LOCAL APPLICATIONS

Period	Av processing time	Nr Applications received	Nr Applications Withdrawn	Nr Applications decided
QE Dec 2024	50.1 wks	295	34	202
QE March 2025	45 wks	271	19	236
QE June 2025	46 wks	271	8	252
QE Sept 2025	43.4 wks	304	11	269
QE Dec 2025	50.8 wks	276	12	262
QE March 2026	44.5 wks	261	12	294

Average for year 45.8 weeks

Processing times for local applications remains above target and NI Average.

During this period NMD received the second highest number of applications in NI equating to approximately 12% of NI total and determined the second highest number of applications again equating to 12% of NI total.

CURRENT ANALYSIS OF ALL APPLICATIONS

Based on latest **available data as of 8/9/26:**

1650 live applications – (This includes ALL applications that are not captured and reflected in NISRA stats)

Made up as follows:

1150 applications are allocated and processing, approx.

500 awaiting allocation.

1 new application to be validated.

For period 1 April 2026 – 31 August 2026 -589 applications have been determined.

LOCAL DEVELOPMENT PLAN

Draft Plan strategy was presented and agreed by Council on 31 March 2025 and was formally launched on 27 June and was followed by 12-week consultation period with a series of consultation sessions facilitated across the district during this period. Representations were received and reviewed and further formal consultation on representations and counter representations was completed in Q1 2026.

LDP team are now considering focussed changes based on representations and following legal review there will be further consultation ahead of Draft Plan Strategy submission to DfI by end of 2026.

At that stage DfI will carry out the independent examination, however the timeline for this will not be known until after submission. DfI have appointed a panel of Independent Examiners which will hopefully result in a more streamlined process.

ENFORCEMENT

The NI target for the Enforcement is that 70% of enforcement cases are concluded within 39 weeks of receipt.

For 25/26

294 cases were opened

181 cases closed

231 cases were concluded

58% cases were concluded within target. (24/25 47.6%)

Challenges

Challenges remain with respect to performance against statutory targets and the number of applications live in the system is also well above manageable levels.

A number of ongoing challenges continue to impact on service delivery, in summary these are:

Statutory consultation

This remains a challenge across ALL consultees and has been discussed with DfI at a strategic level.

At March 2026 of 1053 Consultations issued by NMDDC, 66% were replied to within target of 21 days. In a comparable Council this figure is 86%.

Via engagement with Statutory Consultee Forum set up under the Planning Improvement Programme, these matters are discussed and in recent months NIEA have undertaken a review and implemented changes on a pilot bases to help address backlog issues that they face. Ongoing prioritisation pilot with NIEA remains in place along with a NIW pilot to reduce Consultations on some single house rural applications.

Validation checklists

Validation check lists have now been implemented in a pilot phase where we are seeking feedback form applicants and addressing issues that arise where possible. This initiative will hopefully help address challenges of incomplete applications and the challenges posed by seasonal surveys.

Recruitment Actions:

Staff retention and recruitment continues to be an industry wide challenge in both Local Councils and the private sector.

There is currently one vacancy at Planning Assistant level and recruitment is underway however back fill for medium to long term absences has proved challenging and does create issues for live caseloads that have to be redistributed.

Reserve lists are in place now for Senior Officers, Planning Officers and Planning Assistants.

2 No HLA students are now in post from January 2026 and this has proven to be a successful intervention.

Absence has been a particular challenge since the last update, and this is being managed as per procedures but does have an impact on outputs.

Performance Management –

Current performance improvement actions

- Majors and Legacy applications are being reviewed monthly with an agreed actions to determine / close applications.
- Ongoing performance meetings with Senior Planning staff to review performance and agree actions to address challenges.
- Ongoing engagement with statutory consultees around response times.
- Senior Planners have developed workplans with all team members to be reviewed weekly/fortnightly to plan for weekly determination figures.

Additional performance improvement actions

- Dedicated training/mentoring programme to build capacity of new Planning Assistants, this is being delivered by part time Principal Planning Officer.
- A small team of external consultants have commenced work in June 2026 to work with DM teams to support staff to deal with challenges of caseload management and mentor to improve timely decision making
- A training plan for the Department is currently being developed that will review induction training and ensure professional development training is offered across all levels of the Planning team to address the ever-changing demand on planning around climate change and Environmental matters etc.
- Ongoing review of applications district wide. Allocation of caseloads based on application complexity to ensure caseloads are reflective of experience of each individual, eg
 - Allocation of applications out of sequence ie not based on the date received
 - Allocation of projects with Economic development impact, grant funding, medical considerations etc.

	• Stringent application of how many times applicants are given opportunities to resubmit information to address application shortcomings and missing information. If outstanding or revised information is not provided within specified timeframe, then will move the application to a decision. • Introduction of individual team performance management with individual performance targets to ensure output is managed at an individual level as well at a department level – Ongoing • Reviewing consultations to ensure we only consult with statutory partners where necessary. – This is ongoing, led by Seniors. • Continue to review staff complement and react to emerging resource challenges.

Newry, Mourne and Down District Council

Annual Registration Services Report 2025/26

Registrations of Births, Deaths, Marriages and Civil Partnerships in Newry, Mourne and Down District Council Area

Introduction

This is the first Annual Registration Services Report produced by Newry, Mourne and Down District Council and establishes a baseline for future annual reporting.

The report provides an overview of Birth, Death, Marriage and Civil Partnership registrations within the Newry, Mourne and Down District Council area for the period April 2025 to March 2026.

Background

The Registration Service is responsible for the statutory registration of births, deaths, marriages and civil partnerships within the district. Registration activity varies throughout the year and reflects seasonal trends, demographic patterns and customer demand.

The figures presented in this report are based on registration data supplied by the Northern Ireland Statistics and Research Agency (NISRA) together with figures recorded within the service.

Registration Activity

During the period April 2025 to March 2026, the following registrations were completed in the Newry Mourne and Down District:

Registration Type	Total
Births	1,867
Deaths	1,613
Marriages	799
Civil Marriages	216
Religious Marriages	583
Civil Partnerships	3

Birth Registrations

A total of 1,867 births were registered during the reporting period, averaging approximately 156 births per month.

The highest number of births was recorded in January 2026 (194), while the lowest number was recorded in December 2025 (127). Birth registrations remained relatively consistent throughout the year, with moderate monthly variation.

Death Registrations

A total of 1,613 deaths were registered, averaging approximately 134 deaths per month.

The highest number of registrations occurred in December 2025 (170), with the lowest recorded in April 2025 (108).

Overall, births exceeded deaths by 254 during the reporting period.

Marriage Registrations

A total of 799 marriages were registered during the year.

Of these:

- 583 (73.0%) were religious marriage ceremonies.
- 216 (27.0%) were civil marriage held in Newry and Downpatrick offices. ceremonies.

Marriage activity followed the expected seasonal pattern with the busiest period occurring during the summer months.

Marriage registration activity was highest during the summer months, peaking in July 2025 with 115 marriages. June and August also experienced high levels of activity, recording 110 and 104 marriages respectively. The lowest level of activity was recorded in January 2026, with 17 marriages.

Summer weddings (June to August) accounted for 329 marriages, representing 41% of all marriages registered during the year.

Civil Partnership Registrations

Three civil partnerships were registered during the reporting period, with registrations taking place in May, July and August 2025.

Civil Ceremonies by Registration Office

From April 2025 to March 2026 a total of 219 civil ceremonies were conducted across the two registration offices. Registration Office ceremonies were held in the Binnian Suite in Downpatrick and the Boardroom in Newry Town Hall.

Across the District there are 24 hotels and venues approved for the holding of Civil Marriages and Civil Partnerships. Of the venues and hotels in the district, 8 are in the Newry area and 16 are in the Downpatrick area.

	Registration Office	Hotels and Venues	Total
Newry	117	13	130
Downpatrick	45	44	89
Total	162	57	219

A total of 219 ceremonies were conducted during the reporting period. Newry accounted for almost 60% of all ceremonies and recorded the highest level of activity within Registration Office facilities. In contrast, activity in Downpatrick was almost evenly divided between ceremonies held within the Registration Office and those conducted at approved hotels and venues. Overall, most ceremonies across the district took place within Council Registration Office facilities.

Summary

Overall, registration activity during 2025/26 remained stable and in line with expected seasonal trends. Birth registrations continued to exceed death registrations, while marriage activity remained strong, with religious ceremonies accounting for almost three-quarters (73%) of all marriages registered. Demand for marriage services peaked during the summer months, particularly in July, and a higher number of civil ceremonies were conducted in Newry than in Downpatrick. This reflects differing patterns of service use across the district and highlights the continued demand for accessible registration and ceremony services.
