1. Overview

Newry, Mourne and Down District Council invite applications for financial assistance from the community and voluntary sector (i.e. not-for-profit). This document sets out guidance for applicants applying for financial assistance.

Council's purpose in providing financial assistance is to allow it to achieve its objectives in line with clearly identified local needs and within the parameters of Council's powers. Council will seek to ensure that any funding provided is:

- In line with Council's Corporate Strategy and other key strategic and policy documents.
- Consistent with Council's Financial Assistance Policy.
- In line with the specific requirements of the programme being applied for.
- Able to meet a clearly identified need.
- Used in an effective and efficient manner and to demonstrate value for money.

These Guidance Notes set out the process to be used in applying for funding and the processes Council will use in assessing eligibility, suitability, and level of funding available and how Council will review and monitor applications. Applicants should ensure that they have a sound understanding of the specific rationale for the programme to which they are applying and that their proposal responds to each of the criteria set out by Council. Council will only seek to obtain the minimum information necessary to assess an application. It is the applicants' responsibility to ensure that this information is provided in full.

Project Tab

Project Title

This will be the project name used in all future correspondence.

Primary Activity Quarter, Start and End Date and Project Duration

Please review the programme guidance to ensure your project's delivery date is as per Guidance Notes.

Applicants must provide accurate start and end dates for their project. Select the timeframe when the main project will take place from the quarterly drop-down menu. **Please note:** Claims must be submitted within six-weeks of the chosen project end date, or the letter of offer will automatically be withdrawn, and the funds redistributed.

All projects must be completed no later than 31st March 2026.

What is the Primary Area of Benefit.

The applicant must ensure the project is delivered within the eligible Council areas. An applicant must ensure they identify an eligible Council area.

Provide a description of the project and how it complements the theme applied for as per the guidance notes.

Applicants should evidence how actions will meet the theme objectives as outlined on page 3 of the guidance notes:

Provide an outline of the aims, objectives and outcomes of the project. Complete the key activities table which are the outputs of the project.

This question allows the applicant to provide details on what your project is about and what you will do. This may include:

- An outline of what the project is.
- Details of project delivery and specific actions that will be delivered.
- The target group and numbers involved.
- The duration of the project.
- The location of the project.
- The outcomes of the project.
- The direct and indirect benefits of the project.
- How the project complements the programme; the aims and objectives of which, are outlined above.

The applicant should provide as much detail as possible on how the project links to the theme applied under and detail the indicators that will help identify how project delivery will achieve this. Applicants must also ensure that activities link to the budget.

Key Activities table – Please add details of Key Activities and Events (include participants and the outcomes/outputs and/or benefits of each activity). Please note this table will be used in your evaluation of your project delivery and you will be monitored against the outputs you have set.

This question allows the applicant to provide further details on the project activity and how the key activities will meet the outcomes and/or benefits of the project for participants. The middle column of the answer table will expand for applicants to include all the relevant information. Activity information should have sufficient detail that an assessor, in theory, could turn up to participate in the activity and know exactly what to expect. It is important to provide clear information on the number of participants that will be involved in the proposed project. This information will be used to report on at the evaluation stage when submitting your claim.

Participants are individuals directly participating in a project e.g. event attendees or football players and referees at a match, **whereas beneficiaries** are individuals who gain some form of indirect benefit from the project/event taking place e.g. stall holders at an event, a nearby café or the spectators of a football match.

How a) the need for the project was established and b) how the project will fulfil this need.

Please note there are 2 parts to this question, both of which must be completed in full.

This question allows the applicant to outline how they identified the need and why the project is needed in the local area. The applicant should outline the specific needs that will be met and clearly link these to the project's activities. There should also be a rationale explaining how the need was identified and why existing provision does not address this.

The applicant should provide as much detail as possible and, where possible, provide numbers, evaluation reports or research results. Where a similar or the same project has been delivered before then you will need to clearly demonstrate the additional needs identified and how this project will meet those.

Please note this section is not about the organisation and what the organisation is delivering but rather the project for which you are applying, how you identified the need for the project, how the project is going to fulfil this need, and this should link back to the theme applied for.

Equality of opportunity and good relations.

This question allows the applicant to identify how the project will promote good relations and equality. The applicant should refer to Section 75 of the Northern Ireland Act 1998 and detail what actions the project will undertake to promote equality and accessibility of services to all. The applicant should be specific in outlining the actions that will be taken through project delivery which will ensure the project is open and inclusive to all people. Note this is how the project will deliver on Equality of Opportunity and Good Relations and not your organisations daily delivery.

Sustainability.

This question allows the applicant to identify how the project will create positive impacts beyond the lifetime of the project and detail any direct and indirect (both financial and non-financial) sustainable benefits that have been created through project delivery. Note this is how the project will deliver on sustainability and not your organisations daily delivery.

Budget Tab

Cost overview.

This will consider that the costs are reasonable and proportionate to the project applied for with a detailed budget breakdown including income generation and how this is being applied to the project.

Please note: applicants cannot apply for the same items as you have received funding for in the past 3 years.

The applicant should include 100% of all costs associated with the project including those you are not requesting funding for within this application.

The applicant must indicate the amount of funding required from Council ensuring they do not exceed the lower and upper thresholds as identified in the Guidance Notes. Applicants must also be aware that Council may fund less than the amount requested.

Costs should be outlined for every item of expenditure even where Council is not providing the funding. Applicants should ensure costs are realistic and should get quotes. You will be required to provide us with a breakdown of each activity (budget heading). You should provide a breakdown of all activities e.g. Artists fees, £1,500 – 5 artists x £300 each.

It is vital that the amount requested is within the eligible items of expenditure as highlighted for the programme and within the Council regulations. If applicants are not requesting 100% of the total cost of the project, they should provide evidence of any additional funding being received for the project including the organisation's own funding sources.

Please note:

- Any gap in funding i.e. shortfall, must be accounted for or a rationale provided. Failure to do so will impact on the score. Please provide details of any pending funding awards.
- Projects which deploy potential sources of income from the project to a charity or other third-party organisation via sponsorship or donations will NOT be eligible.
- Where projects are generating a profit, this will not be eligible. Where income is being generated from a project you must demonstrate how this is being used to enhance the project or offset costs outside of those applied for.
- Volunteer or existing staff costs, donations to charities are NOT eligible.

6. Assessment Criteria, Project Appraisal and Scoring - Stage 2 Scoring

All applications passing Stage 1 Basic Eligibility check, will proceed to a "Full Project Appraisal and Scoring" carried out using the following criteria, process and scoring system. The assessment panel then makes a recommendation to the Council for consideration/approval.

All eligible applications will be assessed against the pre-set criteria agreed by Council. All applications will be scored out of 100 (weighted final score). An application must score a minimum of 50% under Programme and Priority criteria, Efficiency and Effectiveness criteria as well as under the Cross-cutting themes, before it can be considered for funding. Projects under 50% will not be recommended for support.

However, a score equivalent to 50% or above will not necessarily guarantee funding as applications will be scored and ranked with funding available awarded to the highest ranked projects. Thereafter a project may be reconsidered, and allocated funding should it become available at a later date.

For consistency and to facilitate efficient assessment the following approach has been adopted to scoring against the following criteria:

Question (as per application)	Criterion	Maximum	Weighting	Weighted Final Score
	Council & Programme or Service Area.			
Provide a description of the project and how it complements the theme applied for as per the guidance notes.	Fit with the programme or service area being applied for.	5	x 4	20

Provide an outline of the aims, objectives and outcomes of the project. Complete the key activities table which are the outputs of the project.	Fit with the programme or service area being applied for.	5	x 4	20
	Efficiency / Effectiveness / Need			
Cost overview. This will consider that the costs are reasonable and proportionate to the project applied for with a detailed budget breakdown including income generation and how this is being applied to the project.	Cost overview	5	x 3	15
How the need for the project was established and how the project will fulfil this need.	Establishment of Need	5	x 3	15
	Cross-cutting themes			
How will the project improve equality of opportunity and good relations? Please detail what actions will be undertaken which will contribute to improvement of equality of opportunity and good relations.	Equality of opportunity / Good relations	5	x 3	15
How will the project be sustained beyond the period over which the funding is being sought? Please outline any likely sustainable benefits which will occur through the delivery of this project.	Sustainability	5	x 3	15

In addition, the following scoring system will be used by the panel to ascertain the scores for the criteria above:

Link at project level	Link to Criterion	How evident	Score
The project proposal does not demonstrate that it has the capacity to deliver basic project outcomes that would be expected in order to be awarded funding.	The application does not meet the basic standard under this criterion	No evidence provided	0

The project proposal demonstrates some ability to deliver key outcomes in some areas but overall, it is below the standard expected in order to be awarded funding.	The application met some of the basic requirements of this criterion.	Not sufficient evidence	1
The project proposal demonstrates an ability to deliver project outcomes to an acceptable standard and it may be considered suitable for funding.	The application met the requirements of this criterion.	Less Evident	2
The project proposal is evident in the way it describes a range of activities that will result in good outputs and the achievement of outcomes.	The application is evident in the requirements of this criterion.	Evident	3
The project proposal is strong as the activities described will result in good outputs and the achievement of outcomes.	The application was very evident with strong fit with the requirement of this criterion.	Strongly evident	4
The project proposal fully complies with the outputs and achievement of the outcomes.	The project is excellent and fully met the requirements of this criterion.	Highly Evident	5

7. What Happens Next?

Once your application is submitted it will enter the Council's assessment process. The system will not allow applications to be submitted after the closing time (**07th October 2025 12:00 noon**). There will be no right of appeal.

The application will then proceed to the assessment process. This will involve the following steps:

- An Assessment Panel consisting of Council Officers will be set-up to consider applications for each theme. Your application will be forwarded to the panel responsible for the theme for which you have applied.
- Applications will be assessed against the basic eligibility criteria for the theme concerned.
- If the application meets the basic requirements outlined in stage one, it will pass to the next stage. If not, it will be rejected as ineligible.
- Applications will be assessed against the criteria for the theme concerned. If it doesn't meet the minimum score requirements it will be rejected.
- Council will consider the scores of all applications above minimum threshold for the particular theme and will place these in ranked order.
- Depending on the amount of funding available applicants will be funded in order of their score, with higher scoring applications funded first.
- Recommendations will be made to the Economy, Regeneration and Tourism Committee who will be responsible for ratifying the overall process. Applicants will be recommended for funding based on their score and a Score and Rank system will be implemented.
- The Committee will make recommendations to full Council.

- Applicants will be informed of the outcome of Council's decision approximately twelve weeks after the application deadline.

You will receive one of four outcomes from the application and assessment process:

- **Ineligible** – Your application will automatically be ineligible if:
 - It is incomplete.
 - It fails to provide the necessary detail; uploaded documents will be reviewed to ensure they are eligible.
 - It has not been signed appropriately/incomplete online declaration.
- **A Rejection** – if your application fails to meet the necessary threshold score for support under the individual programme you will be informed that your application has been rejected.
- **Score and Rank** – a score equivalent to 50% or above will not necessarily guarantee funding as applications will be scored and ranked with funding available awarded to the highest ranked projects. Thereafter a project may be reconsidered, and allocated funding should it become available at a later date.
- **A Letter of Offer** – if your application is successful, you will receive a Letter of Offer. This will set out the specific requirements associated with financial assistance and any special conditions. It will describe the information you will have to submit with a claim for funding. It will not constitute a formal funding agreement until these conditions have been agreed and the Letter of Offer accepted in full, in writing, by your organisation.
- **Post letter of offer workshops - Capital**
These will be offered to all successful applicants to include training on how to adhere to the letter of offer including procurement and submission of a claim including evaluation requirements.

8. Appeals

Where an application has been rejected for reasons of incomplete information, failure to sign the application/complete the declaration, or ineligibility, there will be no right of appeal. However, where an application is unsuccessful after the full assessment process, appeals can be made to Council on the following basis:

- The outcome was a decision that no reasonable person would have made on the basis of information provided to the Financial Assistance Assessment Panel.
- That Council's stated policy or procedures had not been followed and led to a materially different decision.

Should you wish to submit an appeal this must be done as follows:

- A request for debrief must be lodged, in writing, within 15 working days of the date of the rejection letter and must take place within a 21-day period of the written request. At the debrief an officer will talk you through the scores your application was awarded.
- After debriefing, if you wish to appeal the panel's decision an appeal must be lodged in writing within 10 working days of the date of the debrief session.

- The appeal should be submitted to the Grants and Funding Unit and proof of receipt obtained.
- The appeal request must state:
 - The application details including programme applied for, title of project and contact details for the applicant.
 - The grounds on which an appeal is being made.
 - Any evidence the applicant believes the review process should consider which supports the view that one of the two bases for an appeal is justified.

The appeal will be reviewed by a panel independent from the original scoring panel who will decide on the appeal. This could result in several possible outcomes including:

- Rescoring of the application.
- If the appeal is upheld an appropriate Letter of Offer will be issued as for a successful application.
- If the appeal is not successful, the applicant will be informed and the reasons for the rejection provided in writing.
