### **Decisions Required**

Report is for noting.

# 1.0 Purpose & Background

The Ballyholland Community Centre received a Rural Development Fund grant from the SOAR programme through the DARD EU funding stream. The project was based around the development of a self sustaining rural community facility. The total value of the grant was £802,325 with match funding from the legacy Newry and Mourne District Council. Originally the project was led by the Community Organisation however due to the extent of the project it was agreed that the Council would assume the role of lead partner. As this project was at the latter end of the funding period within the programme, the schedule was restricted in terms of time frame for completion.

The project was completed within the letter of offer period. There were a number of issues raised when the project claims were submitted in relation to procurement for both the capital build and capital items expenditure. The final amount claimed was £781,730.06 which has been paid in full. It must be noted however that the final verification is the responsibility of SEUPB.

An investigation was undertaken in relation to the procurement issues and the ineligible expenditure which could not be re-claimed. The relevant action has been undertaken.

All matters have now been closed off and the Councils file on this matter has been completed.

5 January 2016

Dear Liam,

#### Annual Audit Letter - Down District Council - 2014-15

Please find enclosed my Annual Audit Letter which I am required to issue under regulation 13 of the Local Government (Accounts and Audit) Regulations.

Regulation 13 requires a local government body to

- (a) publish the letter; and
- (b) notify the local government auditor of the date of publication.

I would be grateful if you could table this Annual Audit Letter at the next Audit Committee meeting of the Council along with the Report to those charged with governance which Dorinnia Carville has sent to you on 11 December 2015.

I would like to take this opportunity to thank you and your staff for the assistance and cooperation received throughout the audit.

Yours sincerely

**LOUISE MASON**

## 1. Introduction

I have been designated the Local Government Auditor for Down District Council by the Department of the Environment with the consent of the Comptroller and Auditor General for Northern Ireland.

As an auditor independent of the audited body, I seek to examine that the body has proper arrangements in place to secure economy, efficiency and effectiveness in the use of resources and that public money is properly accounted for.

This report provides a summary of the findings from my 2014-15 audit. The audited body no longer exists due to the implementation of Local Government Reform from 1 April 2015 so the report is issued to the Members of Newry, Mourne and Down District Council which is the relevant successor council.

#### Local Government Reform

Under the Local Government Act (Northern Ireland) 2014 (The Act) the number of local councils in Northern Ireland reduced from twenty six to eleven on 1 April 2015. Down District Council was amalgamated together with Newry and Mourne District Council into Newry, Mourne and Down District Council.

The Act now forms the legislative framework for Northern Ireland's eleven councils. This includes how decisions are made, how positions of responsibility are shared across political parties, how improvements in the delivery of council functions can be achieved to reflect the needs of local communities, and how effectively and efficiently council services are delivered to people. It provides for statutory governance in councils and introduces a new ethical standards framework which includes a mandatory code of conduct for councillors.

Every aspect of the governance, management and provision of local government services has been impacted. The new councils have now taken the lead in community planning and are expected to deliver high quality services in an effective and efficient manner under a new performance improvement framework. Powers such as planning have transferred from central government to the new councils. The Act also sets out arrangements for the transfer of staff, assets and liabilities to the new councils.

The Local Government (Transitional, Supplementary, Incidental Provisions and Modifications) Regulations (Northern Ireland) 2014 made transitional provision with respect to local government reorganisation including positions of responsibility within the new council for the winding up and final accounts of existing councils.

Newry, Mourne and Down District Council struck the 2015-16 rates and approved business and financial plans in advance of 1 April 2015. As Newry, Mourne and Down District Council was operational to a limited extent during the 'shadow' period, I am required to audit the accounts of this body for the 2014-15 period. This is the subject of a separate letter to the Audit Committee.

As well as additional audit work required in relation to the new councils operating in shadow form and the audit of statutory transition committees in the transitional year of 2014-15, the Act provides that I will undertake improvement audits and assessments each year for each of the new councils. These will specifically entail:

- undertaking improvement audits, to review whether councils have discharged their duties for publishing improvement planning and performance information;
- carrying out improvement assessments, to determine whether councils are likely to comply with legal requirements to make arrangements to secure continuous improvement in the exercise of their functions; and
- reporting on improvement audit and assessment work.

In preparation for this extra work I have been engaging with relevant external stakeholders. I have established a team to manage and develop a best practice audit approach and methodology which will enable my staff to carry out their work with independence, integrity and objectivity, in accordance with the key principles set out in my 'Code of Audit Practice'.

## 2. Financial Statements

# **Summary of Audit Findings**

#### **Down District Council**

The accounts of Down District Council must be prepared in accordance with International Financial Accounting Standards as interpreted for Local Government in the 'The Code of Practice on Local Authority Accounting in the United Kingdom'. This code sets out the accounting treatment and disclosures for all normal transactions of local authorities.

The financial statements were signed by the Chief Financial Officer of Newry, Mourne and Down District Council on 30 June 2015. This is within the statutory timeframe of 30<sup>th</sup> June. Following the audit, the accounts were revised and re-signed on 28 October 2015 and published on the website of Newry, Mourne and Down District Council on 30 October 2015 in accordance with the regulations.

For the year ended 31 March 2015 I gave the following unqualified opinion on the financial statements.

#### In my opinion

- the financial statements give a true and fair view, in accordance with relevant legal and statutory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15, of the financial position of Down District Council as at 31 March 2015 and its income and expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 and the Department of the Environment directions issued thereunder.

At the end of the audit I issued a Report to those charged with Governance, addressed to the Chief Executive of Newry, Mourne and Down District Council, on the results of the audit, noting the most significant issues, making recommendations and seeking comments. This report is presented separately to your Audit Committee.

# Financial Performance

The Statement of Comprehensive Income and Expenditure of Down District Council shows that during the year ended 31 March 2015 the Council spent £28.3 million on the provision of services. It also received income of £5.7 million.

The major items of expenditure were

Recreation and sport £8,415,589;

Tourism £3,023,423;

Waste collection £3,818,472; and

Waste disposal £2,842,088.

The major areas of income were

Recreation and sport £1,437,993;

Tourism £709,282; and

Waste collection £519,248.

At 31 March 2015 Down District Council had net non-current assets of £74 million. The majority of these non-current assets are in the land and buildings category. Total loans outstanding were £29.1 million.

At 31 March 2015 Down District Council had usable reserves of £4,621,390 as set out in the table below.

Usable Reserve	£	
General Fund	3,366,277	
Capital Fund	1,255,113	
Total	4,621,390	

Legislation<sup>1</sup> placed a duty on the Chief Financial Officer to make arrangements for the proper administration of Down District Council's financial affairs, including the submission to the Council of a report on the adequacy of any proposed financial reserves. The Chartered Institute of Public Finance and Accountancy (CIPFA) and its Local Authority Accounting Panel (LAAP), which includes representatives from UK local authorities and audit institutions, provide guidance on finance and accounting issues relevant to councils. Specific guidance on financing capital expenditure and the

<sup>&</sup>lt;sup>1</sup> The Local Government Finance Act (Northern Ireland) 2011

6

Down District Council - year to 31 March 2015

establishment and maintenance of local authority reserves and balances is included in both the CIPFA Prudential Code<sup>2</sup> and a recent LAAP Bulletin<sup>3</sup>.

<sup>&</sup>lt;sup>3</sup> LAAP Bulletin 99 *Local Authority Reserves and Balances,* July 2014

<sup>&</sup>lt;sup>2</sup> The Prudential Code for Capital Finance in Local Authorities (2011 Edition)

## 3. Governance

The Good Governance Standard for Public Services<sup>4</sup> sets out the following key principles of good governance. Good governance means

- focusing on the organisation's purpose and on outcomes for citizens and service users;
- performing effectively in clearly defined functions and roles;
- promoting values for the whole organisation and demonstrating the values of good governance through behaviour;
- taking informed, transparent decisions and managing risk;
- developing the capacity and capability of the governing body to be effective; and
- engaging stakeholders and making accountability real.

## Annual Governance Statement

Down District Council is required to conduct a review at least once in a financial year of the effectiveness of its governance framework (including its system of internal control) and to then approve an Annual Governance Statement <sup>5</sup>.

I am required to report if the Annual Governance Statement

- does not reflect compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15;
- does not comply with proper practices specified by the Department of the Environment; or
- is misleading or inconsistent with other information I am aware of from my audit.

I have no inconsistencies to report as a result of my review.

The Council noted the following significant governance issues in its Governance Statement.

• Reform of Local Government – From 1 April 2015, under the Reform of Local Government (RLG), the number of Councils in Northern Ireland reduced from the 26 to 11 new Councils, established under the Local Government Act (Northern Ireland) 1972 as amended by the Local Government (Boundaries) Act (Northern Ireland) 2008. From that date the Northern Ireland Executive agreed to transfer some functions currently carried out by NI Government Departments and gave some new responsibilities to the 11 new Councils. The aim was for the new councils to be stringer, more efficient and to deliver more effective services.

The new councils came into existence on 26 May 2014, operating in shadow form until they took over full responsibility for local government on 1 April 2015 when the 26 existing councils ceased to exist. The final accounts for Down District Council are therefore for the

<sup>&</sup>lt;sup>5</sup> Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 and DOE circular LG/04/08

<sup>&</sup>lt;sup>4</sup> The Good Governance Standard for Public Services, OPM and CIPFA, 2004

2014-15 financial year. The Local Government (Transitional, Supplementary, Incidental Provisions and Modifications) Regulations (Northern Ireland) 2014 made transitional provision with respect to local government reorganisation including positions of responsibility within the new council for the winding up and final accounts of the previous councils.

The Local Government Act (Northern Ireland) 2014 introduced the legislative frame work for Northern Ireland's 11 new councils and made transitional provisions to provide for the transfer of staff, assets and liabilities from the current 26 councils to the 11 new councils, and from departments transferring functions to the new councils.

- Financial Pressures As in previous years the Local Government sector will be subject to
  financial pressure over the coming year and on into the medium and longer term. In
  developing a financial plan out to 2020-21, the Council sought to ensure that it responded
  strategically to these pressures.
- Treasury Management The Council continues to recognise that the impact of both Local Government Reform, an extensive capital programme and reduction in the near future of key funding streams will require significant further development of its Treasury Management System. The key risks being interest rate, liquidity and refinancing.
- Capital Programme The Council's Capital Programme was update in February 2014. This programme has now been consolidated into an overall capital programme for the new Council. A combined capital programme will be required to meet the full requirements of the Finance Act and the Prudential Code. There is a need to significantly improve a number of capital planning and delivery processes.
- Single Status Substantial progress was made in the year towards the full completion of the Single Status Implementation Agreement. The Single Status Provision was reversed with a Single Status Reserve being created. The level of the Single Status Reserve was reviewed before December 2014.
- Residual Waste One of the key risks facing the Council (and any future merged Council) is to ensure the selection of an affordable and VFM waste disposal solution. The new Council will have to recognise the importance of making an optimal decision with regard to its long term residual waste treatment needs in respect of the legacy Council of Down and the need to ensure a robust decision making process is put in place. This strategy will of course need to ensure that Drumnakelly Landfill site is satisfactorily filled, capped and maintained.
- Governance Issues There is an issue that the Council may not receive the full grant income for the delivery of the Green Tourism Programme.

### Internal Audit

The Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 requires councils to maintain an adequate and effective system of internal audit and to conduct a review at least once in a financial year of the effectiveness of its system of internal audit. Down District Council had an inhouse Head of Internal Audit and in addition, contracted out a number of internal audits to a private sector firm. A review of the effectiveness of the system of internal audit should be carried out every

12

five years and I note that the last review was carried out during 2012-13 by the Council and the findings of the review were considered by the Audit Committee.

## **Audit Committee**

It is essential that Members exercise effective scrutiny of the internal control processes and procedures in place within the Council. One way that Members carry out this function is through the Audit Committee. This Committee, which included two independent members, met three times in the year and the agenda items included:

- Review of the corporate risk register;
- Consideration of reports from Council Officers;
- Consideration of the Internal Audit Plan and all Internal Audit reports and recommendations; and
- Consideration of the NIAO Audit Strategy and subsequent outputs from the audit including the Report to those charged with governance and Annual Audit Letter.

# 4. Proper arrangements

Legislation requires me to be satisfied that proper arrangements have been made for securing economy, efficiency and effectiveness in the use of resources<sup>6</sup>.

My review of Down District Council's arrangements for securing value for money can cover the following ten areas which are referred to in my Code of Audit Practice.

- a) **Financial Planning**. Planning finances effectively to deliver strategic priorities and secure sound financial health.
- b) Financial Performance. Having a sound understanding of costs and performance and achieving efficiencies in activities.
- c) **Financial Reporting**. Reliable and timely financial reporting that meets the needs of internal users, stakeholders and local people.
- d) **Procurement**. Commissioning and procuring quality services and supplies that are tailored to local needs and deliver sustainable outcomes and value for money.
- e) Data to support decision making and manage performance. Producing relevant and reliable data and information to support decision making and manage performance.
- f) Good governance. Promoting and demonstrating the principles and values of good governance.
- g) Risk. Managing risks and maintaining a sound system of internal control.
- h) Natural Resources. Making effective use of natural resources.
- Asset Management. Managing assets effectively to help deliver strategic priorities and service needs.
- j) Workforce Management. Planning, organising and developing the workforce effectively to support the achievement of strategic priorities.

For 2014-15, I examined the areas of Financial Planning and procurement based on my risk assessment of the Council.

Except for the Council not complying with relevant legislation on the approval of a policy on Minimum Revenue Provisions or with DOE guidance on Investments I am satisfied that Down District Council had in place proper arrangements to ensure economy, efficiency and effectiveness in the use of resources.

<sup>&</sup>lt;sup>6</sup> Local Government (Northern Ireland) Order 2005

## 5. Other Audit Work

### Absenteeism

The total absenteeism figure for Down District Council for 2014-15 is 13.4 days. This represents a slight increase of 0.32 days on the previous year. Whilst long term days have deceased in the year from 11.08 days to 10.1 days, I note that short term days have increased from 2 days to 3.3 days and the Council told me the reason for this increase is due to an increase in short term absences for a number of employees. The trend over the years 2009-10 to 2014-15 is shown below.

### **Joint Committees**

Down District Council was a member of:

- Arc21 Joint Committee which was established for the purposes of managing waste. During
  the year Down District Council advanced £103,433 towards funding the expenditure of the
  Joint Committee. Arc21 financial statements were certified by me on 29 October 2015 with
  an unqualified opinion; and
- the Down Rural Area Programme Joint Committee which is the delivery mechanism for the Northern Ireland Rural Development Programme 2007-13. These financial statements were certified by me on 23 October 2015 with an unqualified audit opinion; and
- the North Down, Ards and Down Peace III Joint Committee under which Peace III and INTERREG IVA funding is available from the Special EU Programmes Body. These financial statements were certified by me on 23 October 2015 with an unqualified audit opinion.

Separate annual audit letters are issued to each Joint Committee.

15

# 6. Closing Remarks

This letter concerning the 2014-15 audit of Down District Council is addressed to the Members of Newry, Mourne and Down District Council and prepared for the sole use of the latter. No responsibility is taken by auditors to any member or officer in their individual capacity, or to any third party.

The factual accuracy of this Audit Letter has been agreed with the Chief Executive of Newry, Mourne and Down District Council.

Both Down District Council and subsequently Newry, Mourne and Down District Council facilitated the audit in a positive and constructive way. I would like to take this opportunity to express our appreciation for the assistance and co-operation provided.

This letter will be presented to the Newry, Mourne and Down District Council Audit Committee by my staff. I have also asked the Chief Executive to provide a copy to all Members of the Council.

Dear Liam,

# Annual Audit Letter: Newry & Mourne District Council 2014-15

Please find enclosed my Annual Audit Letter which I am required to issue under Regulation 13 of the Local Government (Accounts and Audit) Regulations 2006.

Regulation 13 requires a Local Government Body to:

- a) publish the letter; and
- b) notify the local government auditor of the date of publication.

I would be grateful if you would arrange to include this on the agenda of the next meeting of the Council's Audit Committee.

Under the Code of Practice I am required to ensure that all members receive a copy. I would be grateful if you would confirm, in due course, that each member has received a copy.

I would like to take this opportunity to thank you and your staff for the assistance and cooperation received throughout the audit.

Yours sincerely

**LOUISE MASON**

## 1. Introduction

I have been designated the Local Government Auditor for Newry & Mourne District Council by the Department of the Environment with the consent of the Comptroller and Auditor General for Northern Ireland.

As an auditor independent of the audited body, I seek to examine that the body has proper arrangements in place to secure economy, efficiency and effectiveness in the use of resources and that public money is properly accounted for.

This report provides a summary of the findings from my 2014-15 audit. The audited body no longer exists due to the implementation of Local Government Reform from 1 April 2015 so the report is issued to the Members of Newry, Mourne & Down District Council which is the relevant successor council.

#### Local Government Reform

Under the Local Government Act (Northern Ireland) 2014 (The Act) the number of local councils in Northern Ireland reduced from twenty six to eleven on 1 April 2015. Newry & Mourne District Council was amalgamated together with Down District into Newry, Mourne & Down District Council.

The Act now forms the legislative framework for Northern Ireland's eleven councils. This includes how decisions are made, how positions of responsibility are shared across political parties, how improvements in the delivery of council functions can be achieved to reflect the needs of local communities, and how effectively and efficiently council services are delivered to people. It provides for statutory governance in councils and introduces a new ethical standards framework which includes a mandatory code of conduct for councillors.

Every aspect of the governance, management and provision of local government services has been impacted. The new councils have now taken the lead in community planning and are expected to deliver high quality services in an effective and efficient manner under a new performance improvement framework. Powers such as planning have transferred from central government to the new councils. The Act also sets out arrangements for the transfer of staff, assets and liabilities to the new councils.

The Local Government (Transitional, Supplementary, Incidental Provisions and Modifications) Regulations (Northern Ireland) 2014 made transitional provision with respect to local government reorganisation including positions of responsibility within the new council for the winding up and final accounts of existing councils.

Newry, Mourne & Down District Council struck the 2015-16 rates and approved business and financial plans in advance of 1 April 2015. As Newry, Mourne & Down District Council was operational to a limited extent during the 'shadow' period, I am required to audit the accounts of this body for the 2014-15 period. This is the subject of a separate letter to the Audit Committee.

As well as additional audit work required in relation to the new councils operating in shadow form and the audit of statutory transition committees in the transitional year of 2014-15, the Act provides that I will undertake improvement audits and assessments each year for each of the new councils. These will specifically entail:

Newry & Mourne District Council - year to 31 March 2015

- 45
- undertaking improvement audits, to review whether councils have discharged their duties for publishing improvement planning and performance information;
- carrying out improvement assessments, to determine whether councils are likely to comply with legal requirements to make arrangements to secure continuous improvement in the exercise of their functions; and
- · reporting on improvement audit and assessment work.

In preparation for this extra work I have been engaging with relevant external stakeholders. I have established a team to manage and develop a best practice audit approach and methodology which will enable my staff to carry out their work with independence, integrity and objectivity, in accordance with the key principles set out in my 'Code of Audit Practice'.

## 2. Financial Statements

# **Summary of Audit Findings**

#### **Newry & Mourne District Council**

The accounts of Newry & Mourne District Council must be prepared in accordance with International Financial Accounting Standards as interpreted for Local Government in the `The Code of Practice on Local Authority Accounting in the United Kingdom'. This code sets out the accounting treatment and disclosures for all normal transactions of local authorities.

The financial statements were signed by the Chief Financial Officer of Newry, Mourne & Down District Council on 25<sup>th</sup> June 2015. This is within the statutory timeframe of 30<sup>th</sup> June. Following the audit, the accounts were re-signed on 28<sup>th</sup> October and published on the website of Newry, Mourne & Down District Council in accordance with the regulations.

For the year ended 31 March 2015 I gave the following unqualified opinion on the financial statements.

### In my opinion

- the financial statements give a true and fair view, in accordance with relevant legal and statutory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15, of the financial position of Newry & Mourne District Council as at 31 March 2015 and its income and expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 and the Department of the Environment directions issued thereunder.

At the end of the audit I issued a Report to those charged with Governance, addressed to the Chief Executive of Newry, Mourne & Down District Council, on the results of the audit, noting the most significant issues, making recommendations and seeking comments. That report will be presented separately to your Audit Committee.

#### The Newry, Mourne and Down District Council Statutory Transition Committee

The Newry, Mourne and Down District Council Statutory Transition Committee (STC), consisting of 6 members from each of Newry & Mourne and Down District Councils, was formed through regulation to ensure that the Newry & Mourne and Down District Council was able to adopt its full range of powers and functions from 1 April 2015. The STC was set up to gather information, consider and advise on matters relevant to moving to the new Council, to prepare a draft budget and to prepare a draft corporate and business plan. The other regulatory role of the STC was to appoint a clerk of the new Council, as well as any other staff it deemed appropriate. Under regulation the STC ceased to exist on 19 June 2014, following the election held in May 2014 to determine the Members of the new Council.

The STC was a statutory local government body and I therefore had responsibility to audit its financial statements, in accordance with the Local Government (Northern Ireland) Order 2005 and

the Local Government Code of Audit Practice. I gave an unqualified opinion on the 2014-15 financial statements of the Newry, Mourne and Down STC.

#### **Financial Performance**

The Statement of Comprehensive Income and Expenditure of Newry & Mourne District Council shows that during the year ended 31 March 2015 the Council spent £36.1m on the provision of services. It also received income of £34.8m.

The major items of expenditure were

- Staff Costs of £14.5m;
- Depreciation of £3.4m

The major areas of income were

- Revenue Grants of £2.6m;
- District Rates of £25.9m

At 31 March 2015 Newry & Mourne District Council had net non-current assets of £66m. The majority of these non-current assets are in the Land & Buildings category. Total loans outstanding were £27.7m.

At 31 March 2015 Newry & Mourne District Council had usable reserves of £3.5m as set out in the table below.

Usable Reserve	£3,556916	
General Fund	3,556,916	
Total	3,556,916	

Legislation<sup>1</sup> placed a duty on the Chief Financial Officer to make arrangements for the proper administration of Newry & Mourne District Council's financial affairs, including the submission to the Council of a report on the adequacy of any proposed financial reserves. The Chartered Institute of Public Finance and Accountancy (CIPFA) and its Local Authority Accounting Panel (LAAP), which includes representatives from UK local authorities and audit institutions, provide guidance on finance and accounting issues relevant to councils. Specific guidance on financing capital expenditure and the establishment and maintenance of local authority reserves and balances is included in both the CIPFA Prudential Code<sup>2</sup> and a recent LAAP Bulletin<sup>3</sup>.

<sup>&</sup>lt;sup>3</sup> LAAP Bulletin 99 *Local Authority Reserves and Balances*, July 2014

6

<sup>&</sup>lt;sup>1</sup> The Local Government Finance Act (Northern Ireland) 2011

<sup>&</sup>lt;sup>2</sup> The Prudential Code for Capital Finance in Local Authorities (2011 Edition)

## 3. Governance

The Good Governance Standard for Public Services<sup>4</sup> sets out the following key principles of good governance. Good governance means

- focusing on the organisation's purpose and on outcomes for citizens and service users;
- performing effectively in clearly defined functions and roles;
- promoting values for the whole organisation and demonstrating the values of good governance through behaviour;
- taking informed, transparent decisions and managing risk;
- developing the capacity and capability of the governing body to be effective; and
- engaging stakeholders and making accountability real.

## **Annual Governance Statement**

Newry & Mourne District Council is required to conduct a review at least once in a financial year of the effectiveness of its governance framework (including its system of internal control) and to then approve an Annual Governance Statement <sup>5</sup>.

I am required to report if the Annual Governance Statement

- does not reflect compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15;
- does not comply with proper practices specified by the Department of the Environment; or
- is misleading or inconsistent with other information I am aware of from my audit.

I have no inconsistencies to report as a result of my review.

The Council noted the following significant governance issues in its Governance Statement.

- Arising out of a fraud in respect of 'waste' in 2011/2012 and previously reported as a governance issue in prior years there remains outstanding a robust solution to monitor vehicle movements. It is considered the only solution that will significantly reduce the risk is the introduction of a telemetry system on vehicles. The new Council of Newry, Mourne and Down has been made aware of this matter.
- During the financial year 2014/2015 there have been two whistle blowing incidents both of which related to absence from work. Investigation showed both reports had substance. This resulted in a number of disciplinary actions and two employees being dismissed.

<sup>&</sup>lt;sup>5</sup> Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 and DOE circular LG/04/08

<sup>&</sup>lt;sup>4</sup> The Good Governance Standard for Public Services, OPM and CIPFA, 2004

- The National Fraud Initiative (NFI) data matching exercise issued January 2015 produced 477 matches. NFI raised 21 payroll issues and 456 accounts payable issues. These matches will be systematically investigated taking account of the colour indicators flagged by the NFI in respect of the level of risk.
- In January 2015 a theft took place at a Council owned bowling facility. A number of high
  value items of grounds maintenance equipment (replacement cost £19,000) were stolen.
   Since this theft new security measures have been implemented to prevent re-occurrence.
- A legal services procurement matter continues to be considered by the Ombudsman.
- An item in respect of a grant from the Department of Agriculture and Rural Development has been investigated. At this stage it is too early to state the likely level of any loss to the Council as the final decision is outside of the Councils control.
- The audit reports produced by Internal Audit have highlighted areas where improvements need to be made. Actions required to address these control weaknesses have been prioritised giving due regard to the risk assessment and to proper and proportional allocations of resources.
- During the year Internal Audit issued 29 Internal Audit reports, with 12 of these reports remaining in draft due to a failure of reply from Council staff. These reports resulted in 5 substantial assurances, 17 satisfactory assurances and 4 with limited assurance.
- The 4 limited assurances apply to Information Technology, Fleet Management, Procurement and Cash handling at a town hall. In all cases the senior managers of the services have been sent the reports and the reports have also been passed onto the incoming 'internal auditors'. It should be noted some of the services have been adversely affected by the local government reorganisation with 'key staff' off sick. In two of the situations outlined a new manager is in place due to reorganisation and/or severance. There has been no loss to the Council in any case although there is a danger if the situation were to persist of reputational damage.
- Absenteeism for 2014/15 (4.9%) has shown a small increase relative to 2013/14 (4.7%). The new Council will need to continue to be proactive in seeking to manage absence.
- The outcome of this year's financial results, a deficit of £3,036 after using £520,000 to finance capital spend. This has resulted in a decrease in the balance in the General Fund of £3,036 resulting in a balance of £3,556,916. When the Council agreed a budget for 2014/15 a deficit budget of £1,050,000 was agreed.

Newry and Mourne District council has now been combined with Down District Council and Ballyward which is part of the Banbridge District Council from 01 April 2015. Therefore matters raised in this Corporate Governance Statement will become the responsibility of the new Newry, Mourne and Down District Council.

#### **Local Government Reform**

From 1 April 2015, under the Reform of Local Government (RLG), the number of Councils in Northern Ireland reduced from the 26 existing to 11 new Councils, established under the Local Government Act (Northern Ireland) 1972 as amended by the Local Government

(Boundaries) Act (Northern Ireland) 2008. From that date the Northern Ireland Executive has agreed to transfer some functions currently carried out by NI Government Departments and give some new responsibilities to the 11 new Councils. The new councils will be stronger, more efficient and will deliver more effective services.

The new councils came into existence on 26th May 2014, operating in shadow form until they take over full responsibility for local government on 1st April 2015 when the 26 existing councils cease to exist. The final accounts for Newry and Mourne District Council will therefore be for the 2014/15 financial year. The Local Government (Transitional, Supplementary, Incidental Provisions and Modifications) Regulations (Northern Ireland) 2014 made transitional provision with respect to local government reorganisation including positions of responsibility within the new council for the winding up and final accounts of existing councils.

The Local Government Act (Northern Ireland) 2014 introduced the legislative frame work for Northern Ireland's 11 new councils and has made transitional provisions to provide for the transfer of staff, assets and liabilities from the current 26 councils to the 11 new councils, and from departments transferring functions to the new councils.

## Internal Audit

The Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 requires councils to maintain an adequate and effective system of internal audit and to conduct a review at least once in a financial year of the effectiveness of its system of internal audit. The Newry & Mourne District Council had contracted out their Internal Audit. A review of the effectiveness of the system of internal audit was carried out during 2014-15 by the Council and the findings of the review were considered by the Audit Committee.

#### **Audit Committee**

It is essential that Members exercise effective scrutiny of the internal control processes and procedures in place within the Council. One way that Members carry out this function is through the Audit Committee. The Audit Committee of Newry & Mourne District Council met 4 times in the year and the agenda items included

- NIAO audit reports;
- internal audit reports;
- risk register review; and
- other relevant business.

# 4. Proper arrangements

Legislation requires me to be satisfied that proper arrangements have been made for securing economy, efficiency and effectiveness in the use of resources<sup>6</sup>.

My review of Newry & Mourne District Council's arrangements for securing value for money can cover the following ten areas which are referred to in my Code of Audit Practice.

- a) **Financial Planning**. Planning finances effectively to deliver strategic priorities and secure sound financial health.
- b) Financial Performance. Having a sound understanding of costs and performance and achieving efficiencies in activities.
- c) **Financial Reporting**. Reliable and timely financial reporting that meets the needs of internal users, stakeholders and local people.
- d) **Procurement**. Commissioning and procuring quality services and supplies that are tailored to local needs and deliver sustainable outcomes and value for money.
- e) Data to support decision making and manage performance. Producing relevant and reliable data and information to support decision making and manage performance.
- Good governance. Promoting and demonstrating the principles and values of good governance.
- g) Risk. Managing risks and maintaining a sound system of internal control.
- h) Natural Resources. Making effective use of natural resources.
- Asset Management. Managing assets effectively to help deliver strategic priorities and service needs.
- j) Workforce Management. Planning, organising and developing the workforce effectively to support the achievement of strategic priorities.

For 2014-15, I examined the areas of Financial Planning and Procurement based on my risk assessment of the Council.

On the basis of my work I am satisfied that the Council had in place proper arrangements to ensure economy, efficiency and effectiveness in the use of resources. I have made some recommendations to the Council and they are included in my Report to those charged with Governance.

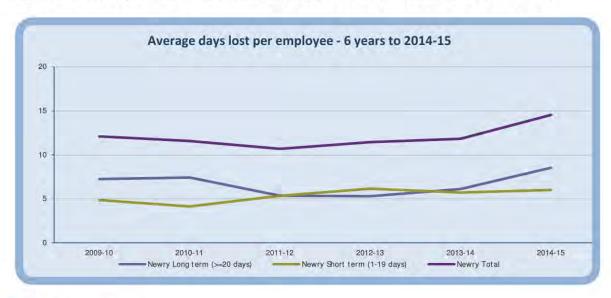

<sup>&</sup>lt;sup>6</sup> Local Government (Northern Ireland) Order 2005

## 5. Other Audit Work

#### Absenteeism

The 2014-15 absenteeism figure for Newry & Mourne District Council is 14.54 days. This represents a increase of 2.7 days on the previous year. The Council has told me that this is due to some serious long term ill health problems. The trend over the years 2009-10 to 2014-15 is shown below.

# Joint Committees

The Newry & Mourne District Council was a member of:

- the SWaMP Joint Committee which was established for the purposes of managing waste.
   During the year Newry & Mourne District Council advanced £55,082 towards funding the expenditure of the Joint Committee; and
- the Southern Organisation for Action in Rural areas (SOAR) Rural Development Joint Committee which is the delivery mechanism for the Northern Ireland Rural Development Programme 2007-13; and
- the Southern Partnership Peace III Joint Committee under which Peace III and INTERREG IVA funding is available from the Special EU Programmes Body.

Separate accounts have been prepared by the Joint Committees and are audited by me. Separate annual audit letters are issued to each Joint Committee.

## 6. Closing Remarks

This letter concerning the 2014-15 audit of Newry & Mourne District Council is addressed to the Members of Newry, Mourne & Down District Council and prepared for the sole use of the latter. No responsibility is taken by auditors to any member or officer in their individual capacity, or to any third party.

The factual accuracy of this Audit Letter has been agreed with the Chief Executive of Newry, Mourne & Down District Council.

Both Newry & Mourne District Council and subsequently Newry, Mourne & Down District Council facilitated the audit in a positive and constructive way. I would like to take this opportunity to express our appreciation for the assistance and co-operation provided.

This letter will be presented to the Newry, Mourne & Down District Council Audit Committee by my staff. I have also asked the Chief Executive to provide a copy to all Members of the Council.

### 1. Introduction

I have been designated the Local Government Auditor for Newry, Mourne and Down District Council by the Department of the Environment (the Department) with the consent of the Comptroller and Auditor General for Northern Ireland.

As an auditor independent of the audited body, I seek to examine that the body has proper arrangements in place to secure economy, efficiency and effectiveness in the use of resources and that public money is properly accounted for.

This report provides a summary of the findings from my 2014-15 audit. Newry, Mourne and Down District Council was created as a result of legislation as part of the implementation of Local Government Reform and this report is issued to the Members of Newry, Mourne and Down District Council.

### **Local Government Reform**

Under the Local Government Act (Northern Ireland) 2014 (The Act) the number of local councils in Northern Ireland reduced from twenty six to eleven on 1 April 2015. Newry and Mourne District Council was merged with Down District Council to form Newry, Mourne and Down District Council.

The Act now forms the legislative framework for Northern Ireland's eleven councils. This includes how decisions are made, how positions of responsibility are shared across political parties, how improvements in the delivery of council functions can be achieved to reflect the needs of local communities, and how effectively and efficiently council services are delivered to people. It provides for statutory governance in councils and introduces a new ethical standards framework which includes a mandatory code of conduct for councillors.

Every aspect of the governance, management and provision of local government services has been impacted. The new councils have now taken the lead in community planning and are expected to deliver high quality services in an effective and efficient manner under a new performance improvement framework. Powers such as planning and community development have transferred from central government to the new councils. The Act also sets out arrangements for the transfer of staff, assets and liabilities to the new councils.

The Local Government (Transitional, Supplementary, Incidental Provisions and Modifications) Regulations (Northern Ireland) 2014 made transitional provision with respect to local government reorganisation including positions of responsibility within the new council for the winding up and final accounts of existing councils.

Newry, Mourne and Down District Council struck the 2015-16 rates and approved business and financial plans in advance of 1 April 2015. As Newry, Mourne and Down District Council was operational to a limited extent during the 'shadow' period, I am required to audit the accounts of this body for the 2014-15 period.

As well as additional financial audit work required in relation to the new councils operating in shadow form and the financial audit of statutory transition committees in the transitional year of 2014-15, Part 12 of the Act provides that I will undertake performance improvement audits and

assessments each year for each of the new councils. Once Part 12 of the Act has commenced in full, this programme of work will specifically entail:

- undertaking improvement audits, to review whether councils have discharged their duties for publishing improvement planning and performance information;
- carrying out improvement assessments, to determine whether councils are likely to comply with legal requirements to make arrangements to secure continuous improvement in the exercise of their functions; and
- reporting on improvement audit and assessment work.

In advance of full commencement of Part 12 of the Act, the Department issued statutory guidance for the 2015-16 financial year setting out both the council's and my responsibilities in this introductory year. I was responsible for reporting to the Council and the Department whether, in my opinion, it had made arrangements to secure continuous improvement in the exercise of its functions. This work has been completed and my opinion has been reported to you and the Department separately. In future years the programme of work will be amended to reflect changes in the guidance as it becomes aligned to the full statutory requirements of Part 12 of the Act.

In preparation for full commencement, I continue to engage with relevant external stakeholders and have established a team to manage and develop a best practice audit approach and methodology. This enables my staff to carry out their work with independence, integrity and objectivity, in accordance with the key principles set out in my new draft 'Code of Audit Practice' which is currently being consulted upon and will be published by 1st April 2016.

### 2. Financial Statements

### **Summary of Audit Findings**

### Newry, Mourne and Down District Council

The accounts of Newry, Mourne and Down District Council must be prepared in accordance with International Financial Accounting Standards as interpreted for Local Government in the 'The Code of Practice on Local Authority Accounting in the United Kingdom'. This code sets out the accounting treatment and disclosures for all normal transactions of local authorities. As they had limited activity DOE has directed that new councils will not be required to observe all relevant accounting and disclosure requirements detailed in the code between 26 May 2014 and 31 March 2015 (the shadow period).

The financial statements were signed by the Chief Financial Officer of Newry, Mourne and Down District Council on 26 June 2015. This is within the statutory timeframe of 30 June. Following the audit, the accounts were re-signed on 23 October and published on the website of Newry, Mourne and Down District Council.

For the year ended 31 March 2015 I gave the following unqualified opinion on the financial statements.

### In my opinion

- the financial statements give a true and fair view, in accordance with relevant legal and statutory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15 as required, of the financial position of Newry, Mourne and Down District Council as at 31 March 2015 and its income and expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 and the Department of the Environment directions issued thereunder.

At the end of the audit I issued a Report to those charged with Governance, addressed to the Chief Executive of Newry, Mourne and Down District Council, on the results of the audit, noting the most significant issues. That report is presented separately to your Audit Committee.

### The Newry, Mourne and Down Statutory Transition Committee

The Newry, Mourne and Down Statutory Transition Committee (STC), consisting of 12 councillors- 6 members from each of Newry and Mourne District Council and Down District Council, was formed through regulation<sup>1</sup> to ensure that the Newry, Mourne and Down District Council was able to adopt its full range of powers and functions from 1 April 2015. The STC was set up to gather information, consider and advise on matters relevant to moving to the new Council, to prepare a draft budget and to prepare a draft corporate and business plan. The other regulatory role of the STC was to appoint a clerk of the new Council, as well as any other staff it deemed appropriate. Under

<sup>&</sup>lt;sup>1</sup> The Local Government (Statutory Transition Committees) Regulations (Northern Ireland) 2013

5

Annual Audit Letter

Newry, Mourne and Down District Council –

period ending 31 March 2015

regulation the STC ceased to exist on 19 June 2014, following the election held in May 2014 to determine the Members of the new Council.

The STC was a statutory local government body and I therefore had responsibility to audit its financial statements, in accordance with the Local Government (Northern Ireland) Order 2005 and the Local Government Code of Audit Practice. I gave an unqualified opinion on the 2014-15 financial statements of the Newry, Mourne and Down STC.

### Financial Performance

The Statement of Comprehensive Income and Expenditure of Newry, Mourne and Down District Council shows that during the year ended 31 March 2015 the Council spent £1.5m. It also received income of £1.4m.

The major items of expenditure were

- Member Costs £525k;
- Staff Costs £568k; and
- ICT Convergence £118k.

The major areas of income were

- Predecessor Council income £952k; and
- Government Grants Income from DOE £497k.

At 31 March 2015 Newry, Mourne and Down District Council had £nil non-current assets. The Council had no loans outstanding.

At 31 March 2015 Newry, Mourne and Down District Council had nil usable reserves.

### 3. Governance

The Good Governance Standard for Public Services<sup>2</sup> sets out the following key principles of good governance. Good governance means

- focusing on the organisation's purpose and on outcomes for citizens and service users;
- performing effectively in clearly defined functions and roles;
- promoting values for the whole organisation and demonstrating the values of good governance through behaviour;
- taking informed, transparent decisions and managing risk;
- developing the capacity and capability of the governing body to be effective; and
- engaging stakeholders and making accountability real.

### Annual Governance Statement

The Newry, Mourne and Down District Council is required to conduct a review at least once in a financial year of the effectiveness of its governance framework (including its system of internal control) and to then approve an Annual Governance Statement<sup>3</sup>.

I am required to report if the Annual Governance Statement

- does not reflect compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15;
- does not comply with proper practices specified by the Department of the Environment; or
- is misleading or inconsistent with other information I am aware of from my audit.

I have no inconsistencies to report as a result of my review.

The Council noted the following significant governance issues in its Governance Statement.

- Internal Audit reports have highlighted areas where improvements need to be made.
   Actions required to address these control weaknesses have been prioritised by the Council;
- Absenteeism for 2014/15 has decreased relative to 2013/14. The Council continues to be proactive in seeking to manage absence.

### Internal Audit

The Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 requires councils to maintain an adequate and effective system of internal audit and to conduct a review at least once in

<sup>&</sup>lt;sup>3</sup> Local Government (Accounts and Audit) (Amendment) Regulations (NI) 2006 and DOE circular LG/04/08

7

<sup>&</sup>lt;sup>2</sup> The Good Governance Standard for Public Services, OPM and CIPFA, 2004

Annual Audit Letter

a financial year of the effectiveness of its system of internal audit. A review of the effectiveness of the system of internal audit was carried out during 2014-15 by the Council and the findings of the review were considered by the Audit Committee.

### **Audit Committee**

It is essential that Members exercise effective scrutiny of the internal control processes and procedures in place within the Council. One way that Members carry out this function is through the Audit Committee. The Audit Committee of Newry and Mourne District Council met four times in the year and the Audit Committee of Down District Council also met four times in the year.

Annual Audit Letter Newry, Mourne and Down District Council – period ending 31 March 2015

### 4. Proper arrangements

Legislation requires me to be satisfied that proper arrangements have been made for securing economy, efficiency and effectiveness in the use of resources<sup>4</sup>.

My review of Newry, Mourne and Down District Council's arrangements for securing value for money was necessarily limited in scope due to the fact that the Council was operating in shadow form during 2014-15. Rather than covering all the areas referred to in my Code of Audit Practice I focused on specific aspects of finance and governance which the Council was responsible for during that period.

On the basis of my work I am satisfied that the Council had in place proper arrangements to ensure economy, efficiency and effectiveness in the use of resources.

## 5. Closing Remarks

This letter concerning the 2014-15 audit of Newry, Mourne and Down District Council is addressed to the Members of Newry, Mourne and Down District Council and prepared for the sole use of the latter. No responsibility is taken by auditors to any member or officer in their individual capacity, or to any third party.

The factual accuracy of this Audit Letter has been agreed with the Chief Executive and Head of Finance of Newry, Mourne and Down District Council.

I would like to take this opportunity to express our appreciation for the assistance and co-operation provided.

This letter will be presented to the Newry, Mourne and Down District Council Audit Committee by my staff. I have also asked the Chief Executive to provide a copy to all Members of the Council.

Dear Liam,

### Annual Audit Letter – Peace III Southern Partnership Joint Committee - 2014-15

Please find enclosed my Annual Audit Letter which I am required to issue under regulation 13 of the Local Government (Accounts and Audit) Regulations.

Regulation 13 requires a local government body to

- (a) publish the letter; and
- (b) notify the local government auditor of the date of publication.

I would be grateful if you could table this Annual Audit Letter at the next Audit Committee meeting of the Council along with the Report to those charged with governance which Tomas Wilkinson has sent to you on 3 November 2015.

I would like to take this opportunity to thank you and your staff for the assistance and cooperation received throughout the audit.

Yours sincerely

Peace III Southern Partnership Joint Committee – year to 31 March 2015

105

### 1. Introduction

I have been designated the Local Government Auditor for the Peace III Southern Partnership Joint Committee by the Department of the Environment with the consent of the Comptroller and Auditor General for Northern Ireland.

### 2. Financial Statements

### **Summary of Audit Findings**

Peace III Southern Partnership Joint Committee must prepare its accounts in accordance with International Financial Reporting Standards (IFRS) as interpreted for Local Government in the `The Code of Practice on Local Authority Accounting in the United Kingdom' 2014-15. This code sets out the accounting treatment and disclosures for all normal transactions of local authorities.

The financial statements were signed by the Chief Executive of the lead council, Newry, Mourne and Down District Council, and approved on behalf of the Peace III Southern Partnership Joint Committee on 25 June 2015. This was within the statutory timeframe of 30 June. Following the audit, a number of presentational adjustments were required and the accounts were revised and resigned on 21 October 2015 and published on the website of Newry, Mourne and Down District Council as the Joint Committee's lead council within the regulatory timeframe of 31 October.

For the year ended 31 March 2015 I gave the following unqualified opinion on the financial statements.

### In my opinion

- the financial statements give a true and fair view, in accordance with relevant legal and statutory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15, of the financial position of Peace III Southern Partnership Joint Committee as at 31 March 2015 and its income and expenditure for the year then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 and the Department of the Environment directions issued there under.

On 3 November 2015 my staff issued a Report to those charged with Governance on the results of the audit, noting the most significant issues. That report is presented separately to the Audit Committee of the lead council.

### **Financial Performance**

The Statement of Comprehensive Income and Expenditure of the Peace III Southern Partnership Joint Committee shows that during the year ended 31 March 2015 the Joint Committee spent £1,529,270 on the provision of services. It also received income of £1,529,270.

Peace III Southern Partnership Joint Committee – year to 31 March 2015

106

The main items of expenditure were:

Financial assistance to beneficiaries: £1,075,675
 Staff costs: £236,076

The main area of income was:

Government Grant: £1,529,270

At the year end, Peace III Southern Partnership Joint Committee was owed £146,223 for costs incurred in administering the scheme.

### 3. Governance

The Good Governance Standard for Public Services<sup>1</sup> sets out the following key principles of good governance. Good governance means

- focusing on the organisation's purpose and on outcomes for citizens and service users;
- performing effectively in clearly defined functions and roles;
- promoting values for the whole organisation and demonstrating the values of good governance through behaviour;
- taking informed, transparent decisions and managing risk;
- · developing the capacity and capability of the governing body to be effective; and
- engaging stakeholders and making accountability real.

### Annual Governance Statement

The lead council is required to conduct a review at least once in a financial year of the effectiveness of its governance framework (including its system of internal control) and to then approve an Annual Governance Statement <sup>2</sup>.

I am required to report if the Annual Governance Statement

- does not reflect compliance with the Code of Practice on Local Authority Accounting in the United Kingdom 2014-15;
- does not comply with proper practices specified by the Department of the Environment; or
- is misleading or inconsistent with other information I am aware of from my audit.

I have no inconsistencies to report as a result of my review of the Statement. The Joint Committee noted no significant governance issues in its Governance Statement.

Mr Liam Hannaway Chief Executive Newry, Mourne & Down District Council O'Hagan House Monaghan Row Newry BT35 8DJ

11th November 2015

Dear Liam,

# Annual Audit Letter: Newry, Mourne & Down Statutory Transition Committee 2014-15

Please find enclosed my Annual Audit Letter which I am required to issue under Regulation 13 of the Local Government (Accounts and Audit) Regulations 2006.

Regulation 13 requires a Local Government Body to:

- a) publish the letter; and
- b) notify the local government auditor of the date of publication.

I would be grateful if you would arrange to include this on the agenda of the next meeting of the Council's Audit Committee.

Under the Code of Practice I am required to ensure that all members receive a copy. I would be grateful if you would confirm, in due course, that each member has received a copy.

I would like to take this opportunity to thank you and your staff for the assistance and co-operation received throughout the audit.

Yours sincerely

LOUISE MASON

June Ham

	Governance Statement	4
1	Closing Remarks	1

### 1. Introduction

I have been designated the Local Government Auditor for the Newry, Mourne & Down Statutory Transition Committee by the Department of the Environment with the consent of the Comptroller and Auditor General for Northern Ireland.

In accordance with the Local Government (Statutory Transition Committees) Regulations (Northern Ireland) 2013, the Newry, Mourne & Down Statutory Transition Committee ceased to exist on 19 June 2014.

### 2. Financial Statements

### Summary of Audit Findings

The Newry, Mourne & Down Transition Committee must prepare its accounts in the form directed by the Department of the Environment. The accounts must give a true and fair view of the income and expenditure for the financial period and the financial position as at the end of the financial period. The Department of Environment directed that the end of the financial period should be 19 June 2014, being the last day of the Committee's existence.

On the 22<sup>nd</sup> October 2015 for the period ended 19 June 2014 I gave the following unqualified opinion on the financial statements;

### In my opinion:

- the financial statements give a true and fair view, in accordance with relevant legal and statutory requirements, of the financial position of Newry, Mourne & Down Statutory Transition Committee as at 19 June 2014 and its income and expenditure for the period then ended; and
- the financial statements have been properly prepared in accordance with the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 and the Department of the Environment directions issued there under.

My staff have issued a Report to those charged with Governance on the results of the audit. There were no significant, important or best practice findings arising from our audit.

### **Financial Performance**

The Statement of Comprehensive Income and Expenditure of the Newry, Mourne & Down Statutory Transition Committee shows that during the period ended 19 June 2014 the Statutory Transition Committee incurred expenditure of £362,697, matched by income of £362,697.

### 3. Governance

### **Governance Statement**

The Chief Financial Officer had responsibility for maintaining a system of sound internal controls and risk management processes to support the Statutory Transition Committee in the achievement of its objectives, and for reviewing their effectiveness. Overall control of the governance framework and system of internal controls was the responsibility of the Statutory Transition Committee.

I am required to report if the Governance Statement:

- does not comply with proper practices specified by the Department of the Environment; or
- is misleading or inconsistent with other information I am aware of from my audit.

I have no inconsistencies to report as a result of my review of the Governance Statement. The Statutory Transition Committee noted no significant governance issues in its Governance Statement.

## 4. Closing Remarks

The letter is addressed to the Members of the Statutory Transition Committee and prepared for the sole use of the audited body. No responsibility is taken by auditors to any member or officer in their individual capacity, or to any third party.

Louise Mason

Introduction	3
Part 1 – Introductory	4
Part 2 – Financial Management and Internal Control	5
Part 3 - Published Accounts and Audit (Larger Local Government Bodies)	7
Part 4 - Published Accounts and Audit (Smaller Local Government Bodies)	9
Part 5 - Inspection and Notice Procedure	11
Part 6 – Format of the Remuneration Report	13
Appendix A – Sample Remuneration Report	16

# **Guidance on the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015**

### Introduction

- 1. This guidance has been produced following the making of the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 (the 2015 Regulations) and supersedes the previous guidance for the Local Government (Accounts and Audit) Regulations (Northern Ireland) 2006 (the 2006 Regulations) Circular LG 04/08.
- 2. The purpose of this guidance is to assist local government bodies in their operation of the accounting regime under the 2015 Regulations. The power to make the 2015 Regulations is conferred by Article 24 of the Local Government (Northern Ireland) Order 2005 (the 2005 Order).
- 3. The 2015 Regulations has restructured the provisions which apply to smaller and larger local government bodies, in order that proper (accounting) practices relating to the annual accounts can be defined for those entities. To facilitate the division, definitions of a smaller and larger local government body have been provided within the Regulations.
- 4. The contents of the guidance have been separated to reflect Parts 1 5 set out in the 2015 Regulations.
- 5. A separate section on a Remuneration Report for larger local government bodies is included as Part 6. A sample of a Remuneration Report is included as Appendix A.
- 6. If you have any queries on the guidance please contact Jeff Glass on 028 90 823375 (email jeff.glass@doeni.gov.uk).

# Part 1 – Introductory

# Definition of a smaller local government body

- 7. The definition of a smaller local government body has been provided to include:
  - (a). a committee of a council for which accounts are separately kept;
  - (b). a joint committee of two or more councils; or
  - (c). a local government body which-
    - (i) is an established body, which meets the qualifying condition for the year concerned and for either of the two preceding years; or;
    - (ii) is an established body, which meets the qualifying condition for its first year.
- 8. To be classified as a smaller local government body, the 2015 Regulations provide that the local government body's gross income or expenditure (whichever is higher) is not more than an amount directed by the Department of the Environment (Department). The amount directed by the Department under Circular LG 27/15 is £2.5 million.

## Definition of a larger local government body

- 9. The definition of a larger local government body has been provided to include:
  - (a). a council; or;
  - (b). a local government body which is listed in the definition of smaller local government body above but which does not meet the qualifying condition of £2.5m.

# Part 2 – Financial Management and Internal Control

The Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 as they apply to both larger and smaller local government bodies

# Regulation 4 – Responsibility for financial management and internal control

- 10. A local government body is responsible, as part of its corporate responsibility, for the financial management and internal control systems of the body. The body should review at least once in each financial year the effectiveness of its system of internal control and the findings must be considered by the body meeting as a whole or by a committee whose remit includes audit of governance functions.
- 11. The regulation indicates the body or committee must approve an "Annual Governance Statement" prepared in accordance with proper practices on internal control. Proper practices are those set out in Delivering Good Governance in Local Government: Framework, published by the Chartered Institute of Finance and Accountancy (CIPFA) in 2007. In 2012 CIPFA issued an Addendum to the Delivering Good Governance in Local Government: Framework which includes an example of a Governance Statement.

## Regulation 5 – Accounting records and control systems

12. This regulation requires the Chief Financial Officer to determine on behalf of the local government body the form of the accounting records and supporting records and the accounting control systems.

## Regulation 6 - Internal Audit

13. The regulation requires a local government body to use internal auditing standards in force to undertake an adequate and effective internal audit of its accounting records and of its system of risk management, internal control and governance, from time to time. The Public Sector Internal Auditing Standards (PSIAS) which came into force on 1 April 2013 are applicable to all public sector bodies in the UK. PSIAS include a definition of Internal Auditing and provides detail on the main areas where internal audit activity

must contribute to improvement including governance, risk management and internal control.

# Part 3 – Published Accounts and Audit (Larger Local Government Bodies)

The Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 as they apply to larger local government bodies

# **Regulation 7 – Statement of Accounts**

- 14. A larger local government body must ensure that its statement of accounts is prepared in accordance with the 2015 Regulations, in accordance with proper accounting practices and in the form directed by the Department including a remuneration report. Proper accounting practices are where the statement of accounts are prepared under International Accounting Standards as set out in the relevant version of the Code of Practice on Local Authority Accounting.
- 15. Details on the remuneration report are included in Part 6.

# Regulation 8 – Signing, Approval and Publication of Statement of Accounts

- 16. This regulation requires the Chief Financial Officer to certify the statement of accounts present a true and fair view of the body's financial position at the end of the year, and the body's income and expenditure for that year. This regulation also provides flexibility for the Chief Financial Officer to nominate another person to sign and certify the statement of accounts when the Chief Financial Officer is unable to do so owing to absence or illness. This should be undertaken at or before the 30 June of the relevant financial year. Consideration and approval by a committee of that body or by the members of the body meeting as a whole is not required for the unaudited accounts.
- 17. The date by which the statement of accounts must be approved by a committee of that body or by the members of the body meeting as a whole is 30 September. Effectively formal approval of accounts will be based on audited rather than unaudited accounts. Although the deadline of no later than 30 September is given for the approval of the statement of accounts by way of a meeting of a committee of that body or by the members of the body meeting as a whole, this is also the audit certification deadline. Therefore there are practical considerations to take into account to allow these audits to be certified on time. Local government bodies are asked

to liaise with the Local Government Auditor before establishing dates for meetings in September that approve the statement of accounts. As a guide, these meetings should be arranged for one to two weeks prior to the 30 September to allow audit certification by 30 September.

18. Immediately before the statement of accounts are approved they will also be re-certified by the Chief Financial Officer.

# Part 4 - Published Accounts and Audit (Smaller Local Government Bodies)

The Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 as they apply to smaller local government bodies

# Regulation 9 – Statement of accounts

19. A smaller local government body must prepare a statement of accounts each year in accordance with proper accounting practices and in the form directed by the Department. Therefore a smaller local government body does not have to prepare a remuneration report.

# Regulation 10 - Signing, Approval and Publication of Statement of Accounts

- 20. This regulation requires the Chief Financial Officer to certify that the statement of accounts present a true and fair view of the body's financial position at the end of the year, and either the body's income and expenditure or receipts and payments for that year. This regulation also provides flexibility for the Chief Financial Officer to nominate another person to sign and certify the statement of accounts when the Chief Financial Officer is unable to do so owing to absence or illness. This should be undertaken at or before the 30 June of the relevant financial year. Consideration by a committee of that body or by the members of the body meeting as a whole is not required for the unaudited accounts.
- 21. The date by which the statement of accounts must be approved by a committee of that body or by the members of the body meeting as a whole is 30th September. Effectively formal approval of accounts will be based on audited rather than unaudited accounts. Although the deadline of no later than 30 September is given for the approval of the statement of accounts by way of a meeting of a committee of that body or by the members of the body meeting as a whole, this is also the audit certification deadline. Therefore there are practical considerations to take into account to allow these audits to be certified on time. Local government bodies are asked to liaise with the Local Government Auditor before establishing dates for meetings in September that approve the statement of accounts. As a guide, these meetings should be arranged for one to two weeks prior to the 30 September to allow audit certification by 30 September.

22. Immediately before the statement of accounts are approved they will also be re-certified by the Chief Financial Officer.

# **Part 5 – Inspection and Notice Procedure**

The Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 as they apply to both larger and smaller local government bodies

# Regulation 11 – Appointment of date for the exercise of rights of the public

23. This regulation requires a local government auditor to appoint a date on or after which an interested person (i.e. a local elector, a person liable for rates in the district of the local government body or a representative of those persons) may exercise his rights under Articles 17(2) and 18(1) of the Local Government (Northern Ireland) Order 2005. Article 17(2) provides that an interested person is entitled to question the auditor about the accounts and Article 17(2) provides that he may attend before the auditor and make objections regarding the accounts.

# Regulation 12 – Procedure for public inspection of accounts

24. This regulation requires that a local government body must make its accounts and other documents available for public inspection for 20 working days before the date appointed by the local government auditor under regulation 11.

# Regulation 13 – Alteration of accounts

25. This regulation provides that the accounts and other documents made available for public inspection shall not be altered after they have been made available, except with the consent of the auditor.

## Regulation 14 – Notice of public rights

26. This regulation requires a local government body to give notice by publication on its website about matters relating to the right of public inspection of accounts and other documents. The notice must be published at least 14 days before the start of the period during which the accounts and other documents are to be made available pursuant to regulation 12.

# Regulation 15 – Written notice of proposed objection

27. This regulation makes provision in respect of the contents of any written notice of a proposed objection that an interested person must give the local government auditor.

# Regulation 16 – Notice of conclusion of audit

28. This regulation provides that, after the conclusion of an audit, a local government body must give notice by publication on its website advising that the audit of its accounts has been concluded and that its accounts are available for inspection by members of the public.

## Regulation 17 – Publication of annual audit letter

29. This regulation makes provision in respect of the publication (which must include as a minimum publication on the local government body's website) of the annual audit letter that a local government body receives from the local government auditor.

# **Regulation 18 - Joint Committees**

30. This regulation requires that, prior to the notice by publication on its website referred to in regulation 16, a joint committee must give each of its constituent councils a copy of the local government auditor's report and its statement of accounts.

# Part 6 – Format of the Remuneration Report for Councils in 2015/16

### Introduction

- Regulation 7 of the 2015 Regulations provides that a larger local government body must ensure that its statement of accounts is prepared in accordance with the 2015 Regulations, in accordance with proper accounting practices and in the form directed by the Department including a remuneration report.
- 2. A sample of the Remuneration Report is at Appendix A.

# **Guidance on the Remuneration Report**

### Section 1 - Introduction

3. The 2015 Regulations require larger local government bodies to prepare a remuneration report as part of the statement of accounts. Within the 2015 Regulations the definition of a larger local government body has been provided to include a council. Therefore councils are required to prepare a remuneration report as part of the statement of accounts.

## Section 2 – Allowance and Remuneration Arrangements

4. The Remuneration Report should contain all the information about the pay and pension packages of the Executive Management Team/Senior Management Team and councillors. Executive Management Team/Senior Management Team will normally include the Chief Executive and Directors.

### **Section 3 - Allowances Paid to Councillors**

- Table 1 should include a summary of the total allowances paid to all councillors in 2015/16. This information should reconcile to the Councillors' Allowances Annual Return published on a councils' website.
- 6. A note to table 1 should disclose the date of any resignations, retirements or appointments of councillors during 2015/16.

# **Section 4 – Remuneration of Senior Employees**

7. Table 2 should include information on the remuneration (including salary) and pension entitlements for the Executive Management Team/Senior Management Team.

- 8. Within Table 2 the information in the column "Officers" should include the name and the post of the officer.
- 9. Within Table 2 the figures in the columns "Salary" and "Bonus Payments" should be disclosed in bands of £5,000. The figures in the column "Benefits in Kind" should be disclosed to the nearest £100.
- 10. Within Table 3 the Salary Band of Highest Paid member of the Executive Management Team/Senior Management Team should be disclosed in bands of £5,000.
- 11. Councils should include the median remuneration of their staff and the ratio between this and the mid-point of the banded remuneration of the highest paid member of the Executive Management Team/Senior Management Team (whether or not this is the Chief Executive). The calculation is based on full-time equivalent staff at 31 March 2016 on an annualised basis.
- 12. When preparing the Remuneration Report, councils may find that they have members of the Executive Management Team/Senior Management Team covered by the report who were appointed during the reporting year. There may also be members of the Executive Management Team/Senior Management Team who left during the reporting year. Councils should disclose the date of appointment, or last day of service as appropriate. It is essential that the Remuneration Report includes the details of any member of the Executive Management Team/Senior Management Team who has retired during the financial year.
- 13. Councils should only disclose the salary, bonus payments and benefits in kind that relate to the period during which they were in post. However, councils should also disclose the full year equivalent of the salary.

## Section 5 – Exit Packages for Staff

14. The information contained in Table 4 must include exit packages for all staff during 2015/16.

### Section 6 – Pension Benefits

15. Within Section 6, the information provided by NILGOSC in Table 5 and Table 6 reflects the up to date position for 2015/16.

- 16. In relation to pension benefits of councillors, not all councils split their councillor contributions from their employee contributions in their monthly payment of contributions and therefore NILGOSC would not be able to provide this information. Councils will be able to access this information from their Payroll system.
- 17. In relation to Table 7, the accrued pension at pension age as at 31 March 2016, is the pension the member is entitled to receive when they reach pension age, or immediately on ceasing to be an active member of the Scheme if they are at or over pension age. Pension age is state pension age or age 65. Councils should disclose the accrued pension in bands of £5,000.
- 18. The real increase in pension and lump sum is the increase in the value of the pension over the year after considering the effect of inflation (in line with the Consumer Prices Index). If members receive an automatic lump sum, this should be disclosed. Councils should disclose the real increase in pension and lump sum in bands of £2,500.
- 19. The Cash Equivalent Transfer Value (CETV) as at 31/03/15 and 31/03/16 are the capital values of the pension and are worked out using guidance provided by the scheme actuary. It is an assessment of what it costs the scheme to provide these pension benefits. Councils should disclose these figures to the nearest £1,000.
- 20. The real increase in CETV reflects the increase in CETV effectively funded by the Council. It takes account of the increase in accrued pension due to inflation, and contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement). Councils should disclose these figures to the nearest £1,000.
- 21. Each year councils should request the information for Table 7 from NILGOSC in March/April. NILGOSC does not charge for the provision of this information.

# Appendix A

# Remuneration report for the year ended 31 March 2016

### 1. Introduction

The Local Government (Accounts and Audit) Regulations (Northern Ireland) 2015 require larger local government bodies to prepare a remuneration report as part of the statement of accounts.

## 2. Allowance and Remuneration Arrangements

### Councillors

Allowances are payable by councils to councillors and committee members under Part 3 of the Local Government Finance Act (Northern Ireland) 2011 and The Local Government (Payments to Councillors) Regulations (Northern Ireland) 2012, which came into operation on 1 April 2012.

Following a review of allowances, carried out by an independent Councillors' Allowances Remuneration Panel, which was appointed in May 2013, the Minister of the Environment advised the Northern Ireland Assembly in a written statement of the new levels of allowances applicable for councillors from 1 April 2015.

Guidance and determinations on Councillors' Allowances applicable from 1 April 2015 were issued by the Department of the Environment on 24 February 2015 (Circulars LG 04/2015 and LG 05/2015 respectively). The determinations and rates have been updated in LG 29/2015 due to the increase in Dependants' Carer's Allowance from 1 October 2015. Details of the allowances paid to individual councillors are published on council websites.

Following local elections on 22 May 2014, 462 councillors were elected to the 11 new councils for a four year term. **XYZ** Council had 41 councillors in 2015/16.

# **Senior Employees**

The remuneration of senior employees employed by the Council is determined by the Council in line with that determined by the National Joint Council (NJC) for Local Government Services. Senior staff are those staff who are members of the Executive Management Team/Senior Management Team.

Council appointments of employees are made in accordance with the Local Government Staff Commissions' Code of Procedures on Recruitment and Selection, which requires appointment to be on merit and on the basis of fair and open competition.

Unless otherwise stated below, the officials covered by this report hold appointments which are open-ended.

### 3. Allowances Paid to Councillors

The total amount paid to Councillors by way of allowances in 2015/16, under Part 3 of the Local Government Finance Act (Northern Ireland) 2011 and the Local Government (Payments to Councillors) Regulations (Northern Ireland) 2012 was:

Table 1: Total Allowances paid to councillors in 2015/16 (audited information)

(audited information)		
Allowance	Total Allowances £	Number of Councillors receiving Allowance
Basic Allowance		
Special Responsibility Allowance		
Chairperson/ Mayor Allowance		
Vice Chairperson/Deputy Mayor Allowance		
Mileage Allowance		
Other Travel Allowance		
Public Transport		
Subsistence		
Courses/Conferences visits		
Dependants' Carers Allowance		
TOTAL ALLOWANCES		

Details of the allowances paid to individual councillors in 2015/16 are published on the council website at www.xyz.gov.uk/remunerationreport.

# 4. Remuneration of Senior Employees

The remuneration of senior employees covers the Executive Management Team/Senior Management Team. The following

table provides details of the remuneration paid to senior employees in 2015/16:

Table 2: Remuneration (including salary) (audited information)

mornida				
Officers	2015/16			
	Salary (Full year equivalent in brackets where applicable)	Bonus Payments	Benefits in kind (to nearest £100)	Total
	£'000	£'000	£	£'000

Councils are required to disclose the relationship between the remuneration of the highest paid member of the Executive Management Team/Senior Management Team and the median remuneration of the Councils workforce.

The banded remuneration of the highest paid member of the Executive Management Team/Senior Management Team in the financial year 2015/16 was £xk - £yk. This was x times the median remuneration of the workforce, which was £x.

Table 3: Relationship between the remuneration of the highest paid member of the Executive Management Team/Senior Management Team and the median remuneration of the Councils workforce (audited information)

	2015/16 £'000
Salary Band of Highest Paid member	
of the Executive Management	
Team/Senior Management Team	
Median Total Remuneration	
Ratio	

In 2015/16, x employees received remuneration in excess of the highest paid member of the Executive Management Team/Senior Management Team.

Total remuneration includes salary, bonus payments and benefits in kind.

### Salary

"Salary" includes gross salary, overtime, and any gratia payments.

### **Bonus Payments**

Bonus payments are based on performance levels attained and are made as part of the appraisal process. Bonuses relate to the performance in the year in which they become payable to the individual. The bonuses reported in 2015/16 relate to performance in 2015/16.

### **Benefits in Kind**

The monetary value of benefits in kind covers any benefits provided by the employer and treated by HM Revenue and Customs as a taxable emolument

## 5. Exit Packages for staff

The number of exit packages provided to all staff by the Council during 2015/16, together with total cost per band and total cost of the compulsory and other redundancies are set out in the table below:

Table 4: Exit Packages in 2015/16 (audited information)

Severance Package Cost	Number of	Number of other	Total Number of	Total Cost of
Band	Compulsory	departures	Exit Packages	Packages in each
	Redundancies	agreed	in each Cost	Cost Band
			Band	£'000
£0 - £20,000				
£20,001 - £40,000				
£40,001 - £60,000				
£60,001 - £80,000				
£80,001 - £100,000				
£100,001 - £150,000				
£150,001 - £200,000				
Total				

### 6. Pension Benefits

The Local Government Pension Scheme (Northern Ireland) (the Scheme) which is a funded defined benefit pension scheme, which provides retirement benefits for council employees on a "career average revalued earnings" basis from 1 April 2015. Prior to that date benefits were built up on a "final salary" basis.

From 1 April 2015, a member builds up retirement pension at the rate of 1/49th pensionable pay for each year. Pension benefits in relation to membership between 1 April 2009 and 31 March 2015 were built up at the rate of 1/60th pensionable pay for each year of membership. There is no automatic lump sum provided in respect of membership after 31 March 2009. Pension benefits in relation to any membership before 1 April 2009 were built up at the rate of 1/80th (pension) and 3/80ths (tax-free lump sum) of pensionable pay for each year of membership up to 31 March 2009. At retirement, members may give up some pension for additional lump sum, subject to HM Revenue and Customs (HMRC) limits. The conversion rate is £12 additional lump sum for every £1 of pension given up.

Councillors have been able to join the Scheme since May 2011. The Scheme application is modified to reflect the fact that councillors hold an elected office. Councillor members have always accrued pension on a career average basis. Prior to 1 April 2015 pension was accrued at a rate of 1/60th and thereafter at a rate of 1/49th.

The Scheme is funded by contributions made by both employees/councillors and employers. Prior to 1 April 2009, a member's contribution rates were fixed at 6% of their pensionable remuneration (except for those who were entitled to contribute to the Scheme at 5% before 1 February 2003 and have remained in continuous employment). Tiered member contribution rates, determined by the whole-time equivalent rate of pay, were introduced from 1 April 2009. From 1 April 2015, the member contribution rates are determined on the actual rate of pay.

The ranges for the bands for tiered contribution rates are revised by the Department of the Environment in April each year in accordance with the increase applied to a pension in payment. The bands, effective from 1 April 2015, were as follows:

Table 5: Employee Contribution Rates

Band	Range	Employee Contribution Rate
1	£0 - £14,000	5.5%
2	£14,001 - £21,300	5.8%
3	£21,301 - £35,600	6.5%
4	£35,601 - £43,000	6.8%
5	£43,001 - £85,000	8.5%
6	More than £85,000	10.5%

Employers' contribution rates are determined by the fund's actuary every three years at the triennial valuation. The 2013 triennial valuation was undertaken as at 31 March 2013 and an employer contribution rate of 20% for those employers whose participation in the Scheme is deemed to be indefinite has been set for the following three years, effective from 1 April 2014:

Table 6: Employer Contribution Rates

Year	Employer Contribution Rate
1 April 2014 – 31 March 2015	20%
1 April 2015 - 31 March 2016	20%
1 April 2016 – 31 March 2017	20%

The Local Government Pension Scheme Regulations (Northern Ireland) 2014 were made on 27 June 2014 and The Local Government Pension Scheme (Amendment and Transitional Provisions) Regulations (Northern Ireland) 2014 were made on 30 June 2014. Both sets of regulations are effective from 1 April 2015

Councillors have been able to join the Scheme since May 2011 and therefore have not accrued significant benefits thus far. However, the in-year pension contributions made by the Council for all councillors during 2015/16 was £x.

The value of pension benefits of the most senior management of the Council accrued during the year was as follows: Table 7: Pension Benefits of senior staff in 2015/16 (audited information)

Officers	Accrued Pension at pension age as at 31/3/16	Real increase in pension and related lump sum at pension age	CETV at 31/3/16	CETV at 31/3/15	Real increase in CETV
	£'000	£'000	£'000	£'000	£'000

## The Cash Equivalent Transfer Value (CETV)

This is the actuarially assessed capitalised value of the pension scheme benefits accrued by a member at a particular point in time. The benefits valued are the member's accrued benefits and any contingent spouse's pension payable from the scheme. It is a payment made by a pension scheme or arrangement to secure pension benefits in another pension scheme or arrangement when the member leaves a scheme and chooses to transfer the pension benefits they have accrued in their former scheme. The pension figures shown relate to the benefits that the individual has accrued as a consequence of their total membership of the pension scheme, not just their service in a senior capacity to which disclosure applies. CETVs are calculated in accordance with The Occupational Pension Schemes (Transfer Values) (Amendment) Regulations and do not take account of any actual or potential reduction to benefits resulting from Lifetime Allowance Tax which may be due when pension benefits are taken.

### The real increase in the value of the CETV

This reflects the increase in CETV effectively funded by the employer. It takes account of the increase in accrued pension due to inflation, contributions paid by the employee (including the value of any benefits transferred from another pension scheme or arrangement) and uses common market valuation factors for the start and end of the period.

Chief Executive September 2016

Report to:	Audit Committee 28 <sup>th</sup> January 2016
Subject:	PROGRESS REPORT: Plan to establish a Risk Management Framework
Date:	22 <sup>nd</sup> Jan 2016
Reporting Officer:	Steve Wright
Contact Officer:	Steve Wright

### **Decisions Required**

- **NOTE** on progress to date.
- NOTE issues and constraints which may impact on delivery of plan.

# Purpose & Background

- A project plan to design and implement a *fit for purpose* risk management framework was submitted to the last Audit Committee 29<sup>th</sup> Oct 2015.
- In noting the plan the Audit Committee was keen to see evidence of progress in developing various components of the framework (by its next meeting on 28<sup>th</sup> Jan 2016):
  - A Risk Management Policy
  - A Corporate Risk Register
  - and clarification of the roles and responsibilities in managing risk.

These items are included within the agenda for this meeting.

PROGRESS TO DATE: A marked up copy of the project plan is attached at Appendix 1.

## 2.0 How will plan be delivered?

GOING FORWARD: To deliver the remainder of the project plan will require close collaboration between a project team, the CMT, the SMT, risk specialists and other functions.

### **Key Issues/Constraints**

3.1	<ul> <li>Commitment from both ADs and Directors.</li> <li>Resource to design and implement the framework.</li> <li>Turnaround time for information requested above.</li> <li>Limitations of Grace software.</li> <li>Need for positive working relationships and trust.</li> </ul>
4.0	Resource Implications
4.1	Not quantified.
5.0	<u>Appendices</u>
5.1	Appendix 1 – Progress Report against Project Plan 29 <sup>th</sup> Oct 2015

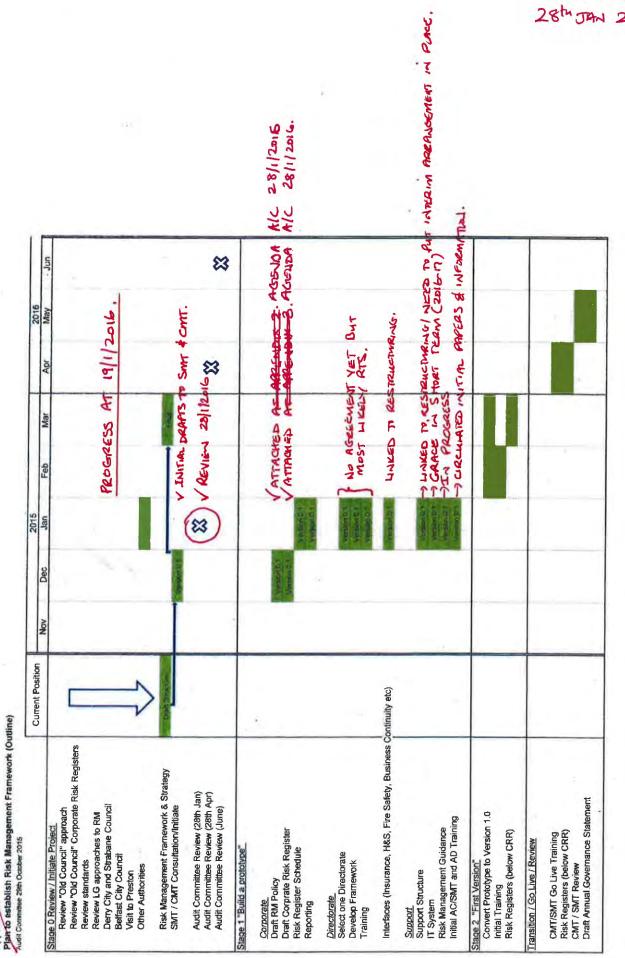

TO ALC 28/1/2016

Appendix A

PROGRESS REPORT

AUDIT COMMITTEE 253

Back to Agenda

Report to:	Audit Committee 28 <sup>th</sup> January 2016	
Subject:	REVIEW OF RISK MANAGEMENT POLICY (DRAFT 0.1)	
Date:	19 <sup>th</sup> Jan 2016	
Reporting Officer:	Steve Wright	
Contact Officer:	Steve Wright	

### **Decisions Required**

- NOTE and COMMENT on Risk Management Policy (Draft 0.1)
- ENDORSE content of Risk Management Policy (Draft 0.1)
- COMMENT on timetable at 2.1

### 1.0 Purpose & Background

A project plan to design and implement a *fit for purpose* risk management framework was submitted to the last Audit Committee 29<sup>th</sup> Oct 2015.

The objective of this plan is to have a framework in place by the 31<sup>st</sup> March 2016 (in order to, amongst other things, underpin the completion of a robust Annual Governance Statement for inclusion in the 2015-16 accounts).

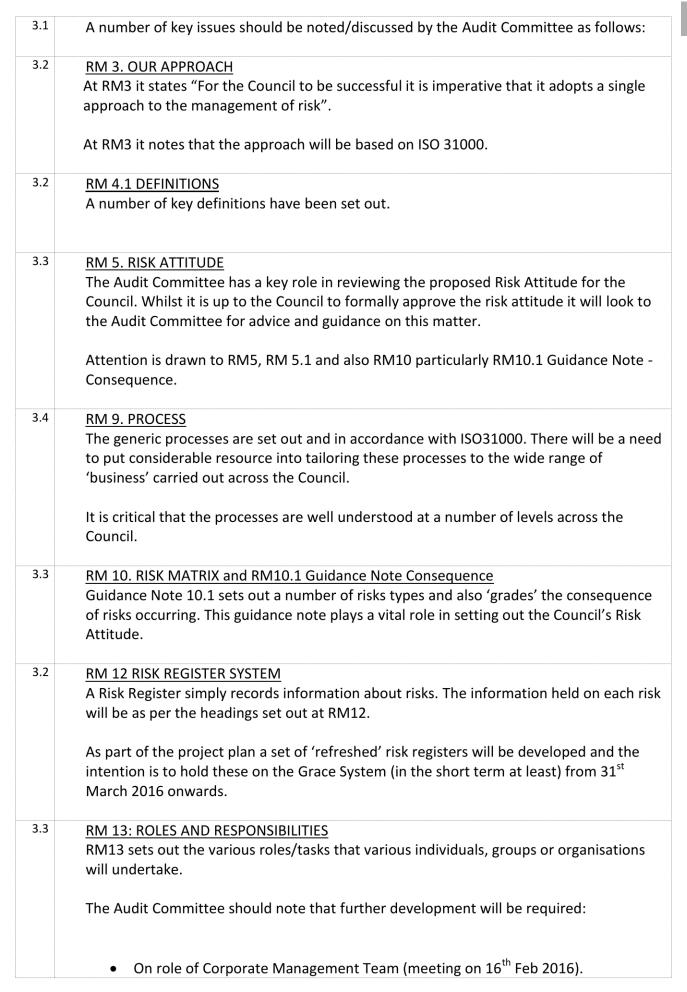

In noting the plan the Audit Committee was keen to see evidence of progress in developing a Risk Management Policy by its next meeting (28<sup>th</sup> Jan 2016).

# 2.0 DRAFT Risk Management Policy (Draft 0.1)

A copy of the Risk Management Policy (Draft 0.1) is attached at <u>Appendix 1</u>. The timetable to put a Risk Management Policy in place by the 31<sup>st</sup> March 2016 is set out below:

Action	Date
Review by CMT (Draft 0.1)	7 <sup>th</sup> Jan 2016
Initial review by SMT (Draft 0.1)	12 <sup>th</sup> Jan 2016
Review by Audit Committee (Draft 0.1)	28 <sup>th</sup> Jan 2016
Review of roles RM13 by SMT (Draft 0.1)	16th Feb 2016
Complete RM Items (per Index Sheet)	18th Feb 2016
Review by SMT (Draft 1.0)	26th Feb 2016
Council Ratification (Version 1.0)	07th Mar 2016
GO LIVE AS PER PROJECT PLAN	31 <sup>st</sup> Mar 2016

3.0 Key Issues within Risk Management Policy

- On establishment of support arrangements and roles of various groups.
  Need to put interim arrangements in place until completion of restructuring.
- That the SMT have endorsed the following 'rule':
  - Each high gross risk (RED) will have a SMT Director assigned to it as Risk Owner. This will apply even where there is clearly a corporate/shared responsibility.

### 5.0 Key Issues/Constraints

5.1

- Resource to design and rollout the RM Policy.
- Commitment and resource to 'run' the RM processes
- Limitations in Grace software to fully implement RM Policy.
- 6.0 Resource Implications
- 6.1 Not quantified.
- 7.0 Appendices
- 7.1 Appendix 1 RM Policy Draft 0.1

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM1 Policy Statement

Term	Definition
POLICY STATEMENT	Risk is defined as the effect of uncertainty on the Councils objectives.
	The Council recognises that there are risks involved in everything it does and that it has a duty to manage these risks in a balance, structured and cost effective way. In doing so, the Council will better achieve its objectives and enhance the value of the services it provides.
	The Council will ensure that its risk management arrangements are in line with best practice industry standards.

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM2 Mandate and Commitment

Term	Definition
MANDATE AND COMMITMENT	The development of risk management and ensuring its ongoing effectiveness requires strong and sustained commitment by the members and staff of the Council, as well as strategic and rigourous planning to achieve commitment at all levels. Members and Officers will:
	define and endorse the risk management policy
	ensure the Council's culture and risk management policy are aligned
	determine risk management performance indicators.
	align risk management objectives with the objectives and strategy of the Council
	ensure legal and regulatory compliance
	assign accountabilities and responsibilities at appropriate levels
	ensure the necessary resources are allocated to risk management
	communicate the benefits of risk management to all stakeholders
	ensure that the framework for managing risk continues to remain appropriate

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

#### RM3 Our Approach

For the Council to be successful it is imperative that it adopts a single approach to the management of risk. [Is this a shared view?]

The Council will base its approach to Risk Management on best practice industry standards. The Councils's approach will be consistent with and compliant with ISO31000.

#### Summary of ISO 31000 Framework **Principles RM Process** Creates value Integral part of organizational Mandate & Establish the context processes Commitment Part of decision making **Explicitly addresses** uncertainty Design framework for Risk assessment Systematic, structured & timely managing risk Based on best Risk identification and consult available info Tailored Monitor and review Takes human & Continually Implement cultural factors into Risk analysis risk management improve the account Communicate framework Transparent & inclusive Risk evaluation Dynamic, iterative & responsive to change Monitor and review **Facilitates continual** Risk treatment improvement & the framework enhancement of the org

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

#### **RM4 Principles**

To ensure that Risk Management is embedded across the entire organisation the following principles will be adopted.

Principle	Intrepretation	Mapping to IS 31000
RISK MANAGEMENT SHOULD CREATE AND PROTECT VALUE	Use risk management to create and protect value.  Create and protect value by using risk management to help achieve the Council's objectives and improve its performance.	3(a)
RISK MANAGEMENT SHOULD BE PART OF ALL PROCESSES	Make risk management part of every process at every level.  Make risk management a responsibility of every manager.	3(b)
RISK MANAGEMENT SHOULD BE PART OF YOUR DECISION MAKING	Make risk management part of decision making at all levels.  Use risk management to make informed choices.  Use risk management to prioritize actions.	3(c)
RISK MANAGEMENT SHOULD BE USED TO HANDLE UNCERTAINTY	Use risk management to address the uncertainty that you face.  Use risk management to identify and define the nature and type of uncertainties that the Council must deal with.  Use risk management to figure out what you can do to address the Council's uncertainties.	3(d)
RISK MANAGEMENT SHOULD BE SYSTEMATIC AND TIMELY	Make sure that the Council's approach to risk management is systematic, structured, and timely.  Make sure that your approach contributes to efficiency.  Make sure that your approach generates reliable results.	3(e)
RISK MANAGEMENT SHOULD BE BASED ON THE BEST DATA	Make sure that the inputs you use to manage risk are based on the best available information sources.  Make sure that decision makers understand and consider the limitations and shortcomings of the data they use to manage risk.	3(f)
RISK MANAGEMENT SHOULD BE TAILORED TO YOUR ENVIRONMENT	Make sure that the Council's approach to risk management is aligned with its unique internal and external context.  Make sure that the Council's approach to risk management is aligned with its risk profile.	3(g)

	_	•	_
L9 )	10	٧Ġ	
-	Lα	ш	r,

Principle	intrepretation	Mapping to ISO 31000
RISK MANAGEMENT SHOULD CONSIDER HUMAN FACTORS	Make sure that your approach to risk management recognizes and considers the human and cultural factors that can influence the achievement of the Council's objectives.  Consider how human capabilities can facilitate or hinder the achievement of your objectives.	3(h)
RISK MANAGEMENT SHOULD BE TRANSPARENT AND INCLUSIVE	Make sure that your approach to risk management is transparent.  Make sure that the Council's approach to risk management is open, visible, and accessible.  Make sure that your approach to risk management is inclusive.  Involve your organization's stakeholders.  Involve decision makers from all parts of the Council.	3(i)
RISK MANAGEMENT SHOULD BE RESPONSIVE AND ITERATIVE	Make sure that the Council's approach to risk management is dynamic and responsive.  Make sure that your approach to risk management continually senses change and responds to it.  Make sure that your approach to risk management is ongoing.  Repeat your risk management process whenever and wherever objectives need to be achieved.	3(j)
RISK MANAGEMENT SHOULD SUPPORT CONTINUAL IMPROVEMENT	Use risk management to improve all aspects of the Council.  Develop strategies to improve your approach to risk management.	3(k)

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM4.1 Definitions

Term	Definition
RISK	Risk is the "effect of uncertainty on objectives"
	An effect is a positive or negative deviation from what is expected.
	Whenever we try to achieve an objective, there's always the chance that things will not go according to plan. Every step has an element of risk that needs to be managed and every outcome is uncertain. Whenever we try to achieve an objective, we don't always get the results we expect. Sometimes we get positive results and sometimes we get negative results and occasionally we get both. Because of this, we need to reduce uncertainty as much as possible.  Uncertainty (or lack of certainty) is a state or condition that involves a deficiency of information and leads to inadequate or incomplete
	knowledge or understanding. In the context of risk management, uncertainty exists whenever the knowledge or understanding of an event, consequence, or likelihood is inadequate or incomplete.
GROSS RISK	Intuitively we recognise some risks are more 'Important' than others.  The Council seeks to identify and manage the 'bigger' risks to achieving its objectives.
	To do this the Council needs to identify and 'score' the risk it faces.  To do this it identifies and then 'scores' the various risks it faces.  This is done via a matrix.
	Gross Risk is the level of risk if - there are no control measures in place - all controls are failing
	As a simple rule of thumb its best to think of this as the worst case scenario for this risk.
	NOTE: Gross Risk is often referred to as Inherent Risk.
KEY CONTROLS	A control is any measure or action that modifies risk.
	Controls include any policy, procedure, practice, process, technology technique, method, or device that modifies or manages risk.
	NOTE: Controls are different to Risk Treatments as they are existing at the time of risk assessment.
KEY CONTROL GAPS	Risk Owners are likely to be aware of gaps in the control within there areas of responsibility.
	These should be identified and set out.
RESIDUAL RISK	Residual risk is the risk left over after a risk owner has put controls in place.
(CURRENT)	It's the risk remaining after you've reduced the risk, removed the source of the risk, modified the consequences, changed the probabilities, transferred the risk, or retained the risk.
	Again this is 'scored' via a matrix.
RISK TREATMENT	If the Residual Risk (Current) is too high then further action will be required.
(ACTION PLANS)	An Action Plan will need to be put in place. This is equivalent to the term Risk Treatment.
	Risk treatment is a risk modification process. It involves selecting and implementing one or more treatment options. Once a treatment has been implemented, it becomes a control or it modifies existing controls. You have many treatment options. You can avoid the risk, you can reduce the risk, you can remove the source of the risk, you can modify the consequences, you can change the probabilities, you can share the risk with others, you can simply retain the risk, or you can even increase the risk in order to pursue an opportunity.
RESIDUAL RISK (TARGET)	The Action Plan must result in a change in the level of predicted risk.
	This risk reduction will, amongst other things, justify the investment of resource
	The reduction of risk will be as a result of the reduction of the likelihood or consequence associated with a risk (negative risk).

9		7
4	LeT	4

Term	Definition
RISK OWNER	A <u>risk owner</u> is a person or entity that has been given the authority to manage a particular risk and is accountable for doing so.
RISK ATTITUDE (RISK APPETITE)	This is the level of risk that the Council is prepared to accept.
ACTION OWNER	An <u>action owner</u> is a person or entity that has been given the authority to carry out a particular action and is accountable for doing so.
ILLUSTRATIVE EXAMPLE	By way of illustration take the risk of a major office building burning down
(SIMPLIFIED)	and limit our concern to financial impact to rebuild cost only.
	Fire Alarms and 2.) fire extinguishers are amongst the controls to mitigate this risk.
	The Gross Risk is the assessed as the entire building burning down. Without any controls this is likely to happen once every 30 years and cost say £15m to rebuild. This would be considered a very severe risk.
	With both controls in place (the fire extinguishers and fire alarms) we can reduce the liklihood to once every 50 years and the contain the fire to a smaller part of the building. The impact of the a fire would then be reduced to £1m.
GROSS RISK and RESIDUAL RISK	The example above helps show why it is important to assess both the Gross Risk and the Residual Risk (Current).
(CURRENT)	When the Gross Risk is high you need to be concerned about whether the controls are working effectively.
	When the Residual Risk (Current) is too high you need to put an action plan in place.
RESIDUAL RISK	Suppose we have only fire alarms in place.
(CURRENT) and RESIDUAL RISK	The risk of fire might be every 50 years but now result in £5m cost.
(TARGET)	If we find this unacceptable we need to put an action plan in place to bring the risk down to an acceptable level. A plan to introduce fire extinguishers in place would be designed and implemented to bring risk down.

### RM5 Risk Attitude Statement

Term	Definition
RISK ATTITUDE  (OFTEN REFERRED TO AS RISK APPETITE)	This is defined as the Council's approach to assess and eventually pursue, retain, take or turn away from risk (may be Gross Risk or Residual Risk).
	Before taking any action to reduce/increase the level of RESIDUAL RISK (CURRENT), an organisation must determine its risk appetite; how much risk it is prepared to retain without taking any further mitigating action. Essentially, an acceptable level of risk is one where the cost of removing or further reducing the level of risk is greater than the loss incurred if that risk were to materialise. It is important that the focus is on the promotion of risk awareness, rather than risk avoidance. If the Council's risk appetite is too low, there will be a tendency towards risk avoidance. This can be counterproductive, resulting in missed opportunities and a waste of resource through excessive control.
	Action & Monitoring timescales are set out at 5.1 Guidance on Timescales.
RED	RED – Very severe, risks which could have a potentially disastrous effect on the organisation without Immediate comprehensive action to reduce the level of risk. Very severe risks are those on the matrix coloured red, scored as 20-25.
ORANGE	ORANGE = Serious: risks which have a serious impact, and detrimental effect on the achievement of objectives. Action plans should be developed to reduce the level of residual risk, and reviewed periodically. Serious risks are shown as orange on the matrix, scored as 12-16.
YELLOW	YELLOW = Manageable: risks which can be reduced within a reasonable timescale, in a cost effective manner. Any mitigating actions must be monitored and recorded. Manageable risks are coloured yellow on the matrix, scored as 8 - 10.
GREEN	GREEN = Acceptable: risks where any action to further reduce the level of risk would be inefficient, i.e. the cost in time. Scored 1 - 6 on the risk matrix.

265

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM5.1 Risk Attitude - Guidance on Timescales

Colour	Timescale for action	Timescale for review
nen	Action immediately	Review within 1 month
AMBER	Action within 3 months	Review within 3 months
YELLOW	Action within 6 months	Review within 6 months
GREEN	Action within 12 months or accept risk	Review controls within period of corporate plan

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM6 Risk Maturity

Term	Definition
RISK MATURITY	One way to test the extent to which risk management is having a positive effect on the Council is to assess its level of maturity:
	LEVEL 1 Risk Management is engaging with the Council.
	LEVEL 2 Risk Management is happening within the Council.
	LEVEL 3 Hisk Management is working for the Gouncil.
	LEVEL 4 Risk Management is embedded and integrated within the Council.
	LEVEL 5 Risk Management is driving the Council.

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM7 Risk Management Levels

Term	Definition	
RISK MANAGEMENT	Since Risk Management is not a separate activity	
LEVELS	and risks are best managed at the most appropriate level	
	it therefore follows that:	
	The Council will manage risk at the following levels (and direction).	
	1.) Activity Level	
	2.) Facility Level	
	3.) Unit / Service Level	
	4.) Project / Programme Level	
	5.) Departmental / Directorate	
	6.) Cross Directorate	
	7.) Corporate	

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM8 Risk Escalation

Term	Definition
RISK ESCALATION	In line with the Risk Attitude and where a single risk or group of risks exceed the pre agreed threshold the risks should be escalated to a more senior level.
	Similarly it should be clear where a risk can be delegated to a lower level for action.
	This escalation will be via the pre-agreed procedure [ will mirror the completed roles and responsibilities schedule ].

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM9 Process

Term	Definition			
Step 1: General	Ensure that it is understood that risk management process should be			
cal Assault	- an integral part of management			
	- embedded in the culture and practices, and			
	statured to the business prosesures of the Council.			
	It is comprised of the activities described in the diagram at RM3			
	What is it?			
Step 2: Communicate and Consult	sharing information with stakeholders			
	Why we do it?			
	to help to establish the context to help make sure we understand and consider stakeholders' interests			
	to help make sure all risks are identified and assessed			
	to make sure staff and stakeholders understand decisions and actions required to share lessons with those who can benefit from them.

	to understand the level of exposure with controls in place			
	to inform decisions as to whether the controlled risk is acceptable or not and guide risk treatment.			
	How we do it			
Step 4.4: Evaluate risks	What is it?			
	comparing the controlled risk with the risk tolerance.			
	The state of the s			
	Why we do it?			
	to determine whether the controlled risk is acceptable			
	to determine whether the controlled risk needs further treatment			
	to prioritise risk treatment.			
	How we do it			

Term	Definition		
Step 5: Treat risks (and Priortise)	What is it?		
	choosing option(s) for modifying the risk reassessing risk levels with controls and treatments in place.		
	Why we do it?		
	to identify treatments for risks that do not meet acceptable tolerance level to understand the level of risk with controls and treatments in place to prioritise risks for monitoring and review.		
	How we do it		
Step 6: Monitor and review	What is it?		
	re-examining the context and reviewing performance determining whether the risk profile has changed and whether new risks have emerged checking control effectiveness and progress of treatments.		
	Why we do it?		
	to keep risk information current to identify emerging risks		
	to maintain current understanding of inherent, controlled and treated risks to provide feedback on efficiency and effectiveness of controls to identify any necessary changes to treatments		
	to reassess priorities to identify any necessary changes to the risk management context to capture lessons from failures, near-misses and success.		
	How we do it		

Version 0.1 DRAFT

For Audit Committee 28th Jan 2016.

### RM 10 Risk Matrix

A risk matrix will be used to evaluate the risks so that there is an understanding of the risk exposure faced. This in turn influences the level of risk treatment that should be applied to manage/reduce/prevent the risk. This matrix is used for assessing Gross Risk and Residual Risk.

			PROBABILITY				
			Rare	Unlikely	Possible	Likely	V Likely
		Score	1	2	3	4	5
CONSEQUENCES	Fundamental	5	5	10	15	20	25
	Major	4	4	8	12	16	20
	Moderate	3	3	б	9	12	15
	Minor	2	2	4	6	8	10
	Not significant	1	1	2	а	4	5

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM10.1 Guidance Note - Consequence

		Risk Type (with associated in	npact)				
		Impact on individual(s) – staff or public.	Statutory Duty.	Business / Operational	Buildings/ Engineering/ Environmental	Quality of Service	Finance
Consequence	Score						
Fundamental 5	5	Death	Multiple breach of statutory legislation and prosecution.	Litigation > £500k expected.	Critical Environmental Impact.	Severe impact on customer satisfaction.	Significiant financial impact (over 5% of total directorate budget )
				National Media Interest	Service closed for unacceptable period.	Gross failure to meet professional / national standards	• Theft / loss >£250k
				Severe loss of confidence and reputation	4		
Major 4	4	Major injury/ill health (reportable)	Multiple breach of statutory legislation and improvement notice issued.	Litigation >£250k to <£500k expected.	Major/significant environmental impact	Major impact on customer satisfaction,	Major financial impact (between 2% - 5% of total directorate budget.
		Major clinical intervention		Adverse publicity	Severe disruption to service	Failure to meet professional / national standards	• Theft / loss between £100k - £250k
		Permanent incapacity		Impact on reputation			
Moderate 3	3	Temporary Incapacity	Single breach of statutory legislation and Improvement Notice issued.	• Litigation >£50k - <£250k possible.	Moderate environmental impact	Formal complaint expected.	Moderate financial impact (between 1% and 2% of total directorate budget)
	Short term monitoring		Potential for adverse publicity, avoidable with careful handling	Moderate disruption to services	Failure to meet internal standard	Theft / loss between £50k - £100k	
		Additional medical treatment up to 1 year		Potential to impact on reputation.			
Minor 2	2	First Aid/ self treatment	Breach of statutory legislation.	• Litigation <£50k	Localised environmental impact	Possible complaint.	Minor financial impact (up to 1% of total directorate budget)
		Minor injury		Impact on reputation – internal awareness,	Disruption to service perceived as inconvenient	Single failure to meet internal standard.	Theft / loss between £1 - £50kg
	3.	Minor ill health up to 1 month					
		Near miss (small cluster)					
Not significant 1	1.	Near miss (single)	Near breach of statutory legislation.	Possible litigation due to settlement is <£5k.	Minimal impact to environment.	Customer initially unhappy.	
		No adverse outcome.	Minor breach of guidance or legislation.		Minimal disruption.	Minor non-compliance with internal standard.	
		No injury or ill-health.					

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM10.2 Guidance Note - Probability

Likelihood Decsriptor	Score	Probability / Likelihood (of event or incident occurring over lifetime of Corporate Plan).	
Very Likely	5	The event is more likely than not to occur.	
Likely	4	The event is likely to occur.	
Possible	3	There is a reasonable chance of the event occurring.	
Unlikely	2	There event is unlikely to occur.	
Rare	The event will occur only in exception circumstances.		

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

### RM11 Guidance, Education and Training

To be designed

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

#### RM12 Risk Register System

The Council will maintain a register of its key risks although this register will be sub-divided for practical purposes.

It will assign named posts (individual officers) as owners for ensuring the risk is correctly identifed and assessed and any treatment (action plan) is implemented, monitored and effectively managed.

The Council will use an appropriate IT System to support the Risk Management Process. In the short term this is likely to remain as the Grace System.

The following information will be included on the Register:

Context	
Description	Ī
SMT Member (Risk Owne	r)
AD / CMT Link.	
Other (Interim =	1

Risk (Name)

Support

Gre	ss Risk
Ke	/ Controls /

Ac	ion Plan
Re	sidual Risk
0.000	RGET)

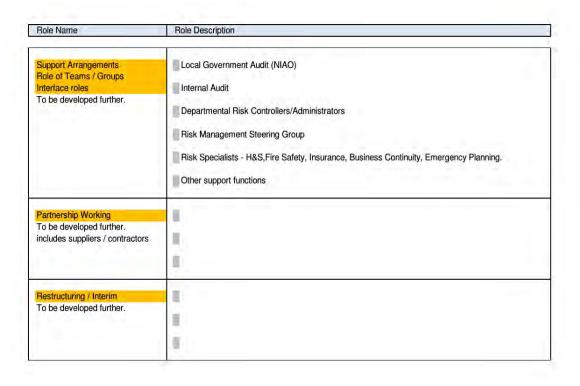

Review / Note

Version 0.1 DRAFT For Audit Committee 28th Jan 2016.

#### RM13 Roles and Responsibilities

All members, staff and partner organisations have a role to play to ensure that risk is effectively managed by the Council. The responsibilities for each key role are set out below:

Role Name	Role Description				
Council	Formal approval of the Risk Management Policy				
	Approve the risk attitude of the Council (see RM5).				
	Ensuring effective risk management throughout Council.				
	Consider risk when making key decisions.				
Elected Members	Gain an understanding of risk management and the benefits				
	Maintain an awareness of the risk management implications of policy decisions				
	Be aware of how risks are being managed through planning processes.				
Audit Committee	Review of effectiveness of Risk Management Policy				
	Review and endorse changes to Risk Management Policy				
	Provide comment and challenge on risk management activity and progress.				
	Monitor progress towards embedding risk management (risk maturity see RM6.)				
Chief Executive	Determine the Council's Risk Management Policy for approval by Council.				
Senior Management Team	Support and promote risk management throughout Council.				
	Ensure (where appropriate) key decision reports include a section to demonstrate that arrangements are in place to manage any risks.				
Lead Director. Director of Corporate Services	Overall leadership for the implementation of the RM Policy and delivery of the Council's risk management function in accordance with best practice.				
Director	Implement the Risk Management Policy.				
	Act as Risk Owner for allocated Corporate Risks				
	Ensure effective operational risk management within their areas of responsibility.				
Corporate Management Team To be reviewed by CMT on 16th Feb 2016	*				
Assistant Directors	Act as Risk Owner for allocated Operational Risks				
See above	Agree schedule of Risk Registers held within their areas of responsibility				
	Ensure their staff have appropriate understanding and training on Risk Management.				
Heads of Service	Manage risks effectively in their service area in accordance to the RM Policy.				
	Where necessary escalate risks.				
	Ensure their staff have appropriate understanding and training on Risk Management.				
Employees	Manage risks as part of their job and report risks to their manager.				
	Where necessary escalate risks.				
	Ensure their staff have appropriate understanding and training on Risk Management.				

Report to:	Audit Committee 28 <sup>th</sup> January 2016	
Subject:	Corporate Risk Register (Version 0.1)	
Date:	22 <sup>nd</sup> Jan 2016	
Reporting Officer:	Steve Wright	
Contact Officer:	Steve Wright	

## **Decisions Required**

NOTE report.

## 1.0 Purpose & Background

A project plan to design and implement a *fit for purpose* risk management framework was submitted to the last Audit Committee 29<sup>th</sup> Oct 2015.

In noting the plan the Audit Committee was keen to see evidence of progress in developing various particular components of the framework by its next meeting:

- A draft Corporate Risk Register
- and clarification of the roles and responsibilities in managing risk.

# 2.0 Corporate Risk Register

- The most up-to-date draft of the Corporate Risk Register will be distributed at the Audit Committee.
- The final information on each risk will be as per the headings at RM12 of the Risk Management Policy.

### 2.3 RM13 ROLES AND RESPONSIBILITIES

With regard to the clear ownership of risks it should be noted that

Each high gross risk (RED) will have a SMT Director assigned to it as Risk Owner.
 This will apply even where there is clearly a corporate/shared responsibility.

This rule will be applied at other levels also.

2.4 'Refresh' of Corporate Risk Register

The draft Corporate Risk Register is a 'first pass' at identifying the Council's high gross

Corporate Risks (RED) excluding high gross H&S risks.

These 'first pass' risks were identified from:

- predecessor councils Corporate Risk Registers
- the GRACE system / DDC Risk Registers
- Internal Audit Reports
- External Audit Reports
- Annual Governance Statements
- Review of previous Planning Service Risk Registers.

There will of course be gaps and these risks will need to be updated to reflect business plans.

4.3 Directors are currently carrying out the following actions:

**ACTION 1:** Review the corporate risk register to ensure all high gross risks have been included. Confirm they are content with scoring of gross risk.

**ACTION 2:** Provide the following information regarding each key risk:

- LINE MANAGEMENT RESPONSIBILITY
   (The request is to identify individual posts down to Tier 4. As the structure has not yet been completed there will be interim/shared arrangements in place.
   Where this is the case both the future and interim responsibilities should be provided.)
- KEY CONTROLS
- IDENTIFIED KEY CONTROL GAPS
- ACTION PLANS

#### Note:

- 1.) It is not proposed to obtain a Directors assessment of the Residual Risk (Current) at this point but this will be required in the next iteration (relatively quickly).
- 2.) The return of the information requested above **must** be in the format of the spreadsheet provided.

### 5.0 Key Issues/Constraints

- 5.1
- Commitment from both ADs and Directors.
- Resource to design and implement the framework.
- Turnaround time for information requested above.
- Need for positive working relationships
- 6.0 Resource Implications
- 6.1 Not quantified.

### **Decisions Required**

NOTE report.

## 1.0 Purpose & Background

- At the Audit Committee 28<sup>th</sup> Jan 2015 (AC/28/2015) it was agreed that in light of the timeframe to complete a follow up review of prior year recommendations, ASM Internal Audit will carry out substantive audit work on only those recommendations issued as limited assurance reviews and any priority 1 recommendations raised in respect of the other assurance reviews.
- In light of the proposed Risk Management Policy and in order to ensure best use of audit time the steps to complete this work are set out below.
- 2.0 Review of implementation of IA recommendations ("pre 2015-16")
- The steps will be:
  - **STEP 1:** Directors/CMT to confirm Priority 1 recommendations completed (or provide assurance on progress to date/proposed plans).
  - **STEP 2:** AD to confirm other recommendations within Limited Assurance reports have been implemented or are 'in progress' (and will be actively considered when developing a risk treatment/Action Plan).
  - **STEP 3:** Review by ASM.
  - **STEP 4:** Review by Assistant Directors of IA recommendations (held within substantial/full assurance reports) as part of developing risk registers.

Report to:	Audit Committee Meeting – 28 January 2016
Subject:	Financial Report for Capital & Revenue Spend
Date:	22 January 2016
Reporting Officer:	Mr Robert Dowey Head of Finance
Contact Officer:	Mr Robert Dowey Head of Finance

## **Decisions Required**

Members are asked to note the contents of this report.

## 1.0 Purpose & Background

1.1 To provide the Audit Committee with a Report and explanation on Capital and Revenue Spend with the Council to the dates as specified on the attached.

# 2.0 Key Issues

2.1 Please see attached Report and Schedules.

# 3.0 Resource Implications

3.1 N/A

# 4.0 **Appendices**

- Report from R Dowey Head of Finance
- Capital Spend Projection to 31 March 2016 (5 Pages)
- Capital Spend Actual 9 months to 31 December 2015 (5 Pages)
- Net Revenue Expenditure Report year to date 31 October 2015 (2 Pages)
- Account Code Report for 7 months to 31 October 2015 (7 Pages)

# REPORT FROM HEAD OF FINANCE

# <u>to</u> **Audit Committee 28<sup>th</sup> January 2016**

### **CAPITAL SPEND**

Enclosed is the **Actual Capital Spend by Project**, to 31 December 2015. Also enclosed is the **Projected Capital Spend**, by Project, to 31 March 2016, which is based on 6 months actual spend to 30 September 2015 and 6 months projected spend to 31 March 2016.

Currently operational staff are updating the Projected Capital Spend to 31 March 2016, based on the actual figures to 31 December 2015.

The Reports enclosed are self-explanatory and highlight variations from the overall budgets. Overall there will be a significant underspend in actual Capital Spend compared to budget. This underspend will have an impact on borrowings for 2015/2016 and this will be reflected in the Revenue figures from month 07 (ie, 31 October 2015) onwards.

### **REVENUE SPEND:**

Enclosed is the two page **Revenue Report** for 7 months (ie, 31 October 2015).

The left hand side of the report lists the services by DOE order (which is a summary level), Income, Expenditure & Net Expenditure is shown by Budget, Actual and Variances.

For the 7 months there is an adverse variance relative to budget of £688,103 (budget was a surplus of £735,972; actual surplus was £47,868).

The major variance year to date is:

£

Payroll (741,009) adverse

There are many other variances both favourable and adverse, however some of these are complicated due to different coding systems and rules between the two Legacy Councils when the budgets were prepared. In addition there are financial

accounting entries related to loans, severance and depreciation which complicates matters in a combination situation of two previously separate organisations. Attached is a seven page listing of the **Variances by Account Code and summary Payroll Variance.** 

Within the adverse variance of £688,103 is a sum for the Irish Open Golf event of £77,000 (not budgeted in 2015/2016 Revenue) and the Famine Commemoration event £65,000 (not budgeted in 2015/2016 Revenue). The accounts to 31 October 2015 also assume actual loans repayments will be as per budget. As the Capital Budget will be underspent it is anticipated allowing for an MRP adjustment and severance costs that there will be a loans cost saving of £150,000 approximately.

As each set of Management Accounts are produced the anomalies and explanations for variances etc become clearer as Finance staff get to grips with large quantums of data in what was until recently two separate organisations with two separate cultures. Operational staff who receive Management Accounting reports also start to become more familiar with the accounts and provide needed and important feedback to Finance where there appear to be anomalies between what they would expect to see in their accounts and what may be in them.

The next Management Accounts will be prepared for the 9 months to 31 December 2015 and will be available late January 2016.
