Subject:	Interim Northern Ireland Business Start Programme (NIBSP)
Date:	Monday 10 th October 2016
Reporting Officer:	Marie Ward, Director Enterprise, Regeneration and Tourism
Contact Officer:	Martin Patterson, Enterprise Development Officer

For consideration

1.0 Purpose and Background

With the current business start up programme ceasing in October 2016 and a new **interim** business start up programme (approved by the Council September 2016) overlapping with a new business start up programme being considered, the Council need to agree a mechanism for delivery of the interim programme for the specific business plan implementation.

2.0 Key Issue

At the August 2016 ERT Committee meeting the main elements of the interim programme agreed and that Council officials would explore how the business plan element of the programme could be delivered through the proposed collaborative agreement between Newry and Mourne Enterprise Agency and Down Business Centre.

The collaborative agreement recognises the role of the local enterprise agencies have played in the delivery of local economic development activity since the early 1990's in partnership with Councils. Under the Local Government Act 1972 (NI), Councils can undertake arrangements with specific bodies to supply goods or services. The local enterprise agencies have a proven track record in providing business planning and mentoring advice to new business starts. Given this is an interim measure and the new service will have to be tendered under EU rules in 2017, it is prudent to appoint the local enterprise agencies to continue the service which they supply currently up to 21 October 2016 via a contract with Invest NI.

The primary delivery target of this programme is initial meetings with potential clients, the preparation of a minimum of 125 completed client led Business Plans for the period from 24 October 2016 – 31 March 2017 that will provide 95 jobs promoted and final signposting.

3.0 Recommendation

Appoint Newry and Mourne Enterprise Agency and Down Business Centre to deliver the Interim NI Business Start up Programme (business plan element) for period October 2016 – March 2017 with a possible extension to cover any gap until the new NI Business Start Programme commences.

4.0 Resource Implications

Budget available in the 'transfer of functions' for the period October 2016 – March 2017. This will target 125 Business Plans approved and 95 Jobs Promoted at a cost of £37,500 with possible extension on a pro rata basis.

Subject:	Northern Ireland Business Start Programme (NIBSP) – New Programme 2017 - 2020
Date:	Monday 10 th October 2016
Reporting Officer:	Marie Ward, Director Enterprise, Regeneration and Tourism
Contact Officer:	Martin Patterson, Enterprise Development Officer

For consideration

1.0 Purpose and Background

As agreed previously by Newry, Mourne and Down District Council, an 11 Council collaborative funding bid was submitted to the ERDF Investment for Growth & Jobs Programme (2014-2020) for the delivery of a Northern Ireland wide business start-up programme (NIBSP).

For noting; the current business start up programme ceases in October 2016 and the 11 Councils have put in place an interim programme to ensure continuity while the decision on the new programme is considered. This interim programme was approved by our full Council in September 2016 and is in place to proceed.

2.0 Key Issue

The application for the programme was submitted in 2015 and Invest NI has completed the economic appraisal and have presented to the Councils. The preferred option for the programme for 2017 – 2020. The preferred option is summarised as follows;

(1) Structure

- Involves all 11 Councils delivering the programme.
- A 3 ½ year period with anticipated commencement date of 1st October 2017
- Targets for the overall programme are as follows;
 - Total business plans Approved 9,729
 - o Total new businesses established 6,616
 - Total new jobs created 5,981
- An applicant to the programme will receive the following 4 elements; (a) initial assessment (b) workshop (c) one to one support (d) business plan.
- There will be one contract for each of the following services; (i) enquiry handling delivery partner (ii) business plan delivery partner (iii) MIS provider and (iv) centralised marketing campaign (enhanced through social media, sponsorship and outreach activities).
- Lisburn & Castlereagh City Council (LCCC) to be the contract holder.

(2) Targets for Newry, Mourne and Down DC over the life of the programme

- Total business plans Approved 1000
- Total new businesses established 681
- Total new jobs created 616

3.0 Recommendation

The Council proceed with the collaborative Council NI Business Start Programme application on the basis of the preferred option 1 received from Invest NI on the 12 September 2016 subject to clarification on the following points; sensitivity in first year, duration of programme, daily financial rate for delivery, job creation targets and flexibility within the programme.

4.0 Resource Implications (for the 3 ½ year programme)

Total cost of Programme - £6,173,904

Total ERDF grant aid - £3,696,517

Cost to Council - £254,662 (this funding is already in place trough the 'transfer of functions' budget).

5.0 Equality and good relations implications

This programme has an open door policy to all applicants and meets all of the criteria.

Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Collaborative Agreement between Newry, Mourne and Down District Council and LEAs (Newry and Mourne Enterprise Agency and Down Business Centre)
Date:	10 October 2016
Reporting Officer:	Marie Ward
Contact Officer:	Jonathan McGilly

To consider draft Collaborative Agreement and approve subject to amendments and final legal advices

1.0 Purpose and Background

At August 2016 ERT Committee Meeting, Council agreed to explore the potential for a collaborative agreement with 2no. Local Enterprise Agencies in the District, namely, Newry and Mourne Enterprise Agency and Down Business Centre. Under the Local Government Act (NI) 1972, Councils can make arrangements with specified bodies for the supply of administrative, professional or technical services. The LEAs have provided services to, and in partnership with, Councils and Local Economic Development Programmes. This ranges from direct delivery of projects to developing funding applications etc.

Councils have also invested heavily in LEAs also by funding workspace development across the District. This is managed by LEAs and provides a vital resource to support new business development and support to local SMEs.

2.0 Key Issue

LEAs are a key LED partner and provide a vital service to local SMEs. To date, they receive no core funding from any agency yet sustain their operation via a Social Enterprise Model. In recent years LEAs have delivered RSI programmes at a cost well below the market rate.

The LEAs have a local expertise and knowledge that is vital to the work of local Council and can provide services in a flexible and professional manner and can react to the demands of tight deadlines. They also have access to a range of business mentors and specialists that can add value complex to tasks.

Council wants to formalise this arrangement to allow both organisations to work together in a more joined up fashion for mutual benefit provided there is a clear value for money rationale. This agreement would not exclude Council from working with other strategic LED partners in a similar way if funding preconditions dictate. Public procurement exercises will be applied.

3.0 Recommendations

(i) Newry, Mourne and Down District Council enters into a Collaborative Agreement with NMEA and DBC jointly when it is in Council's interest to

	Ī	engage both parties for the delivery of LED function	
	(ii)	This should be agreed for one year period and reviewed at the end before deciding to	
	(iii)	Council agree the Collaborative Agreement details subject to final legal advices	
	(iv)	No specific value be included in the agreement rather Council establishes value for money rates for key personnel to complete tasks and agree scope of work based on each individual arrangement	
4.0	0 Resource Implications		
	This agreement will result in LEAs completing agreed tasks for Council which will be funded through current budgets. It will not involve an additional budget.		
5.0	Equality and good relations implications.		
	This agreement meets all Equality and Good Relations indicators.

Collaborative Agreement between Newry & Mourne Enterprise Agency, Down Business Centre and Newry, Mourne and Down District Council for the purpose of the promotion of LED across the District

Background

Newry & Mourne Enterprise Agency and Down Business Centre (LEA) are both Social Enterprises that provide managed workspace and support to local businesses across the region. Historically that support has ranged from business start training, advice, business planning and mentoring. This support has been targeted at small businesses before they become Invest NI clients and majority which may never become Invest NI clients.

Since Councils in the early 1990s gained powers to deliver LED the Enterprise Agency network across NI has played a prominent role in delivering initiatives designed by Council and procured through tender process.

Newry, Mourne and Down District Council is a key stakeholder in LEAs locally having invested considerably in the Social Enterprise Model to create serviced workspace which provides an incubator services for many small businesses at a number of locations across the District.

Proposal

Given the extent of cooperation between LEAs and Council at a local level and the shared corporate objectives of all three organisations to promote business development and job creation, Council has agreed that a Collaborative Agreement be established between Council and its LEA partners:-

- (i) Newry & Mourne Enterprise Agency
- (ii) Down Business Centre

This Collaborative Agreement will acknowledge that LEAs are specified bodies that can be engaged by Newry, Mourne and Down District Council as required to provide services in the area of Local Economic Development.

The areas for cooperation will be around provision of services such as business start advice, social enterprise, project and programme development and preparation of funding proposals and business planning.

In the event where funding conditions dictate, public procurement requirements will supersede this agreement.

This agreement does not exclude Council from engaging with other providers where it believes there are additional benefits. Also, if Council believes LEAs are not the sole provider, procurement exercises will be undertaken.

Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Economic Development Research and Modelling Programme
Date:	Monday 10 October 2016
Reporting Officer:	Marie Ward, Director Enterprise, Regeneration and Tourism
Contact Officer:	Jonathan McGilly, Assistant Director, Enterprise Employment and Regeneration

To consider recommendations outlined in section 3 of the report and agree a way forward.

1.0 Purpose and Background

As part of the Council's new role in delivery of local economic development, knowledge of the local economy and the key sectors within the economy is essential. Following discussions with a range of Councils and other partners the Ulster University has developed, through its Economic Policy Centre, an economic modelling tool that will give detailed analysis on the local economy and, via predictive modelling, give analysis of actions that may help address issues and answer the "what if" questions.

2.0 Key Issue

Council requires real time economic data to assist business decisions Council makes around economic development programmes and activity. This research and modelling was raised as a key issue by the local business sector when Council consulted on its new strategy. Consultation clearly demonstrated the need to use real time data to inform decisions and to use this research also to develop better engagement between business and industry to ensure local skill sets are relevant to needs of industry in future.

This research and modelling programme will assist Council to define the key sectors that should be the focus for development and investment and demonstrate how these sectors can impact on local economy if growth can be stimulated.

As part of this package the Ulster University will provide a six monthly economic outlook and forecast for the Council area and provide economic forecasts etc. This package of support also involves a presentation to Council twice annually.

Package is also flexible as we can use as part of the programme consulting days to look at specific issues that may arise during the course of the agreement.

3.0 Recommendations

Council enter into this research and modelling agreement with the Ulster University at a cost of £10,000 per annum for one year period initially with review in advance of a decision to renew.

4.0	Resource Implications
	Funds are available within current budgets.
5.0	Equality and good relations implications
	Due regard has been given to the need to promote equality of opportunity between the categories.

1.0 Purpose and Background

Within the NMDDC area, the main cultural venues are:

- Newry and Mourne Museum
- Down County Museum, Down Arts Centre
- Sean Hollywood Arts Centre
- Newry Town Hall
- Warrenpoint Town Hall

In recognition of the disparate nature of the new district and lack of uniform data about the existing arts and cultural providers and users, the Department of Enterprise, Regeneration and Tourism wishes to develop an Integrated Culture, Arts & Heritage Strategy 2017-2021 and Action Plan 2017-2019 for Newry Mourne and Down District Council

Key Issue

Across the new council area, there are currently different levels of arts, culture and heritage service provision. There is an imperative to consider new ways of working and service delivery to maximise efficiencies and ensure equality of access across the new council area.

The overall objective is to develop an innovative and integrated Cultural Services Strategy for the new Council that will

- ensure our rate payers and visitors can avail of and contribute to a wide range of high quality, inclusive, affordable and accessible cultural services including arts, museums and heritage
- maximize the available resources and potential of the current arts, museums and heritage service within this unique council area
- maximize opportunities to deliver on wider local, regional and national strategies (including social and economic strategies).

3.0 Recommendations

To tender for the Development of an Integrated Culture, Arts & Heritage Strategy 2017-2021 and Action Plan 2017-2019 for Newry Mourne and Down District Council

1.0	Purpose and Background:	
1.1	In the past there has been an annual process for the boat owners being allocated a mooring at Newcastle Harbour. The process included: An advert in the local newspapers Jan/ Feb Application forms being issued A drop in day for accepting applications, insurance and payment from each boat owner. As each application would be dealt with in a first come, first served basis this caused an issue with boat owners arriving as early as 6am on the d of receiving applications in order to try and secure the particular mooring they wanted.	
2.0	Key issues:	
2.1	 The annual process is a lengthy and time consuming exercise for staff The annual process causes friction between boat owners, who may not get the mooring they wanted, due to another boat owner getting in first

Approval to hold a youth golf competition in April 2017 on the Championship course at Royal County Down with a qualifier at Ardglass Golf Club.

1.0 Purpose & Background

Host an elite youth golf competition at Royal County Down Championship Golf Course in April 2017 for girls and boys under 18 years of age. This competition will be based on a low handicap which will be decided by the Golfing Union Ireland. A limited number of participants will be eligible to play the main competition. A qualifier will be held in Ardglass Golf Club which will allow those youths who do not meet the essential criteria to take part. Newry, Mourne and Down Council will approach all clubs in the Newry, Mourne and Down area asking them to either nominate a youth to take part in the competition or for them to hold a competition within their club and the winner is then put forward for the main competition in Royal County Down.

The benefits of this competition are as follows:

- Create bed nights in the Newry, Mourne and Down Area
- Promotion of the Newry, Mourne and Down Region
- Create a spectacle to highlight
- Raise awareness of the excellent golf product in Newry, Mourne and Down
- Economic benefit to the area

2.0 Recommendation

Approval to hold a youth golf competition in April 2017 on the Championship course at Royal County Down with a qualifier at Ardglass Golf Club.

3.0	Resource Implications

Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Tourism business development opportunities arising from the recent Council-led study visit to Inverness/Loch Ness and Speyside
Date:	Monday 10 th October 2016
Reporting Officer:	Andy Patterson, Tourism NI Regional Manager – Newry, Mourne & Down
Contact Officer:	As above.

To note the contents of this paper and to approve the recommendation that: a series of targeted workshops is delivered to the local tourism industry in partnership with Tourism NI.

1.0 Purpose and Background

Since taking up post in June 2016 the Tourism NI Regional Manager for the Newry, Mourne and Down district has engaged with 48 tourism stakeholders in the region on a 121 basis. The initial feedback from tourism businesses has highlighted that the industry wants more support to **form better working partnerships**, which can lead to the **creation of more offers**, **packages and itineraries**. The creation of more offers and packages provides more opportunities for more visitors to stay longer and spend more in the district. This feedback was also highlighted by stakeholders who attended the Tourism Strategy workshops in September.

2.0 Key Issues

In order to address this requirement from businesses, it is proposed that a **series of targeted workshops** are now held to support tourism businesses to work together to create market-ready offers:

The aims of this series of workshops are to:

- Highlight the opportunities that working in partnership can bring;
- Outline what makes a good offer or package;
- Provide networking opportunities to start working together to create jointitineraries, packages and offers.

The premise of these workshops would be for local businesses to start building relationships, and to start working together on offers that are ready to go to market, via Tourism NI and Tourism Ireland's marketing channels.

These follow up workshops would be held in the following four locations to facilitate business partnerships being formed at a local level:

- Tuesday 8th November 16 The Whistledown Hotel, Warrenpoint
- Wednesday 9th November 16 Slieve Donard Resort and Spa, Newcastle
- Thursday 10th November 16 Denvirs, Downpatrick
- Friday 11th November 16 Cross Square Hotel, Crossmaglen

The timing of holding these workshops in November can ensure that the momentum built with the local industry in the Tourism Strategy Workshops can be continued, and that there is a specific call to action for the industry to start working together, in preparation for Spring and Summer 2017.

It is proposed that the workshops would be facilitated by Kate Taylor, a Business Consultant who is one of the lead trainer's for Failte Ireland's Sales Academy, and who is currently facilitating a series of workshops along the Wild Atlantic Way which encourages businesses to create saleable experiences for overseas markets.

3.0 Recommendations

To note the contents of this paper and to approve the recommendation that: a series of targeted workshops is delivered to the local tourism industry in partnership with Tourism NI.

4.0 Resource Implications

The cost of hosting and facilitating these workshops will be met by Tourism NI.

5.0 | Equality and Good Relations implications

Appendix 1 – a draft of the evite that will be circulated to tourism businesses in the region is attached. This will be circulated from w/c 10th October 16.

Appendix 1 – Workshop Evite

The aim of these workshops is to provide opportunities for local tourism businesses to work together in partnership to create more offers and packages that will encourage visitors to stay longer and spend more in the region. These workshops are open to all tourism businesses in the Newry, Mourne and Down region, to:

- Highlight the opportunities that working in partnership can bring
- Outline what makes a good offer or package for different target markets
- Provide networking opportunities to start working together to create joint-itineraries, packages and offers

Who Should Attend?

All Tourism and Hospitality businesses in the Newry, Mourne and Down region.

Event Details

As well as working with a range of destinations to maximise their brand positioning and to extend their season, Kate's current academic research focuses on "Co-opetition in Tourism Destinations" and has involved the extensive research of national & international destinations. Kate has developed and facilitated a wide range of workshops for Failte Ireland. She has delivered keynote talks such as "The 7 Simple Steps to Sales Success" and "Co-operating for Success". Kate is currently facilitating the Wild Atlantic Way Workshop Series "Extending the Season" where she works with destinations to create with Saleable Experiences for the overseas market.

Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Lease Slieve Gullion Forest Park
Date:	Monday 10 October 2016
Reporting Officer:	Marie Ward, Director of Enterprise, Regeneration and Tourism
Contact Officer :	Mrs Michelle Boyle, Tourism Development Officer

To agree the contents of the report and approve recommendations at Section 3

1.0 Purpose and Background

A key priority of the Council Corporate Plan 2015-19 is "To become one of the premier tourism destinations of the Island of Ireland". The emerging Enterprise, Regeneration and Tourism strategy sets out a way forward for the Newry Mourne and Down District and a key priority is to become Ireland's premier outdoor adventure destination by enhancing the tourism product in the area.

Opportunities exist to maximize the use and potential of forestry estates within the District for visitors and residents, building upon work undertaken by both legacy Councils with Forestry Service.

Forests with tourism potential within the Council area include the following:

Castlewellan

Donard

Kilbroney

Slieve Gullion

Tollymore

A report was presented to the ERT Committee in October 2015 and it was approved that the Council enters into a global license with the Forestry Service. The license will specify only those assets and corresponding infrastructure which are transferring to the Council and for which the Council will assume full responsibility. All other lands including trails not specified in the global license will remain the responsibility of the Forestry Service.

Attached at appendix one is the draft lease for Slieve Gullion Forest Park. This lease format will be used across the remainder of the forests as listed above.

2.0 Key Issue

- The lease term is 25 years.
- 2. Yearly rental will be Nil (Forest Service are preparing a business case that determines this rental)
- 3. Prior to signing of lease Forest Service are to confirm risk areas in the forest for management
- 4. Forest Service to provide most recent tree survey
- Forest Service to confirm Council obligations in relation to the management of woodland under Forest Service Act (NI) 2010

3.0	Recommendations
	To approve the lease for 25 years at Slieve Gullion Forest Park subject to the key issues at 2.0 being addressed.
4.0	Resource Implications
5.0	Equality and Good Relations implications: The Council will have due regard to the need to promote equality of opportunity between the nine equality categories. Council will also seek to promote Good Relations between people of different Religious Belief, Political Opinion and Ethnic Origin.

- (29) To be responsible for the management and maintenance of the infrastructure on a user basis
- 3. The Lessor hereby covenants with the Lessee as follows:-
 - (1) That the Lessee paying the said yearly rent hereby reserved and observing and performing the covenants conditions and agreements hereinbefore contained on the Lessee's part to be observed and performed shall and may quietly enjoy the demised premises during the term without any interruption by the Lessor
- 4. PROVIDED ALWAYS AND IT IS HEREBY AGREED that these presents are made upon the following express conditions:
 - (1) If the said rent or any part thereof shall be unpaid for twenty-one days after any of the days hereinbefore appointed for payment thereof whether the same shall have been lawfully demanded or not or if any covenant on the Lessee's part therein

contained shall not be performed or observed and the Lessee having been notified in writing by the Lessor of the breach does not remedy the breach within a period of 3 calendar months from the date of the notice or such other longer or shorter period of time that the circumstances require and as shall be agreed by the Lessor or if the Lessee shall be wound up then and in any of the said cases and thenceforth it shall be lawful for the Lessor or any person or persons duly authorised by the Lessor in that behalf into or upon the demised premises or any part thereof in the name of the whole to re-enter and the same to repossess and enjoy as if these presents had not been made without prejudice to any right of action or remedy of the Lessor in respect of any antecedent breach of any of the covenants by the Lessee herein contained

- (2) That nothing in these presents shall operate or prevent the Lessor from dealing with its adjoining or adjacent premises as it may desire or from erecting or suffering to be erected on such adjoining or adjacent premises any building whatsoeverwhether such building shall or shall not affect the demised premises, provided that the Lessor shall not operate its adjoining or adjacent premises, or do, or suffer, any act to be done upon them that may constitute a nuisance to the Lessee
- (3) The Lessee may not determine this Lease before []. After [] the Lessee may determine this Lease on the sole ground that it is no longer in its interest to continue to operate the permitted user on the demised premises on condition that:
 - (a) the Lessee gives the Lessor not less than 12 months' prior written notice of the date of determination

- (b) the Lessee gives clear evidence to the Lessor that the Lessee has completed all due process relating to the funding for the demised premises and that it has considered all competing priorities in the relevant area before deciding that it is no longer in the public interest to continue to use the demised premises
- (c) the Lessee 9 months prior to the date of determination of the Lease publishes fully and communicates to the public the Lessee's decision to terminate public use of the demised premises in such manner as the Lessor reasonably requires
- (d) the Lessee at the date of the determination observes all the obligations contained in this Lease (including without prejudice to the generality of the foregoing clause 2(6) regarding reinstatement of the Lands)
- (e) on the date of determination in accordance with this clause the Lease shall terminate immediately but without prejudice to any rights or remedies which may have accrued to either party hereto
- (4) For the purposes of interpretation the masculine shall include the feminine and vice versa and the singular shall include the plural and vice versa and if more than one Lessee they shall hold as joint Lessees and be jointly and severally liable under the covenants herein contained
- 5. Nothing herein contained shall by implication of law or otherwise operate to confer on the Lessee any easement right or privilege whatsoever over or against any adjoining or other property belonging to the Lessor (whether forming part of the property aforesaid or not) which might restrict or prejudicially affect the future rebuilding alteration or development of such adjoining or other property

- 6. The parties hereto acknowledge and agree that this Lease will not restrict the core functions or activities of the Lessor or Lessee or require the Lessor or Lessee to take any action which would be beyond its statutory powers or in breach of government or local government policy or of government or local government accounting procedures
- 7. Where "Force Majeure" occurs e.g. trees blowing over access routes or flooding of same the Lessor will take action to secure access in order to protect interest in value of the timber and to protect the wider forest and roads infrastructure from further damage. Harvesting of any storm-damaged material will be at a time suitable for the Lessor taking account of the needs of the Lessor's customers for the timber and the amount of similar salvage work required elsewhere in Northern Ireland. If the Lessee wishes to continue to use the demised premises and permitted access for the purposes hereby permitted it may do so at its own risk but will bear sole responsibility for management of any road closures, diversions and any other signage which may be necessary to facilitate continued use of the demised premises during such unforeseen events and will compensate the Lessor for the timber value so cut by the Lessee as determined by the Lessor's existing contracts for material of that type at the time the Lessee plans to work on the trees PROVIDED ALWAYS THAT compensation will not be payable by the Lessee provided that the trees are cut to a specification agreed by the Lessor. The Lessor will not accept any responsibility for keeping the demised premises open due to this or any other cause outside its control.
- ANY notice under this Lease shall be in writing and any notice to the Lessee shall be sufficiently served if sent by registered post or recorded delivery to Greenbank Industrial Estate, Rampart Road, Newry, BT34 2QU and any notice to the Lessor shall

To note recommendations outlined in 3.1				
1.0	Purpose and Background:			
1.1	Please note the 2nd All-Ireland Pine Marten Symposium is happening in Ti Chulainn Community and Conference Centre on the 14th and 15th October 2016. The cost for the 1 st day is £20 and £15 for the second day. There will also be a celebration event for the Ring of Gullion and Cooley Red Squirrel Group on the evening of Friday 14 th Oct in the centre. All welcome.			
2.0	Key issues:			
2.1	The Ring ofGullion team are working with the Vincent Wildlife Trust to organise this event in the area.			
	This two-day meeting has been organized to build on the success of the first meeting held in Galway during 2014 and bring together advances in research, practical conservation and management techniques for this enigmatic species.			
	We hope this meeting will appeal to the following: • pine marten researchers e.g. third level institution staff and students • practical conservation organisations e.g. VWT, UWT etc • land managers e.g. Forest Service, Coillte, NIEA/NPWS • environmental consultants • anyone with an interest in pine marten!			
	Day One The first day of the event will be focused on 15-minute talks by those involved in research, conservation and management of the species.			
	There will be a cultural heritage event in the event to celebrate the work of the Ring of Gullion and Cooley Red Squirrel Group. Day Two			
	The second day will involve a field trip to visit the pine marten den box scheme within the Ring of Gullion. This will be followed by practical sessions to demonstrate techniques for erecting pine marten den boxes.
