

Update 23.03.2020 Household Recycling Centres

We have put traffic management measures in place at our Household Recycling Centres to ease congestion and ensure Public Health Agency Social Distancing guidelines are in place.

Access to the facilities will be limited to one car at a time. Cars will queue for entry and access is strictly on a first come first served basis. Please wait for directions from a member of staff.

Our staff are working hard in exceptional circumstances to continue to providing you with the services you need-please follow their guidance and try to remain mindful of others-especially those who are more vulnerable. Make your visit as short as possible-our staff will help you.

The Household Recycling Centres have been very busy and there may be delays, so we ask for your patience. Remember to keep your distance from others.
