Counter Representation

In accordance with Regulation 18 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015 any person may make a counter representation in relation to a representation seeking a change to the draft Plan Strategy. The purpose of a counter representation is to provide an opportunity to respond to proposed changes to the draft Plan Strategy as a result of representations submitted under Regulation 16 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

A counter representation must not propose any further changes to the draft Plan Strategy.

Please provide the reference number of the site-specific policy representation to which your counter representation relates to.

Please give reasons for your counter representation having particular regard to the soundness test(s) identified in the Department for Infrastructure’s Development Plan Practice Note 06 Soundness. Please note that your counter representation must not propose any new changes to the draft Plan Strategy.

Please note your counter representation should be submitted in full and succinctly cover all the information, evidence, and any supporting information necessary to support/justify your submission.

There will not be a subsequent opportunity to make any further submissions based on your original counter representation. After this stage, further submissions will only be at the request of the independent examiner, based on the matters and issues he/she identifies at independent examination.

I am opposed to this representation and support the Plan's proposal for a minimum of 20% social or affordable housing in housing developments because there is a crying need for such properties.

NMD-DPS-043

Many of the proposals in this representation are completely focussed on provision for cyclists, often resulting in dangers to pedestrians, particular pedestrians in vulnerable categories, such as children and those with disabilities and/or elderly. I recommend that the LDP should pay real attention to the needs of pedestrians and their safety.

NMD-DPS-080

The proposals in this representation relating to the right to roam ignore the considerable environmental and ecological destruction caused by promotion of walkers' access to sensitive natural areas. The plan needs to maintain a very careful balance between the need for access to the natural environment and its protection.

(If additional space is required, please continue on a separate sheet)

The personal information you provide on this form will only be used for the purpose of Plan Preparation and will not be shared with any third party unless law or regulation compels such a disclosure. It should also be noted that in accordance with Regulation 19 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, the Council must make a copy of any counter representation available for inspection. The Council is also required to submit the counter representations to the Department for Infrastructure (DfI), and they will then be considered as part of the Independent Examination (IE) process.
