal Audit Standards ("PSIAS") requires that they bring to the Council's attention those significant control issues which may be relevant to the preparation of the Governance Statement for the year ended 31 March 2025. On this basis, they highlighted

- a) the limited assurance provided in the review of Off Street Car Parking
- b) the limited assurance provided in the review of User Access Management
- c) the limited assurance provided in the review of Fuel Management
- d) the limited assurance provided in the review of the Newry BID
- e) the limited progress in fully implementing internal audit recommendations

#### Internal Audit Annual Assurance Opinion

7.7 The Committee reviewed the Annual Internal Audit Assurance Report for 2024/25 at its meeting on 23 May 2025 and noted the Auditor's overall opinion of Limited assurance. In their opinion, and specifically in relation to the significant issues and assurances reviews, during the period from 1 April 2024 to 31 March 2025, there was an inadequate and ineffective system of governance, risk management and controls in place leading to this limited assurance in relation to the effective and efficient achievement of the Council's objectives.

7.8 The Audit Committee expressed their concern with the overall opinion of Limited Assurance. The Committee requested regular progress updates on the actions taken to address the significant issues referred to the Internal Audit Annual Assurance Report.

#### Follow up Review of Internal Audit Recommendations

7.9 The Committee also reviewed on 23 May 2025 a follow up report from Internal Audit on the Implementation of Prior Year Internal Audit Recommendations for 2023/24. The review identified that, out of the 63 accepted recommendations, 24 (38%) recommendations were fully implemented, 30 (40%) recommendations were partially implemented, 9 (14%) recommendations were not implemented.

7.10 The Assistant Director of Finance and Performance also reported during the year the progress on the implementation of the Internal Audit Recommendations in the years prior to 2023/24. This included an update on the risk facing the Council when these recommendations were not implemented on a timely basis which enabled the Audit Committee to have a fuller understanding of the implications of these recommendations not being in place.

7.11 The Audit Committee is committed to ensuring the prior year Internal Audit recommendations are completed and reported to the Audit Committee at each meeting.

Tender for Internal Audit Services

7.12 Newry Mourne and Down District Council procured the services of SUMER NI (previously known as ASM) as its Internal Audit Services provider from 01 April 2023. The contract was for two years with the options of two one-year extensions. The Audit Committee agreed to approve the first one year extension period which will be utilised to work on the third year of the four year Internal Audit Plan, i.e., 2025/26.

Approval of Internal Audit Plan 2025/26 and Internal Audit Strategy

- 7.13 The Annual Internal Audit Plan for 2025/26 was brought to the Audit Committee Meeting on 08 May 2025 for approval.
- 7.14 The Internal Audit Plan will then be kept under review throughout the year and will be considered against any emerging risks identified as part of the Council's wider risk management processes. Any future proposed changes will be brought to the Audit Committee for consideration.

#### 8. External Audit Strategy

- 8.1 The NIAO presented their Annual Audit Strategy for the Year Ending 31 March 2025 to the Audit Committee on 08 May 2025.
- 8.2 The Audit certification deadline for certifying local government bodies' accounts is 30 September 2025 and to ensure compliance a meeting has been scheduled for September 2025 to review and approve the audited accounts so they can be signed by the deadline.

#### 9. Performance Improvement Arrangements

- 9.1 Every year the LGA is required to report on whether each Council has discharged its duties in relation to improvement planning, the publication of improvement information and the extent to which each Council has acted in accordance with the Department's Guidance.
- 9.2 The LGA proposed an unqualified audit and assessment opinion, with no statutory recommendations being made. An Audit and Assessment certificate of compliance has been received.
- 9.3 The LGA has certified that the Council has discharged its duties in connection with improvement planning and the publication of improvement information in accordance with section 92 of the Act and has acted in accordance with the Department for Communities guidance sufficiently.

- 9.4 The LGA stated that in their opinion the Council has demonstrated a track record of ongoing improvement and that the Council is likely to comply with Part 12 of the Act during 2024/25.
- 9.5 Strengthening existing performance management arrangements and embedding a culture of performance and improvement has gained momentum within Newry Mourne and Down District Council. It is vital that performance is used as a key driver to identify improvements and facilitate the delivery of effective, efficient and value for money services.

#### 10. Acknowledgments

10.1 As Chair of the Audit Committee, I wish to extend my thanks to the Members for their support during the year and to the political parties for ensuring continuity of membership on the Committee from year to year. On behalf of the Audit Committee, I wish also to thank officers, the Internal and External Auditors for their hard work, also their open engagement with the Committee, thereby allowing it to meet its responsibilities.

### Foreword

Welcome to Newry, Mourne and Down District Council's Performance Improvement Plan 2025-26. Having listened to our communities, we are retaining all our objectives for this year with a number of new measures and actions to support them which we feel will benefit both our people and place. As we focus on the continued revitalisation of our district we can look back and be proud of our achievements.

The Council worked determinedly to deliver services and implement the performance improvement objectives, particularly in the face of serious adverse issues including Storm Eowyn which caused damage and destruction across our District, particularly in our Forest Parks.

Our residents and visitors continued to embrace their health and wellbeing with nearly 740,000 paid attendances at our leisure centres and over 20,000 participating across our targeted health programmes. We supported 100% of all community clean up requests and issued fixed penalty notices to address environmental crime in the district.

Through our economic development programmes, we supported 233 local businesses and social

enterprises and helped to create 222 local jobs. We also reduced the average processing time of major planning applications within the District.

However, whilst much has been achieved, there is still more to do to make Newry, Mourne and Down a great place to live, work, visit and invest in. Through this year's performance improvement objectives, we will continue to focus on what matters most to you improving the quality of our leisure facilities and services, contributing to the growth of the local economy, improving the cleanliness of our District and promoting recycling, improving our sustainability by reducing our impacts in relation to climate change and improving the performance of our Planning Service.

We remain committed to working closely with communities and partners to deliver high quality, efficient and effective services and will continue to work hard to improve the quality of life for all local communities and build a District we can all be proud of.

## Introduction

Part 12 of the Local Government Act (NI) 2014 sets out a General Duty of Improvement for local government, whereby all district councils must put in place arrangements to secure continuous improvement in the exercise of their functions. The Council is required to set annual improvement objectives for the services it provides and to have in place arrangements to achieve these objectives. The Council recognises 'improvement' to mean activity that enhances the sustainable quality of life and environment for ratepayers and communities.

The performance improvement objectives do not describe every improvement the Council plans to make during 2025-26. Alternatively, they provide an overview of how the Council will address the issues which matter most to local communities. The Performance Improvement Plan outlines the Council's objectives for improvement, how performance will be measured and what positive outcomes stakeholders can expect as a result of improvement activity. It represents the Council's commitment to achieving continuous improvement in the delivery of key services.

### Performance Improvement Objectives 2025-26

- We will support the health and wellbeing of local people by improving our leisure facilities and services
- 2. We will contribute to growing the economy by supporting local businesses and job creation
- 3. We will improve the cleanliness of our District by continuing to promote recycling and addressing littering, fly tipping and dog fouling incidents
- 4. We will improve our sustainability and reduce our impacts in relation to climate change
- 5. We will improve the processing times of planning applications and enforcement cases by implementing the Planning Service Improvement Programme

These objectives have been developed within the context of the Business Planning and Performance Management Framework. They are:

- ✓ Linked to the Community Plan, Corporate Plan and Directorate Business Plans
- ✓ Based on a robust and reliable evidence base, including performance trends
- ✓ Aligned to the seven strategic aspects of improvement
- ✓ Legitimate, clear, robust, deliverable and demonstrable

### Performance Improvement Objective 1

## We will support the health and wellbeing of local people by improving our leisure facilities and services

# Why this matters

You told us that:

- One of the top priorities for improving your local area was 'Improving people's health and wellbeing (and reducing health inequalities)
- 17% of our residents are not active for a single day each week.
- The third most important health and wellbeing opportunity you would like to see more of was 'physical activity opportunities such as leisure centres, gyms and sports facilities'
- Between 2018 and 2022 there has been an increase in the number of residents satisfied with the leisure centres across the District, however residents did comment on issues such as the need for modernisation and improving cleanliness
- 65% of respondents to our 2025-26 survey agreed with this objective

We know that keeping fit and active can help improve a person's health and wellbeing both physically and mentally and the provision of leisure facilities is key to achieving this. Newry, Mourne and Down District Council plays a key role in helping local communities to live long and healthy lives. The Council remains committed to promoting physical, mental and emotional well-being and encouraging residents to make healthy and informed lifestyle choices and as part of this we need to always be striving to improve our leisure facilities and offerings.

# **Looking Back:** What we did in 2024-25

737,439 paid attendances across the 6 leisure facilities

Recorded 196,333 visits across a total of 10 community trails.

10,050 memberships across the indoor leisure facilities

Progress is continuing on key Capital projects with support from Council's Estates and Capital Projects Team.

20,421 people participating in targeted health programmes

# **Looking Forward:** What we will do in 2025-26

- Sustain the number of paid attendances at indoor leisure facilities.
- Continue to deliver a range of targeted, sustainable health programmes to encourage participation in physical activity.
- Progress the leisure projects agreed within the Capital Programme
- Provide funding through financial assistance for capital projects for sports clubs.
- Work towards Leisure-Safe Accreditation for all indoor leisure facilities
- Implement a 'Mystery Visitor' programme for Indoor Leisure

### **Performance Improvement Objective 2**

# We will contribute to growing the economy by supporting local businesses and job creation

# Why this matters

You told us that:

- 'Improving skills, employability and job prospects' was your top priority for improving the local area in the 2022 residents survey
- 'Supporting local businesses, attracting investment and jobs' is in your top three priorities for improvement
- Investment to grow the economy, create jobs and attract tourists is the most important form of investment
- 69% of respondents to our 2025-26 survey agreed with this objective

Continuing to support and grow the economy of Newry, Mourne and Down remains a key priority for the Council. Council continues to support the growth of both new business start-ups and the growth of existing businesses though the collaborative delivery of the Go Succeed Programme. 'Go Succeed' is Northern Ireland's go-to source for free expert business advice focusing on the three pillars of starting, growing and scaling your business or business idea.

The NMD Labour Market partnership (LMP) is vital for delivery against skills and employability, addressing economic inactivity, and supporting the upskilling and re-skilling of residents in line with the demand for skills. The LMP has delivered a range of employment academies, careers fairs and jobs fairs, working closely with key stakeholders across the private and public sector.

Delivery against the Belfast Regional City Deal investment areas continues, with ambitions for job creation and the stimulation of private sector investment across the district.

Council is leading on the implementation of a DfE "Regional Balance Fund" establishing a Local Economic Partnership which will develop an action plan and deliver £4.5 million of investment over a 3-year period, that will drive the creation of good jobs, productivity growth, sustainability and decarbonisation.

### Looking Back: What we did in 2024-25

175 new enterprises created as a result of support and 206 new jobs promoted through business start-up activity

12 new social enterprise start-ups supported, and 16 new social enterprise jobs created

221 businesses supported to progress growth and scaling ambitions

Delivered several Make it Local campaigns throughout the District and wider region. Make it Local is an initiative that is designed to encourage people within the district to shop locally and support local businesses. Artisan markets held in Downpatrick, Newcastle and Warrenpoint continue supporting the local artisan and craft micro businesses of the District.

# Looking Forward:

Invest in the social economy through the Social Enterprise programme

# What we will do in 2025-26

- Support the establishment of new businesses through the 'Go Succeed' Programme
- Support the growth of existing businesses and creation of new jobs through the 'Go Succeed' Programme
- Invest in employability and skills through the implementation of the LMP Action Plan.
- Invest in the creation of good jobs, productivity growth, decarbonisation and regional balance through the implementation of a Local Economic Partnership action plan

### Performance Improvement Objective 3

We will improve the cleanliness of our District by continuing to promote recycling and addressing littering, fly tipping and dog fouling incidents

# Why this matters

You told us that:

- Dog mess and dog fouling and rubbish or litter lying around are your top two perceived problems in your local area
- 6% of the residents surveyed were dissatisfied with the cleansing service provided by the Council.
- 91% of residents said recycling is important to them, an increase of 5% on the 2018 residents survey figure.
- 75% of respondents to our 2025-26 survey agreed with this objective

Issues around street cleanliness continue to escalate largely as a result of the increased number of illicit dumping, littering and dog fouling incidents reported to the Council.

To improve the overall cleanliness of the District, the Council is currently reviewing cleansing operations to design a more effective model of service provision. The Council also remains committed to collaborating with partner organisations and local communities to promote responsible dog ownership, address issues around littering and illicit dumping and generate local pride in having a cleaner, greener District for everyone to enjoy.

### Looking Back: What we did in 2024-25

### **Looking Forward:** What we will do in 2025-26

Address issues around recycling, littering, illicit dumping and dog fouling by:

- Continuing to implement the Enforcement Improvement Plan
- Promoting responsible dog ownership through publicity and social media campaigns
- Encouraging residents to bring properly sorted surplus recyclable waste to our Household Recycling Centres
- Supporting local community clean ups
- Continued implementation of a Paint Re-Use Scheme at a further

### Performance Improvement Objective 4

# We will improve our sustainability and reduce our impacts in relation to climate change.

# Why this matters

You told us that:

- Managing waste, reducing climate change, investing in renewable energy etc. was important to you.
- Green technology skills were the second most important training support needed to improve the growth of resident employability.
- 91% of residents said recycling is important to them, an increase of 5% on the 2018 residents survey figure.
- 59% of respondents to our 2025-26 survey agreed with this objective

Our climate is changing, and we need to prepare. Greenhouse gas emissions cause the Earth's atmosphere to hold more radiation from the sun which increases the overall temperature of the planet. This change in temperature is altering our climate and causing one of the greatest threats of our time. In October 2019 Newry, Mourne and Down District Council declared a 'Climate Emergency'.

NMDDC is acutely aware of how intrinsic sustainability and care of our district is to its future. Within our new Council structure, a Sustainability Department has been created. This is led by a dedicated Assistant Director with responsibility for issues such as Energy, Council Fleet, Facilities Maintenance and Biodiversity.

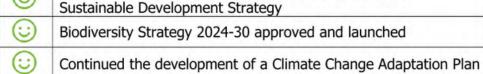

Environmental sustainability has become a key objective in the development of our capital projects, providing economic growth for the region in an inclusive and sustainable way. Newry, Mourne and Down District Council aims to embed the ethos of sustainability throughout its operations and to provide leadership for the community.

The Council also forms part of the Local Government Climate Action Network which is helping to deliver the NI Climate Change Adaptation Programme. This network will enable us to collaborate with other Councils and relevant statutory partners to develop a strategic approach for climate action.

### Performance Improvement Objective 5

We will improve the processing times of planning applications and enforcement cases by implementing the Planning Service Improvement Programme

# Why this matters

Delivering a more efficient and effective Planning Service for customers is a key priority for improvement for the Council. Planning plays a significant role in promoting sustainable development, regeneration, economic prosperity, investment and job creation for present and future generations of our District. 72% of respondents to our 2025-26 survey also agreed with this objective.

The new portal, which launched in December 2022, allowing customers to submit applications online and track live planning applications, is now fully operational and amendments and changes remain ongoing as per agreed structures.

Work continues on the Planning Improvement Programme and following discussions with SOLACE and DFI, the programme will be reviewed and updated during 2025-26 to be more reflective of the challenges currently facing planning across NI.

Staff retention and recruitment remains challenging with vacancies remaining in the planning team across all functions as per agreed structures. Recruitment remains ongoing. This has had, and continues to have, a significant impact on targets and performance. This remains a priority for Council and Senior Management with ongoing review and monitoring.

The Council has not yet achieved the statutory standards for 2024-25 but remain committed to delivering further improvements and providing a high-quality service to all customers.

## **Statutory Performance Indicators and Standards**

Section 89 of the Local Government Act (NI) 2014 requires the Council to publish the results of the performance indicators and standards that are set by central government around economic development, planning and waste management.

The seven statutory performance indicators and standards, as outlined in the Local Government Performance Indicators and Standards Order (2015), are set out below:

Ref	Statutory Performance Indicator	Annual Standard

The Council has put in place the following arrangements to monitor progress against the standards set for the statutory performance and indicators:

- Inclusion within the Performance Improvement Plan, with progress being monitored on a bi-annual basis by the Strategy, Policy and Resources Committee and Audit Committee.
- Inclusion within Directorate Business Plans, with progress being monitored on a bi-annual basis by the relevant Council Committee.
- Data submissions to Government Departments, with reports being issued to monitor the performance of each Council, outlining regional trends and comparisons.

The Council has put in place the following arrangements to monitor progress against the self-imposed performance indicators:

- Inclusion within the Performance Improvement Plan, with progress being monitored by the Strategy, Policy and Resources Committee and Audit Committee through the annual Assessment of Performance.
- Some performance indicators are included within Directorate Business Plans, with progress being monitored on a bi-annual basis by the relevant Council Committee.

These performance indicators are aligned to community planning outcomes. This will ensure the Council continues to address the needs and aspirations of local communities and deliver sustainable outcomes for all, now and in the future.

# **Identifying the Performance Improvement Objectives 2025-26**

All the five performance improvement objectives 2025-26 have been carried forward from 2024-25, as they remain relevant and meaningful. A number of changes and additions have been made however, to the actions and measures that support these objectives. They have been developed, reviewed and updated in close liaison with Elected Members, Senior Management Team, Corporate Management Team and employees across the organisation. Each objective is underpinned by a suite of 'supporting actions', 'measures of success' and outcomes for stakeholders. They are clearly aligned to the Community Plan and Corporate Plan 2024-27, as well as other regional and local plans, particularly the Council's Business Plans which have been developed by each Directorate. These plans influence and guide the overall direction of travel for the organisation.

- Programme for Government 2024-2027
- Community Plan for Newry, Mourne and Down 2017-2030, Priority Action Areas and District Electoral Area (DEA) Action Plans
- Newry, Mourne and Down District Council Corporate Plan 2024-27
- Thematic plans and strategies, including the IT Strategy and Regeneration and Economic Development Strategy
- Annual Directorate Business Plans 2025-26

The Council has also taken into consideration performance information from the following sources to support the development of the performance improvement objectives:

- The Northern Ireland Audit Office Audit and Assessment Reports and 'proposals for improvement', which are currently being progressed
- The Assessment of Performance 2024-25, including progress against performance improvement objectives, measures of success within the Corporate Plan 2024-27 and statutory performance indicators and standards for economic development, planning and waste management.

The reasons for objectives being carried forward and/or amended are detailed in the table below:

We will improve the cleanliness of our district by continuing to promote recycling and addressing littering, flytipping and dog fouling incidents During 2024-25 progress was made against some key actions under this objective including:

- Promoting responsible dog ownership through publicity campaigns and dog licences
- Promoting the 'Live Here, Love Here' campaign through the funding of 15 environmental projects.

However, improvement is still needed in a number of areas including increasing the Council's recycling rate and decreasing the level of municipal waste arising.

The 2022 residents survey ranked 'dog mess and fouling' and rubbish or littering lying around' as the top two perceived problems in their local areas by residents.

- Decrease in the average processing time of major planning applications

#### Retain

This performance improvement objective to be carried forward to 2025-26

However, much improvement is still required as the statutory standards for the average processing times of major and local planning applications and enforcement cases is still not being met.

### Community Plan for Newry, Mourne and Down

The Community Plan has been developed and agreed by the Community Planning Partnership Board. Entitled 'Living Well Together', the Community Plan provides a framework for collaborative working to deliver positive change for our communities, and sets out the following long term overarching vision for the District:

'Newry, Mourne and Down is a place with strong, safe and vibrant communities where everyone has a good quality of life and access to opportunities, choices and high quality services which are sustainable, accessible and meet people's needs'.

The Community Plan sets out the following five positive outcomes:

## Newry, Mourne and Down District Council Corporate Plan 2024-27

The Corporate Plan 2024-27 sets out the following mission statement and eight strategic objectives:

#### Council Mission Statement

'To deliver sustainable services and empower our communities through transparent governance and collaboration'

### Council Strategic Objectives

## **Alignment with the Strategic Aspects of Improvement**

In accordance with the Local Government Act (NI) 2014, each performance improvement objective seeks to bring about improvement in at least one of the following aspects:

- Strategic effectiveness
- Service quality
- Service availability
- Fairness
- Sustainability
- Efficiency
- Innovation

The Council has also assessed the performance improvement objectives against the following criteria, and considers them to be:

- Legitimate
- Clear
- Robust
- Deliverable
- Demonstrable

### **Equality Screening and Rural Needs Impact Assessment**

In accordance with the Section 75 requirements of the Northern Ireland Act (1998), whereby the Council must carry out its functions having due regard to the need to promote equality of opportunity and regard for the desirability to promote good relations, the Performance Improvement Plan has been subject to an equality screening. The outcome of the equality screening process determined that the Performance Improvement Plan 2025-26 is not subject to an equality impact assessment, with no mitigating measures required.

In accordance with the Rural Needs Act Northern Ireland (2016), the Council has given due regard to rural needs by carrying out a Rural Needs Impact Assessment of the Performance Improvement Plan 2025-26.

## **Consultation and Engagement**

The Council is committed to listening to local people and taking on board their views. Since 2017, the Council has carried out extensive consultation and engagement, inviting key stakeholders, including Elected Members, residents, local businesses and community planning partners to put forward their views on the proposed performance improvement objectives.

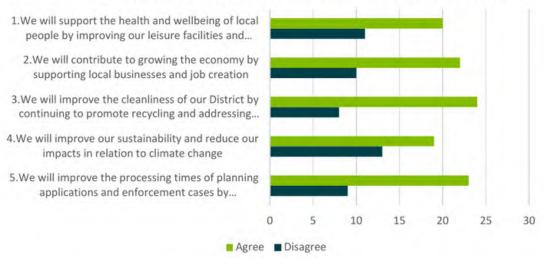

The Council website was host to the consultation and engagement process. Under the consultations section of the website, an electronic survey in relation to the draft performance improvement objectives 2025-26 was published and promoted. The consultation and engagement process was promoted further through the Council's social media channels and circulated to key internal and external stakeholders.

The overall consultation and engagement process resulted in 33 completed surveys and engagement with 60 stakeholders through the Newry DEA Forum, Downpatrick DEA Forum, Slieve Croob DEA Forum and Rowallane DEA Forum, Newry, Mourne and Down Youth Voice and the Cedar Foundation. These responses have been supplemented by the input of 764 respondents to the Residents Survey in 2022.

Residents Survey (September 2022)	764 respondents

The consultation responses revealed support for the proposed performance improvement objectives, with the majority of respondents agreeing with each of the five objectives.

The areas for improvement and issues raised through the overall consultation and engagement processes are clearly aligned to the five performance improvement objectives 2025-26, and will be addressed through the Performance Improvement Plan, and as part of the Council's business planning process.

## **Achieving Continuous Improvement**

Transforming and improving how the Council delivers services is a key objective within the Corporate Plan. Newry, Mourne and Down District Council is committed to developing a 'can do' culture, where managing performance and achieving improvement is everyone's responsibility. In pursuing the corporate vision and objectives, the Council has identified the following five draft core values:

	What this means:
Respect	We will demonstrate respect for all people in our attitudes, behaviours and working relationships.
Transparency	We will be transparent in how we make decisions.
Excellence	We will take pride in our work and be passionate about the standards we strive to achieve.
Integrity	We want the people of our district to trust us to do the right thing.
Accountability	We will be accountable to the public for our decisions and actions. We will be accountable for how we plan and use resources sustainably.

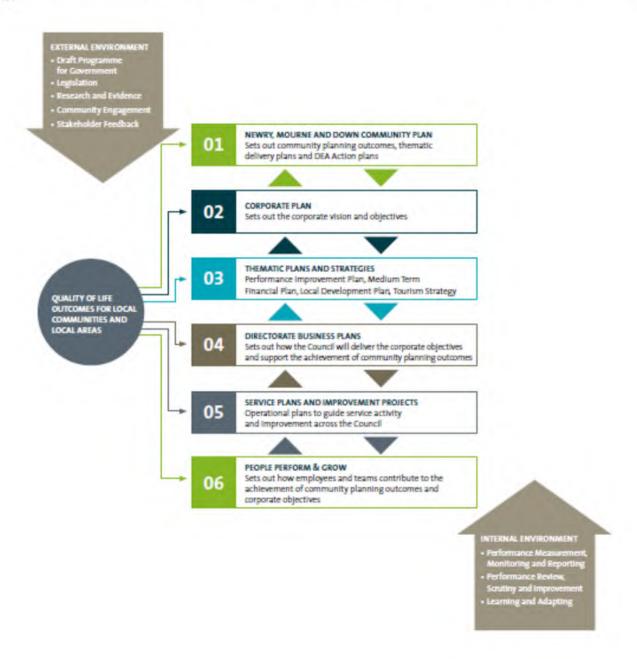

The Council has put in place a number of frameworks and systems to drive forward continuous improvement and facilitate a performance improvement culture. These include the Business Planning and Performance Management Framework, Policy Development Framework, Equality Scheme, Governance Framework and Risk Management Policy.

The Council also assesses how performance compares with other Councils. Newry, Mourne and Down District Council is working with the Association of Public Service Excellence to benchmark performance against the performance of Councils across Northern Ireland and other jurisdictions. This information is being used to collate a robust and reliable evidence base, to help identify and address future areas for improvement.

The Performance Improvement Plan underpins the Council's overall approach to effective performance management. It supports the Council in identifying more efficient and effective ways of working to facilitate the achievement of community planning outcomes, corporate objectives and Directorate objectives, which together support the continued implementation of the Business Planning and Performance Management Framework.

# **Business Planning and Performance Management Framework**

The Council's Business Planning and Performance Management Framework drives and provides assurance that community planning outcomes, corporate objectives and performance improvement objectives are being delivered, with the primary goal of making life better for our citizens.

The Community Plan and Corporate Plan sit within a hierarchy of plans that informs the Council's overall direction of travel and guides all activity within the organisation. Community planning outcomes and corporate objectives are cascaded across the organisation through thematic plans and strategies and Directorate Business Plans. Performance indicators continue to be developed at all levels across the Business Planning and Performance Management Framework, in order to ensure performance is measured, monitored and evaluated on a continuous basis.

During 2025-26, the Council will continue to progress and mainstream the development, implementation and review of Service Plans and roll out of Individual Performance (People Perform Grow), both of which seek to demonstrate the 'line of sight' between the work of employees and how they contribute to the achievement of community planning outcomes and corporate objectives.

Through the Business Planning and Performance Management Framework, the Council will manage performance at all levels across the organisation, in order to ensure the necessary steps are taken to secure continuous improvement in the exercise of functions. Each level of the Business Planning and Performance Management Framework is, and will be, accompanied by a relevant set of performance measures to monitor and assess the Council's progress in improving the quality of life for local communities.

The table below provides a description of the various plans and strategies that form part of the Council's Business Planning and Performance Management Framework.

Community Plan	The Community Plan for Newry, Mourne and Down sets out the long-term vision for improving the economic, social and environmental wellbeing of the District. Developed in collaboration with partners across the statutory, business and voluntary sectors, the Community Plan is underpinned by Priority Actions Areas and seven DEA Action Plans, which seek to deliver the five community planning outcomes at a local level. Progress in implementing the Community Plan is reviewed on a biennial basis.
Corporate Plan	The Corporate Plan 2024-27 sets out the proposed vision, values and strategic objectives for the Council. Each strategic objective is underpinned by 'supporting actions' and 'measures of success'. Progress in delivering the Corporate Plan is reported annually through the Assessment of Performance.
Thematic Plans and Strategies	The Council has put in place a number of Thematic Plans and Strategies to support the implementation of the Community Plan and Corporate Plan, including the Performance Improvement Plan, Medium Term Financial Plan and Regeneration and Economic Development Strategy. These plans provide the strategic context for multiple programmes of work across the organisation.
Directorate Business Plans	Business Plans are developed annually to demonstrate how Directorates contribute to the achievement of community planning outcomes, corporate objectives and performance improvement objectives.  Directorate Business Plans include suites of key performance measures to

	measure progress and drive continuous improvement, with performance being monitored and reviewed bi-annually by the relevant Committee.
Service Plans and Improvement Projects	Service Plans and Improvement Projects are operational and set out the direction for service areas across the Council. They outline how each service contributes to the delivery of community planning outcomes, corporate objectives and performance improvement objectives, include key performance measures and provide a mechanism to manage performance consistently across the organisation.
People Perform Grow	The Council recognises the significant role employees play in contributing to the achievement of the Community Plan, Corporate Plan, Thematic Plans and Strategies, Directorate Business Plans and Service Plans. People Perform Grow demonstrates the link between the work of employees and how they contribute to the achievement of key plans and strategies, as well as the outcomes experienced by local communities.

The Business Planning and Performance Management Framework is complemented by the integrated cycle of activity outlined in the diagram below.

## **Governance Arrangements**

Reviewing performance and reporting progress to Elected Members and other key stakeholders is very important, as it facilitates transparency, accountability and improvement in everything the Council does. The governance arrangements to develop, monitor, report and review the Council's progress in implementing the Performance Improvement Plan 2025-26 are outlined below:

### Full Council

- · Approval of the annual Performance Improvement Plan
- · Mid year progress report
- · Annual performance assessment

#### Strategy, Policy and Resources Committee

- · Scrutiny, challenge and approval of the annual Performance Improvement Plan
- · Mid year progress report
- · Annual performance assessment

#### Audit Committee

- · Provide assurance that performance management arrangements are robust and effective
- Mid year progress report
- Annual performance assessment

#### Senior Management Team

- · Lead the development of the annual Performance Improvement Plan
- · Mid year progress report
- · Annual performance assessment

The Council must publish an Assessment of Performance by 30 September 2025 which will provide an overview of how the Council has performed during 2024-25. The Assessment of Performance will be published on the Council's website and is supplemented by the Mid Year Progress Report for the Performance Improvement Plan 2025-26.

The arrangements the Council has put in place to secure continuous improvement are subject to an annual audit and assessment by the Northern Ireland Audit Office. Subject to the General Duty of Improvement being met, the Northern Ireland Audit Office will issue a Letter of Assurance to both the Council and Department for Communities.

# **How to Propose New Performance Improvement Objectives**

Consultation and Engagement Report on the Performance Improvement Objectives 2025-26

### Introduction

The Local Government Act (NI) 2014 sets out a General Duty of Improvement, whereby all District Councils must put in place arrangements to secure continuous improvement in the exercise of their functions and set performance improvement objectives for each financial year. Each Council also has a statutory duty to consult key stakeholders on the proposed performance improvement objectives.

The five draft performance improvement objectives were considered and approved by the Strategy, Policy and Resources Committee in March 2025. This was followed by an extensive consultation and engagement process which encouraged key stakeholders, including residents, Elected Members and partner organisations to have their say on the proposed performance improvement objectives.

This report provides an overview of the consultation and engagement methodology and an analysis of the responses which were received.

### **Consultation and Engagement Activity**

Between 14 March – 09 May 2025, Newry, Mourne and Down District Council carried out an eight week consultation and engagement process with key stakeholders on the draft performance improvement objectives 2025-26, with pre-engagement consultation also carried out through the following mechanisms:

- Electronic survey and documentation on the consultations section of the Council website, which was promoted through the Council's social media channels
- Public Notices in local newspapers
- Engagement with the following stakeholders:
  - Newry DEA
  - Slieve Croob DEA
  - Downpatrick DEA
  - Rowallane DEA
  - Newry and Mourne and Down Youth Voice
  - Cedar Foundation

This process was further supplemented by the consultation and engagement which was carried out to support the development of the Corporate Plan 2024-27.

- Residents Survey (September 2022)
- Consultation and engagement on the Corporate Plan 2024-27 (March May 2024)
- Consultation and engagement on the draft Performance Improvement Objectives 2024-25

# **Analysis Methodology**

A total of 33 surveys were received in response to the consultation and engagement on the Council's draft performance improvement objectives 2025-26. Respondents were asked whether they agreed or disagreed with the draft performance improvement objectives and if they had any comments to make regarding each objective. Respondents were also asked to put forward their suggested priorities for future improvement.

In carrying out the quantitative and qualitative consultation and engagement, a structured process was used to capture responses around each of the five draft performance improvement objectives 2025-26. This was supplemented by an engagement process with 60 key stakeholders, as outlined below:

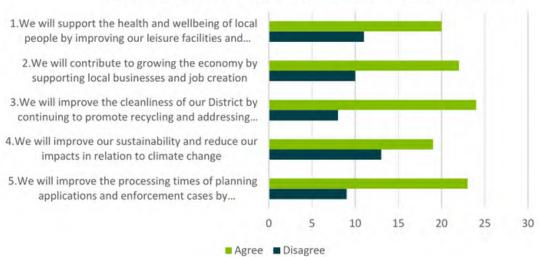

Consultation and Engagement	Details
Newry DEA Forum	11 participants – 01 May 2025
Downpatrick DEA Forum	12 participants – 08 April 2025
Rowallane DEA Forum	8 participants – 24 April 2025
Slieve Croob DEA Forum	6 participants – 29 April 2025
Newry and Mourne and Down Youth Voice	14 participants – 06 May 2025
Cedar Foundation User Forum	9 participants – 08 April 2025
Residents Survey (September 2022)	764 residents aged 16+ with quotas applied for age, gender, social class and District Electoral Area

# **Consultation and Engagement Findings**

# **Analysis of Findings**

Responses to the draft performance improvement objectives 2025-26 have been received from residents, elected members, local community organisations, statutory organisations and others including those that work in and visit the district. There has been a positive response to the five proposed performance improvement objectives, with the majority of respondents agreeing with each objective.

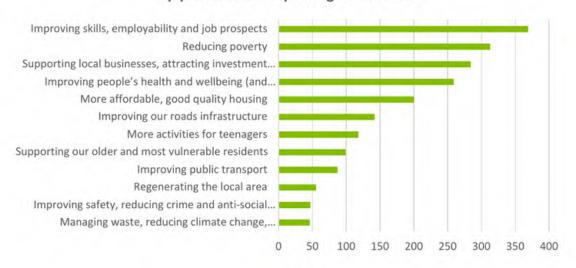

### Residents Survey (2022)

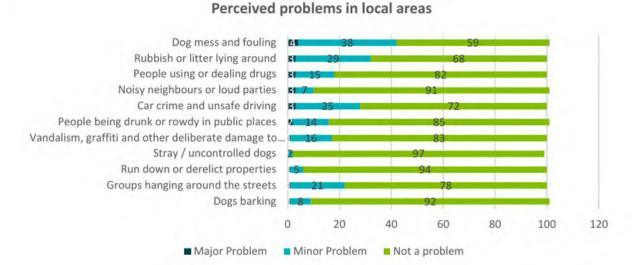

These findings are further endorsed by the results of the Residents Survey which indicate that the performance improvement objectives broadly address the top improvements identified to make somewhere a good place to live.

- The local economy, health and wellbeing, housing, infrastructure, public transport, protecting the environment, climate change and managing waste are amongst the top priorities for improvement.
- Supporting communities, educational provision, accessible leisure centres, accessible arts centres/theatres and museums and opportunities for volunteering are amongst the lesser priorities for improvement.

#### Top priorities for Improving the local area

These findings are further reinforced by the fact that residents identify dog mess and littering as the top perceived problems in the local area.

# You Said, We Did - Overview of Consultation Feedback Performance Improvement Objectives

An analysis of the consultation and engagement findings indicates that the issues raised will be addressed through the proposed 2025-26 performance improvement objectives, 'supporting actions' and 'measures of success', or as part of the Council's business planning process. An overview of the amendments and revisions that have been made to the performance improvement objectives, throughout the consultation and engagement process are highlighted below.

	You Said	We Listened	We Did
We will support the health and wellbeing of local people by improving our leisure facilities and services			Included a new measure on 'Value of Financial Assistance funding allocated to sports clubs'  Included a new measure on 'The number of play parks upgraded'

	The CEDAR user forum which were consulted on the draft performance objectives raised a number of queries in relation to leisure activities for those with a disability.	Council's Leisure Services have organised to meet directly with the user forum to look at addressing where possible the issues they raised.
	A suggestion was made by members of the CEDAR user forum to be 'mystery shoppers' in the Council's leisure facilities	Council are keen to use the forum members as 'mystery shoppers' for the leisure centres and have included it as a new action that they aim to implement in 2025-26
We will contribute to growing the economy by supporting local businesses and job creation		Targets for economic development programmes have been revised to reflect the current
We will improve the cleanliness of our District by continuing to promote recycling and addressing littering, fly tipping and dog fouling incidents		environment  Figures for fixed penalty notices issued and paid have been revised to better reflect resourcing issues within the section.  New recycling target
		of 70% by 2030 and the inteim target of 55% by 2025 has been included as per the Recycling – Climate Change Act

	'Household recycling opening hours need extended back to pre covid levels'	(Northern Ireland) 2022  Council intend to design and launch a baseline customer satisfaction survey of the Household Recycling centre users in 2025-26
We will improve our sustainability and reduce our impacts in relation to climate change	'Sustainable Transportation: Further investment in public transport, active travel infrastructure, and electric vehicle incentives would support both local mobility and the reduction of emissions across the District.'	Council have included a new action under the sustainability and climate change objective with regards to reviewing with our colleagues in the economy, regeneration and tourism department Council's active travel masterplan.
We will improve the processing times of planning applications and enforcement cases by implementing the Planning Service Improvement Programme		

# **Suggested Areas for Improvement**

As part of the survey, and similar to previous years, respondents were asked to put forward their suggested areas for improvement. 'Council parks and open spaces', 'Visitor Attractions, 'Tourism Events' and 'Leisure Centres' are the top priorities for improvement in 2025-26.

Top 3 Areas for Future Improvements

# **Next Steps**

Based on the feedback obtained through the consultation and engagement process, as well as the ongoing developmental work around each performance improvement objective 2025-26, there has been some amendments to the 'supporting actions' and 'measures of success', as outlined in the Performance Improvement Plan 2025-26.

The Consultation and Engagement report will be published on the Council's website by 30 June 2025, alongside the Performance Improvement Plan 2025-26. It will also be circulated to key stakeholders to support the business planning process.

A summary of the consultation and engagement feedback is provided below.

# Summary of Consultation and Engagement Feedback

### **Performance Improvement Objective 1**

- Not enough dedicated sessions, classes or activities for people with a disability
- Clear and visible information on pricing and memberships needed on website
- More focus on outdoor leisure for improving health and wellbeing
- Not enough leisure facilities in Newcastle
- More leisure services in rural areas.
- More advertising needed about the teen gym as not enough known about it.
- More monitoring and maintenance of leisure facilities.

### **Performance Improvement Objective 2**

- Rates too high and main streets are empty
- Towns need to develop more multi-use buildings where a number of different smaller businesses can operate and share rates
- More work and engagement with exhibitors to ensure the careers fair is a more useful and engaging session for students.
- More permanent jobs for younger people needed.
- More focus on supporting rural businesses.
- Gondola project not needed.

- Issue with fly posting around Newry.
- Getting community clean up equipment needs to be easier so more communities can avail of it
- Issues with littering especially vapes
- Dog fouling a major issue and needs to be improved
- More staff needed to enforce littering, dog fouling and fly tipping
- More bins needed across the District for general waste as well as recycling and dog poo.
- More education needed on recycling and on separation of rubbish into correct bins
- Household Recycling Centres to be opened longer
- Better reporting processes for report incidents of dog fouling, littering and fly tipping.
- More cleansing needed especially in key tourist areas

- A lot of damage to the trees from the storm and a loss of trees from disease in Slieve Gullion park, needs to be addressed
- opportunity to link with the EA and the various youth groups to assist in the planting of trees across the district.
- More biodiversity friendly practices across the Council area.
- More awareness raising and education on climate change and sustainability.
- · Council buildings need to be more energy efficient.
- Gondola project too environmentally damaging.

### **Performance Improvement Objective 5**

- Planning takes too long to get approved
- More staffing needed to achieve targets
- Prioritise planning applications using a fast track system
- More transparency needed in planning

•

### Other comments

- More public engagement needed
- More transparency, openness and accountability
- Mourne Gateway project not needed or wanted
- · Public monthly reports needed
- No paid parking for town centre

# **Other improvements**

- Fast track system for planning
- Access to grants to be easier
- Dog Exercise Areas
- Focus on Geopark and AONB's
- · Progress on Rights of Ways needed

•

# **Objective Delivery Plans 2025-26**

Delivery Plans have been developed to demonstrate the arrangements which have been put in place to support the effective implementation of each performance improvement objective. They provide an overview of:

- Responsible Officers
- Alignment with the Community Plan and Draft Corporate Plan
- Governance arrangements for the Performance Improvement Plan
- · Meeting the seven legislative criteria
- 'Supporting actions' and 'measures of success'
- Links to existing plans and strategies
- Resources
- Governance arrangements

In recognition of the dynamic nature of the information included within the Objective Delivery Plans, they should be considered as a 'work in progress', subject to change to a continuous basis.

Average for year to date 46.5 weeks

Processing times for local applications remains above target and NI Average.

Q1-3 in current year 719 decisions issued, for same period in previous year 669 applications were determined and as a result of applications largely being processed in date order processing times will increase as result of the backlog.

During this period NMD received the third highest number of applications in NI equating to approximately 12.7% of NI total

#### **CURRENT ANALYSIS**

Based on latest available data as of 1/6/25:

**1782 live applications** – (This includes ALL applications that are not captured and reflected in NISRA stats)

#### Made up as follows:

1278 applications are allocated & processing, approx. 25% are awaiting consultee responses.

504 awaiting allocation,

114 new applications to be validated.

For period April 2024 – March 2025, 1408 applications were determined. (23.5% increase)

For same period April 2023 – March 2024, 1140 applications were determined.

#### LOCAL DEVLOPMENT PLAN

Revised Development Plan timetable was agreed by Council in June 2023 and by the Department in September 2023.

Draft Plan strategy was presented and agreed by Council on 31 March 2025 and will be formally launched on 27 June and will be followed by 12 week consultation period with a series of consultation sessions and venues agreed across the District.

### **ENFORCEMENT**

The NI target for the Enforcement is that 70% of enforcement cases are concluded within 39 weeks of receipt.

For Q3 October – December 2024, 54% closed within target this has improved from 36.5% in Q2

For period April to December 2024, 213 cases were closed, by comparison 170 were closed in all of 23/24.

For period April to December 2024, 200 new cases have been opened which broadly equates to the same number as were closed.

### Challenges

Challenges remain with respect to performance against statutory targets and the number of applications live in the system is also well above manageable levels.

A number of ongoing challenges continue to impact on service delivery, in summary these are;

### Statutory consultation

This remains a challenge across ALL consultees and has been discussed with DfI at a strategic level

### Application quality

The poor quality of some submissions continues to be an issue and given that several consultations are required with poor applications any changes required results in a delay in response times this adds to the challenges.

**Validation checklists** were presented in draft to February Committee, there followed a period of public consultation and 2 workshops with agents. Feedback has been received and a final proposal will be presented to Committee in June 2025, subject to approval implementation and training will be rolled out over July to September.

#### Recruitment Actions:

From August 2022 to October 2023 there have been 9 separate recruitment exercises to appoint a range of posts across all levels within the Planning Department. Staff retention and recruitment continues to be an industry wide challenge in both Local Councils and the private sector.

From October 2023 to March 2024 there have been a further 4 recruitment exercises for, BSM ,BSO, Planning Assistants and Principal Planning Manager (LDP and Enforcement)

Since September 2024 there has been a further 3 recruitment exercises completed.

In March a recruitment for Senior planners resulted in no appointments being made and an internal trawl for acting up for 2no Senior planners is currently underway. If successful this will provide a career development opportunity for staff but will result in a temporary loss of potential 2 Planning Officers.

Work is ongoing with HR and Professional bodies to review JD Criteria and there will be a further trawl thereafter to permanently fill the 3 vacant posts and hopefully establish reserve lists.

### Performance Management -

### Current performance improvement actions

- Majors and Legacy applications are being reviewed monthly with an agreed action plan to determine / close applications that have been in the system before 2020
- Ongoing performance meetings with Senior Planning staff to review performance and agree actions to address challenges.
- Ongoing engagement with statutory consultees around response times.
- Senior Planners have developed workplans with all team members to be reviewed weekly/fortnightly to plan for weekly determination figures

### Additional performance improvement actions

- It is accepted that the performance improvement within the department in respect
  of development management is not progressing at the speed to deal with the
  backlog. As a result additional performance improvement actions have been
  introduced within the department.
- Dedicated training/mentoring programme to build capacity of new Planning Assistants, this is being delivered by part time Principal Planning Officer.
- Ongoing review of applications district wide. Allocation of case loads on the basis of application complexity to ensure caseloads are reflective of experience of each individual, eg
  - A more flexible allocation of cases, not based purely on geographical boundaries of planning teams.
  - Allocation of applications out of sequence ie not based on the date received

	<ul> <li>Allocation of projects with Economic development impact, grant funding, medical considerations etc.</li> </ul>
	This has commenced however will increase when the full compliment of additional Planning Officers are in place.
	<ul> <li>Stringent application of how many times applicants are given opportunities to resubmit information to address application shortcomings and missing information. If outstanding or revised information is not provided within specified timeframe, then will move the application to a decision. – This has been introduced and is resulting in formation being provided but needs to be monitored and implemented more extensively</li> </ul>
	<ul> <li>Introduction of individual team performance management with individual performance targets to ensure output is managed at an individual level as well at a department level – Ongoing</li> </ul>
	<ul> <li>Reviewing consultations to ensure we only consult with statutory partners where necessary. – This is ongoing, lead by Seniors.</li> </ul>
	<ul> <li>Following engagement with NIW a pilot has been introduced to help reduce the number of NIW consultations relating to rural applications.</li> </ul>
	<ul> <li>Continue to review staff complement and react to emerging resource challenges.</li> </ul>
	<ul> <li>Options outside of staff recruitment are currently being explored to address challenge of backlog and will be presented to Committee.</li> </ul>

# Key Components of the Council's Assurance Framework

#### Description of Key Elements the Council's Assurance Framework

The diagram shows how different sources of assurance and related key elements / control measures combine to enable the Council to monitor its governance arrangements and produce the information which enables the Council to prepare their Annual Governance Statement. The diagram also shows how the Council's Audit Committee, the Strategy Policy and Resources Committee (SP&R) and Council provide oversight of these governance arrangements. The key elements of the framework are described below.

#### **Financial Control**

A Financial Report for the year ended 31 March is prepared annually and submitted to the Department for Communities by 30 June. The report is then audited by the Northern Ireland Audit Office (NIAO) and published by 30 September each year (after approval by Committee). There is a budgetary control process including budget setting, budget monitoring and budget reporting. Senior Management Team (SMT), Corporate Management Team (CMT) and SP&R Committee challenge the process corporately when budgets are approved annually and performance is reported quarterly.

Standing Committees are also responsible for challenging and approving their annual budget and subsequently scrutinizing their budget performance at the end of each quarter in the following financial year.

#### **Performance Management**

The Council's performance management framework supports the implementation of the corporate and directorate plans through regular monitoring, reporting and review and, in future, will support monitoring / reporting on Community Planning outcomes. These plans set out what the Council

intends to deliver over the course of the year and through the performance framework regular performance reports are produced detailing progress against key milestones and targets.

These reports are considered by Directorate Management Teams and the CMT and actions for improvement are agreed. These arrangements are also designed to ensure that the Council meets it statutory duties in relation to continuous improvement and our performance and related plans are subject to annual NIAO audit.

### **Internal Audit**

Internal auditing is an independent and objective assurance designed to add value and improve Council's operations. The Council's Assistant Director of Finance and Performance, who liaises with the fully independent specialist Auditing Contractor who prepares an annual Strategy and Plan of work designed to ensure that:

- there is a robust system of internal audit of key Council activities and processes through a plan
  of work which affords suitable priority to the Council's objectives and risks
- there is a process of ensuring improvements to the Council's control environment, by providing management with advice, training and recommendations to improve risk management, governance and control arrangements, including the formal monitoring of the implementation of audit recommendations
- the specialist Auditing Contractor will be in a position to provide, at the end of each year, a
  professional, evidence-based opinion on the adequacy of the Council's risk management,
  control and governance arrangements which, in turn, will support the preparation of the
  Council's Annual Governance Statement
- the Council meets its legislative responsibilities for internal control, risk management and internal audit.

# **External Audit**

Each year, the Local Government Auditor (LGA), the NIAO, completes an audit of the Council's accounts in accordance with legislation and the Local Government Code of Audit Practice issued by the Chief LGA. The LGA Annual Report sets out their opinion on the Council's financial statements and is included within the annual Financial Report.

The NIAO also examines annually whether the Council has proper arrangements in place to secure economy, efficiency and effectiveness in the use of resources and that public money is properly accounted for and undertakes an annual audit and assessment of the Council's performance improvement arrangements Their findings are summarised in an Annual Audit Letter, a Performance audit report and a Report to those Charged with Governance.

#### Assurances from Management & Governance Statement

Each quarter, Assistant Directors provide their Director with a Quarterly Assurance Statement. The Directors in turn then prepare a quarterly assurance statements for the Chief Executive. The Assurance Statements confirms:

- Their responsibility for ensuring that there is a sound risk management and internal control system which supports the achievement of the corporate and directorate objectives.
- Compliance with the risk review process and outlining progress to manage key risks and highlight any significant governance issues that should be considered by SMT for inclusion within the Council's Annual Governance Statement.

Assistant Directors provide analysis on all budget variance quarterly to both their Director and to Finance.

### **Risk Management**

There is an agreed risk management strategy which sets out the processes the Council has put in place to manage risk. Risk registers and risk action plans are in place at corporate, directorate and

project level and are recorded on the corporate risk management system, GRACE Governance Solutions. There is reporting to CMT, SMT and the Audit Committee on risk management.

### National Fraud Initiative (NFI)

NFI is a UK-wide counter-fraud exercise. In Northern Ireland, the exercise is undertaken by the Comptroller and Auditor General for Northern Ireland (C&AG) under their statutory data matching powers set out in Article 4 of the Audit and Accountability (Northern Ireland) Order 2003. The C&AG works in collaboration with the Cabinet Office, Audit Scotland and Audit Wales, which undertake the NFI exercise in England, Scotland and Wales respectively. The NFI uses computerised techniques to compare information about individuals, held by different public bodies and on different financial systems, which might suggest the existence of fraud or error. It means that public bodies can take action if any fraud or error has taken place, and it allows auditors to assess the fraud prevention arrangements which those organisations have in place.

The Assistant Director of Finance and Performance coordinates this biannual exercise to ensure Council complies with its statutory duties and to ensure Council controls are effective to assist in preventing and detecting fraud and error.

# Health and Safety (H&S)

The Council has a Corporate H&S Policy which is reviewed on an annual basis and incorporates the Organisation Structure and Arrangements to deliver on the Policy. The remit of the Corporate Health and Safety Joint Forum is to liaise between Senior Management, Assistant Directors, Safety Health & Emergency Planning (SHEP) Section and recognised Trade Union Representatives and any other subject matter experts deemed relevant.

The purpose of this forum is to discuss and review overarching health and safety issues and any unresolved matters escalated from the Departmental Operational Meetings (as appropriate). The Joint Forum meets on a quarterly basis and discuss issues as defined by the terms of reference for same. H&S reports and updates are provided by SHEP to all levels – operational, corporate and strategic to include information on performance against health and safety targets, accident statistics, policy changes, legislative changes and emerging health and safety issues.

The SHEP section facilitate the delivery of cross-cutting corporate H&S training as per agreed programme to include e-learning platforms.

#### Code of Governance

Underlying our Assurance Framework is our Code of Governance. The Council is committed to the principles of good governance and our Code of Governance is a public statement of that commitment. Our Code has been prepared in line with best practice and a summary is contained in the Annual Governance Statement, see appendix 1 for further detail.

#### Policies, procedures and processes

Policies, procedures and processes are designed to underpin day-to-day operations. All policies are controlled centrally by the Head of Corporate Policy.

#### **Audit Committee**

Its purpose is to provide an independent assurance on the adequacy of the Council's risk management framework and associated control environment.

#### Strategy Policy & Resources Committee (SP&R)

The SP&R Committee also oversees directly the financial management / stewardship of the Council.

#### Code of Governance

# Introduction

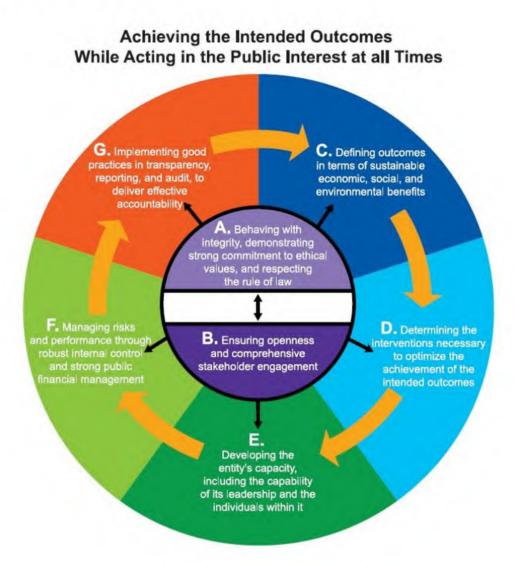

Governance arrangements in the public sector are keenly observed and sometimes criticised. We need to ensure that we meet the highest standards and that our governance arrangements are not only sound but are seen to be sound.

Governance is about how Newry, Mourne and Down District Council (NMDDC) ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, and cultures and values, by which Council is directed and controlled and through which it accounts to, engages with and, where appropriate, leads its community.

The CIPFA Solace 'Delivering Good Governance in Local Government: A Framework' was issued in April 2016 and represents best practice for developing and maintaining a local code of governance and applies to annual governance statements prepared for the 2018/19 financial year onwards.

NMDDC is committed to the principles of Good Governance and has developed this Code of Governance to demonstrate this commitment. This Code will be updated and approved by the Audit Committee on an annual basis.
