1.0			Purpose and Background
1.1			<p>Directorate Business Plans provide an overview of planned activity for the year ahead, and contribute to the delivery of the Community Plan, Corporate Plan and other key plans and strategies. They form an essential part of the Council’s Business Planning and Performance Management Framework, which demonstrates how corporate objectives are cascaded across the organisation and provides assurance that they are being delivered.</p> <p>As Directorate Business Plans are directly aligned to the achievement of the Corporate Plan, they remain fairly high level, and do not necessarily capture the core, business as usual activity that is undertaken by individual departments. Alternatively, they provide an insight into the key, overarching objectives, supporting actions and measures of success for each Directorate in the year ahead, whilst setting the context for the development of departmental Service Plans which are operational in nature.</p>
2.0			Key issues
2.1			<p>Assessment of Directorate Business Plans 2025-26</p> <p>In order to improve transparency and accountability, and facilitate a performance led approach to business planning, each Directorate has undertaken an assessment of their Business Plan 2025-26. These assessments provide an overview of the performance of each Directorate and have been used to influence the development of the 2026-27 Business Plans. This exercise is an important part of the Council’s statutory responsibility to strengthen the way performance is monitored, reviewed and reported across the organisation.</p> <p>The assessment of the Chief Executive – Corporate Services Directorate Business Plan 2025-26 are attached at Appendix 1</p>
2.2			<p>Directorate Business Plan 2026-27</p> <p>Directorate Business Plans 2026-27 outline the key objectives, actions and measures each Directorate will work towards and are aligned to the objectives within the Corporate Plan 2024-27. Directorate Business Plans 2026-27 are now aligned to the new organisational structure following completion of the planning for the future process.</p> <p>The Chief Executive – Corporate Services Directorate Business Plan 2026-27 is attached at Appendix 2.</p>

2.3	<p>It should be noted that further improvements to the business planning process are underway across the Council, particularly in relation to cascading corporate objectives in a meaningful way to employees through the introduction and roll-out of Service Plans and People Perform Grow. This process seeks to improve the use of performance measures at all levels of the Business Planning and Performance Management Framework and create a clear 'line of sight' between the work of individuals, teams and departments, and how they contribute to the achievement of Directorate Business Plans and the Corporate Plan.</p>

1.0 Introduction

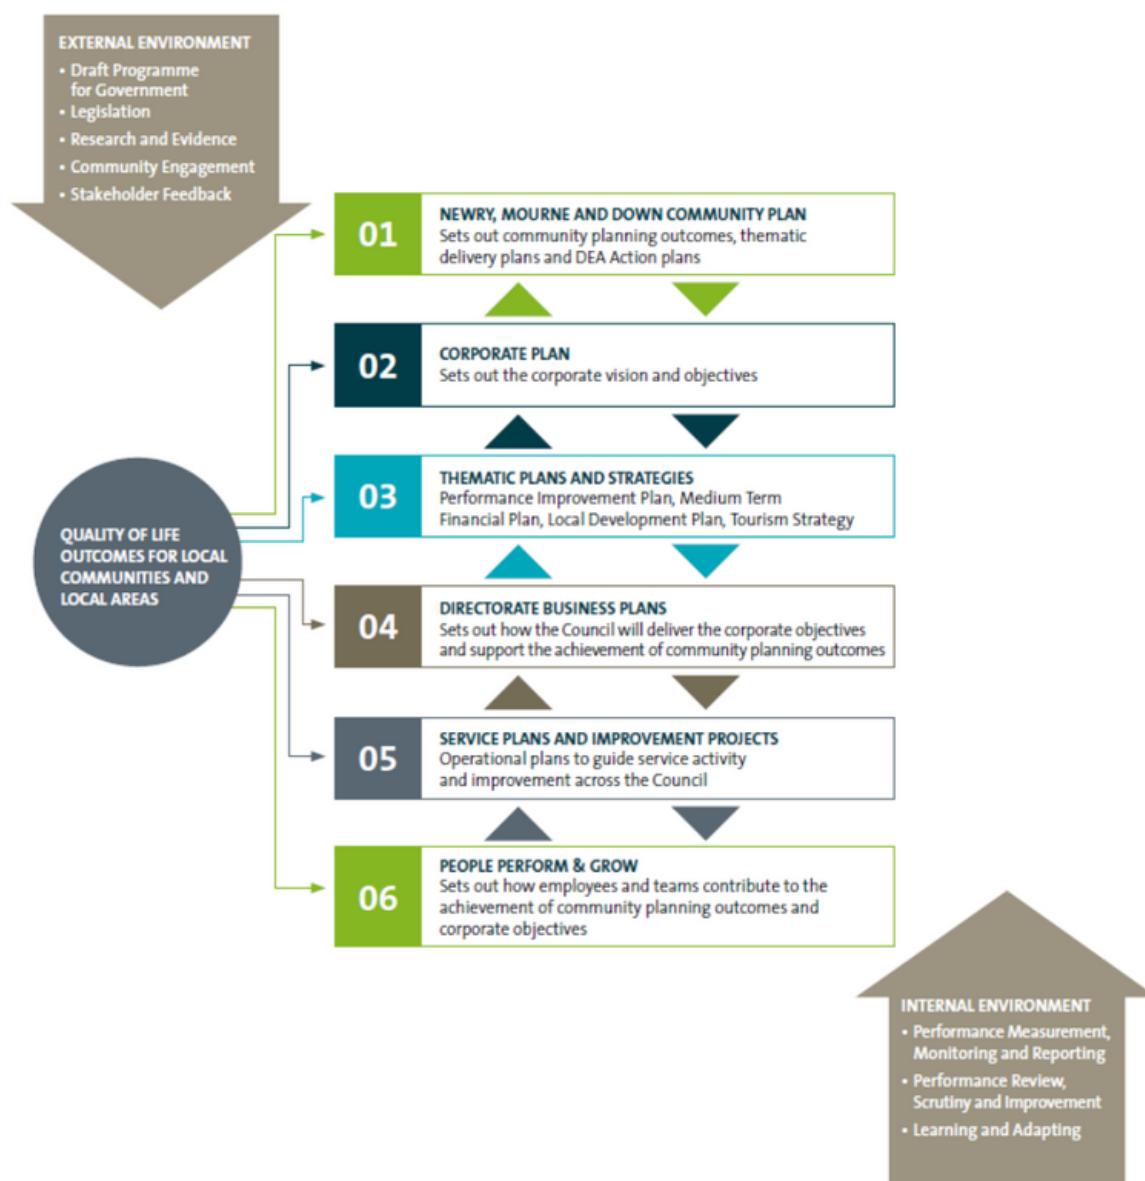

- 1.1 The Chief Executive / Corporate Services Directorate is responsible for supporting the organisation to achieve the strategic objectives as set out in the Corporate Plan 2024-27. The Directorate is responsible for the overall management of the Council's staff, finances and elected members and plays a key role in providing professional advice and guidance to support and improve the services provided. The Directorate provides services directly to the public through corporate communications and marketing, as well as providing registration, digital and telephony, emergency advice and customer services.
- 1.2 The core responsibilities of the Department are:
- **Finance, including Performance**
 - **Human Resources**
 - **Corporate Planning and Policy**
 - **Communications and Marketing**
 - **Information Technology**
 - **Administration, including Legal Services, Compliance and Registration Services**
 - **Estates and Capital projects, including Procurement**
 - **Democratic Services**

2.0 Background and Context

- 2.1 The Chief Executive/Corporate Services Business Plan is developed within the context of the Community Plan and Corporate Plan 2024-27 and Performance Improvement Plan. The Community Plan sets out the long-term outcomes for the District, based on the needs and aspirations of local people. The Corporate Plan sets out the key strategic objectives for the Council between 2024-27, and how it will contribute to achieving the community planning outcomes. The Performance Improvement Plan highlights the improvements stakeholders can expect to see through the annual performance improvement objectives, which are clearly aligned to community planning outcomes and corporate objectives.
- 2.2 The Community Plan and Corporate Plan are cross cutting and strategic in nature. They guide all activity within the organisation, as well as the subsequent allocation of resources, and sit within a hierarchy of plans, as outlined in the 'Business Planning and Performance Management Framework' (Figure 1).
- 2.3 The Business Planning and Performance Management Framework drives and provides assurance that the Council is delivering its corporate vision and priorities, whilst securing continuous improvement in the exercise of functions. It provides a mechanism to join up and cascade the various plans and strategies across the organisation, demonstrating how employees

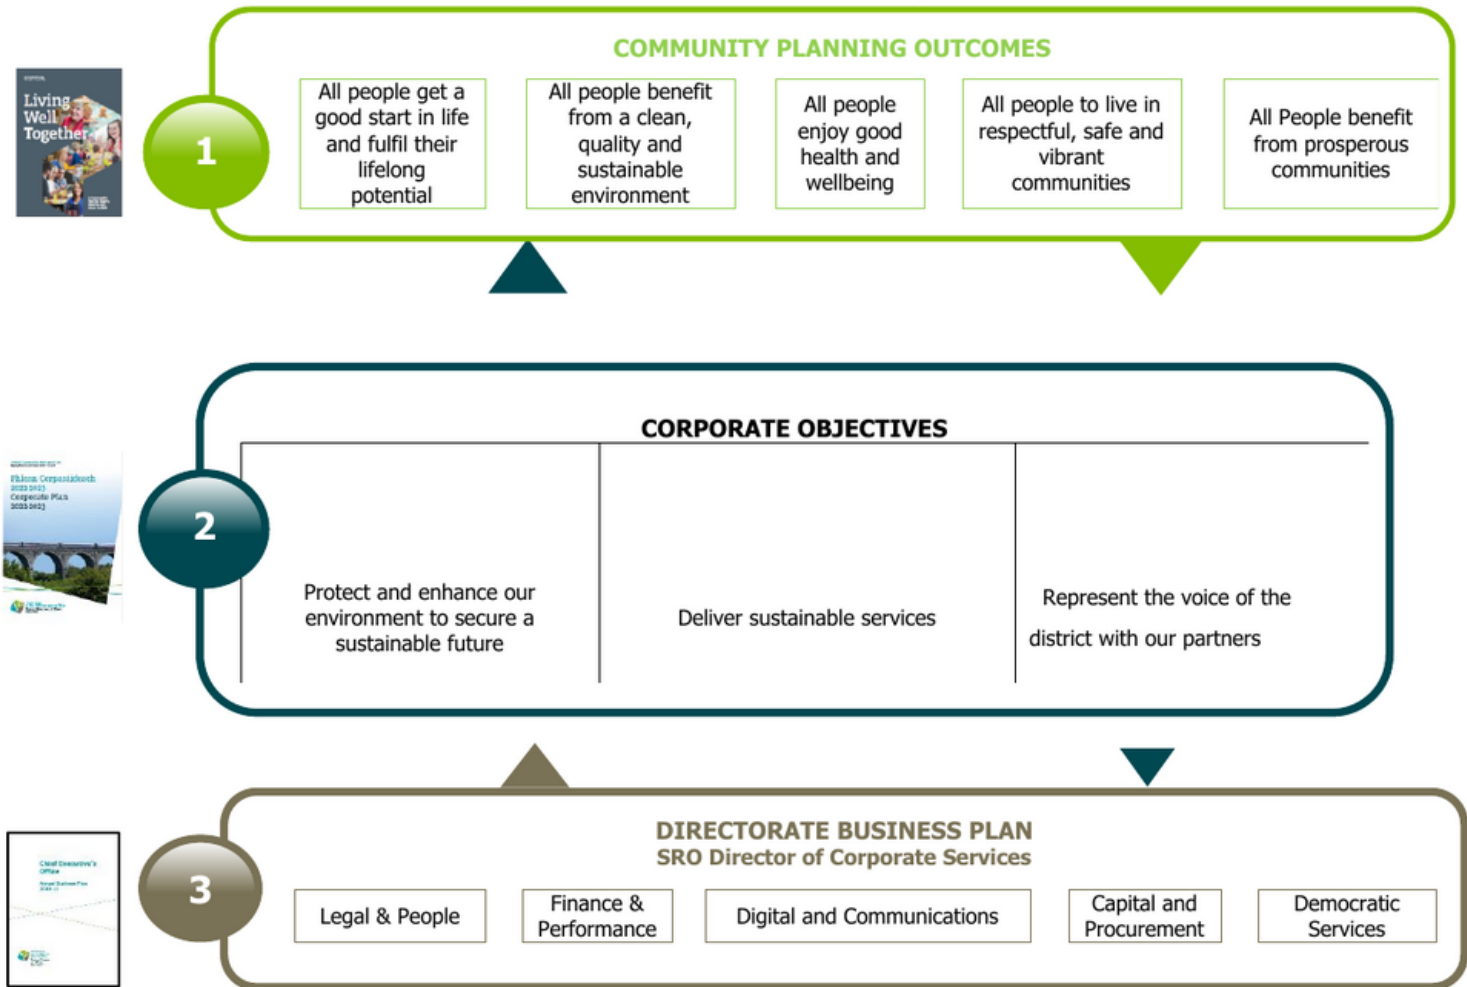

contribute to achieving community planning outcomes and corporate priorities, for the ultimate benefit of the citizens we serve.

Figure 1: Business Planning and Performance Management Framework

- 2.4 The Chief Executive/Corporate Services Business Plan provides an overview of the key operational activities for the coming year. These activities are explicitly linked to corporate objectives and coupled with 'business as usual' service delivery, provide clear direction for all employees within the Directorate (Figure 2). Directorate Business Plans are supported by Service Plans and the 'People Perform and Grow' initiative.
- 2.5 The Chief Executive/Corporate Services Business Plan is published annually and is the basis upon which performance is managed and reviewed by full Council, the Strategy, Policy and Resources Committee and Senior Management Team.

3.0 Purpose and Values

3.1 Purpose

3.1.1 The Chief Executive/Corporate Services Directorate’s primary purpose is to provide the resources and support required to the organisation to enable delivery of the strategic (corporate) outcomes for the Council. As a result, the bulk of Directorate activity is aligned with the Council’s strategic objective:

- Deliver Sustainable Services
- Protect and enhance our environment to secure a sustainable future
- Represent the voice of the district with our partners

3.1.2 However, there are other important Council strategic objectives where the Directorate makes a significant contribution in supporting the achievements of the objectives. Further, more detailed information is provided in Sections 5.0 (Corporate Services Supporting Actions 2025-26) and 6.0 (Performance) of this Plan.

3.2 Values

3.2.1 The Department adheres to the Council’s values which are outlined in the Corporate Plan 2024-27:

	What This Means
Respect	We will demonstrate respect for all people in our attitudes, behaviours and working relationships.
Transparency	We will be transparent in how we make decisions.
Excellence	We will take pride in our work and be passionate about the standards we strive to achieve.
Integrity	We want the people of our district to trust us to do the right thing.
Accountability	We will be accountable to the public for our decisions and actions. We will be accountable for how we plan for and use resources responsibly.

3.2.2 In accordance with the Section 75 requirements of the Northern Ireland Act (1998), the Chief Executive/Corporate Services Department is committed to carrying out its functions having due regard to the need to promote equality of opportunity and regard for the desirability to promote good relations. All new and revised policies, procedures and programmes of work will be subject to an equality screening and rural needs impact assessment (where appropriate).

4.0 Challenges and Opportunities

- 4.1 The Chief Executive/Corporate Services Directorate was established in December 2014, as part of the organisational design of the new Council, to centralise the management of a number of existing Council functions as well as support new powers which were transferred to the Council on the 1 April 2015. From 1 April 2017, the functional areas of Corporate Planning and Policy, and Estates and Capital Projects have become part of the Corporate Services Directorate. For the purposes of efficiency, democratic services under the Chief Executives department is now reported through the Chief Executive/Corporate Services Directorate Business Plan.
- 4.2 The Directorate continues to develop in line with organisational change. Over the course of this financial year, the Directorate will continue to develop and embed the necessary corporate frameworks, policies, processes and systems to deliver strategic improvement across the organisation, specifically in the areas of human resources, finance, communications and information technology.
- 4.3 The various (internal and external) challenges and opportunities for the Directorate are summarised as follows:

External Environment

- **Financial Planning:** Establishing the necessary financial plans within which Members' priorities for the District will be delivered.
- **Legislation and Regulations:** Ensuring legislative compliance with a range of legislation including S75 NI Act, Rural Needs Act.
- **Corporate Planning and Policy:** Establishing the necessary corporate planning and policy frameworks within which Members priorities for the District will be delivered and statutory obligations met, and we communicate effectively.

Internal Environment

- **Management:** Successfully establishing the Directorate in terms of its structure, governance and internal processes and increased responsibilities.
- **Resources:** Identifying and securing the financial and non-financial resources needed for the Directorate to successfully develop.
- **Estate Planning and Asset Management:** Successfully developing and implementing the necessary frameworks, policies and processes to support the effective and efficient management of the Council's Estate.
- **Transformation & Efficiencies:** Successfully developing and implementing transformational change that drives out the efficiencies and improvements that both Members and the public demand.
- **Information Management:** Ensuring adequate policies and procedures are in place to effectively manage our information in accordance with legislative requirements.

- **Information Technology:** Establishing robust information technology infrastructure to support business transformation.
- **Compliance:** Establishing the necessary policies and procedures and monitoring arrangements to ensure corporate legislative compliance in respect of key statutory obligations, including Equality, Disability, Rural Needs, Employment and Procurement legislation.
- **Risk Management:** Managing potential risks and opportunities in achieving the key actions outlined in the CX/CS Business Plan by adhering to the Corporate Risk Management Policy and reviewing the CX/CS Risk Register on a quarterly basis.
- **Performance Management:** Managing Council performance, highlighting areas of high-performance, identifying areas for intervention, developing a performance led approach to business and service planning and facilitating the development of a performance improvement culture.
- **Corporate Communications and Marketing:** Developing and delivering relevant communications activities, aligned to the corporate strategic priorities and agreed approach, ensuring staff, members, residents and other stakeholders are kept well informed about the work of the Council and other relevant activities in the district, in an appropriate, accessible and engaging manner.

5.0 Cross-Cutting Themes and Actions

There are a number of cross cutting actions aligned to the Community Planning Partnership priorities, Community Wealth Building and Sustainability and Climate Change that span across all Directorates and contribute to the fulfillment of Directorate Objectives, Corporate Objectives and ultimately Community Planning Outcomes.

Officers should indicate where their actions are contributing to the fulfillment of CPP, CWB or SCC actions by putting the relevant acronym in the column.

These actions should be identified in liaison with the relevant officers (CPP – Alan Beggs; CWB – Colin Moffett; SCC – Conor Sage) and relevant annual assessments of service plans forwarded to the above officers.

Acronym	Themes
CWB	Community Wealth Building
CPP	Community Planning Partnership priorities
SCC	Sustainability and Climate Change

Community Planning Partnership Priorities

While all actions will contribute to the delivery of the Community Plan, some actions may be considered appropriate to be contained within the Community Planning Partnership Priorities.

Relevant priorities should:

- Align to the outcomes of the Community Plan
- Involve collaborative working across statutory and community voluntary sector partners for both design and delivery.
- Report through the Community Planning Structures
- Measure and report impacts and outcomes

Community Wealth Building

Community Wealth Building is an approach to the way that economies function, retaining more wealth and opportunity for the benefit of local people.

Key actions in relation to CWB should deliver on the 5 recommendations and sub-recommendations contained within the CLES/DTNI report – Newry, Mourne and Down pioneering the potential of community wealth building.

Sustainability and Climate Change

Sustainability and the climate change emergency continue to be a key driver of Council with the key objective of improving the lives and livelihoods of the people who live and work here. Approval to develop a Sustainability and Climate Change Strategy was agreed in June 2022.

1. Title of policy

Unreasonable Behaviour Policy

2. Statement

Newry Mourne and Down District Council ('the Council') is committed to providing a safe and pleasant environment for our staff, and members of the public in our facilities or whilst engaging with Council services.

The Council's ambition is to provide excellent, customer-focused services to all. Anyone who comes into contact with Council services and our staff has the right to be listened to, acknowledged and respected. Council considers that staff and the public have the same right and Council reserves the right to manage contact between staff and members of the public or between members of the public in an appropriate manner to protect staff and the public, and to maintain the effectiveness of our services.

The Council will not tolerate unreasonable behaviour, including, but not limited to, abusive, aggressive, offensive or threatening behaviour or physical attacks from any persons towards members of staff (including third party contractors delivering a service on our behalf), Elected Members or individual members of the public. For the purposes of this Policy Council will use the definitions of unreasonable behaviour set out in Section 4 below.

Council will take the necessary steps to ensure that prompt and effective action is taken against any person(s) engaging in unreasonable behaviour.

3. Aim

The aim of this Policy is to provide a safe and pleasant environment for our staff, and individual members of the public:

- Defining what Council considers to be unreasonable behaviour
- Ensuring staff can identify behaviour that is unreasonable.
- Ensuring staff understand what is expected of them when dealing with incidents of unreasonable behaviour.
- Ensuring that staff follow corporate or departmental procedures when dealing with incidents of unreasonable behaviour.
- Ensuring that staff are equipped to manage situations where behaviour is considered unreasonable.
- Ensuring that a fair and consistent approach is used throughout the Council when dealing with unreasonable behaviour

Council will take the necessary steps to ensure that prompt and effective action is taken against any person engaging in unreasonable behaviour.

4. Scope

This Policy applies to:

- Any person, using or visiting any Council owned or controlled property/facility/land (referred to from here onwards as a “Council Facility”); or are using or participating in an activity at a Council Facility; or are visiting a Council Facility for any reason.
- Any person who comes into contact with Council staff who are undertaking Council business outside of a Council Facility (see definition below).
- Any person who contacts or engages with Council staff through any medium. This contact may be in person, by telephone, letter, email, or any digital medium/platform including social media.
- Persons engaging with each other whilst using a Council Facility and during provision of Council run programs or events.

This Policy does not apply to staff behaviour towards each other or the public. These matters are dealt with under the relevant policies e.g. Dignity at Work Policy, Code of Conduct and the Grievance and Disciplinary policies.

5. Related policies and legislation

6. Policy Detail

Definition of Staff

Those employed by Newry Mourne and Down District Council (including agency staff and casuals, volunteers, contractors, contractor services and Elected Members)

Definitions of unreasonable behaviour

It is important to distinguish between people who make several requests because they think things have gone wrong, and people who are unable or unwilling to accept a decision by Council staff.

We must also recognise that individuals may sometimes act out of character when anxious or distressed and reasonable allowances should be made for this. We must also recognise that some individuals require support when contacting us and provide them with guidance where appropriate.

However, Council does not expect staff, or those acting on behalf of Council, or the public to tolerate unacceptable behaviour. We will deal with individuals politely and with respect, and we expect the same in return from them.

Definitions and examples of unreasonable behaviour include the following:

- Behaviour which because of the frequency or nature of contact with Council, hinders our ability for example, to deal with Council business; to deal with enquiries; to consider their or other persons complaints.
- Making inflammatory statements and unsubstantiated allegations.
- Inappropriate use of social or other media. This includes any threat to safety where individuals pose a threat to themselves or others.
- Making malicious, unwarranted, or defamatory comments or making remarks which are related to any protected characteristic as set out under various anti-discrimination legislation in Northern Ireland.
- Work-related violence such as abuse, threatening behaviour or assault as defined below.

Term	Abuse	Threatening	Assault
Definition	Verbal, intimidation, bullying, or harassment that causes emotional or psychological harm.	Any statement or action that causes someone to fear immediate harm, even if no physical contact occurs.	Intentionally or recklessly causing another person to fear immediate unlawful force or actually applying that force.
Examples	<ul style="list-style-type: none"> Swearing, shouting, or name-calling Derogatory or discriminatory remarks Persistent undermining or humiliation 	<ul style="list-style-type: none"> Verbal threats ("I'll hurt you") Gestures (e.g., raising a fist) Written or digital threats (emails, texts) 	<ul style="list-style-type: none"> Physical attacks (hitting, pushing, grabbing) Throwing objects Spitting or unwanted physical contact Threats that cause fear of being harmed

Violation of rules:

- Persons who repeatedly violate Councils rules, regulations, policies, procedures/protocols and where applicable Customer Charter and Terms and Conditions.

Unreasonable demands:

Persons with unreasonable expectations of the level or type of service that we can offer.

- Refusing to give details, or respond to requests for clarification, which are needed to handle the request, yet still wanting the matter resolved.
- Insufficient, or no, grounds for the request made; and/or following a request through for reasons not made clear.
- Disruptive behaviour including being overly loud, intoxicated, or causing a disturbance.

People who are Unreasonably Persistent:

- Raising many detailed questions and/or requesting large volumes of information and insisting they are answered within an unreasonable timeframe.
- Refusing to accept that certain issues are not the Council's responsibility, not services that we offer, or are not within the scope of the Council Policies and

procedures e.g. Customer Complaints Procedure (because there is a suitable alternative procedure to follow).

- Insisting on the request being dealt with in ways which are incompatible with good practice (such as insisting that there should be no written record of the request) or Council standards, policies, procedures or protocols, terms and conditions, rules, or regulations
- Continuing to attempt to make unwarranted or unjustified representations during ongoing attempts to resolve existing issues or attempting to improperly influence or change aspects of an enquiry, during investigation.
- Continuing to attempt to pursue any matter, having exhausted all stages of the Council or other statutory procedures including complaints procedures. This includes complaints repeated in their original form or where the substance of a complaint is the same as that originally made. E.g. in cases where the Northern Ireland Public Services Ombudsman's Office has completed their investigation and closed the case.

Other behaviours that are unacceptable may include but is not restricted to the following (which may also be dealt with utilising other related policies where appropriate):

- Theft, vandalism, causing damage/targeted damage or other illegal acts on Council premises.
- Soliciting, selling, distributing, or canvassing other than for Council approved activities.
- Being under the influence of alcohol and/or an illegal or intoxicating substance that causes, or is likely to cause, a public disturbance or interferes, or is likely to interfere with, others' use or enjoyment of Council facilities and resources.
- Any intentional movement of the body which may include touching, gesturing, pushing, striking, stalking, spitting, any unwanted intrusion of "reasonable space" of an employee or another person or an intentional use of any object towards an individual.
- Loitering on the premises under circumstances that warrant alarm / concern for the health and safety of any person on the property or causes, or is likely to cause, fear, alarm, or distress.
- Activity that would be a risk to their safety or to the safety of other staff, or members of the public.
- Failing to comply with any element of Council Safeguarding Children and Adults Policy.
- Submitting falsified documents from themselves or others.
- Making unjustified comments about or to staff who are trying to deal with the issue.
- Bypassing the relevant Officer to escalate the issue prematurely. The Council will determine which member of staff is the right person at the right level in the organisation to handle the individual's request.
- Making an unreasonable number of contacts with us, in relation to a specific request.
- Demanding responses in an unreasonable timescale.
- Refuting statements, they made at an earlier stage.
- Introducing new information at a later stage to get a different answer or submitting another request to have it further considered. (Council must ensure

not to disregard new requests that are significantly different to the original one).

- Changing the basis of the request as it proceeds.
- Electronically recording meetings and conversations without the prior knowledge and consent of the other person involved.
- Recording, filming, or photographing a Council employee, or individual member of the public without their consent and any action in contravention of the relevant Council policies
- Refusing to accept the Council's decision; repeatedly arguing points with no new evidence and/or denying that an adequate response has been given.
- Vexatious requests i.e., those that are made without sufficient grounds but made to cause annoyance or disruption or in relation to section 14(1) of the Freedom of Information Act 2000.
- Council relies on people treating each other politely and with respect; if unreasonable behaviour takes place between individuals the Council representative present (i.e. staff member or person acting on our behalf) will follow relevant corporate or departmental protocols/procedures for dealing with the unreasonable behaviour.
- Occasionally, Council staff engage with individuals who communicate in a manner that causes offence, who use a disproportionate amount of Council time and resources, or who hinder the implementation of a service request, or the investigation of an enquiry or complaint they have made. This behaviour is also deemed to be unreasonable.

This is not an exhaustive list.

Please note: If an individual or a Council staff member feels that another member of the public has assaulted them whilst on Council or any property and/or engaging with Council for provision of services they have the right to contact the PSNI and consideration should be given to the PSNI being contacted.

Right of Appeal

When management have taken action and an exclusion has been applied in the case of unreasonable behaviour by an individual, the individual has the Right of Appeal. They can do this by Requesting a review/appeal in writing to the Director within the relevant Directorate (who issued the exclusion) within 14 days from receipt of letter informing them of the decision taken to exclude. The exclusion letter may be issued in person, by recorded delivery post or read receipt email. They must clearly state the grounds for an appeal.

The relevant Directorate Director's decision on the Appeal will be final and no further appeal can be made.

7. Reporting

It is fundamentally important that if any member of staff have concerns about the behaviour of any individual they follow the steps laid out in the accompanying procedures for Unreasonable Behaviour and any other relevant policy guidance as appropriate.

This Policy is accompanied by tailored operating procedures that outline the standards required for appropriate safeguarding.

10 Review Date

"The policy will be reviewed in line with the Council's agreed policy review cycle i.e. every 4 years (as per Council's Equality Scheme commitment 4.31), or sooner to ensure it remains reflective of legislative developments."

11 Procedures and arrangements for monitoring the implementation and impact of the policy

This Policy is accompanied by tailored operating procedures that will outline the standards required for appropriate safeguarding.

Notices will be displayed at all Council premises advising that inappropriate, aggressive, threatening, or abusive behaviour will not be tolerated and may result in action being taken including their exclusion from Council facilities, land/property or from programs and events run by Council or the PSNI being called.

The Policy will be implemented via a series of briefings and training sessions in accordance with the need of the relevant department.

Quality assurance visits will be undertaken periodically to ensure compliance with the Policy and associated procedures.

The impact of the Policy would be monitored via feedback from the Safeguarding Steering Group, Union Representation and Departmental Heads regarding the effectiveness and suitability of the operating procedures.

12 Equality Screening

All policies must be equality screened prior to implementation, and policy screening templates, signed off and approved by the senior manager responsible for the policy, must be forwarded to the Equality Officer.

This section must advise the policy has been screened, and refer to one of the following outcomes:

- 1. Not be subject to an EQIA (with no mitigating measures required)*
- 2. Not be subject to an EQIA (with mitigating measures /alternative policies)*
- 3. Not be subject to an EQIA at this time*
- 4. Be subject to an EQIA*

13 Rural Needs Impact Assessment

The Rural Needs Act (Northern Ireland) 2016 requires the Council to have due regard to rural needs when: (a) developing, adopting, implementing or revising policies, strategies and plans, and (b) designing and delivering public services.

Rural Needs Assessments must be completed and forwarded to the Head of Corporate Policy. A template has been developed to assist with this process.

This section must confirm the policy has been subject to rural needs impact assessment.

Annual Complaint Handling Performance Report 2025/26

Introduction

The Council published its first annual complaints report covering the 2024 calendar year, reflecting the establishment of the new Model Complaint Handling Procedure on 01 January 2024 and its accompanying formal complaint reporting arrangements. That report provided a baseline overview of complaint handling activity.

However, the Council’s wider corporate performance, governance, and statutory reporting is aligned to the financial year. To ensure consistency with these arrangements, the current report is presented as the Year 2 Annual Complaints Report and uses the 2024/25 financial year as the Year 1 comparator period.

Background

The Council’s arrangements for handling complaints are based on the Model Complaints Handling Procedure (MCHP) issued by the Northern Ireland Public Services Ombudsman (NIPSO). The MCHP provides a standardised, two-stage framework for handling complaints across public bodies in Northern Ireland and promotes fairness, consistency, transparency, and learning from complaints.

The Council adopted the MCHP to ensure that complaints are managed in a timely and proportionate manner, that complainants are treated fairly, and that outcomes and learning are recorded and used to support service improvement.

This annual complaints report is produced in line with the expectations of the MCHP and provides an overview of complaint volumes, themes, performance, and learning. Publishing this information supports openness and accountability and allows the Council, elected Members, and the public to understand how complaints are handled and how feedback is used to improve services.

Complaint Management

This report covers complaints received by the Council between 1 April 2025 to 31 March 2026.

During this time, the Council received 341 complaints, representing an increase of 12% compared with the same period in 2024/25.

56% of complaints received were submitted via the online form and 39% by email, which demonstrates a strong preference for digital channels in line with Council’s Digital First strategy.

The total number of complaints received includes complaints received at Stage 1 and those escalated to Stage 2.

- 315 Stage 1 complaints were closed in the period 01 April 2025 – 31 March 2026
- 70 Stage 2 complaints were processed during this period as follows:

When adjusted for population size, the Council recorded 1.87 complaints per 1,000 residents in Year 2, compared with 1.67 in Year 1. This small increase remains within typical local authority benchmarks and does not indicate a disproportionate level of dissatisfaction with Council services.

The increase also reflects improved complaint recording, accessibility, and consistent application of the Complaints Handling Procedure. Ongoing improvements to tracking, oversight, and learning continue to support transparency, accountability, and service improvement.

Complaints by Council Department

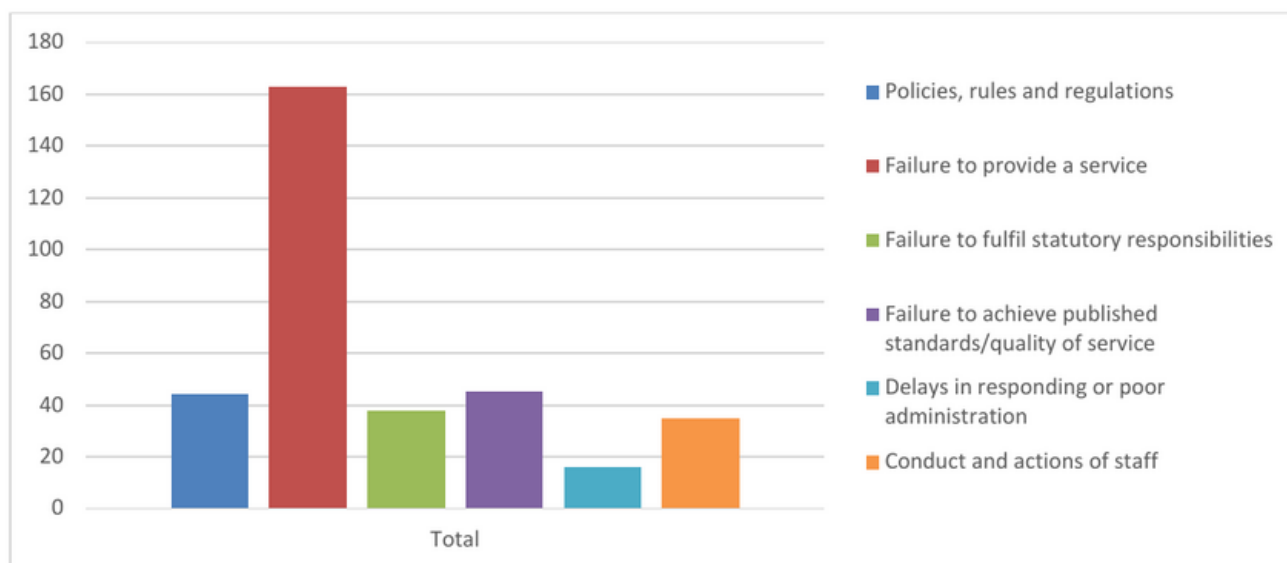

Council Department	Areas of Complaint	Number of Complaints
Healthy Living	Leisure Centres, Sport and Outdoor Recreation	117
Environment	Refuse, Recycling, Street Cleansing, Environmental Health and Animal Welfare	114
Regeneration	Planning and Planning Enforcement	34
Sustainability	Public Conveniences, Grounds Maintenance	31
Economy, Growth and Tourism	Forest Parks, Tourist Amenities, Grants & Funding and Events	18
Legal and People	Recruitment, Corporate Policy	13
Community Development	Diversity and Inclusion, Community Centres	13
Democratic Services	Council and Committee Meetings	1

Healthy Living and Environment services accounted for the majority of complaints, together representing over two-thirds of the total, reflecting the high level of day-to-day interaction with these frontline services.

Regeneration-related complaints made up around 10% of the total, largely in relation to planning matters.

Sustainability services accounted for a relatively small proportion of complaints, at around 9%.

Complaints by Category

The most common reason for complaints was failure to provide a service, accounting for 48% of all complaints received. The second most frequent reason was failure to fulfil statutory responsibilities, while the third related to complaints about policies, rules, and regulations, each of which accounted for 13% of total complaints.

These complaints primarily relate to frontline services with high levels of public interaction, and continue to inform the Council’s focus on maintaining service standards and responding effectively to issues raised by residents.

Complaint extensions

- 26% of Stage 1 complaints were extended beyond the 5 working days timeframe
- 74% Stage 2 complaints were extended beyond the 20 working days timeframe

Acknowledgements – Stage 2

76% of stage 2 complaints were acknowledged within the required 3 working days

Average time to close complaints – Stage 1

The average time to close all Stage 1 complaints in 2025/26 was 6 working days. This represents a 25% reduction on Year 1.

The average time to close all Stage 1 complaints that were not extended was 3 working days

The average time to close extended stage 1 complaints was 10 days

Average number of days taken to close a Stage 1 complaint by month

The graph shows some monthly variation in the average time taken to close Stage One complaints during the year, with higher averages recorded in the early part of the reporting period, particularly in April and July 2025. From the end of Quarter 2 onwards performance improves with a sustained reduction in average completion times through autumn and winter and consistently lower figures from October 2025 to March 2026. This overall downward trend reflects strengthening complaint handling processes, improved oversight, and more consistent application of timescales over the course of the year.

Average time to close complaints – Stage 2

The average time to close all stage 2 complaints was 23 working days. This represents an 8% reduction on Year 1.

The average time to close all Stage 2 complaints that were not extended was 19 working days

The average time to close extended stage 2 complaints was 40 working days

Average number of days taken to close a Stage 2 complaint by month

While some monthly variation is evident, the overall trend demonstrates sustained improvement across the year, with marked reductions in average figures from Quarter 3 onwards. This indicates strengthened processes and improved oversight as the year progressed.

Resolution of complaints

- 74% of stage 1 complaints were closed within five working days.
- 12% of all stage 1 complaints were resolved at point of contact
- 40% of all stage 1 complaints were upheld and 34% were partially upheld
- 19% of all stage 1 complaints were not upheld and 7% were resolved
- 66% of stage 2 complaints were closed within 20 working days
- 26% of stage 2 complaints were upheld, 22% partially upheld
- 46% of stage 2 complaints were not upheld and 4% were resolve

Lessons Learnt

Complaints received during the year highlighted recurring themes across key service areas with high levels of public interaction, including waste collection, planning matters and leisure facilities. This feedback provided valuable insight into where service standards are most visible to residents.

Services responded by reviewing operational processes, reinforcing service schedules, improving monitoring arrangements and providing additional guidance or clarification where required. In several cases, complaints led directly to service adjustments or improvements helping to prevent recurrence.

Overall, the themes identified demonstrate the importance of listening to resident feedback and using complaints constructively to strengthen service delivery. The Council continues to view complaints as an important source of learning and assurance, supporting continuous improvement, responsiveness, and a positive resident experience.

The Chairman welcomed everyone to the meeting and noted apologies received.

NCCR/240: Minutes of Newry City Centre Regeneration Programme Board Meeting held 6th February 2026.

Agreed: On the proposal of Councillor H Reilly, seconded by Councillor A Mathers it was agreed to approve the record of the meeting as circulated in Item 2.0 of the Agenda as a true and accurate account.

NCCR/241: FBC – Public Perception Survey

Mrs A Smyth explained as part of the spending objectives and targets outlined in the full business case there was inclusion of a public perception target:

Increase the public perception of Newry City centre as a result of the investment in public realm and as measured by the baseline pre-works survey.

In advance of the commencement of the works, Council are required to complete a pre works survey to establish public perception baseline. (Copy of survey circulated). The survey will be managed and analysed by County Down Rural Community Network who will provide a summary report of the analysis.

The survey will be carried out in person and digitally during the period 24 March – 17 April 2026 with the option to extend if necessary.

Agreed: On the proposal of Councillor A Mathers, seconded by Councillor D Murphy it was agreed to ‘note’ the recommendations within the report as circulated in Item 3.0 of the Agenda:

- Council will now progress with a public perception survey as required under the NCCR Full Business Case.

NCCR/242: Newry City Park Correspondence

Mr A Patterson asked members to note correspondence circulated in relation to content of stakeholder engagement meetings and advised officers continue to meet the Newry City Park Stakeholder Group as well as with small groups and one to one’s as required and updates are provided in line with governance requirements. He said another collective meeting would be scheduled in coming months.

Mr McGeown said feedback follow the engagement with stakeholders in January was positive. Councillor Mathers asked that the feedback from the stakeholders is shared.

Councillor Finn said she also received positive feedback from the stakeholders meetings and was disappointed any issues were not raised at the time through that forum and agreed with Councillor Mathers suggestion of a report with names withheld showing the positive comments.

Agreed: On the proposal of Councillor A Mathers, seconded by Councillor D Murphy it was agreed to ‘note’ the report as circulated in Item 4.0 of the Agenda.

NCCR/243: Project Manager's Updates

Mr McGeown provide progress updates for:

Newry City Park

- Planning;
- Participation Stage Documents (PSD. *Previously known as PQQ*);
- Programme dates;
- Budget - CEs / EWs / BREEAM

Mr Patterson advised a press release will be issued when the PSD is live on e-tender and a visualisation/animation will be finalised by the end of the month and shared with the Programme Board.

Newry City Centre Regeneration

- Planning (*Theatre/Conference*);
- Flood Alleviation;
- Social Value;
- BREEAM;
- Programme dates;
- Budget;
- Funding;
- CEs & EWs (*Theatre/Conf & Public Realm*);
- Civic Hub;
- Grade A Office.

Councillor Murphy queried if the flood alleviation work impact the project delivery. Mr Mallon advised there is no impact at present will only be a delay to the public realm if the Flood alleviation works were delayed. Final written notification was requested from DfI Rivers outlining the scope of the flood alleviation.

Mr Mathers welcomed the progress and said there has been some commentary on the theatre façade. He asked if engagement has been ongoing with theatre users. Mr Mallon confirmed the HED advised that the façade had no historical value and said engagement with users on alternative venues has been ongoing and officers have been actively looking at sourcing alternative options but unfortunately none of the options presented to date suited all of the users.

It was proposed the Newry Regeneration Working Group is re-established and a meeting convened in the coming weeks.

Cllr Reilly said he felt there is a lot of detail to take in at these meetings. The Chairman advised the PMs report formatting will be simplified going forward.

Agreed: On the proposal of Councillor A Mathers, seconded by Councillor D Murphy, it was agreed to 'note' the Project Manager's Updates as circulated in Item 5.0 within the Agenda and noted the next meeting of the Programme Board is scheduled for 1st May.

Meeting ended: 11:00am

**For Approval by Newry City Centre Regeneration Programme Board
For Noting at Strategy, Policy & Resources Committee**
