Agenda Item:	LPWAN – Low Powered Wide Area Network project
Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Regional bid to Digital Catapult for LPWAN (Low Powered Wide Area Network)
Date:	Monday 13 November 2017
Reporting Officer:	Jonathan McGilly – Assistant Director Enterprise, Employment & Regeneration
Contact Officer:	Michael Forster - Enterprise Development Officer
Decisions Required	
For noting	
1.0	Purpose and Background Invest NI have confirmed that the bid submitted to The Digital Catapult (Innovate UK) to setup a regional LPWAN network has been successful. A consortium consisting of Ulster University, InvestNI, many of Northern Ireland's councils, and Tourism NI has formed to bring this opportunity to local SMEs. 70 LPWAN (Low Powered Wide Area Network) gateways across NI are proposed and gateways will be located depending on SME interest. Large-scale challenges will then be funded by the local Councils (and Tourism NI). The key objective of the project is to innovate, experiment and prototype new products and services to market for the benefit of SMEs and the economy. Funding breakdown: £100K from Digital Catapult to create and support a regional LPWAN network and £150K from NI Councils and Tourism NI to run IoT Challenges (£10k from NMD)
2.0	Key Issues: University of Ulster (UU) are leading the project and providing technical support for the network by offering a technician to support users with network, data, and device issues. UU will also develop training opportunities for SMEs to understand the technology potential as well as implementation. Timescales: If the bid is successful, the network is required to be installed by December 2017 and operational by March 2018.
3.0	Recommendations 1. The application to The Digital Catapult was successful; 2. Recommendation to allow officers within ERT to work with University of Ulster and InvestNI to identify possible locations within the district to site the LPWAN base stations;
4.0	Resource Implications Council have approved the required match funds and in the interim the key resolve will be staff time. Costs associated with hosting development workshops, seminars and networks may be met through future ERT business development programmes and staff. Ulster University will lead and coordinate the development of the technical infrastructure and develop the knowledge to make use of the network.

Report to:	Enterprise, Regeneration and Tourism Committee
Subject:	Castlewellan Forest Park Task & Finish Project Board
Date:	13 th November 2017
Reporting Officer:	Jonathan McGilly - Assistant Director Enterprise Employment & Regeneration.
Contact Officer:	Shirley Keenan Project Development Officer.

Decisions Required

To note the contents of the report and approve recommendations at 3.0.

1.0	Purpose and Background Castlewellan Forest Park and in particular the park's Arboretum and Annesley Garden have been examined with regards to Council submitting a funding bid to the Heritage Lottery Fund. It is expected that an application will be lodged in 2018. The Heritage Lottery Fund (HLF) have recognised that the park is undoubtedly of heritage significance, and they would consider an application in respect of the park. However they have also acknowledged that the heritage is currently in a declining state and would therefore require investment for the preservation and promotion of the heritage. Whilst the park is currently owned and managed by Forest Service NI, Council are currently liaising with Forest Service Northern Ireland with regards to the future management of the park. Castlewellan Forest Park has exceptional tourism and recreational potential. Council established a Project Task and Finish Board in 2016. The Castlewellan Forest Park Task and Finish Project Board met on the 13th October 2017. The Board are in the process of commissioning four pieces of work to assist with the preparation of the funding application as follows; • Biodiversity Survey. • Garden and Arboretum Survey. • Feasibility Study in respect of the use of Built Heritage in first court yard at the Grange and visitor facilities at Bothy Yard. • Traffic Survey and Car-Park Study. It is envisaged that an application for funding would be submitted in respect of Capital Works in respect of Visitor Servicing and Interpretive facilities, the Restoration and Development of the Arboretum and Annesley Garden, and a programme of Heritage Activities and Events along with a Volunteering and Training Programme.
2.0	Key Issues Project will require further work and match funding for the next financial year

	given that it is expected that the application will be lodged in 2018.
3.0	Recommendations: 1) To include budget in next financial year (subject to rates) in respect of additional work required and match funding to accompany application submission in 2018. £100,000 has been previously allocated in the current financial year Capital Budget. An uplift of £50,000 is now being sought.
4.0	Resource Implications This is a request for project Capital budget uplift inclusion in next financial year.
5.0	Appendices Report of the Castlewellan Forest Park Task & Finish Project Board October 2017.

1.0 Purpose and Background

The Silvery Light Trust approached the Council in December 2014 to inform officials that they were seeking funding from the Heritage Lottery Fund (HLF) to assess the potential refurbishment of the Silvery Light vessel (approx. £20,000). They requested that to support their application to HLF that a land based area of Albert Basin, Newry would be provided to the 'trust' via a licence agreement to site the vessel. A report was brought to Newry and Mourne legacy Councils District Development Committee in January 2015 which recommended that an appropriate licence agreement would be provided between the Council and the Silvery Light Trust. This agreement was put in place up to and including March 2017. The licence agreement has since been extended for one year until March 2018.

2.0 Key Issues

The 'Silvery Light Trust' submitted an application to Heritage Lottery Fund in 2016 which was not successful.

The trust representatives have met a number of key community, education and business stakeholders including Council officials over recent months with the view to submitting another revised and updated application to a number of funding bodies. These include Heritage Lottery Fund and our Council future funding calls.

The trust representatives met with Council members in advance of the October 2017 ERT Committee meeting on their proposed project which would involve refurbishing the Silvery Light vessel, placing it back in the water as a training vessel and implement a training programme.

A letter of support has already been provided by our Council to the Silvery Light Trust in relation to this project proposal and most recent meetings have taken place with our Newry DEA Co-Ordinator.

3.0 Recommendations

	Newry, Mourne and Down district Council (1) provide additional letters of support as required by potential funders and (2) the Silvery Light Trust consider making application to the Councils Financial Assistance Programme via the Programmes Unit.
4.0	Resource Implications No resource required at present.
5.0	Equality and Good Relations implications This would be considered in line with any future application.

Report to:	Enterprise Regeneration and Tourism Committee
Date of Meeting:	Monday 13 November 2017
Subject:	Belfast to Dublin High Speed Rail – Pre-feasibility Study
Reporting Officer (Including Job Title):	Liam Hannaway, Chief Executive
Contact Officer (Including Job Title):	Liam Hannaway, Chief Executive

Decisions required:	
To agree to participate in the development of the Belfast to Dublin High Speed Rail pre-feasibility study and contribute to funding the project.	
1.0	Purpose and Background:
1.1	Cities are increasingly seen as the drivers of national competitiveness and of economic and social development. The trend towards greater urbanisation reflects the desire of industries to have access to a wide range of infrastructural services, and a well-educated and highly skilled labour market. Across the world, cities are focusing on improving their positions in the global league table.
1.2	The urbanisation trend, and the increasing densification of cities, are driven by a desire for higher living standards, proximity to employment opportunities, access to a wide range of services, better infrastructure, as well as educational, social and cultural needs.
1.3	The Dublin-Belfast Economic Corridor is the only region on the island having the scale and population density to become a significant European growth centre. It has a population of almost half the total population of the island, and has a population density five times greater than the rest of the island. This gives it the potential to compete with larger urban zones such as Hamburg, Manchester and Milan, which rank in the top ten urban zones in Europe. Other paired cities in Europe include Edinburgh, Glasgow, Munich-Wurtenburg, Manchester Birmingham and Brussels-Liege. It is essential to further strengthen the existing advantages of this corridor.
1.4	The further development of the Dublin-Belfast Economic Corridor will enable each urban centre along the corridor to benefit from enhanced economies of scale; increased economic growth and employment; more contiguous customers for indigenous industry; and more inward investment. But, to optimise its potential, it will also require better broadband, transport, energy, waste and water infrastructure; as well as enhanced education, research and health services.
1.5	Public transport by bus and rail will be the priority modes of transport. A Corridor population, predicted to be four million will require a reduction in car usage for people movements in the key urban areas from the current levels of about 70%. This will require the development of high density hubs for both employment and living, where the modal-share car usage is reduced to approximately 20% of people movements, and priority would be given to public transport, walking and cycling.
1.6	Currently there are only eight through services per day between Dublin and Belfast, whereas commuter rail services between many paired cities in Europe comprise up to 40/50 services per day.

	Increased investment in rolling stock, and ancillary services, has resulted in higher frequency and sharp increase in commuter passenger traffic from Drogheda to Dublin (>30 trains per day), and from Portadown to Belfast (35 trains per day). However only eight trains per day link the central urban section of the corridor from Drogheda to Portadown. Passenger journeys on the Northern Ireland rail network have increased by over 6% pa from 2005 to 2014, the highest level since the 1960s.
2.0	Key issues:
2.1	High Speed Rail would transform connectivity between the two principal cities on the island of Ireland, representing the most critical concentrations of population on the Island with more that 45% of the population in the two jurisdictions. It would offer the passengers a step change in terms of capacity, speed and service quality that will help unlock the potential of the region. Existing transport links between Belfast and Dublin are increasingly inadequate and there is a clear scope for enhancement if we are not to maintain our international competitiveness. However, this project is as much about achieving economic and social progress as it is fulfilling a transport need. To achieve the objectives the following tasks have to be identified: • Identifying need and making the case for change. • Establish the vision and objectives. • Developing the concept and identifying feasible solutions. • Understanding impacts and articulating the benefits, economic, social and environmental. • Providing a Roadmap from concept to delivery and securing stakeholder support.
2.2	ARUP have submitted a proposal to Belfast City Council, Newry, Mourne and Down District Council, Louth County Council, Fingal County Council and Dublin City Council to work in partnership with them to develop a high quality document which will articulate the benefits of High Speed Rail.
2.3	Attached at Appendix 1 is the proposal from ARUP.
2.4	Given the nature of the proposal this will be a single tender action.
3.0	Recommendations:
3.1	That the Council participate in the development of the pre-feasibility study and contribute to funding the project. Belfast City Council, Louth County Council and Fingal County Council have already committed.
4.0	Resource implications
4.1	The maximum cost to the Council will be £15,000.
5.0	Equality and good relations implications:
5.1	None

Agenda Item:	2018/19 Tourism Events Programme
Report to:	Economic Regeneration and Tourism Committee
Subject:	As per agenda item
Date:	13 November 2017
Reporting Officer:	Andy Patterson, Assistant Director Enterprise, Regeneration and Tourism
Contact Officer:	Andy Patterson, Assistant Director Enterprise, Regeneration and Tourism

Decisions Required

Approval of the schedule and budget of Tourism Events and approval of the Open Funding Call for Tourism Events that will be delivered in the 18/19 Financial Year.

1.0	Purpose and Background This paper provides detail on the proposed schedule of tourism events for the 18/19 Financial Year. Approval is sought at this time to ensure the events programme can be planned and promoted with sufficient lead in time to maximise the economic return on our events programme.
2.0	Key Issues <u>2.1 Themes</u> Building on the success of the tourism events programme over the past two years, the 2018/19 Events Programme has been categorised into four main themes: 1. Giant Adventures – our flagship tourism events based around the theme of our Giants, epic stories, myths and legends. 2. Activity Tourism: Adventure Capital of Ireland – a new theme for 18/19, these events will build upon and reinforce our ownership of the Adventure Capital proposition. 3. Music & Cultural Events – this category recognises our strong musical and cultural heritage and introduces two new events which have the potential to bring significant visitors and overnight stays to the district: the Ulster Fleadh and the Pipe Band Championships. 4. Economic Support of Local Businesses – this includes those events that drive footfall into our towns and villages, and support our local businesses at key times throughout the season, including Halloween and Christmas.

Two other themes include Forest Park Promotional Activities and St Patrick's Day events.

2.2 Additional Spend

The Events Programme Budget for **2017/18 was £1,016,000**. This investment returned over **£11 million of economic impact** in the district this year. The proposed Events Programme Budget for **2018/19 is £1,288,000**, which represents a **£272,000 increase** in the events budget.

The reason for this increase is as follows:

- A new **Golf Junior Trophy** will be staged in partnership with the Golf Union of Ireland, to run alongside the popular Summer Trophy, and will be played at Kilkeel and Warrenpoint Golf Clubs respectively, with qualifiers going on to play Royal County Down. Budget requirement: £15k funding.
- The popular **Festival of Flight** in Newcastle will expand to a two-day event and will attract more Corporate guests and sponsors. Budget requirement: £63k budget increase (from £77k total council budget in 2017/18 to £140k total council budget in 2018/19).
- The **Ulster Fleadh** and the **Pipe Band Championships** as referenced above bring the opportunity to attract significant footfall and overnights. Budget requirement: £25k and £20k respectively.
- **Down to the Races** is a new four-day summer festival in Downpatrick that will be based around the major race meeting in June each year, expanded to become a family festival with significant engagement with local community and businesses. Budget requirement: £20k.
- **Guardians of the Mournes and Gullion** is a new two-week major Festival that will incorporate Footsteps in the Forest, Wake the Giant, & City of Merchants. This large-scale festival will be held over the last two weeks in August and aims to grow international visitors numbers, increase the number of overnight stays in the district, and will provide opportunity for significant stand-out/differentiation for our region.

Building on the story of Finn McCool, four new giants will be created and placed along the Mournes Coastal Route and in Slieve Gullion as part of the festival, to encourage visitors to travel and stay in locations throughout the district. Each of the five characters will gather for a 'Procession of the Giants' as part of the 'Wake the Giant' event in Warrenpoint. The Festival will end with the City of Merchants Festival in Newry, building on the spectacular fireworks display and lighting projections delivered in the inaugural 2017 event.

The budget requirement for this major festival would be: £128k budget increase (from £285k total budget in 2017/18 to £413k total budget in 2018/19). There would be a capital budget requirement (treated

	separately from the revenue budget for events) of £200k to create four new Giants that will be used in 2018/19 and subsequent financial years. 2.3 Events Funding Call For first time this year the Council will launch an Open Funding Call to event promoters and organisers that are seeking financial support to deliver tourism events in the district. This will provide transparency and financial good governance to the Council in funding event promoters and third-party organisations who deliver events in our district. The Open Funding Call will also provide a means of managing the increasing number of requests the Council receives each year for funding support for events. The budget allocated to community events at Halloween and Christmas will be ring fenced and <i>not subject</i> to this open funding call. The application process for the Open Funding Call will be based around specific criteria, including events that: • Aim to grow the number of visitors from Southern Ireland and from overseas coming into the district; • Events that have the ability to attract significant overnight stays in the district; • Events that have the capacity to grow and attract commercial sponsorship; • Events that reinforce our key themes: Outdoor Capital; Giant Adventures; Music and Culture; and Economic Support of Local Businesses. The total Open Funding Call will be £105k. The call will be promoted to event promoters and organisers in November 17 to January 18 and the application process will be concluded in February 18, for events that will be held from 1-April 2018 to 31-March 2019. The attached appendices provide a detailed breakdown of the 2018 Tourism Events Programme and Open Funding Call.
3.0	Recommendations Approval of the schedule and budget of Tourism Events and approval of the Open Funding Call for Tourism Events that will be delivered in the 18/19 Financial Year.
4.0	Resource Implications As detailed above. This proposed budget is subject to any revision in rates for the 18/19 Financial Year.
5.0	Equality Assessment All necessary consideration has been taken account of.

Agenda Item:	Visitor Experience Plan Framework
Report to:	Economic Regeneration and Tourism Committee
Subject:	As per agenda item
Date:	13 November 2017
Reporting Officer:	Andy Patterson, Assistant Director Enterprise, Regeneration and Tourism
Contact Officer:	Michelle Boyle, Tourism Development Officer

Decisions Required

To consider the contents of the paper and approve the Visitor Experience Plan framework.

1.0	Purpose and Background The Council's Tourism Strategy includes a key recommendation to produce a Visitor Experience Plan. Work commenced on the Visitor Experience Plan in June 2017. The Visitor Experience Plan seeks to produce creative and innovative solutions for delivering inspirational and authentic visitor experiences that would have standout in the international market place. The Visitor Experience Plans have been prepared in consultation with a pre-established Steering Group made up of public/private and national stakeholders, and a wide range of industry consultation has been undertaken. The development of these experiences is an important activity in the forthcoming brand propositions (in the Northern Ireland context, relevant to Newry, Mourne and Down) and must be collaboratively planned and implemented. The Visitor Experiences seek to be of scale, motivating to the visitor and aligned to our key tourism target markets and segments. The Framework is focused on creating visitor experiences which can be story based, thematic or geographical. The visitor experiences must: • Motivate international visitors to come to the Destination • Of scale (more than one experience) • Unified by a compelling story • Provide an EPIC Moment (Experiential, Personalised, Iconic and Immersive, Creative) • Capable of increasing dwell time
------------	--

	• Capable of increasing spend per visit (both day trips and overnight) • Capable of increasing overnight stays						
2.0	Key Issues The Visitor Experience Framework is based on delivering Epic Moments. To deliver Epic moments the emphasis needs to be on: • Creating added value • Creating platforms to tell local stories • Bespoke/unique elements • Connecting with locals • Quality of service • Emphasis on detail • Activate local businesses • Encourage collaboration The Council Tourism Strategy has identified the elements that make the region distinctive, i.e. our Mountains, Myths and Maritime and the four themes identified under the Visitor Experience Plan Framework are: • Fire & Ice - Experiences that bring the contrasts of land and sea, fire and ice, adrenalin and relaxation... to life. • Giants Druids and Early Saints - Experiences that highlight the mystical, the mysterious and the mindfulness of the moment. • Castle, Thrones, Invaders and Conquest - Drama and the clash of swords. High court intrigue and rebellion. • Livelihoods and Lifestyles - Experiences that highlight the unique elements of contemporary life and the traditions that define our culture. A range of key experience will be delivered under each Theme with many of the experiences crossing a number of themes.						
3.0	Recommendations To accept the Visitor Experience Plan Framework The key recommendations in enabling success and delivering world class experiences are: <table> <tr> <th>Actions</th><th>Timelines</th></tr> <tr> <td>Designation of Unesco Global Geopark</td><td>September 17 – November 19</td></tr> <tr> <td>Establish 4 -5 Cluster groups and develop a pilot programme of market ready experience by Spring 2018</td><td>November 17 – April 18</td></tr> </table>	Actions	Timelines	Designation of Unesco Global Geopark	September 17 – November 19	Establish 4 -5 Cluster groups and develop a pilot programme of market ready experience by Spring 2018	November 17 – April 18
Actions	Timelines						
Designation of Unesco Global Geopark	September 17 – November 19						
Establish 4 -5 Cluster groups and develop a pilot programme of market ready experience by Spring 2018	November 17 – April 18						

	Tender and Implement a pilot mentorship programme initially with the 4-5 cluster groups	November 17 – April 18
	Strengthening training of guides and ambassadors	January 18 – ongoing
	Expanding Awareness on Experience Development	November 17 – ongoing
	Tourism Forum established	Ongoing
	Implement Experience Development workshops on completion of the pilot	April 18 – onwards
	Advanced catalyst project identified in the Tourism Strategy	Ongoing
	Working with partners to strengthen 'pride of place'	Ongoing
	Working with partners to assess waymarking and signage	November 17 – September 18
	Continuing to promote respect for the natural and cultural heritage	Ongoing
	Coordinate a 'visitor code of conduct'	January – June 18
	Connecting with relevant international initiatives	Ongoing
4.0	Resource Implications Budget has been allocated for activity in the 17/18 Financial Year around Visitor Experience Plans. The financial requirements for 18/19 will be considered as part of the Councils revenue budget.	
5.0	Equality Assessment All necessary consideration will be taken account of as part of the Framework implementation.

Mourne-Gullion-Strangford Experience Development Plan

October 2017

1. Realise the vision in the strategy
2. Create a strong sense of identity for the destination – recognised by both visitors and industry
 - Create sense of pride
3. Motivate visitors to stay longer and spend more year-round
4. Strengthen local businesses – create jobs and grow the economy
5. Distribute the benefits
6. Engage businesses and encourage a culture of coordination and collaboration
7. Strengthen the appeal of NI in its markets through *delivering EPIC moments*

The markets & performance

Size & value of NI markets 2016 – to NI & NMD

Volume of Trips to NI

Volume of Trips to NMD

Value of Spend in NI

- Highest level of growth of all LGDs in 2016 (+41% in trips; + 47% in nights and + 27% in spend)
- But, still lowest length of stay (2.7 days)
- Second lowest average spend per night (£39/night)
- Largest domestic market
- THEREFORE – key focus is to align with TNI and TI markets (“joyful immersion”)

Emphasis needs to be on:

- Creating added value
- Creating platforms to tell local stories
- 'Bespoke'/unique/exclusive elements
- Connecting with locals
- Quality of service
- The detail
- Activating local businesses
- Encouraging collaboration

Experience development framework

Understanding the concept of developing experiences

Building the Experience Development Framework

Building the framework – our key themes

Newry, Mourne & Down

MOUNTAINS, MYTHS and MARITIME

A land where the mountains, myths and maritime themes are so intertwined as to be inseparable – *where the dark Mournes sweep down to the sea. A land of the mystical where past and present coalesce. Am I asleep? Or has the future come now and I am it?* A land that takes us back to the beginning of the very story of Ireland and allows us **to savour its mysteries, to immerse in its beauty, to climb its peaks, to sail its shores, to embrace its lyrics, and to indulge in its flavours.**

Building the framework – our key themes

MOUNTAINS, MYTHS and MARITIME

Fire & Ice

Giants, Druids &
Early Saints

I have seen a landscape which, under a particular light, made me feel that at any moment a giant might raise its head over the next ridge (C. S. Lewis). A landscape that displays the relics of giants, druids and early saints. The passage of ancient time is marked with Neolithic megaliths and cairns, giant folklore of Finn McCool and Cú Chulainn, frontier hill forts and earthen ramparts, high crosses and holy wells, the graves of Ireland's earliest saints and monastic ruins, and the compelling story of St. Patrick. A sense of mysticism still pervades today and these archeological sites remain as a testament to the spiritual journey of our forebears.

Building the framework – our key themes

MOUNTAINS, MYTHS and MARITIME

Fire & Ice

Giants, Druids &
Early Saints

Castles, Thrones,
Invaders & Conquests

Ulaid dynasties, high kings, and invaders from the sea have all left their stories in the shadows of archaeological ruins. Castles, keeps and towers can be found on prominent locations and each has a story to tell of power, rebellion and conquest. With Viking invasions and clashes in Strangford Lough, the warring of the Anglo-Normans and the Battle of Down – the stage for modern fantasy and ongoing sagas of dynastic warfare has been set with *A Song of Ice and Fire* now played out in *The Game of Thrones*.

Building the framework – our key themes

MOUNTAINS, MYTHS and MARITIME

The past continues to shape today. The story of our industrial, agricultural and maritime heritage is around every corner. The tapestry of fields and stone walls, the fishing villages, the legacy of the railway and canal era, the proud linen mills, the corn mills, and the stately buildings that stand as a strong reminder of the importance of our granite and the significance of commerce throughout our history. Times of prosperity and the lifestyles of stately homes stand today in mellowed contrast to times of hardship and stories of famine ships setting sail from Warrenpoint. Today this rich tapestry of livelihoods and lifestyles that depend on maintaining the integrity of our mountains, myths and maritime is still with us – in our music, our arts, our museums, and in the words of our poets and writers; in the unique blend of flavours that our terroir and local waters have produced; and, in that strong sense of community we offer as we celebrate this amazing heritage and our culture of today.

How our stories fit the frame

MOUNTAINS, MYTHS and MARITIME

Delivering EPIC Moments

Fire & Ice

Experiences that bring the contrasts of land and sea, fire and ice, adrenalin and relaxation... to life

Fire & Ice Revealed

The geological story is foundational to all our stories – the shape of our landscape, the nature of our coastline, our granite buildings and archaeological ruins, even the unique flavours of our food. An understanding of this theme reveals the unique identity of the area, explains the global classification of granite and the international significance of the proposed Geopark

EPIC Moments

- **Experiencing the summits** – through signature access opportunity, a dynamic interpretive centre, and summit-based guided activities (P)
 - **Multi-day guided hike experience** (TBE)
 - **Guided kayak**/culinary experience to Taggart Island (TBD)
- ### Supporting Experiences
- Traditional craft courses that connect with the geology
 - Dark Skies at Silent Valley (TBD)

Pure Adrenalin – at Land and Sea

Experience the adrenalin of adventure year round, and discover how the underlying granites shape the climb or accelerate the ride; how the ebb and flow of our currents and the nature of our loughs and coastline offer everything from serenity on the water to intense challenge; and how the glacial drumlins gave us the landscape of gentle hikes

“Geopark” Wellness

Experience the intoxicating mountain air and relax to the sounds of the waves. Discover the revitalising qualities of seaweed and local minerals, and find new ways to embrace healthy living.

EPIC Moments

- **Existing adventure activities** – mountain biking, climbing, sailing, coastal kayaking. Combining these activities with elements that complement such as an evening barbeque, or grouping activities (e.g. Loop of the Lough, Carlingford) will add value to the experience
 - **Trails and ales** – e-mountain biking that allows you to savour the landscape and its produce in a new way
- ### Supporting Experiences
- Golf like a champion
 - Cycle the Greenway – and return by ferry

EPIC Moments

- **Existing wellbeing experiences** complemented with additional activities such as yoga on the beach or in the mountains, an e-bike tour and afternoon (TBE)

Delivering EPIC Moments

Experiences that highlight the mystical, the mysterious and the mindfulness of the moment

Giant Tales

The stories of giants can be found across the region, and their ‘marks’ on the landscape are there to be discovered. This mythical presence is the very essence of this part of Ireland

Mountain of Mystery; Of Fionn the brave; Of Saint-scholar Gael; Of legend and tale – I am your slave (M.J. Murphy)

EPIC Moments

- **Exploring Ring of Gullion with ‘Cú Chulainn’** – trace the footsteps from 4,000 years ago, discover the myths and legends of Ring of Gullion and join the mythical heroes for a Bronze Age feast (TBE)
- **Ring of Gullion Lunasa Festival** (TBE)
- **Wake the Giant Festival**
- **Supporting Experiences**
 - The Giant’s Liar

St. Patrick and the early saints

Discover the roots of Christianity in Ireland and trace the footsteps of St. Patrick and the early saints. Follow pilgrim trails and unearth the stories as Druids gave way to Saints, and the remnants in the landscape changed from cairns to crosses. Explore how the elements of spirituality are still ever-present.

EPIC Moments

- **The St. Patrick experience** – joined up opportunity to discover the story of Patrick, the man (TBE)
- **The Pilgrim Walk** – 7/8 day pilgrimage
- **From pagan to pilgrim** – exploring the lives of our early Celtic sisters in Ring of Gullion (TBD), Strangford & Lecale – additional themes: e.g. plants
- **St. Patrick’s Trail** (by foot)(TBE)
- **Supporting Experiences**
 - Music in the rafters – developing unique experiences in the Cathedrals (TBD)
 - Existing themed tours of early Christian sites & cathedrals

Inspiring Narnia

The mountains and the sea are renowned for the way in which they have inspired creativity down through the ages. Our creative arts and music reflect the elemental forces of *fire and ice*, of land and sea

EPIC Moments

- **The Narnia Experience** – ongoing arts, music, dance, theatre programme based at Rostrevor (TBD)
- **Fiddlers Green Festival; Blues in the Bay**
- **Supporting Experiences**
 - Poetry/writers’ workshop; performance at Creggan (TBD)

Delivering EPIC Moments

Castles, Thrones, Invaders & Conquests

Drama and the clash of swords. High court intrigue and rebellion. Feel, hear, smell and taste EPIC moments in our mountains, myths and maritime stories

Encountering the Vikings

The stories of Viking raids along the coast of Ireland are prevalent. The ebb and flow of power was particularly evident in the Strangford Lough (Lough Cuan) area. Final defeat of the Vikings by the Ulaoid brought about the renaissance of Downpatrick – their base of local power

EPIC Moments

- **Viking invasions** – row up the River Quoile in a Viking longboat, arrive at the Mound of Down for a re-enactment of past invasions (TBD). (Also, the opportunity to row toward Ballyduggan Mill – proposed site for a Viking village) (P)
- **Ancient Celtic Games** (TBD)

Supporting Experiences

- Existing Viking festivals – e.g. Delamont, Kilbroney

EPIC Moments

- **Gap of the North experience** – look at the terrain from a defense perspective and discover why this gap created battles of stalemate. Explore the relics of associated defense systems (TBD)

- **Tower House Tour** from Gap of the North to coast

Supporting Experiences

- Defending Lecale – themed tour (land or sea) of the castles, forts, and lighthouse
- Take in the Skiffie Festival – a modern day challenge to win supremacy on Strangford Lough

EPIC Moments

- **The Winterfell experience** – existing – experienced on land, by sea and on bicycle + **Winterfell Festival**.
- **A King's banquet** (TBD) – a castle/culinary experience
- Legacy Experience (P)

Supporting Experiences

- Themed experience at The Cuan / Existing tours

The Gap of the North – wars & rebellions

Explore how the geology of the area created the most important strategic gap in all of Ireland – reflected in the folklore of Cú Chulainn, the story of the Battle of Moyry Pass, and the more recent political history of the Borderlands. Elsewhere, the reminders of defence systems can be seen in the castles scattered throughout.

Game of Thrones

Fact gives way to fiction and the power of the screen. Walking around the ancestral castle and the base of power for the House of Stark at Winterfell has an irresistible appeal that offers a new twist to this theme.

Delivering EPIC Moments

Experiences that highlight the unique elements of contemporary life and the traditions that define our culture

Prosperity & adversity

Commerce and industry have had a profound impact on the look and feel of the region today. The remains of this legacy – maritime and land-based, can be felt throughout – in stately homes, industrial heritage, street architecture, railways and canals. But the canal carried coffin ships as well as coal ships, and the stories of adversity remind us of hardships that linger in the landscape.

EPIC Moments

- **City of Merchants** – a festival animating the town's past and present, its trade secrets, and offering unique culinary experiences on the canal and at Bagenall's Castle. Continued with Twilight markets + ghost tours
 - **Racing with the celebrities** – a two day event with 'behind the scenes' opportunities to meet trainers & celebrities at Downpatrick (TBD – to involve the town)
- Supporting Experiences**
- Castlewellan, Castle Ward, Bessbrook, Derrymore
 - Newry Canal; gardens – Castlewellan, Rowallane

Mourne-Strangford Coastal flavours

The region has the potential to become a lead destination in culinary flavours of coast and mountain. Whether it is a meal in a restaurant or local pub, or whether it is an integral element of an EPIC experience, NMD can achieve stand-out in its local foods, artisan drink, and in the stories that relate to the terroir and the producers.

EPIC Moments

- **Catch and cook** – from a fishing experience with the history of the harbours and coast, to cooking at the Mourne Seafood Cookery School (TBD)
- **Gin & chocolates** – a decadent pairing in a unique distillery setting near to the birth place of Hans Sloane
- **Textiles & tea** – explore the story of linen production and enjoy afternoon tea complete with line doillies; or engage in a craft & add Mourne honey to the 'mix'.

Life on land & sea

Contemporary life in the region offers numerous opportunities to engage visitors – Gaelic football at Crossmaglen, maritime festivals, craic in the pub – all ways of adding value to existing experiences

EPIC Moments

- **Turning the ordinary into extraordinary** – packaging local sporting events with the chance to meet the team; spending a day working on the estate of a stately home; or participating in a murder mystery dinner.

The story of St. Patrick from his landing to his burial in this area – a landscape shaped by the forces of continents shifting and carved by ice. The turbulent history associated with the Vikings, the Anglo-Normans and the 1798 rebellion awaits discovery within the streets of Downpatrick and along the coastline of the AONB

Key Themes & Stories

Fire & Ice – shifting continents, the remnants of shallow tropical seas and desert sands, vertical dunes of molten lava, an ice sculpted landscape of drumlins partially drowned by floods of melting ice

Giants, Druids & Early Saints – the cradle of Christianity in Ireland and the remarkable story of St. Patrick

Castles, Thrones, Invaders & Conquests – invasions from sea and overland, from the Dál Riata chieftains to the Game of Thrones castles and keeps from alliances, battles and rebellions

Livelihoods & Lifestyles – a long commercial and sea trading history, the story of rail and Downpatrick geol

EPIC Moment Experiences – Existing & Potential

- The St. Patrick Experience – joined up and behind the scenes
- Encountering the Vikings – sailing to Ballydugan and experiencing a recreated Medieval settlement
- Re-enactment events – Entrenchment of a King on the Mound of Down, Ancient Celtic Games
- A Festival of Racing – new two-day event that celebrates all things Downpatrick
- Gin & chocolates
- Game of Thrones – Festival, tours and activities
- Experiencing Strangford from the water – kayak, boat, Sliemys
- Local food experiences

Describe potential experience

Discuss what needs to happen to bring the experience to market?

Identify potential partners

Creating synergies with the Global Geopark initiative

- The two **projects need to be integrated** and complement each other
- The **Geopark** will create a strong market identity for the destination – it needs to **encapsulate the essence of mountains, myths and maritime**
 - **Naming** of the Geopark / **awareness**
 - **Assessment of ‘geosites’** – existing experiences, potential experiences, access, interpretive signage
 - Interlinkages between the geology and the prehistoric and historic heritage
 - Mapping of stories
 - Operate as a **de facto park**
 - **Application**

Strengthening training of guides and ambassadors

- Review existing training programmes (MHT, Slieve Gullion and Strangford), and develop one **cohesive programme that is based on certification** and advances the knowledge base of existing 'graduates'
- Use certification as a mark of '**quality assurance**'
- Develop a **content management system** for the key stories and related images to ensure some degree of consistency and understanding, although there will be local variations.
 - A substantial wealth of material already exists (brochures on trails etc.).

Expanding awareness on experience development

- Establish a **‘tourism forum’** that offers operators a networking opportunity and provides NMDDC with a platform to profile local success stories, and to present best practices from elsewhere
- Develop and implement **‘experience development’ workshops** for the wider industry following the pilot project.
- **Work with businesses to fill service gaps** such as ‘baggage forwarding’ service for hikers and cyclists.
- **Assist in facilitating dialogue with other agencies** in the use of sites and resources for developing experiences – e.g. the National Trust, DAERA, Department for Communities, NI Water.
- Work with TNI, TI, and tour operators to **familiarise** them with the new experiences.
- Create **opportunities for industry and local residents** to engage in the experiences first hand

Working with partners to strengthen 'pride of place'

- Review opportunities to **improve local aesthetics** of townscapes – e.g. improving the visual qualities of the Newry pedestrian underpass, continuing to address recognised priorities in urban masterplans.
- Work with partners and volunteers to assess **waymarking and signage**.
- Continue to look at ways of addressing **litter** issues:
 - Identify ways of building stronger links between the tourism sector and schools regarding the issue.
 - Work with the maritime sector to look at ways of addressing litter sourced from the sea
- Continue to promote participation in '**Communities in Bloom**'.

Report of Visitor Experience Plan Workshop with all Councillors on 12 October at 9.15am in Council Offices, Downpatrick

Present: Councillor Clarke Councillor Tinnelly Michelle Boyle
Councillor Harvey Andy Patterson
Councillor Loughran Marie Ward Mark Mohan

	Issues Raised	Agreed	Action Taken
1	Presentation on Visitor Experience Plans J Houillebecq Team Tourism undertook a presentation of the draft Visitor Experience Plan (copy attached). Councillor Craig welcomed the opportunity to work with the businesses. Councillor Clarke welcomed the Cluster approach and the importance of getting the businesses involved that wouldn't normally engage. In terms of the GeoPark proposal, the communication is key and in particular engaging with local community and local landowners. The importance of access to the water right around the district was also highlighted. Councillor Tinnelly welcomed the presentation and discussed the importance of realising the resources we have and referred to the recent		

	Red Bull Fox Hunt and the social media coverage over a few days. Councillor Harvey welcomed the workbook presentation and queried who the clusters would be. M Ward advised it will be initially working with businesses that are ready to come together with the aim of having experiences to market for 2018. Councillor Loughran welcomed the presentation and suggested the importance of Councillors seeing the presentation.

Dear Colleague

As you will be aware, Belfast City Council in partnership with Derry City and Strabane District Council are progressing a bid for the title of European Capital of Culture for 2023.

The European Capital of Culture is a much coveted award and we believe that participating in and securing the title for 2023 presents the Northern Ireland region with a wonderful opportunity to promote and showcase the cultural and creative aspects of our region as well as delivering many wider social and economic benefits to all our citizens.

What are the Benefits?

Previous experience shows that securing the European Capital of Culture title can act as a catalyst to supporting the social, economic and physical regeneration of the wider region.

A successful Northern Ireland based bid would help grow our economy by:

- generating a direct economic return
- raising the international profile of Northern Ireland Plc
- significantly boosting tourism
- supporting investment and job creation
- supporting skills development and enhancing entrepreneurship
- improving connectivity
- breathing new life into Northern Ireland's culture sector
- enhancing European linkages in context of Brexit

There are also benefits for our people living not just in both cities but across Northern Ireland. A successful bid would help connect people to opportunities; create positive changes in attitudes and perceptions; enhance civic engagement and participation; improve social inclusion and promote the richness and diversity of cultures across Europe.

Our aim is to develop a programme which will help us realise long lasting economic and social benefits for the wider NI region. We want to promote Northern Ireland as a vibrant place, positioned on the edge of the European Union but which displays a rich and diverse European cultural heritage. As a region, we are emerging away from our difficult past towards a shared place with an outward facing vision and hopeful ambitions for our future.

Supporting the bid

We hope that your Council will join with us in recognising the significant benefits to be gained from participating in the European Capital of Culture Bid for 2023 and we feel that it would be hugely beneficial if we can demonstrate that the bid has the unanimous support of all 11 councils in the region.

The first key milestone in the process is the submission of Phase 1 of the bid to the Department of Culture, Media and Sport by 27 October 2017. We would therefore be grateful if your council would consider providing a statement of your support for Phase 1 of the European Capital of Culture bid before we make our formal submission in October 2017 or shortly thereafter if possible. Draft wording is attached for your consideration but please feel free to word your letter of support as you feel appropriate.

We would particularly wish to work in partnership with your council during Phase 2 of the bid to help in the development of the detailed programme of projects and events which will take place not only in the years leading up to 2023, but during the award year and beyond - ensuring that the positive impacts from the programme are felt across the region and into the future. There will also be opportunities to contribute financially to elements of the programme.

Yours sincerely

Report to:	Enterprise Regeneration and Tourism Committee
Subject:	Update on the Social Enterprise Programme (phase II)
Date:	Monday 13 th November 2017
Reporting Officer:	Jonathan McGilly, Assistant Director Enterprise, Employment & Regeneration
Contact Officer:	Martin Patterson, Enterprise Development Officer

Decisions Required

For noting

1.0 Purpose and Background

The Social Entrepreneurship Innovation Programme (phase II), is delivered in partnership by Newry and Mourne Enterprise Agency, Down business Centre and our Council. It was approved in March 2017 follows on from and builds upon the work of the Social Enterprise Programme 2015 – 2016. The programme previously successfully met and exceeded all outcomes.

The current programme is also exceeding its targets and provides business planning, start-up and business development support to community groups and organisations with strong, well developed social enterprise ideas. This support includes:

- 8 New Social Enterprise Start Ups, 12 new jobs created, 30 new volunteers recruited
- 8 groups receiving mentoring support for market research and project development
- 8 groups assisted in developing a social enterprise Business Plan
- 8 groups helped to identify and source start-up finance or investment
- Start-up development, premises, recruitment & selection, policies & procedures for 8 groups.
- Product and service development, marketing and sales development for 8 groups
- 8 groups assisted with operational and financial management skills, tools and systems
- 8 boards of directors trained in governance to professional best practice standards
- £300,000 Gross Value Added (measure of value of goods and services produced in Newry, Mourne and Down area)

2.0	Key Issues The outputs detailed below have been exceeded from April 2017 with more than 50 participants being enrolled in the programme throughout the District. The current programme of support to early stage social entrepreneurs and emerging social enterprises is assisting: • 12 groups to explore Social Enterprise ideas through Workshops and 1-2-1 mentoring • 20 organisations from the Private and Public sectors to learn about social enterprise • 20 organisations to form a Newry, Mourne and Down Social Enterprise support network • 80 people to participate in a Social Enterprise Newry, Mourne and Down Celebration, Showcasing & Awards Event In addition to this programme, Newry & Mourne Enterprise Agency and Down Business Centre continue to provide wider social enterprise advice and guidance to Newry, Mourne and Down District Council and clients on social enterprise initiatives. This continued cooperation between Newry, Mourne and Down District Council and Newry & Mourne Enterprise Agency/Down Business Centre has the potential to leverage in additional subsidy from the Department for Communities for future social enterprise and community development and support. Recent successes of the participants in the programme have been recognised most recently with 5 social enterprises being honoured at the 2017 Newry, Mourne and Down Business Awards.

Newry, Mourne and Down District Council

The Council's Scheme of Delegation for Officers is made in accordance with Section 7 (arrangements for discharge of functions of Council) of the Local Government (NI) Act 2014.

Arrangements for Monitoring and Review

Each Department is required to appoint an officer with responsibility for maintaining a register of delegated decisions. Reports on the register shall be brought to relevant Committees on a bi-annual basis.

A corporate register of delegated decisions shall be maintained by the Head of Democratic Services which can be requested to be produced by any Committee of Council at any time. The Head of Democratic Services is the responsible officer for ensuring this register remains current and accurate at all times.

Scheme of Delegated Decisions for Reporting

The following delegated decisions or authorisations are to be reported monthly (unless otherwise specified) to the relevant Committee by the officer responsible for making or granting.

1. Engaging consultancy assistance below the delegated level of £2,000;
2. Decision to commence formal restructuring within a Department or Departments;
3. Consultation responses other than technical responses where officers asked for Member views;
4. Decisions arising from external report on significant Health and Safety at Work;
5. In cases of emergency, the allocation or awarding of Financial assistance (small grants) to external groups or organisations below the delegated level of £300; and
6. Other decisions such as those with political, media or industrial relations implications that Directors consider Members should be aware of.

Attached is a reporting form for each of the categories of delegated decisions/authorisations which should be completed by Departmental Officers and reported to relevant committees.

Other decisions or authorisations delegated to each Department under the Scheme of Delegation, should be reported by way of a bi-annual report to the relevant Committee of Council, (refer to the Council's Scheme of Delegation for complete list of delegated matters).

A copy should also be forwarded to Eileen McParland, Democratic Services Manager – eileen.mcparland@newryandmourne.gov.uk
