## Newry Theatre and Conference Centre

Spring 2026

Project Information

---

# Newry Theatre and Conference Centre

Woodvale Construction is proud to be delivering the Newry Theatre and Conference Project on behalf of Newry, Mourne and Down District Council.

The project will see the refurbishment of the historic Town Hall alongside the construction of a new state-of-the-art theatre and conference facility in the heart of Newry city centre. The development will include a 255-seat auditorium.

Woodvale Construction is committed to delivering a high-quality, sustainable project that will preserve the character of the Conservation Area while creating lasting social, cultural and economic benefits for the local community. While some disruption is expected during the construction works, every effort will be made to minimise inconvenience and ensure businesses can continue to operate as normal throughout the project.

## Who we are

Woodvale Construction is a Chartered Building Company, with our head office located on Crevenagh Road, Omagh, Co. Tyrone. We have been delivering projects in Omagh and across Northern Ireland since 1980.

We have received numerous awards for our work and have delivered many high-quality restoration and community building projects, including McArthur Hall, Methodist College, Waterside Shared Village, St Mary's Lavey, Enterprise & Innovation Digi-Hub, Omagh

## Opportunities

If you are a local supplier or subcontractor and want to know more about opportunities at the Newry Theatre and Conference, please email [opportunities@woodvaleconstruction.co.uk](mailto:opportunities@woodvaleconstruction.co.uk)

If you are interested in employment with Woodvale Construction, please email [opportunities@woodvaleconstruction.co.uk](mailto:opportunities@woodvaleconstruction.co.uk)

## Considerate Constructors Scheme

This project will be registered with the considerate constructors' scheme. We aim to be good neighbours, as well as clean, respectful, safe, environmentally conscious, responsible and accountable. We will be working to ensure that disruption caused by our construction activities is kept to an absolute minimum. However, should you have any concerns about the way the project is managed, please contact our Head Office.
