Welcome to Newry, Mourne and Down District Council’s Corporate Plan 2019-23.

As one of the largest Councils in Northern Ireland we go forward with an ambitious agenda to further develop our area and enhance the reputation of our District as a great place to live, work and visit.

Our strategic location provides an opportunity for business development, local and international investment, promotion of cross-border initiatives, as well as establishing us as a premier tourism destination.

As one of six local councils to secure the first ever billion-pound City Deal agreement, we will help build our economy through more localised and focused investment decision-making.

During this period, we will continue to place great emphasis on regeneration for our city and towns building a new civic centre, new conferencing and enhanced theatre facilities as well as bringing much needed hotel and Grade A office accommodation to our area.

As a forward-looking Council we remain committed to fostering international relationships to promote friendship and understanding and stimulate the exchange of knowledge and experiences in economic development, tourism, education, culture, sustainable environmental initiatives and youth exchange.

During our second term we will encourage all citizens to improve their health and wellbeing to enhance their quality of life by becoming more active.

We plan to transform and modernise the way our Council provides accessible as well as value for money services. Our Neighbourhood Services Transformation project will deliver improved service and citizen experience and work towards delivering on the 2030 target of 65% of municipal waste being recycled. We will use the latest digital technologies to make it easier for citizens to engage with us and ensure we use our resources efficiently and effectively.

So, it promises to be an exciting second term going forward with its many challenges and opportunities as we continue to bring the Council’s ambitious plans to fruition while working together and advocating on your behalf to make Newry Mourne and Down a great place to live, work and visit.

- Ongoing reduction in biodegradable municipal waste sent to landfill
- A new Civic Centre as well as new conferencing and enhanced theatre facilities
- Empowered communities influencing local services and development
- A transformed Council in terms of service provision and delivery
- A powerful and influential Council which continues to advocate for all its citizens
Introduction

This is Newry, Mourne and Down District Council’s second Corporate Plan for the four-year period 2019-2023 which builds on the progress and achievements of our first four years.

With an estimated population of 180,012, a coastline of approximately 150 Kilometres, and encompassing an area of 1,634 square Kilometres, we have three Areas of Outstanding Natural Beauty; Mourne, Ring of Gullion, and Strangford and Lecale.

With approximately 1030 employees and an annual budget of circa £58M made up from rate income, grants from central government and income generated from specific services, we are the third largest of the eleven Local Government Districts in Northern Ireland. Our 41 Elected Members from our seven District Electoral Areas serve a diverse population, 23% of which is aged 15 years and below, and 15% being 65 years and older.

During our first four years we established a new governance and organisational structure, delivered major new facilities and projects for the benefit of residents and visitors, facilitated agreement with partners on the Community Plan, secured major City Deal investment for the future and began work on publishing a new Local Development Plan preferred options paper to shape planning across the District for the years ahead.

This new Corporate Plan will guide our activities and how we allocate our resources over the next four years. In doing so we will work closely with all our partners in government and with the private, voluntary and community sectors and strive to provide our staff with the development support and resources needed to provide better outcomes and high-quality services for all.
Our Corporate Plan
- Why We Need It

The draft Programme for Government contains strategic outcomes which, taken together, set a clear direction of travel and enable continuous improvement on the essential components of societal wellbeing. They touch on every aspect of government, including the attainment of good health and education, economic success and confident and peaceful communities.

A key feature of the draft Programme for Government is its dependence on collaborative working between organisations and groups, whether in the public, voluntary, or private sectors. The draft Programme for Government outcomes for the whole region are reflected within the District’s Community Plan. Our Community Plan for the district, ‘Living Well Together’, was agreed by the Council, public service providers, government departments and partners in the business, voluntary and community sectors.

All of the partners to the Community Plan are committed to playing a full and active role in delivering the following outcomes:

- All people in Newry, Mourne and Down get a good start in life and fulfil their lifelong potential
- All people in Newry, Mourne and Down enjoy good health and wellbeing
- All People in Newry, Mourne and Down benefit from prosperous communities
- All people in Newry, Mourne and Down benefit from a clean, quality and sustainable environment
- All people in Newry, Mourne and Down live in respectful, safe and vibrant communities

In preparing our Corporate Plan 2019-2023 we have sought to maximise linkages with the draft Programme for Government, and how best the Council can contribute to achieving the outcomes set out within our Community Plan.

As such, the Council’s Business Planning and Performance Management Framework drives and provides assurance that community planning outcomes, corporate priorities and performance improvement objectives are being delivered.

The following illustrates how the priorities set out within our Corporate Plan are reflected within individual business plans and service plans to ensure the entire organisation are working towards corporately defined objectives.

Our Vision, Mission and Values

We are ambitious and want our District to become one of the most desirable and best places to live, work, invest in and visit.
We want to:
• create opportunities for local people and our communities to thrive by supporting economic development which is sustainable and helps them lead fulfilling lives;
• enable our District to grow to be a place which is attractive and welcoming to visit and do business in;
• promote and facilitate healthier and more active lifestyles;
• support communities to be cohesive and safe and people to be actively engaged in civic life;
• protect and develop our environment for the enjoyment of today’s residents and visitors and for the benefit of future generations;
• provide modern, affordable and accessible facilities and services which offer a better quality of life for all – especially those people and places which need more support than others.

To achieve our vision, we will work collaboratively with all our partners and stakeholders in the public, private, community and voluntary sectors through Community Planning, with our Local Government colleagues both north and south of the border and with Central Government departments.

Our Mission as a Council is:
“To support and advocate for a welcoming District which is progressive, healthy and sustainable, providing better economic, environmental and social outcomes for all”.

In pursuing our Mission, we will be guided by five values which are fundamental to everything we do:

**Collaborative**  We will work in partnership with others

**Responsive**  We will listen and respond openly and positively to the views of everyone

**Engaging**  We will involve residents and staff in identifying needs and improving our services

**Sustainable**  We will modernise and transform our services in developing the District for current and future generations.

**Transparent**  We will make our decisions on services and resource allocation openly and decisions will be informed by objective evidence
Our District
A Profile

Newry, Mourne and Down District Council has the third largest population of Councils in Northern Ireland. It is strategically located on the important eastern A1/M1 economic corridor with 150 Kilometres of coastline and is an attractive area for business investment, both local and international.

We are within one hour travelling distance from Dublin and Belfast, with close proximity to two major airports, a deep-water port, and transport routes which link us throughout Ireland and to Great Britain.

Our district has many strengths that make it an attractive place to live, work and invest in. However, our District also faces several challenges including Brexit that are both common across the region as well as unique to our area. A profile of our District is detailed below under the five outcomes of the Community Plan.

Our Plan
How We Developed the Corporate Plan

As a Council we are committed to engaging with our residents and stakeholders in our district. This Corporate Plan has been informed by an extensive engagement process undertaken in a two-phased approach.
In the first phase of our engagement, residents were surveyed and asked how we are delivering on our duties. The survey undertaken in September 2018 was based on a representative sample of residents aged 16+ with quotas applied for age, gender, social class and electoral wards. The survey also highlighted the priorities that are important to our residents. Priorities for our residents included supporting local business, improving our public spaces and affordable housing.

Furthermore, 87% of residents in our district are satisfied with the work of our Council.
In the second phase, a comprehensive consultation exercise, independently facilitated by Community Places, took place in early 2019 with a series of 25 meetings held with a wide range of stakeholders. The District Electoral Area Forums, elected representatives, council employees, representatives from the business and youth sector and Older People’s Forum all informed the findings of the plan. The draft plan will also be subject to a 12-week public consultation.

Consultees were asked their views on:
- the needs for the district;
- the impact of the current corporate objectives over the first term of Council;
- what the objectives and priority actions should be for the next four years.

The wide-ranging discussions largely mirrored the residents’ survey findings undertaken in the first phase of the engagement process.

Issues raised included the need to
- continue to attract economic investment;
- create business growth and job creation;
- sustain tourism development;
- continue the support for physical and mental health and wellbeing initiatives;
- build the capacity of local community representatives and volunteers; and
- protect our environment and its assets.

Our Way Forward
What We Want To Achieve

To achieve our mission and realise our vision by listening to and delivering on the priorities identified by our stakeholders, we have adopted the following eight strategic objectives for the next term of Council. They are aligned to the five themes of the Community Plan and will be delivered in collaboration and partnership with a range of stakeholders.

We will:

**Economy**

Invest in and support new and growing businesses, job creation and employment skills

We will facilitate investment by new and growing businesses while contributing to the further development of workforce skills to retain existing and attract new industries.

**Health and Wellbeing**

Contribute to improving the health and wellbeing of everyone in the district and reducing health inequalities

We will help to reduce health inequalities and improve the quality of life for all by contributing fully to programmes, services, facilities and amenities.

**Environment**

Enhance, protect and promote our environment

We will contribute to tackling climate breakdown and reducing harmful impacts on the environment while enabling residents and visitors to enjoy our rich natural and built heritage.

**Economy**

Support sustainable forms of tourism which value our environment and cultural heritage

We will support and advocate for increased investment in tourism infrastructure development which promotes our unique assets and increases visitor satisfaction and spend.
Safe and Vibrant Communities

Enable and support people to engage in inclusive and diverse activities in their communities

We will encourage people to play an active part in civic life in all its forms and develop the capacity of communities, particularly those in greatest need, to attract the right support to address needs and sustain valued projects and facilities.

Economy

Promote the revitalisation of our city, towns, villages and rural communities

We will work with residents, businesses and our partners in regeneration to further develop desirable places to live, work, invest in and visit across the District.

Lifelong Potential

Provide accessible, high-quality and integrated services through continuous improvement

We will build a high performing Council, fit for the future, that delivers efficient and effective services for the benefit of both residents and staff.

Lifelong Potential

Advocate with others for the benefit of all people of the District

We will lobby and campaign with government and others to attract investment, develop modern infrastructure across the District, address needs and improve the quality of life for all.
Our Key Actions
What We Will Do

To ensure we deliver on these strategic objectives we will undertake the following key actions to enable us to achieve measurable results.

Over the next four years the principal projects Council aims to deliver upon are:

• New Civic Centre
• Albert Basin Park
• New Theatre and Conference Centre in Newry
• Community centre provision in Newcastle, Warrenpoint and Camlough.
• Local Development Plan Strategy
• Transformation Programmes
• Progress Projects contained within the Belfast Region City Deal (BRCD) including skills and innovation

To enable the Council deliver on its 8 Strategic Objectives the following key actions have been identified. These will be delivered through the vehicle of the Community Planning Partnership with our Statutory and Community Partners.

Newry, Mourne and Down Corporate Plan 2019-2023
Reviewing performance and reporting progress to Elected Members and other key stakeholders is very important as it facilitates transparency, accountability and improvement in everything the Council does. The Council regularly monitors performance in relation to the implementation of key plans and strategies, which support the achievement/delivery of the Corporate Plan.

These include the Performance Improvement Plan and Directorate Business Plans. The Council publishes an Annual Performance Improvement Plan which is independently audited.

The governance arrangements to develop, monitor, report and review the Council’s progress in implementing the Corporate Plan 2019-23 are outlined below:

**Governance Arrangements**
