### Multiple identity

Generally speaking, people can fall into more than one Section 75 category. Taking this into consideration, are there any potential impacts of the policy/decision on people with multiple identities? (For example; disabled minority ethnic people; disabled women; young Protestant men; and young lesbians, gay and bisexual people).

N/A

Provide details of data on the impact of the policy on people with multiple identities. Specify relevant Section 75 categories concerned.

### Screening Decision

In light of your answers to the previous questions, do you feel that the policy should (please underline one):

1. **Not be subject to an EQIA (with no mitigating measures required)**
2. Not be subject to an EQIA (with mitigating measures /alternative policies)
3. Not be subject to an EQIA at this time
4. Be subject to an EQIA

If 1. or 2. (i.e. not be subject to an EQIA), please provide details of the reasons why:

The outcome of the equality screening is that the Gaming and Amusement Policy not be subject to an equality impact assessment (with no mitigating measures required).

Three of the specific policy objectives are to support and safeguard residential communities in Newry Mourne and Down; protect children and vulnerable persons from being harmed or exploited by gambling; respect the need to prevent gambling from being a source of crime and disorder. These are objectives which seek to meet needs, experiences and priorities related to children and young people, and vulnerable adults.

As noted the policy has sought to mitigate adverse impact, as far as reasonably possible, wherein one of the five designated criteria when assessing the suitability of a location for a proposed amusement arcade shall be, "Proximity to schools, youth centres and residential institutions for vulnerable people." Under this policy Council will not grant amusement permits in locations near schools, youth centres and residential institutions for vulnerable people, including children's care homes and hostels for the homeless. 'Near' shall be interpreted as not within 200metres of such premises.

If 2. (i.e. not be subject to an EQIA), in what ways can identified adverse impacts attaching to the policy be mitigated or an alternative policy be introduced?

In light of these revisions, is there a need to re-screen the revised/alternative policy?  
Yes / No. If No, please explain why

If 3. or 4. (i.e. to conduct an EQIA), please provide details of the reasons:

### **Timetabling and prioritising EQIA**

If 3. or 4, is the policy affected by timetables established by other relevant public authorities? NO

If YES, please provide details:

Please answer the following questions to determine priority for timetabling the EQIA. On a scale of 1-3, with 1 being the lowest priority and 3 being the highest, assess the policy in terms of its priority for EQIA.

<b>Priority criterion</b>	<b>Rating (1-3)</b>
Effect on equality of opportunity and good relations	
Social need	
Effect on people's daily lives	
Relevance to a public authority's functions	

Note: The Total Rating Score should be used to prioritise the policy in rank order with other policies screened in for EQIA. This list of priorities will assist you in timetabling the EQIA. Details of your EQIA timetable should be included in the quarterly Section 75 report.

Proposed date for commencing EQIA: \_\_\_\_\_
