

# Healthy Online Relationships

eLearning Course

**Launching April 2021**

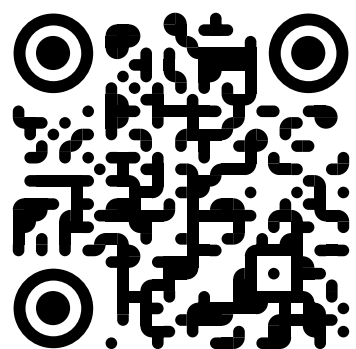

This bespoke programme has been designed by INEQE Safeguarding group in partnership with the SHSCT & SET funded by the Public Health Agency (PHA) for 16 – 25 year olds, to explore the meaning of healthy online relationships in relation to appropriate behaviours, consent, the law and online safety measures. It will promote and empower pro-social activities that young people can use to create healthier social interactions as they increasingly operate in online spaces.

Hosted on an LMS platform, for young people to access and work through the interactive content independently. They will learn to question behaviours online and know what actions to take to protect themselves and others.

**Key Topics include: Sexting, Grooming, Exploitation, Bullying and Scams.**

**Sign Up Here! >**

Share this link with students and they will have access within 48 hours of signing up.
