

Bessbrook Improvements Scheme

Minor works

Refurbish finger posts and blades.

Resurfacing of footpaths and replacement of decorative bollards.

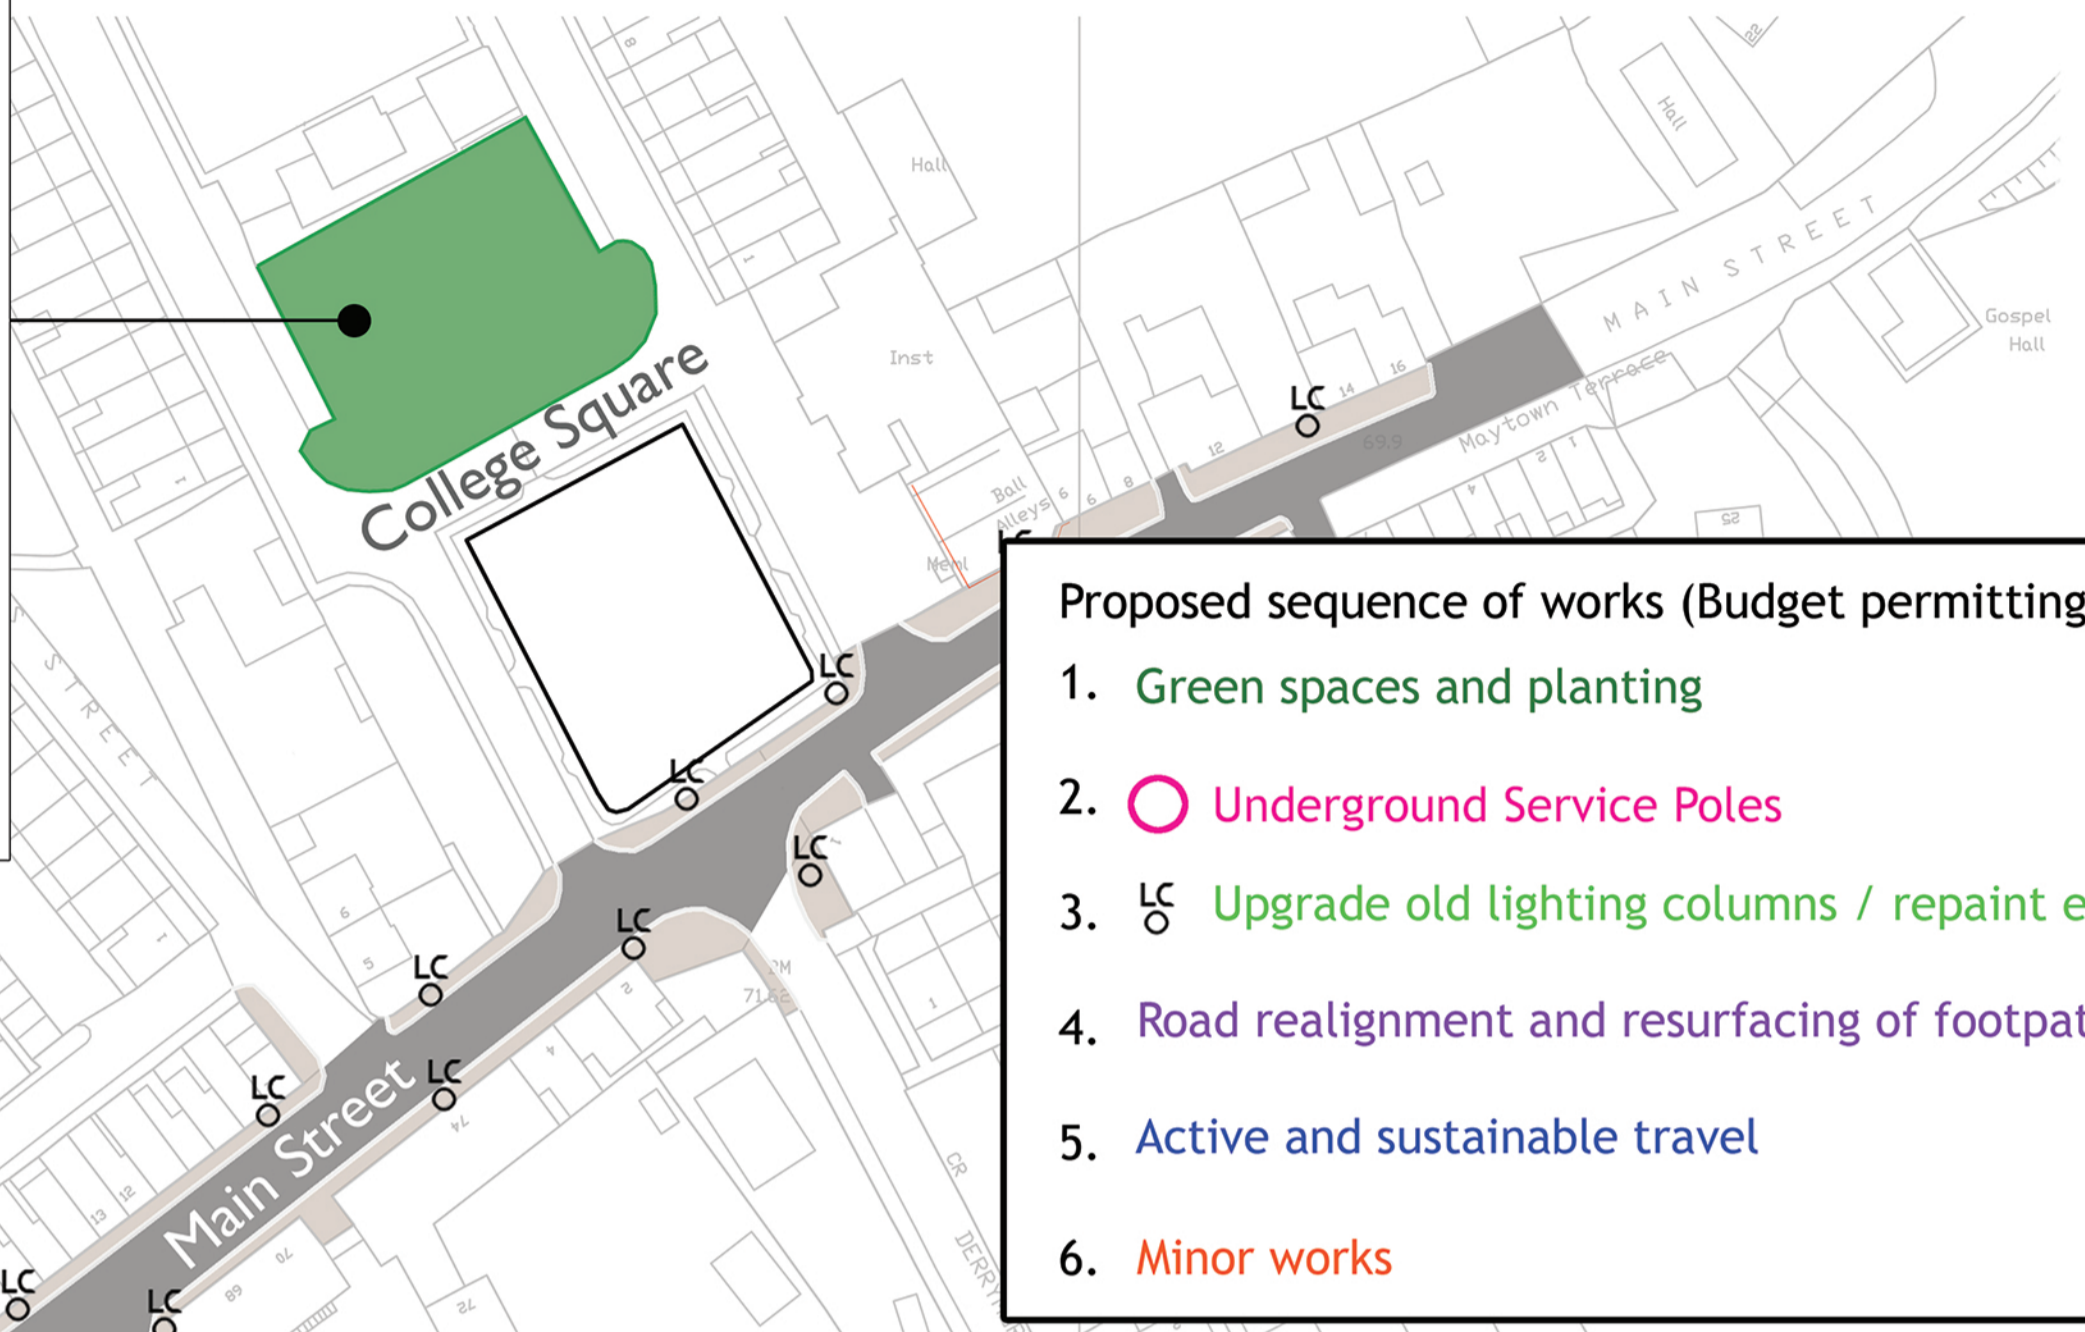

Higher budget option - Retain, clean and relay granite kerbs. Resurface footpaths with granite paving (subject to budget).
Lower budget option - Clean existing kerbs and paving, and provide minor works to refurbish and upgrade.
Replace missing decorative bollards.

Green spaces and planting

Opportunity exists to enhance these areas. Provide upgraded natural play and green community space. Trees that have died at Charlemont Square to be replaced.

Proposed sequence of works (Budget permitting)

1. Green spaces and planting
2. Underground Service Poles
3. Upgrade old lighting columns / repaint existing
4. Road realignment and resurfacing of footpaths
5. Active and sustainable travel
6. Minor works

Green spaces and planting

Provide raised planters, clean paving and remove railing to open up the garden space.

Active and sustainable travel

Provide cycle stands beside fountain.

Road realignment and resurfacing of footpaths

Green spaces and planting

Opportunity to enhance this area into a community space with seating, low maintenance shrubs and wildflower planting.

Priority flow - installation of widened footpath and 'giveaway to oncoming traffic' sign, will be safer for pedestrians and manage traffic during busy periods
