

Age Friendly – Positive Ageing Calendar 2023

Welcome to the 12th Age Friendly Positive Ageing Calendar of events for October 2023.

Positive Ageing Month is about celebrating and promoting the positive aspects of growing old and recognising the valuable contribution community and voluntary organisations make to improve the health and wellbeing of older people. It is also about reaching out to everyone over 50, particularly those who are more vulnerable and supporting them to get involved in the events that are taking place across Newry, Mourne and Down and across Northern Ireland.

The co-ordination of these initiatives has been a real community effort from the Southern Age Well Network, Volunteer Now, local volunteers, Newry, Mourne and Down District Council, the Southern Health and Social Care Trust and the University of the Third Age.

The Trust's Access and Information Service offers advice and information on a range of local services available to older people. We provide a central point of contact, Trust wide, for:

- **Anyone aged 65yrs+**, living in the Southern Trust area, who is struggling to complete daily living tasks independently or feels isolated and would like connected to local support services
- **A relative and/or carer** seeking assistance for an older person who lives in the Southern Trust area
- **Anyone wanting to find out information** or discuss referral pathways on services for older people in the Southern Trust area.

We work with frontline professionals to facilitate discharge from hospital, freeing up hospital beds by ensuring the necessary supports are in place at home. Our team will also arrange services in the home to prevent hospital admission being required.

We refer into a range of services, both within the Trust and the community and voluntary sector.
