1 Apologies and Chairperson's Remarks

Apologies were received as recorded.

Councillor Burgess welcomed all to the meeting. Cllr Burgess thanked all who attended the local policing consultation events in October and thanked Mr McEvoy and the team for ensuring the events were very successful. Feedback from the Policing Board was positive and they acknowledged that there was a great turnout at the public event. Cllr Burgess added that the consultation period has now ended and we look forward to the outcomes.

Cllr Burgess advised Members that, on 28 November 2018, an event part-funded by PCSP will take place in the Burrendale Hotel featuring international expert, Jackson Katz. This event is being organised by the South Eastern Domestic & Sexual Violence Partnership and is targeted at men in leadership roles. All members are encouraged to attend.

Members were reminded to submit their monthly expenses claims to Fidelma Tweedy at the start of each month.

Cllr Burgess advised that he and Mrs Stephens had attended the Chair and Vice Chair training in November which was a very useful and informative session. He then handed over to Mrs Stephens for a short summary of the scamming event held in Belfast on Monday past.

Mrs Stephens told the meeting how she and Mrs Byrne had attended the Psychology of Scamming Seminar organised by Scamwise. This proved to be a very informative session at which the Guest Speaker was a former scammer who, having been jailed has turned his life around and is now helping police forces and businesses in the battle against scamming. He gave an insight into how data we think is safe can be used in the wrong hands and the importance of constantly changing passwords and keycodes.

3 Matters Arising

There were no matters arising.

4 Declarations of Interest

There were no declarations of interest.

5 Presentation of Standing Orders

Report presented by Mrs Hillen who advised that Members would be given time to consider these documents. Mrs Hillen asked for feedback to be submitted by 30 November 2018. She further added that the Standing Orders will commit the Partnership to a number of operational practices and drew their attention to point 9 and point 16 of the draft document.

Mrs Kelly asked, for clarification regarding the ability of sub groups to make decisions and if these decisions could be implemented without going to full Partnership first. Mrs Hillen replied that decisions of Sub-Committees should be ratified at the next Partnership meeting as best practice.

Ms Wilson asked if there was any potential to change the time of the PCSP Committee meeting, to have it before the Policing Committee Meeting and asked if this query had arisen at the PCSP Workshop in October. Mrs Hillen replied that it had been raised at the workshop, with the preference being that the Policing Committee be held prior to the main PCSP meeting, in-line with current guidance from the NIPB.

Cllr Clarke said that the Meetings are currently in a trial period where both meetings are timed to 1 hour maximum. With regard to the Standing Orders, he would prefer if decisions are delegated to sub groups saying tackling sporadic ASB issues cannot wait up to 6 weeks for full Partnership to agree, the ASB sub group has to be proactive, those decisions can't wait. Mrs Hillen suggested that Chair and Vice Chair of the PCSP could ratify actions when required.

Mr Heaney asked about Statutory organisations not having voting rights and queried if that has been reviewed, is being reviewed or going to be reviewed. Mrs Hillen replied that she would check this and clarify at the next meeting.

Cllr Burgess requested Members to contact Mrs Hillen if they had anything comments on the Draft Standing Orders by the 30th November 2018

ACTION: Officers to seek clarification of voting rights of Statutory Bodies on Sub-Committees and at Partnership Meetings

6 Mourne Mountain Adventure

Read: Report by Mrs Janine Hillen, dated 13 November 2018, regarding Mourne Mountain Adventure (copy circulated).

Mrs Hillen said the purpose of the report was to seek approval to postpone MMA 2019.

The event has been run by PCSP since 2012, and independent evaluation of the event has not been completed to date.

Councillor Clarke said it was important to commission an evaluation so as to ensure the intended target groups participate.

Ms McQuiston queried whether SERC were undertaking the administrative work for MMA. Ms Hillen replied that SERC do work in partnership with the council to deliver the project, however Council remains the event controller and as such retain the majority of responsibilities.

Mr McEvoy explained that an email had been received from PSNI suggesting next year's event be postponed.

Ms McQuiston wished to note that it was a very successful event and now the PCSP are considering a postponement, she added that there quite a few groups from around the border taking part.

Councillor Quinn agreed it was very successful but added that he still thinks it does not appear to be attracting enough people from our local area where we are having problems.

Councillor Savage said he was concerned that the event may not attract people from deprived backgrounds. There are issues in our area where youth are hanging around, they say they have nothing to do, there is a breakdown in how we are dealing with these kids. They need an outlet and an opportunity for personal development. He thinks a key objective of an evaluation should be to engage with local young people.

Ms Leckey said we should be looking at how we can effectively target young people at risk and suggested that an outcome could be the attainment of a qualification.

Mr Murphy suggested it is down to community activists to support this type of project on their agenda.

Councillor Clarke said that Youthbase YMCA Newcastle and mPower teams are targeting hard to reach youth. He said there is now an opportunity to have a youth seminar, let the youth set it up and tell us how they would like things rolled out, it's necessary to get the youth involved.

Councillor Quinn added that he agreed with almost all that was said but wanted to raise concerns about main Youth Centres closing, such as Killowen Outdoor Education Centre and Shannaghmore.

On the proposal of Cllr Doran and seconded by Cllr Clarke, it was agreed to postpone
2019 pending external evaluation of the event.

13 AOB

In relation to ASB in Downpatrick and the costs of moving the CCTV camera, Mrs Kelly said that the tree in question was planted after the CCTV camera had been put up.

Mr Mc Evoy replied that a local PSNI Sgt from Downpatrick had been to CCTV control in Lisburn and saw how the particular camera outside the St. Patrick's Centre looks through a fully grown tree. The tree needs to be taken down to a height of 6 feet, however the tree is in a conservation zone and is protected. This means that the camera is not capturing ASB caused by youth in The Grove area. The estimate to move the camera with fibre optics to an alternative location at the Grove shopping centre could cost in the region of £15K.

Mrs Kelly said that she thought it was important that contact should be made regarding conservation as she feels the safety of people should take priority.

ACTION: Officers to further investigate the issue of moving CCTV camera outside St Patricks Centre and report back

14 Date of Next Meeting

The next PCSP Committee Meeting is scheduled for Tuesday 22 January 2019 in the Boardroom, Monaghan Row.

Meeting concluded at 19.46 pm.

Foreword by Newry, Mourne and Down PCSP Chair and Vice Chair

Chair: Cllr Harry Harvey

Vice-Chair- Grace McQuiston,

On behalf of the Members and Officers of Newry, Mourne and Down Policing and Community Safety Partnership (PCSP), we are delighted to introduce the third report of Newry, Mourne and Down PCSP 2017-18.

As Chair and Vice Chair we would like to take this opportunity to thank all the members of the PCSP of Newry, Mourne and Down District area for their dedication, hard work and contributions. All partners, councillors, independent members, statutory partners have been working well together to identify and find solutions to issues regarding the community's policing and safety concerns across the District.

This report outlines the achievement of the Newry Mourne and Down PCSP over the past year and how we are continuing to take a proactive and integrated approach to addressing issues of policing and community safety in Newry, Mourne and Down District.

We have achieved some excellent outcomes in 2017/18 against the three PCSP strategic priorities as outlined by the Joint Committee of the Department of Justice and the NI Policing Board which are outlined in our report.

We would like to thank and acknowledge those members of the public and community groups who attended our meetings, participated in consultations or engaged in our projects during the year. Building community engagement in what we do is crucial to the success of our PCSP plan. We will continue to promote this in our new plan.

We would like to thank all the PCSP staff for the efficient manner in which they have helped to deliver the plan against the strategic priorities.

We also would like to extend our thanks and gratitude to our PCSP Members and those who have engaged in our strategic assessment process for our next plan from 2019-22

Our PCSP is committed to helping reduce crime and address community safety issues in order to make our District a safer place for everyone as well as building confidence in policing. We recommend this report to you.

Cllr Harry Henry, NMD PCSP Chair and Grace McQuiston, NMD PCSP Vice-Chair

Section 1: PCSPs and their Strategic Priorities

What are PCSPs

The overall purpose of the PCSP is to help make communities safer and to ensure that the voices of local people are heard on policing and community safety issues.

The aim is to empower communities to work in partnership to develop solutions that will help to tackle crime, the fear of crime and anti-social behaviour.

PCSPs (Policing and Community Safety Partnerships) are statutory bodies established under the Justice Act (Northern Ireland) 2011.

They are funded jointly by the Northern Ireland Policing Board and the Department of Justice. A Joint Committee comprising representatives from the Board and the Department of Justice oversees the work of PCSPs.

PCSPs have a range of duties which are set in legislation:

- consult and engage with the local community on the issues of concern in relation to policing and community safety. Each PCSP has a Policing Committee with a distinct responsibility to provide views to the relevant district commander and the Policing Board on policing matters;
- identify and prioritise the particular issues of concern and prepare plans for how these can be tackled;
- monitor the performance of the police and work to gain the co-operation of the public with the police in preventing crime; and
- deliver a reduction in crime and enhance community safety in each district, directly through interventions, through the work of delivery groups or through support for the work of others.

PCSPs work with the community to identify issues of concern in the local area and prepare plans to deliver practical solutions.

They also work in partnership with other organisations which contribute to community safety in the area.

Each PCSP has a Policing Committee made up of political and independent members which carries out a distinct role in relation to policing functions.

The PCSP Policing Committee works with local police to develop the local policing plan and monitor their performance against this plan.

The Policing Committee's job is to:

- provide views to a relevant police commander and the Policing Board on any matter concerning the district;
- monitor performance of the police in carrying out the policing plan in the district; and
- make arrangements for obtaining the co-operation of the public with the police in preventing crime and enhancing community safety in the district

Partnerships are also able to establish delivery committees to take forward work in the community and any other pieces of work they may need and are able to form links with other groups who may have an interest in policing or community safety.

PCSPs may also establish Delivery Groups to address particular community safety issues that arise in their areas.

The Policing Board and the Department of Justice have set a number of strategic objectives for PCSPs to meet. These three strategic priorities are outlined below:

Strategic Priority 1 – to successfully deliver the functions of the Policing and Community Safety Partnership for the area by:

- Engaging with local community and statutory groups to identify local concerns in relation to policing and community safety, and to invite their contribution to prioritising and addressing those concerns;
- Preparing the PCSP's plan and organising the work of the partnership to meet priority needs;
- Putting in place implementation structures and delivery mechanisms and facilitating resident focused participatory community safety structures that will contribute to a reduction in crime and the enhancement of policing and community safety in the Partnership's area, directly through the collaborative working of the membership of the Partnership, through the work of its delivery groups or through working in partnership with, or supporting the work of, others;
- Increasing PCSP awareness with the public and key stakeholders by planning communications activity to more proactively inform and promote the work of the PCSPs.

Strategic Priority 2 – to improve community safety by tackling actual and perceived crime and anti-social behaviour through:

- Working in partnership with designated partners, local statutory bodies/agencies, the voluntary sector and the community to deal with, and reduce the impact of, actual and perceived anti-social behaviour and crime in the community;
- Ensuring that local statutory bodies and agencies deal with anti-social behaviour and crime related issues that matter in their area;
- Providing comprehensive community input into decision making processes about tackling actual and perceived anti-social behaviour and giving feedback on the effectiveness of interventions on meeting outcomes;
- Identifying and implementing ways to educate communities about the realities of anti-social behaviour and crime;
- Contributing to delivery of the Community Safety action plans, and initiatives that improve community safety.

Strategic Priority 3 – to support community confidence in policing through:

- Ensuring local accountability through the Policing Committee's role in monitoring police performance;
- Ensuring that policing delivery reflects the involvement, views and priorities of local communities;
- The inclusion of initiatives/projects in PCSP plans aimed directly at meeting the objectives of the Northern Ireland Policing Plan;
- Identifying, priorities from the PCSP Plan for consideration in the development of the local Policing Plan which are consistent with the Northern Ireland Policing Plan;
- Improving policing service delivery in partnership with local communities to build and strengthen public confidence in policing;

- Supporting effective engagement with the police and the local community, with specific emphasis on engagement with children, young people, at risk communities and disadvantaged communities;
- Building community confidence in the rule of law and embedding a culture of lawfulness by supporting the locality-based engagement that will emerge from local co-design in taking forward the Executive Action Plan as set out in Fresh Start and the Programme for Government.

In summary, the Newry, Mourne and Down PCSP carries out its work under the three Strategic Objectives. These are further outlined further on in this document.

1.To successfully deliver the functions of the Policing and Community Safety Partnership.

- This involves agreeing action plan for delivery, forming sub-groups, and updating members and the wider community on progress through various means such as press releases, Facebook and Twitter.

2.To improve community safety by tackling crime and anti-social behaviour.

PCSP runs a number of different programmes in partnership with other key organisations in order to make Newry, Mourne and Down a safer place. These include:

- Anti-social Behaviour Action Plans
- Community Safety Wardens
- Initiatives to tackle anti-social behaviour, hate crime, rural crime, road safety, gender-based violence, seasonal intervention, drugs and alcohol
- Neighbourhood Watch - [click here to view all PCSP Newsletters](#)
- PCSP supports Home Secure, Good Morning Good Neighbour and Domestic Violence Intervention programmes.

3.To support community confidence in policing.

- PCSP runs engagement events to promote community confidence in police and consults widely on Newry, Mourne and Down resident's attitudes and experiences of PSNI.

Section 2: Newry Mourne and Down PCSP Structure

PCSP Members

Newry, Mourne and Down PCSP is a statutory body established under the Justice Act (Northern Ireland) 2011 with the remit of making Newry, Mourne and Down safer.

The membership of Newry, Mourne and Down PCSP is made up of **10 locally elected councillors**; **9 local independent members** of the public who have gone through a public appointment process; and representatives from **7 statutory organisations** who can have a positive impact on policing and community safety. These designated organisations are required by law to nominate a representative to attend the PCSP.

As required by the Justice Act (Northern Ireland) 2011, Newry, Mourne and Down PCSP also operates a **Policing Committee** comprising of its Elected and Independent Members. The Policing Committee has specific “restricted functions” as set out in the legislation which involves identifying priorities for consideration in the development of the local Policing Plan (this plan sets out the targets against which local policing service is measured), monitoring police performance and gaining the cooperation of the public with the police in preventing crime and enhancing community safety in the Newry, Mourne and Down District.

Building on effective relationships both with the Designated Organisations and with local partners is also critical to underpinning a **joined-up, multi-agency, multi-disciplinary approach** to making our local communities safer so that duplication can be avoided and impact maximised.

Some background to the Designated Partners

Probation Board for Northern Ireland (PBNI)

The Probation Board for Northern Ireland (PBNI) is engaged in changing the lives of offenders for safer communities. The range of work carried out by PBNI staff includes supervising offenders, delivering over 185,000 hours of unpaid work per annum through community service, preparing court reports and delivering behavioural change programmes. In addition, PBNI works directly with victims of crime. Their fundamental goal and focus is helping create safer communities. As a statutory agency on all PCSPs in N. Ireland, PBNI is committed to working with the community and their representatives to address community safety.

Youth Justice Agency (YJA)

The Youth Justice Agency (YJA) was established in April 2003 and is an agency of the Department of Justice. The agency's statement of purpose is: "Making communities safer by helping children to stop offending." YJA works with 10 to 18 year olds who are referred by court or the Public Prosecution Service. Membership of the PCSP has helped YJA to have a better understanding of issues in the local area and to ensure that their services are better coordinated with those of others.

Police Service of Northern Ireland (PSNI)

PSNI within Newry, Mourne and Down are committed to keeping people safe right across the district. This means dealing with local concerns and issues which have an impact on the quality of daily life and providing a service which meets the needs of the community. It means establishing trust and confidence with communities and partners through the delivery of an excellent service and it means keeping people safe from harm, risk and threat. The PSNI are committed to working with the PCSP to address these issues and to providing a visible and responsive policing service.

Education Authority Northern Ireland (EANI)

The Education Authority for Northern Ireland was established under the Education Act Northern Ireland 2014 and became operational on 1st April 2015. This replaced the previous local education boards. The mission of the board is to ensure that high quality education, youth and library support services exist throughout the area and their vision is to be valued for providing coherent high-quality services to meet the needs of their user community.

Northern Ireland Fire and Rescue Service (NIFRS)

Northern Ireland Fire & Rescue Service (NIFRS) is committed to protecting the community. They respond to fires, road traffic collisions and other specialist rescue incidents and provide community safety education and advice. Their mission is to deliver a fire and rescue service and work in partnership with others to ensure the safety and well-being of the community.

Southern Health and Social Care Trust (SHSCT)

In Northern Ireland there are 5 regional Health and Social Care Trusts. The Southern Health and Social Care Trust and the South Eastern Health and Social Care Trust work across Newry, Mourne and Down Council area. Their objectives are to provide safe, high quality care, to maximize independence and choice for our patients and clients, to support people and communities to live healthy lives and improve their health and wellbeing, be a great place to work, make the best use of resources, and be a good social partner within our local communities.

Housing Executive (NIHE)

The Northern Ireland Housing Executive was established by the Housing Executive (Northern Ireland) Act 1971. It offers a range of services to people living in socially rented, privately rented and owner-occupied accommodation as well as supporting and working with a number of other public bodies. Their vision is one in which housing plays its part in creating a peaceful, inclusive, prosperous and fair society. Their role in working with local communities and other agencies, whether public, private or voluntary sector, is to tackle issues that make a real difference to everyone's quality of life including the physical and social regeneration of local neighbourhoods, community safety and reductions in anti-social behaviour and good community relations.

Section 3: Profile of The Newry Mourne and Down Area

Newry, Mourne and Down District Council area covers the southeast of Northern Ireland, including southern County Armagh and large parts of County Down. Renowned for its scenic beauty, the area is bounded on the east by Strangford Lough and Carlingford Lough, and on the west by Slieve Gullion and Slieve Croob, with the picturesque Mountains of Mourne at the centre. To complement the area's outstanding natural assets, it is also home to a number of significant built heritage assets including Struell Wells in Downpatrick, Dundrum Castle and Bagenal's Castle in Newry City.

As the third largest Council, Newry, Mourne and Down makes up approximately 11% of the total land area of Northern Ireland, more than 100 miles of coastline, and provide services to 171,533 residents (2011 Census). This represents 9.5% of the total population of Northern Ireland. 28.5% of the population is aged 19 or younger, 58.1% are 20-64 and 13.4% are over 65. With such a significant population, the challenge is to effectively cater for an increasing demand for public services but within reduced public expenditure. In addition to Newry City, the principal settlements are Downpatrick, Ballynahinch, Kilkeel, Newcastle, Warrenpoint and Crossmaglen.

It incorporates all of the Mourne Mountains Area of Outstanding Natural Beauty and has an extensive coastline stretching from Strangford Lough to Carlingford Lough, and border counties Louth and Monaghan in the Republic of Ireland.

NMD PCSP and Collaborative Gain

Living well Together is the community plan for Newry, Mourne and Down to 2030. This outlines how, through working together, agencies can improve service delivery and improve the quality of life of local communities with a focus on prevention and early intervention. This aims to add value to the core work of each partner, which in turn improves services to citizens and service users.

Addressing crime is one of the key outcomes of the community plan - **"All people in Newry, Mourne and Down live in respectful, safe and vibrant communities"**. The plan recognises that community confidence in the rule of law and embedding a culture of lawfulness is a key contributor to people's feelings of personal safety and crime rate. Personal security is a core element for the well-being of individuals and of society as a whole, and the experience of crime is one of the main factors shaping people's personal security. Crime may lead to loss of life and property, as well as engendering physical pain, post-traumatic stress and anxiety. It may also cause impairments in occupational activities (e.g. lower productivity and higher absenteeism) and

disruption in social functioning (e.g. restriction in freedom of movement and erosion of social cohesion within communities). The biggest impact of crime on people's well-being appears to be through the feeling of vulnerability that it causes (Anans and Santos, 2006).

The Living Well Together Action Plan sets out the partnership actions to be taken towards achieving the agreed outcomes. Actions to address the Indicators are being delivered through District Wide Delivery Plans taken forward by Thematic Groups. Cross-cutting elements of tackling inequalities, and early intervention and prevention permeate through each of the Delivery Plans.

The NMD PCSP sits within **the Safety and Good Relations Thematic Group**. One of the indicators under the *"All people in Newry, Mourne and Down live in respectful, safe and vibrant communities"* outcome is the *Level of Personal Safety and Crime Rate* measured by *the crime rate; the fear of crime; and the Number of Neighbourhood Watch schemes/ farm watch schemes*.

Some indicative actions per DEA are outlined below and link to each of the DEA plans in the District. This ensures a real locality-based approach to the delivery of the PCSP plan.

Priority 1

- Communication with public

Priority 2

- Anti-social behaviour
- Youth engagement
- Drugs and Alcohol awareness
- Hate Crime
- Burglary and fear of crime/ Neighbourhood Watch
- Seasonal Intervention grants
- Road Safety

B: PCSP Achievements under each Priority

The following describes what the PCSP achieved in 2017-2018 under the three strategic objectives; how it worked in partnership with others to achieve these objectives; and how the PCSP measured performance through the prescribed Outcomes Based Accountability (OBA) process which describes

Priority 1: To successfully deliver the functions of the PCSP

The Policing & Community Safety Partnership met on a bi-monthly basis in 2017-18 alternating between Newry and Downpatrick. It should however be noted that, and due to departure of key staff members during the year, completion of Annual Report has not commenced. It is hoped it will be completed by December 2018.

The Scheme is under review with Equality commission. The new Strategic Assessment has commenced and, when completed, this will inform the Newry, Mourne and Down PCSP Strategy for 2019-2022.

The PCSP Members received training over the year. These included specific training for members and sessions on Outcome Based Accountability (OBA).

During each of the main bi-monthly meetings, there was also an input from the statutory members updating the PCSP on the work that each statutory organisation is doing. At each meeting the action plan is reviewed to ensure it is still in line with the needs of the area and to address any emerging issues that may have arisen since the last meeting as identified by the members and staff.

The PCSP also took part in the delivery group of the Community Plan, contributing even more to alignment between both plans.

The PCSP operates a number of sub-groups.

- ASB Sub Group
- Funding Sub Group
- Engagement Sub Group
- Bonfire Sub Group

The Anti-Social Behaviour sub-group agrees actions to combat anti-social behaviour in the three areas identified by the action plan. These include divisionary programmes to reduce the anti-social behaviour in these areas.

The Engagement sub-group agrees engagement actions so that the public are aware of what the PCSP can deliver with regard to community safety.

The Funding Sub Group agrees the criteria and funding limits for seasonal intervention grants.

The bonfire subgroup addresses any emerging issues around bonfires.

During 2017-18 Newry, Mourne and Down PCSP has met with a range of groups and participated in a wide range of events to consult with the public and raise awareness of the role of the Policing and Community Safety Partnership. We delivered a range of projects and funded a number of community initiatives. All of this has served to contribute to a reduction in crime, antisocial behaviour and fear of crime.

Communications

The Newry Mourne and Down PCSP published 2 newsletters and distributed them to over 7,000 households and community groups. The newsletter is distributed to and through Neighbourhood Watch Co-ordinators, and also through the Neighbourhood Renewal Newsletter which is disseminated to each home of the Neighbourhood Renewal Areas in Newry, Mourne and Down.

The PCSP continued to develop its online presence on Facebook and Twitter and published press releases when necessary. The aim is to get all information out about events and information relating to the PCSP to as many followers, friends and people as possible. At least 6 face book updates per week were uploaded by the team, linked to specific issues at that time of the year.

Crime Prevention Talks

The Newry, Mourne and Down Policing and Community Safety Partnership have been running a series of Crime Prevention talks around the district to help protect vulnerable people and homes. The talks include information about the scheme from PSNI, the Home Secure scheme, Neighbourhood Watch and also work with Crimestoppers. The PCSP have been working with Neighbourhood Watch Schemes and coordinators, community associations, church groups and age friendly groups across the district.

TEN TOP TIPS

Here are some tips to significantly reduce the chance of your home being burgled.

1. Close and lock all doors even if you are going out for a few minutes.
2. Leave a light on if it will be dark before you get home or consider using a timer or security lights. To a burglar a dark house is an empty house.
3. Keep your valuables out of sight.
4. Don't leave car keys near your door, letterbox or windows.
5. Always check who is at the door. Not sure? Don't open the door.
6. Set your alarm when going out and at night time.
7. If you do not have an alarm consider installing one.
8. Ask a neighbour or friend to check your property and to remove post from the porch/hallway if you are away.
9. Inform police if your house is to be vacant for any length of time.
10. Always keep sheds and outbuildings locked and secure ladders.

Priority 2: To improve community safety by tackling crime and anti-social behaviour

PCSP runs a number of different programmes in partnership to make Newry, Mourne and Down a safer place. These include:

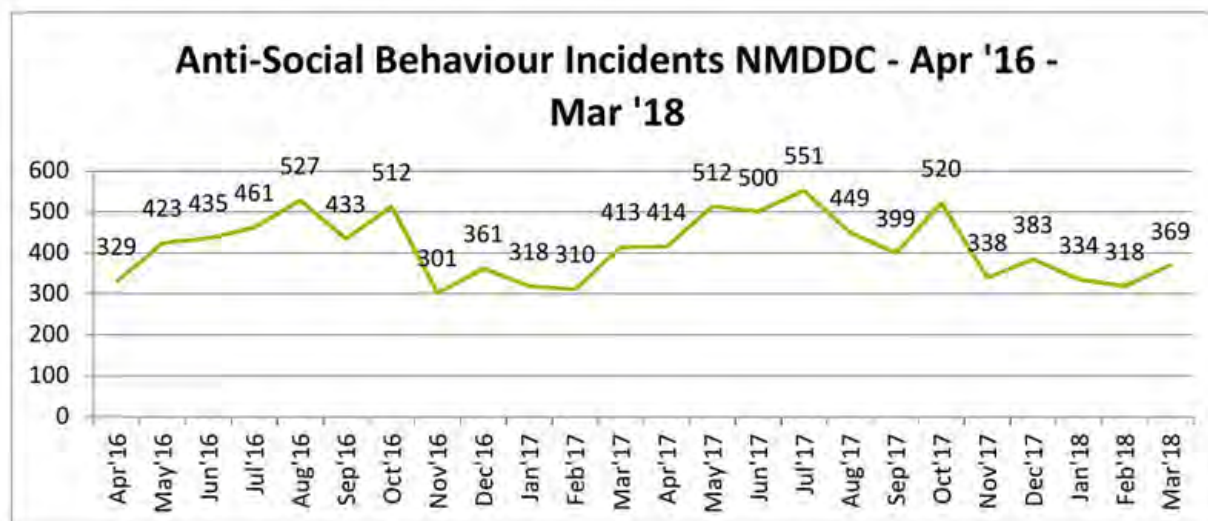

1. Youth engagement
2. Drugs and Alcohol
3. Hate Crime
4. Burglary and Fear of Crime
5. Rural Crime
6. Seasonal Intervention grants
7. Road safety
8. Gender based violence

The results of these are outlined below.

1. Youth engagement/ Anti-social Behaviour

As noted in the strategic assessment, it is generally accepted that the main offending group (though not only one) are young people as a result of having 'little to do' during the school summer holiday period. This is recognised with the increase in the number of anti-social behaviour incidents during the summer months and October. The Graph reflects this with the spike in around holiday periods (such as Halloween etc).

NMD PCSP is also planning to work on some ASB initiatives across other council areas next year. Some preliminary talks have commenced on this already.

How much did we do?

- ASB Sub Group met twice in April and December with reps from Carnagat, Ballymote and Castlewellan Road
- 3 local ASB community safety action plans were developed in Newry, Newcastle and Downpatrick.
- 500 people were engaged through these action plans
- 10 meetings were delivered with affected groups

- 55 people attended these forums
- Funded 1x Guns 'n' Knives event
- Attended 2 x SRC & SERC Freshers Fairs
- Engaged with 900 young people
- Funded a range of other single intervention activities attended by 350 young people and delivered in partnership with CDRDN, DOJ, EANI, NIFRS, NIHE, NM&DDC, PBNI, PSNI, and YJA (including DJing, parenting programme, big lunch events, Respect Programme in Downpatrick, intergenerational fishing projects, kickboxing in Ballynahinch, midnight multi-sport programme in Castlewellan and IFA cage football and other youth based initiatives etc.)
- 1 x drop in initiative established in Newcastle in the SERC campus and is open one day per month
- 1 community safety warden scheme funded jointly with NIHE covering the main towns and social housing estates, including Newry, Newcastle and Downpatrick
- 1 Bonfire Sub Group established and 6 meetings during year

How well did we do it?

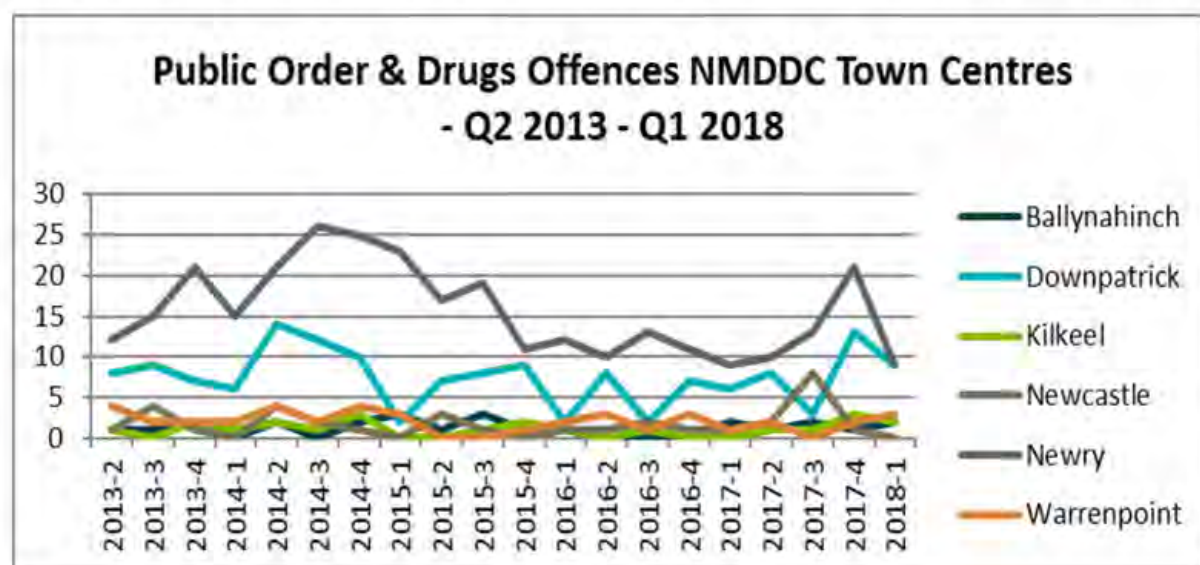

- PSNI statistics record a decrease of c.10% (from 420 incidents to 380 during year), in recorded incidents of ASB for the district with similar figures within the 3 designated areas in which we ran our local ASB action plans.
- 3 x DEAs delivered diversionary programmes delivered
- At least 7 x Partners involved included PSNI, NIFRS, EANI, CDRCN, EANI, Community Associations, NIHE, Youth Justice Agency.
- Continued work with partner agencies around Mourne Mountain Adventure in May 2017 with 46 teams taking part including Scouts, Youth Clubs, Cadets and Schools.
- Some cyber safety initiatives were initiated with parents as well as young people - to continue next year
- 3 key statutory bodies represented on bonfire group (NIHE, PSNI, NIFRS)

Is anyone better off?

- Evaluations following the single interventions demonstrate that the young people engaged had a better understanding of the impact of their behaviour through an increase in their knowledge of the dangers associated with gun and knife crime.
- Reported incidents of ASB in Newry, Mourne & Down has decreased during the reporting period 2017/18 from 410 to 370 - c 10% decrease.
- As a result of PCSP interventions, local community groups were encouraged to apply for Financial Assistance grants from NM&DDC which allowed them to continue with pilot initiatives initially funded through PCSP.
- 100% of those attending the kickboxing programme in Ballynahinch were positive about the programme and were willing to engage with other young people in the future

2. Drugs and Alcohol

Drugs and alcohol issues are prevalent across all parts of Newry, Mourne and Down as they are in most areas across NI. The graph below demonstrates the public order and drug offences between 2013 and 2018 with Newcastle and Newry showing a decrease by year end 2018. This can and is having an effect on how safe people feel while out at night and has pushed the PCSP to develop Get

Home Safe Campaigns among other initiatives in the District.

How much did we do?

- 4 PCSP sponsored Drugs & Alcohol awareness raising sessions in schools and Further Education Colleges - areas included NIHE social housing estates as these were identified through local housing community network meetings.
- 4 partnership meetings with the Drugs Alcohol Coordination Team (DACT) and the PCSP
- PCSP working with a variety of partners across NMD on ASB issues including schools colleges etc
- Weekly street safe type schemes supported through our ASB Sub Group including weekly PSNI patrols were increased in areas where higher levels of drug activity were identified.
- Weekly patrols by the Community Safety Wardens (CSW) - carried out 6 x 2-man patrols in the key towns identified through PSNI statistics (see table above) and community feedback as requiring this additional resource (8-10 wardens out each weekend)
- We continued to support the consistent rollout of the Where Is Your Child Tonight campaign.
- Five Rapid Bins installed throughout NMD (Tesco and Asda)
- 4 Cuss the World play performed in Downpatrick, Newry and Crossmaglen to 16-22 year olds

How well did we do it?

- 1,700 youth engaged in Drug and alcohol awareness sessions
- 100 parents/guardians targeted through leaflet drop campaign

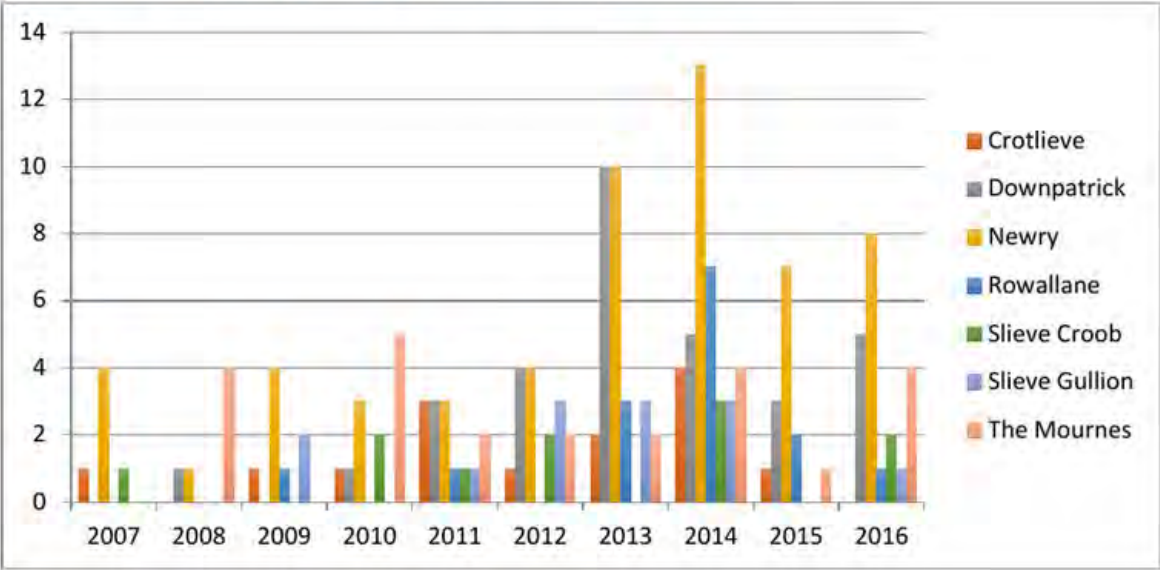

Is anyone better off?

- The introduction of the Community Safety Warden scheme (funded jointly by PCSP & NIHE), has provided increased confidence to the commercial sector and residents in towns highlighted above as this scheme is a deterrent to potential ASB through the provision of high visibility patrolling.

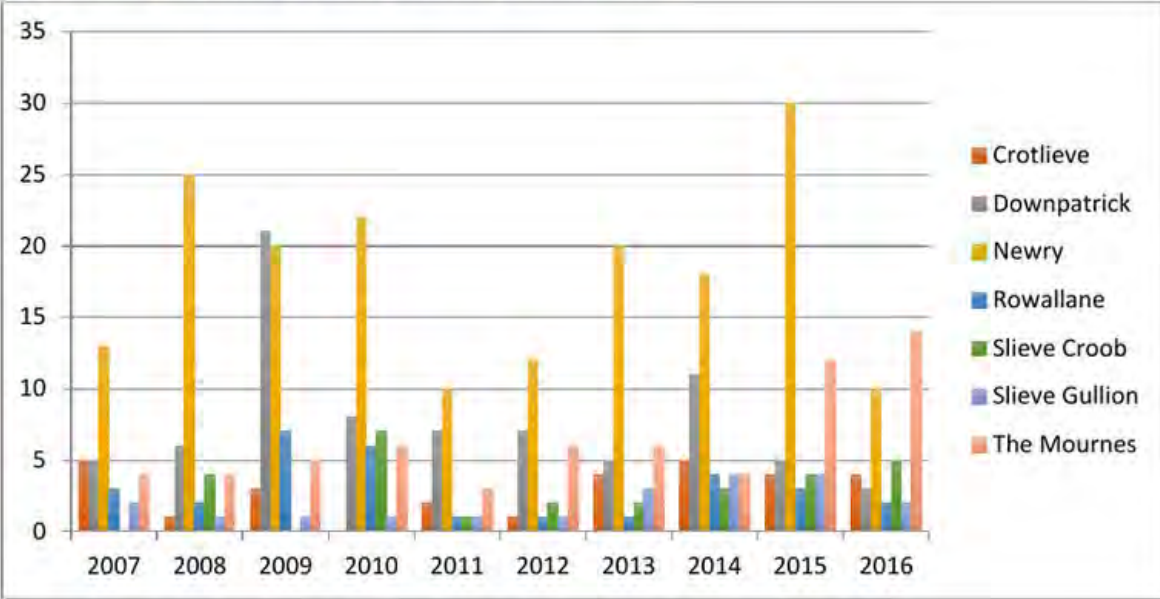

3: Hate Crime

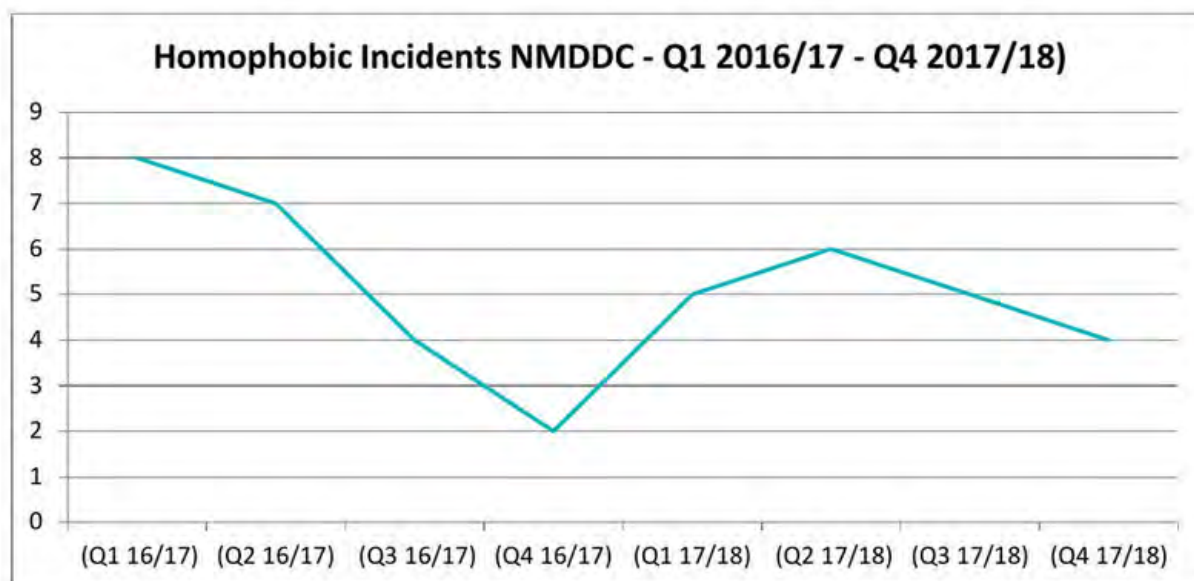

Across the area, the total number of recorded hate crimes remained at a steady level between 2009/10 and 2012/13, with an increased in 2013/14 and a reduction again in 2015/17. However, District E – Newry and Mourne reached its highest recorded number of incidents in 2013/14. The most common forms of hate crimes across both districts were ‘racist motivation’ and ‘sectarian motivation’. The PCSP continues to work with the PEACE IV team and the Good Relations tm in this area of work, which will be more focused next year once PEACE IV starts to become more active.

Incidents Recorded with a Homophobic Motivation

Incidents Recorded with a Racist Motivation

- 1 x awareness events were held to welcome Syrian refugees into the area in Newcastle

- 80 Syrian refugees participated in Welcome Event organised by PCSP and DEAs.
- 30 Asian business people attended crime prevention seminar.

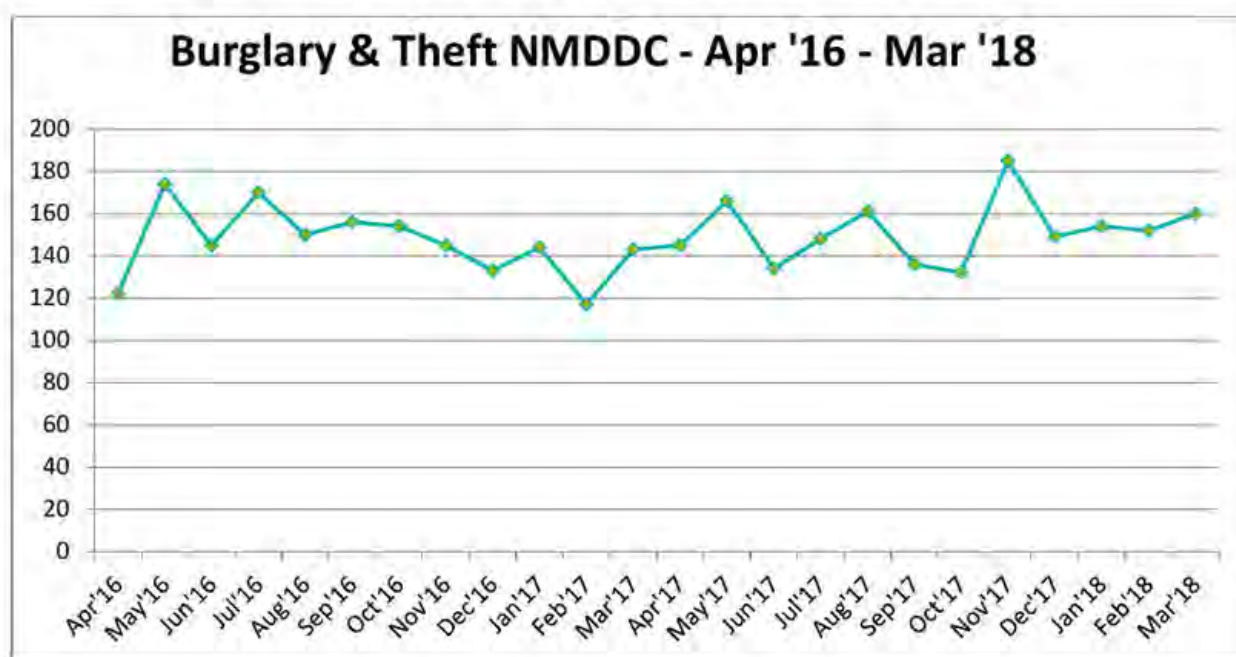

Figure 2: Deaf Club Newry Event with PCSP & PSNI

Is anyone better off?

- Syrian refugees have integrated well into life in the District and are now engaged with NM&DDC, EA and NIHE to access local mainstream services.
- Reported incidents of hate crime in the District are still below the Northern Ireland average
- Due to the sensitive nature of working with these groups, the qualitative data around whether or not people reporting feeling safer has not been gathered this year. This will be gathered next year
- Anecdotally, through conversations with key target groups, PCSP understands that there has been an increase in participants' awareness of how to report hate crime. Once again, this will be more fully reported next year.

4: Burglary and Fear of Crime

Burglary and the fear of crime remains a concern for many people, especially if they live alone, are elderly or vulnerable. The graph below shows a slight increase from April 16 to March 18 in burglary and thefts across NMD.

The focus therefore of this area of work for Newry, Mourne and Down PCSP is raising awareness of and informing the local community about *how to reduce the risk of being burgled and of having a fear of crime* and providing improved Community Safety Services to Vulnerable Groups with a focus on reducing the fear of crime across NMD.

As such we support

- A Home Secure Scheme
- A Good Morning Good Neighbour
- Neighbourhood Watch coordinators and events
- The delivery of Crime Prevention Seminars

Neighbourhood Watch has over 80 coordinators in place with new schemes set up in Downpatrick and Slieve Gullion. Many crime prevention talks took place across the District from PSNI as well as Home Secure and Home Safety Officers in partnership with the DEAs on themes from personal safety to crime prevention around the house and online. Many local people have now signed up to Text Alert and Farm Watch. Crime prevention talks took place in Crossmaglen, Warrenpoint, Hilltown, Newry, Ballyward among some.

The Confederation of Community Groups continue to deliver the Home Secure Scheme. New areas are targeted where a need is identified by the DEA Forums, by elected members or community groups. These are then pursued and promoted by the team. An example of where this has worked in in the Mournes where the numbers now accessing the services has increased.

The Good Morning Scheme continues to be delivered by the Confederation of Community Groups and Good Morning Down. New areas are targeted where a need is identified by the DEA Forums, by elected members or community groups. These are then pursued and promoted by the team.

5: Rural Crime

Newry, Mourne and Down is a predominantly rural area. As such, rural crims is a worry for many particularly among living in the countries and those on farms. The graphs below show agricultural

crime (burglary, robbery and theft offences for agriculturally based activity in NMD since 2010/11 to 2017/18 and in comparison, to other council areas in 2017/18. Our aim under this theme is to highlight incidents of rural crime and develop a range of interventions that aim to reduce its prevalence or fear of its prevalence locally. As can be seen by the graph below, the incidence of this type of crime has reduced by 33% since 2010/11 to the figure in 2017/18. The next graph however shows a higher than average rate in comparison to NI as a whole, while the last graph demonstrates that NMD has the highest prevalence of this type of crime in NI in 2017/18.

- 200 pupils attending "Harm on the Farm event" in a Primary school in Glasdrumman

Is anyone better off?

- PSNI statistics demonstrate a reduction in recorded rural crime (see above graph), although we have no direct data we believe this downward trend is a reflection of our continued support for Farmwatch and NHW schemes.
- Surveys complete by our NHW coordinators confirm that 80% of respondents (39 out of 48) who completed the survey felt safe in their community and 58% (28 out of 48) thought their neighbourhood was a safe place to live.
- Through our distribution of hi-vis vests, people are now more visible using the roads

6. Seasonal Intervention grants

NM&D PCSP is committed to improving community safety throughout the district. To assist in building on the good work already done by communities and to encourage them further to build and maintain partnerships with PSNI and other statutory and non-statutory bodies, NMD PCSP has developed a **seasonal intervention grant** scheme that will allow individual community groups to apply for a grant up to a maximum of £750. The funding is to facilitate low cost community driven

community safety projects that reduce anti-social behaviour and improve awareness of community safety issues.

7. Road safety

Fatalities as a result of road traffic accidents in Newry, Mourne and Down were 8 in 2015/16, reducing to 6 in 2016/17. NM&D PCSP continues to support improvements regarding road safety and to reduce where possible fatal road traffic accidents. Our main initiatives include:

- Attending meetings with Newry, Mourne & Down Road Safety Partnership

8: Gender based violence

Domestic abuse and sexual violence are often under-reported. Information from professional organisations operating in this area records that within the Newry, Mourne and Down District Council area, there continues to be an increase in the number of domestic abuse crimes recorded. The graph below demonstrates that between 2005/6 and 2015/6 following a slight decrease between 2005/06 and 2007/08 there has been a steady increase in the number of crimes with a domestic abuse motivation with a peak of 1,178 incidents recorded in 2014/15, only slightly reducing in 2015/16 to 1,130. This increase could also be linked to an increase in reporting of these types of crimes as awareness of the importance of reporting increases.

Figure 4: Delegates at the Domestic Violence- its Everyone's Business Conference in November

In 2017/18 our main aim was to raise awareness of gender-based violence in the area and deliver appropriate programmes to help address this. NM&D PCSP continues to work with all statutory partners on gender-based violence where possible.

One of the key activities this year was the “Domestic Violence – Its Everybody’s Business” Conference in the Burrendale Hotel, Newcastle on Thursday 23 November 2017. To mark the 16 days of ‘Action Against Violence Against Women’ Newry, Mourne and Down Policing and Community Safety Partnership (PCSP) together with South Eastern Domestic and Sexual Violence Partnership and County Down Rural Community Network hosted the conference attended by over 180 delegates. Delegates were informed about initiatives happening in Northern Ireland and elsewhere to support and protect individuals and families experiencing domestic and sexual violence as well as prevent it happening in the first place. These included inputs from the White Ribbon Campaign

which encourages men to speak out about violence and Operation Encompass, which seeks to support and respond immediately to children who are living with domestic violence.

Chair of The South Eastern Domestic and Sexual Violence Partnership, Sheila Simons, said, “Domestic and Sexual violence and abuse has a devastating impact on the lives of individuals, their children and society at large. Women’s Aid, PSNI, Social Services and other statutory, voluntary and community services have made steady progress to further the interests of victims and survivors of domestic and sexual abuse, however, unfortunately, it is still under reported and many people may be unaware that there is support available to help them leave an abusive relationship”.

The South Eastern Domestic & Sexual Violence Partnership brings together all agencies, organisations and groups working to tackle domestic and sexual violence with the purpose of developing and delivering a high quality, co-ordinated, multi-agency response. This is a crucial partnership-based approach in addressing this issue in the NMD area. Its aims are to:

- improve services and support for all victims of domestic and sexual abuse
- further increase and develop awareness generally about domestic and sexual abuse and the measures in place to help the victims
- educate children and young people and the wider public that domestic and sexual abuse is unacceptable and to enable them to make informed choices
- hold perpetrators accountable and provide effective interventions for their behaviour

How much did we do?

- Tender awarded to Women’s Aid Newry and Armagh to enable it to run the Domestic Violence Intervention Programme
- 1 x conference on domestic violence
- 16 days action awareness campaign across the District
- Ran a “Without Consent” social media promotion

- 180 people attended a Domestic Violence Conference in November 2017 organised in conjunction with South Eastern Domestic & Sexual Violence Partnership and County Down Rural Community Network - an event aimed at professionals working within this area
- 2 schools participating in Without Consent and # attending Without Consent

Is anyone better off?

- Anecdotally, based on reports from stakeholders through the partnership meetings, it is clear that the work undertaken is having an impact.

Figure 5: Face book 16 day campaign materials on domestic violence

Priority 3: To support community confidence in policing

PCSP runs engagement events to promote community confidence in police and consults widely with Newry, Mourne and Down residents on their attitudes and experiences of PSNI. Accountability is a fundamental building block for the Police Service in order to secure community trust and legitimacy and earn public co-operation and collaboration. Engagement activities have been developed to promote confidence and focus on building community confidence in the rule of law and embedding a culture of lawfulness.

NMD PCSP has delivered a number of initiatives to improve confidence in police. Its aims under this theme include:

- To improve community confidence in policing and focus on building community confidence in the rule of law and embedding a culture of lawfulness through engagement activities to promote confidence
- To ascertain views of public
- To work in partnership to effectively monitor progress of PCSP and Policing Plan targets
- To undertake community safety and policing consultations
- To maintain and support multi-agency response to ongoing work and to promote collaborative decision making based on the principles of partnership, engagement and a clear sense of shared purpose
- To link with Council DEA structure

- 1 x performance reports to NIPB
- 572 PCSP surveys completed

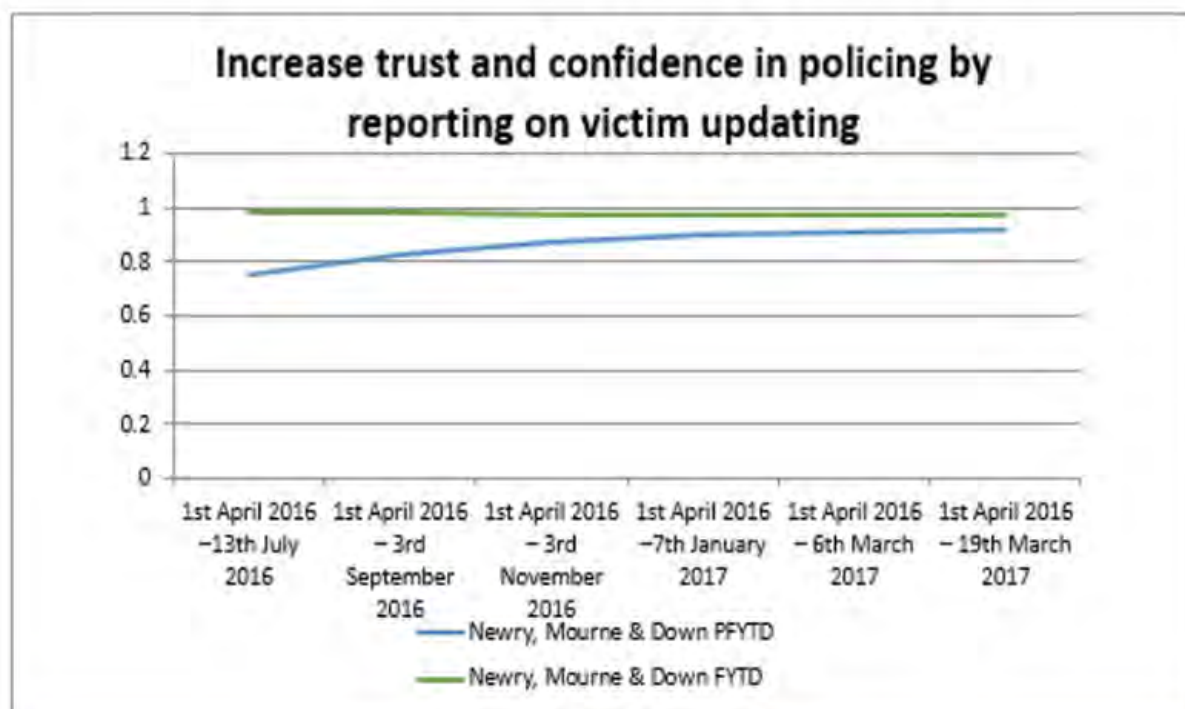

Is anyone better off?

- Coffee with cops has been very positive across the District with many events happening in Downpatrick, Newry, Newcastle, Annalong, and Mountnorris. The PSNI speak to members of the public and inform them of the new contactless card defenders and also if the public have any issues for them. These have been very successful.
- Every school in South Armagh area was visited by PSNI during this period – many for the first time.

As can be seen by the graph in NMD in the previous financial year to date (2016) and the current

financial year to date (2017), increased trust and confidence in policing has improved.

Section 4: Turning the Curve Population Report - May 17

The following Turning the Curve report from November 2016 and reported at the first meeting of the 2017/18 PCSP year (May 17) outlines the initial Turning the Curve templates developed by working group on Community Safety and Good Relations as part of the Community plan. It was agreed at this meeting that partners who may have better datasets should bring these to the next meeting as some data was difficult to access. This demonstrates a clear focus on community safety in this plan and how the PCSP is working on these issues.

Actions

Welcome and Apologies	Cllr Andrews welcomed all to the meeting, the last one of 2018, and apologies were recorded as above.	
Minutes of previous meeting	The minutes of the previous meeting were proposed correct by RB and seconded by GMcQ.	
Actions arising from previous meeting	<ul style="list-style-type: none"> - No arrests have been made in respect of the intimidation of NIHE employees in Burrendale Estate. - JT and OMcD held a meeting and agreed to have regular meetings in particular to avoid duplication of funding in Carnagat. - JT still waiting for TIDES to schedule a meeting re Carnagat, this will not now take place until the new year. - Problems with 101 number were raised at the last Partnership meeting and PSNI are aware of them. - November CSW report tabled. DMcE and OMcD met Shane Faye of Elite Security with regards to the visibility of CSWs, the Community Associations are not aware of the Wardens, there is not good feedback in relation to them. It was agreed that when PSNI are meeting with various community groups, S Faye and Patch Managers from NIHE will also attend. S Faye has been made very aware of the views of the ASB Sub group. The Newry area is slightly better than Newcastle/Downpatrick areas. ASB sub group to review and evaluate contract as part of delivery of service. S Faye looking at introducing a GPS tracking system in order to track the CSWs. Elite's contract is up on 31 March 2019, NIHE will complete their evaluation after that date. Tender will be re-written for new contract. It was agreed to invite Shane 	JT to follow up

	Faye to next ASB Sub Group Meeting on 13 February 2019.	DMcE to invite S Faye to next ASB meeting
Update – Ballymote	Report from Alexandra Hillis read by JT. Summary: Meetings with community representatives, stakeholder agencies and Councillors are ongoing; given that ASB has moved from the estates to the town centre, most of the forthcoming diversionary work will be focused there. PCSP & PSNI are currently in process of purchasing road safety signs to move around the different schools to tackle the traffic congestion at pick-up times.	
Update Downpatrick Town Centre	Report from Alexandra Hillis read by JT. Summary: Continuing ASB in town centre, which peaked in Summer and at Hallowe'en, has reduced in the last couple of weeks because of colder weather and increased PSNI presence. A Hillis has had a meeting with YJA, EA, AEP and PSNI, the group of youths involved in the ASB are particularly hard to engage and do not participate in existing youth provision in the town. L Lloyd from EA to engage with this group on 12 December with the view to them participating in a program run by her on Friday afternoons which is the only availability she has, it is hoped this will be a starting point to develop a programme or initiative they would be interested in. Gary from Youth Initiatives runs a drop in on Friday nights, Alex to meet him to discuss possible initiatives or programmes that could be developed to run on Friday or Saturday nights. Involvement also from Conor Galbraith of Alternative Education Provision as he has a good relationship with this particular group.	
Update – Castlewellan Road, Newcastle	Report from Alexandra Hillis read by JT. Summary: Meetings with community representatives, stakeholder agencies and Councillors are ongoing; currently seeking a location for intergenerational mural project; LIDL have said no to RAPID bin, ASCERT have spoken to several businesses seeking location, efforts are on-going. There are concerns over a male approaching young women at YMCA offering drugs; staff are working to resolve this issue. A lot of intoxicated teenagers have been hanging around teenage disco at Sapphire night club, some refused entry due to intoxication, they are at risk when waiting to be collected by adults.	
Update – Carnagat	JT continuing to engage with Kerri Morrow (Newry DEA Co-ordinator) and community groups. ASB is still low; there are still	

	<p>issues around working with some of the young people. PCSP part-funded two diversionary events at Hallowe'en, an under 12s disco and 13+ age group went to Eddie Irvine Sports Centre. They had some new youths come along and are building on that. Further diversionary activities being planned for December.</p>	
<p>Other Recorded ASB</p>	<p>Newry Leisure Centre – an ASB incident occurred at the new Leisure Centre however, staff did not call the Police. JT and Sgt Duffy met with the new area Manager to ensure staff training and new communication protocol with regard to reporting to PSNI is in place. Area Manager stated that they are happy to support diversionary activities.</p> <p>Clonallon Park – a resident contacted PCSP following a small bonfire which backed onto his property. Sgt Connolly has been in contact with the resident and will be working again to avoid further incidents next Hallowe'en and also to raise the issue of reporting to PSNI.</p> <p>Kilkeel – Update from WR and GO - still experiencing ongoing issues at River Walk. Over Hallowe'en, 9 individuals were given CRNs fireworks offences. There have been problems in the Hillside Drive area and at the new Community Centre. The sink was smashed in the disabled WC in the toilet block at Lower Square; also, staff are being accosted by youths when they come to clean them. There is a more serious issue of 13-15 year olds being recruited to peddle drugs. PSNI trying to work with the children to get them away from that, they know the children and are also trying to work with them through the schools to keep them away from that. PSNI trying to get a short presentation slot at Parent evenings in the schools as information sessions for parents have not been well attended. GMcQ said there is a group of youths hanging about an alleyway between Manse Road and Irvington Avenue, with drugs possibly involved. PSNI will check this out and also are close to getting a new NHW Co-ordinator in that area. JMcN suggested using Extern or ASCERT professionals if running a program with PCSP. Drifting is still a problem, particularly at Spelga, PSNI are going to speak to Roads Service about possible traffic calming measures to prevent the damage which is being done.</p> <p>Rostrevor/Hilltown/Mayobridge - there have been issues in these areas with young people, drugs, road safety and general ASB. JT has been working with DEA co-ordinator and Councillors. A program has been arranged for Friday nights in January 2019 at Newry Rugby Club, including presentation by Theresa Burke; a joint PSNI and NIFRS presentation on road safety; social media awareness session and a final general get together to find out what the youths want as a first intervention for those areas.</p>	

	<p>Raymond McCreesh Park – the young people are engaging well with Magnet Centre and thought in Sport football programme. The idea is to build up rapport and to look at some sort of art work/mural. They have to attend all the sessions to get on a go-karting trip, there will be a seven-week review before Christmas; they are building up relationships before finding what the next steps are.</p> <p>Killyleagh – Report from Alexandra Hillis read by JT. Summary: Meeting held 7 November, there are concerns about drug use, damage to property etc. Although ASB is not being reported to PSNI, PCSP is contributing £1,000 for diversionary programme until the youth club secures funding to get up and running again, Acti-Sport will deliver the programme in the Bridge Centre.</p> <p>Ardglass – there have been a number of incidents around the Meadow and play park, notably bins set on fire and damage to new dugouts at the pitch. Cllr Curran had contacted PCSP about this area but PSNI stats did not show any ASB in the town, therefore everyone is asked to continue to encourage people to report incidents to PSNI.</p>	
Correspondence re Dundrum	The group was made aware that PCSP had received correspondence from a Dundrum resident raising a complaint about the length of time flags were flying in the village after 12 July. This is not a Council issue. Inspector Hardy has given a comprehensive response to the resident who thinks that his business is being adversely impacted by the flags situation. The group are aware there are a lot of issues in Dundrum and the points raised by the resident were noted.	
Dates for 2019/2020 financial year	List of dates for the next financial year was distributed to all.	
AOB	Cllr Clarke requested a meeting between agencies to discuss the issues at flats in Burren Park Road and Bracken Avenue. 7 flats are ready for allocation, and a further 4 nearing completion.	DMcE to arrange meeting with PSNI, Cllr Clarke & NIHE

Meeting concluded at 7.50pm

1. Welcome and Apologies

Terry Andrews welcomed all Members and apologies were noted.

2. Minutes of previous meeting

The minutes of 10th September 18 were proposed by Cllr Harvey and seconded by Fiona Stephens.

3. Matters arising from previous minutes

Dan provided feedback on the OS action points from the previous minutes:

Report from NIFRS/NIHE on pre-inspection bonfire site visits (July 18) – Sean Brennan (NIHE) reported that in Dundrum 8 properties' windows were boarded-up prior to lighting of bonfire. Trevor McClurg (NIFRS) did confirm that informal reports were completed, but these were not for public consumption.

Willie Clarke asked, that as there were safety issues involved, if some type of report could be made available then, if required, further safety measures could be taken.

Action: TMcC to liaise with colleagues to see if reports could be provided

4. Terms of Reference

Both Colin Moffett (Corporate Planning & Policy) and Eileen McParland (Democratic Services) have approved the Draft Terms of Reference for the Bonfire Sub-Group and offered some guidance advice on chairman and membership. There will be a formal Chair for the group, but in event of them being unable to attend a Chair can be nominated at a meeting by the other members. NM&D Officers would not be members of any sub group.

Dan also advised that the TOR would be required to correspond with the draft PCSP Standing Orders presented recently at the Nov PCSP meeting.

Action: DMcE to produce a Final Draft of TOR for next meeting.

5. Update from Copius Consulting

Ed Hanna reported that provisional meetings had occurred for Newry/Crotlieve/Gullion/Kilkeel groups and that a further two meetings were arranged for 9th December and 14th December respectively. 23 members were engaged within Newry/Crotlieve/Gullion, with a further 14 members in Kilkeel.

An initial meeting has been set up for Downpatrick/Slieve-Croob/Rowallane on the 9th January at the Millbrook Hotel. Copius Consulting have engaged with the Dundrum group and have arranged a further meeting in December with the group.

The groups would attend 4 sessions where their views would be presented by Schomberg Society. Groups attending are made up of members of PUL, RNC communities and a neutral third group. Consultations have been issued to all representatives, but so far not much feedback has been received.

In relation to the required 70/30 weighting issue – Edward confirmed that for the project as a whole the figures should reach in or around the required 70/30 split iro CNR & PUL.

6. Any Other Business

Dan raised a query submitted by Cllr Enright regarding single point of contact for clearance of Bonfire Sites.

Following discussion, the consensus of opinion was that this request needs to be raised through Council channels, as there is already an agreed protocol in place regarding the removal of unwanted material from identified bonfire sites and any change would require committee approval.

Cllr Burgess suggested that finding sources of dangerous materials, ie. tyres, should be investigated to the full.

Action: Query to be referred to NM&D Council for consideration

Meeting concluded at 10.55am

Date of Next Meeting – TBC.

Strategic Objective 2: To improve community safety by tackling crime and anti-social behaviour

Anti-Social Behaviour Action Plans

ASB Community Safety action plans are in place for Ballymote in Downpatrick, Castlewellan Rd in Newcastle and Carnagat. ASB Sub Group members continue to receive regular updates including trends and tensions that arise throughout the districts.

Carnagat

Work regarding the Carnagat action plan continues with a range activities to promote social cohesion. Overall, the two activities that focused on Christmas events for older and younger persons was successful and aided community spirit.

Throughout November and December, in the Raymond McCreesh Park area, youth diversionary programmes focused on activities to build relations and identify the needs of the youth groups with the arts/youth worker. The next stage is to evaluate the success or gaps to address moving the youths forward to a more tangible outcome and achieve a creative project owned by the youths. PCSP funding has been agreed to assist with grounds work within Raymond McCreesh Park, it is hoped that this work will involve the local community.

Ballymote - Downpatrick

Given that the majority of the ASB has moved from the estates to the town centre, most of the forthcoming diversionary work will be focused on the area around the St Patricks centre. A meeting was held on 27th Nov with representatives from YJA, EA, Alternative Education and PSNI. The outcome of this meeting was that Lynsey Lloyd from EA will engage with youths on a Friday afternoon. Lynsey will run a programme from 2pm-6pm on Friday nights, starting in the New Year. Gary from Youth initiatives also offers a drop in on Fridays nights, which some of the youths have been engaging with.

Castlewellan Road, Newcastle

Ongoing intergenerational project- Currently looking at a location for a mural

Young mothers event held in Burrendale Hotel on 3rd Dec where PCSP had an information stand with literature on personal and home safety during the Christmas period.

We are currently working with ASCERT to identify a possible location for RAPID bins. ASCERT spoke to staff in several possible locations such as Tesco so the process is ongoing. Lidl are not in a position to support this at present. Discussions are ongoing regarding the refurbishment of properties within the Burrendale Estate.

Other areas

Killyleagh

Meeting held on 7th Nov with PCSP, PSNI, CDRON and local councillors about ASB in Killyleagh. There are concerns about drug use, destruction of property etc. Although statistics show that a lot of the ASB has not been reported to police, PCSP have agreed to contribute £1250 towards a diversionary programme.

This will start on Friday the 18th of January and continue for 7 weeks. Graham McCrory from acti-sport will deliver the diversionary football programme in the Bridge Community Centre.

Kilkeel

Work has been ongoing within the Mournes DEA regarding raising awareness about the dangers of drugs and alcohol in conjunction with the schools and Theresa Burke. PCSP continue to work with DEA coordinators and local communities to devise a programme of events that will be funded jointly.

Newry

A Friday night youth programme is due to begin in Jan 2019 which will cover drugs, alcohol, road safety and social media awareness

Banjaxed performances

PCSP hosted three performances of Banjaxed in the Sean Holywood Arts Centre, Canal Court and the Great Hall. The play, by the Spanner in the Works theatre company explores the influence of paramilitary gangs on the lives of young people in socially disadvantaged communities. This encouraged conversations about the challenges youths and their peers face. With over 280 young people from local schools and youth clubs in attendance, the hard hitting play tackled a range of issues including how our young people can be sucked into the darkness (underbelly) of society. Followed by a Q&A session with representatives from the PSNI and YJA, the event proved very informative and got those attending thinking about a range of issues that affect our young people.

Partnership Working; PCSP, PSNI, KDA, Kilkeel Schools, NIHE, EA, YJA, YMCA, CDRON

Road Safety

The PCSP continue to work along with the PSNI, DEA coordinators and the NI Road Safety Committee to deliver the road safety message

Road Safety event at Bischopscourt racing circuit – November 20th

30 pupils from Saintfield High and St Coleman's, Ballynahinch took part in a road safety event in Bischops court racing circuit. This involved recreating the scene of a car accident and rescue by NIFRS, where five volunteers were cut out of a car. Local driving instructors also give a presentation about safe driving before the pupils were allowed to drive a car around the racing track accompanied by a driving instructor. There was also a car crash simulator where pupils got the chance to experience what it would be like to be involved in an accident.

Due to the success and popularity of this event, we are now considering hosting further events.

Road Safety event in SERC Downpatrick – November 22nd

Road safety day for all students which included the Your Choice programme, delivered by NIFRS. This programme consists of a road safety presentation and a car crash reality experience through the use of VR goggles. The event also included the reconstruction of a car accident, where students were cut out from a car by NIFRS and also an evo driving simulator where pupils experienced what it would be like to drive in snow or under the influence of drugs and alcohol.

NI Road Safety Awards December 11th

Dan attended this event in Cultra during which which two local winners received awards, St Patrick's Grammar School Downpatrick and Rita Bentley from Newry

P5 road safety poster competition presentation

The road safety committee's annual P5 poster competition took place during October and November. Over 100 schools across the district took part in this event which is funded by PCSP. There were a total of 12 winners who were presented with a copy of their framed picture and a voucher for the Quays shopping centre.

Road safety signs

PCSP have agreed to fund Road Safety Signs around traffic management issues in an aim to tackle the traffic congestion around school drop off & pick up times. The signs should arrive in January and through the PSNI will be available for two week periods to those schools that have identified issues with traffic.

Partnership Working: PCSP, PSNI, NIFRS, Primary Schools, NI Road Safety Committee, DEA coordinators

Rural Crime

PCSP continue to support the "No Cold Calling Zones" initiative and are awaiting clarification regarding the processes required to allow the erection of signage to advertise that schemes are in operation.

Neighbourhood Watch, the scheme continues to be popular and a further two new coordinators were recruited during December 2018. The most recent NHW Network event took place on Monday 14th January in Newry and was well attended.

PCSP attended Ellen's Tractor and Truck show in Camlough Village in November, we helped to promote farm watch, trailer marking and give out advice on rural crime prevention methods.

Partnership Working: PCSP, NMD Council & PSNI

Drugs and Alcohol

PCSP officers sit on the Drugs Alcohol Coordination Teams (DACT) in both the Southern Trust Area and South Eastern Trust Area. Through these forums PCSP are kept informed of latest drug and alcohol initiatives that could be considered for further roll out within the NM&D Council area.

PCSP, PSNI, Start 360 and ASCERT are currently looking at identifying locations for RAPID bins in Newry, Downpatrick and Newcastle.

Theresa Burke continued to deliver her drug awareness presentation to schools throughout the district. Recently Theresa has delivered presentations in Newry High, St Coleman's, Newry and Blackwater Integrated in Downpatrick.

Partnership Working: PCSP, PSNI, Start360, ASCERT, DEAs, DACT, SDACT, Newry BID

The event discussed gender violence prevention and was targeted at men in leadership roles. Jackson Katz is the co-founder of Mentors in Violence Prevention and has achieved global recognition for his pioneering work and activism on issues of gender, race and violence.

The event was oversubscribed and feedback from the event confirm it was enjoyed by those in attendance

DOJ Consultation

The Department of Justice has launched a public consultation exercise: **Stalking – A Serious Concern**.

Stalking has a serious and devastating impact on those who have been victims of this type of offensive behaviour. We want to ensure that the law in Northern Ireland provides the best possible protection for all of those affected by stalking.

We want to hear your views, particularly, if you have been directly, or indirectly, affected by stalking. We would also like your suggestions on how best we can protect people from stalking. **The closing date for responding to the consultation exercise is 21 February 2019.**

You can access the consultation and complete the survey online at:

Recruitment of PCSP Independent Members 2019

The Northern Ireland Policing Board (NIPB) will commence a recruitment process for 9 new independent members for Newry, Mourne & Down PCSP. Independent PCSP members play an important role in maintaining public confidence in policing and through partnership work they will help identify and develop local solutions to policing and community safety issues affecting their local communities. Appointed members will be eligible to claim an expense payment of £60 per meeting (limited to 20 meetings per year) to cover out of pocket expenses. In addition, travel and subsistence will also be payable. Applications will be available by calling 028 9040 8553 or emailing pcsp@nipolicingboard.org.uk or phoning PCSP on 028 3031 3078.

Neighbourhood Watch Network Event: October 2018 — Public Consultation hosted by the NIPB and PSNI regarding the future of Local Policing in Northern Ireland

This public event involved a detailed presentation from the PSNI on their consultation regarding the future of Policing in Northern Ireland. NHW coordinators along with members of the public were invited to express their views on the future of local policing and had an opportunity to ask questions directly to ACC Mark Hamilton and NIPB Vice Chair Debbie Watters. Attendees were also provided with an opportunity to try an online simulator that allowed the user to manage the yearly PSNI Budget allocation ensuring all areas of policing received adequate funding.

Positive Ageing Month in October 2018

The PCSP supported a series of Positive Ageing events throughout the Newry, Mourne and Down area. The focus was on the personal safety and financial security of older persons, particularly in relation to scams. The main Silver Screening event took place on 24th October at the Newry Omniplex when a selection of key organisations provided information stands and advice on crime prevention and scams. This was followed by presentations from the PSNI, NIFRS and Trading Standards. In excess of 200 people from the community attended and feedback was positive; it is hoped to host future events during 2019.

Banjaxed Performances in December 2018

The PCSP were delighted to facilitate three performances of 'Banjaxed'. The play, delivered through the Spanner in the Works Theatre Company, explores the influence of paramilitary criminal gangs on the lives of young people in socially disadvantaged communities; encouraging conversations about the challenges they and their peers face. With over 280 young people from local schools and youth clubs in attendance, the hard hitting play tackled a range of issues including how our young people can be drawn into illegal activities. Followed by a Q&A session with representatives from the PSNI and YJA, the event proved very informative and got those attending thinking about a range of issues that affect our young people.
