1. Introduction

The Village Plan for Annalong, Ballymartin, Glassdrumman, Mullartown and Longstone was initially produced in 2012. This has now been reviewed and updated by the community in conjunction with Newry, Mourne and Down District Council. The review has taken the form of an addendum to the initial Village Plan and should be read in conjunction with it. The addendum includes an updated Action Plan (see Section 2), which identifies which projects and initiatives have been implemented since the original plan was published and highlights projects which could be focused on over the next phase of implementation.

Ove Arup and Partners (Arup) was appointed as the consultancy team to facilitate the review and update of the Action Plan. This update has been facilitated by a stakeholder workshop. The outcome of this is an updated Action Plan which includes a range of projects and initiatives that we believe will have a real impact on the area.

The review of the Village Plan was funded under Priority 6 (LEADER) of the Northern Ireland Rural Development Programme 2014-2020 by the Department of Agriculture, Environment and Rural Affairs and the European Union, and Newry, Mourne and Down District Council.

The Rural Development Programme uses the LEADER approach which adopts a community led model to assist rural communities to improve the quality of life and economic prosperity in their local area, through the allocation of funds based on local need. Village Renewal and Development is an important element of the Rural Development Programme.

The Village Plan is a working document that requires the support of the community and in many cases the community working in partnership with other agencies and statutory bodies. It is important to note that some projects and initiatives set out within the action plan may be subject to future feasibility studies and analysis, detailed design, landowner agreements, statutory approvals and available funding.

2. Implementation

This plan is designed to improve the social and economic fabric of the area. The Updated Action Plan provides an indication of the key tasks which need to be undertaken to progress specific projects. This often includes detailed scheme design, preparation of the business case and funding application, and in some cases further feasibility and analysis. The source of funding will often dictate the order in which tasks need to be undertaken, for example the Rural Development Programme expects all statutory consents to be in place before the funding application is submitted. There are potential sources of funding available for the projects and initiatives set out within this Village Renewal Plan. It is important to note that reference to potential funding is a guidance only. Other funding opportunities may become available during the lifetime of this plan, and all projects will be subject to appropriate eligibility checks, application and assessment procedures as set by each funding body.

The Updated Action Plan also provides an indication of the priority level of each project based on discussions with key stakeholders during plan preparation. Alongside this, a lead delivery agent and key stakeholders have also been noted. There may also be other interested groups who should be engaged during project implementation or those whose agreement must be sought, such as a private landowners or statutory bodies. It is also important to recognise that priorities may change as funding opportunities become available.

It should be noted that the progressing of a 'Village Plan' under the Rural Development Programme does not mean that the settlement or area, to which the 'Village Plan' applies, is designated as a village in the settlement hierarchy as identified in the current development plans that apply to the district (i.e. the Banbridge/Newry and Mourne Area Plan 2015, and the Ards and Down Area Plan 2015) or the Council's new Local Development Plan for the District, which is currently under preparation.

2. Environmental and Townscape Improvements										
2.1	Traffic calming measures, signage and gateways	TNI	H	S/M	TNI, RDP	<ul style="list-style-type: none"> Review of feasibility of traffic calming measures. Consultation with Transport NI, road improvement works. Feasibility study, design work, statutory approvals, installation of gateway signage and artwork. 	This has not been achieved. It had been raised that there were a lack of road markings and signage for key areas of the village (School & Clubs etc.).	H	S-M	Consult with TNI regarding possible services to alleviate issues. Develop a list of TNI issues to be raised at the DEA forum.
2.2	Environmental improvements to footpaths	LCG, NMDDC, TNI	M	M	TNI, RDP	<ul style="list-style-type: none"> Procure design work and consult with statutory agencies 	At present, there is no footpath leading to the school. Also, there has been no progress on environmental improvements.	H	S	Initiative to remain a high priority in the plan. Explore funding to implement a comprehensive suite of environmental improvements.
3. Tourism, Leisure and Recreation										
3.1	Tourism – Long Stone	TNI, NMDDC	M	M	TOURISM NI, RDP	<ul style="list-style-type: none"> Prepare detailed drawing of new signage, gateway artwork/ displays for planning application 	No progress to date. There is only one sign within Longstone and two trees, two of which are damaged and in need of repair.	H	S	Explore potential for wayfinding signage throughout the village. Also explore the possibility to develop public art work with the local school.
3.2	Additional pitch/ play areas	LGAA,	M	M	Lot, RDP,	<ul style="list-style-type: none"> Responsibility of Longstone GAA to source funding for new pitch 	No progression noted. There had been discussions to aim to achieve this initiative, however planning permission had been refused due to access issues regarding emergency vehicles.	M-H	M	The existing pitch is at overcapacity and is extensively used. Explore potential site / land for a new full-sized pitch and associated play

		2012 Action Plan					2017 Update			
	Action substantially complete									
	Ongoing									
	Major constraint to implementation									
	New Project									
Regeneration Initiative		Key Stakeholders	Priority	Time frame	Potential Funders	Actions	Progress @ November 2017	Priority H, M, L	Time frame	Actions
							Play Area is not a priority within current NMDDC Play Strategy, however an initiative can be taken forward as a community led project.			areas to cater for younger population and school. Carry out feasibility study, detailed design and costings. Engage with NMDDC at an early stage to ensure appropriate siting.
4. Infrastructure and Services										
4.1	Improved street lighting	LCG, TNI	H	S/M	TNI	<ul style="list-style-type: none"> Consult with Transport NI on the issues which need to be addressed 	No progress yet. No installation of lighting which has impinged on the development of the walking club.	H	S	Consult with TNI regarding this issue. Collaboration and engagement with community walking club is vital to ensure best options are highlighted.
4.2	Improvements to public transport	TL, LCG, NMDDC	H/M	M	TL	<ul style="list-style-type: none"> Consult with Translink on required improvements 	No progress. A petition had been compiled for a Mourne Rambler bus however no progress to date.	H	S	Bring forward this issue to DEA Forum and consult further with Translink regarding the initiative.
4.3	Flooding Alleviation	TNI, NMDDC, LCG, NIEA, RA	M	M	TNI, RDP, NMDDC	Establish key actions areas such as Longstone Road, Stewarts Road and Ballymartin Road. Investigate topography and drainage performance of sites and engage with TNI regarding the issue.
