

Mourne Gullion Strangford

Keep what matters

Help shape what's next

Have your say on exciting proposals for:

Kilbroney Park

Slieve Gullion Forest Park

Delamont Country Park

What's proposed?

Kilbroney Park — A new visitor hub, Narnia-inspired experiences, outdoor attractions, trails and accommodation.

Slieve Gullion Forest Park — An all-weather amphitheatre, immersive storytelling, digital experiences and enhanced trails.

Delamont Country Park — New heritage and nature experiences, viewpoints, trails and accommodation.

Subject to approvals, funding from the Belfast Region City Deal would be used to support major tourism investment across these three much-loved parks.

The proposals could bring new experiences, improved facilities and year-round attractions to these much-loved destinations, helping more people discover and enjoy Mourne Gullion Strangford.

Funding is not yet approved and the proposals are not final.

Why are we engaging?

We've heard that people want:

- More things to see and do
- Experiences for all ages
- Better year-round attractions
- Stronger storytelling and interpretation
- More opportunities for local businesses
- Growth that respects what makes these places special

Now we want to hear from **you**.

Your views matter

The proposals are still being developed and your feedback will help shape the next stage.

Supporting new visitor experiences

We're also exploring a Visitor Experience Development Fund to support local businesses and organisations to develop new visitor experiences that complement the parks and showcase more of Mourne Gullion Strangford
